Providing For County Tax Appeal Boards; and to Repeal Sections 16-1016, 16-3703, and 91-4466, R.C.M. 1947.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. Section 4-354, R.C.M. 1947, is amended to read as follows:

"4-354. **Effect when vote is against sale of beer.** If a majority of the votes cast are against the sale of beer the board of county commissioners must publish the result once a week for four (4) weeks in the newspapers in which the notices of election were published, and from the date of the election no further licenses to vend beer in the county shall be issued by the *liquor control board,* and after the publication of notice proclaiming the result of the election is against the sale of beer, all licenses then existing shall be canceled by the state *liquor control board,* and thereafter it shall be unlawful to sell any beer in any such county."

Section 2. Section 7-122, R.C.M. 1947, is amended to read as follows:

"7-122. **Taxation of associations.** Every association shall be assessed for and pay taxes upon all real and personal property owned by such association, and also upon the moneyed capital employed in such business, such moneyed capital to be ascertained by deducting from the amount of bonds, notes and other evidence of indebtedness, including evidence of indebtedness secured by mortgage on real estate or personal property, of such associations, the amount standing to the credit of the members of any such association, upon its books, and any indebtedness representing money borrowed for use as moneyed capital. Said moneyed capital as so ascertained shall be taxed at the same rate and take the same classification as shares of stock in a national bank or moneyed capital coming into substantial competition therewith. The secretary of every such association shall furnish to the *department of revenue or its agent in* the county in which the principal office of such association is located, within five (5) days after demand thereof, a condensed statement verified by his oath, of the resources and liabilities of such association as disclosed by its books, at twelve o'clock noon on the first Monday of March in each year; if such secretary shall fail to make the statement hereby required, the *department or its agent* shall forthwith obtain such information from any other available source, and for this purpose he shall have access to the books of such association. The *department or its agent* shall thereupon make an assessment of the real estate and personal property owned by such association, and of the moneyed capital employed in the business of such association, which assessment shall be as fair and equitable as he may be able to make from the best

Any person required by this section to make the statement hereinabove provided, who shall fail to furnish the same, shall be guilty of a misdemeanor and shall be punished accordingly.

The amount standing to the credit of each member of any such association, upon its books, shall be considered and held as the individual credit of each member, and each member shall list the shares held by him for taxation, at their real value in money, in the county of his residence, the same as other credits are listed, except shares from which loans have been made, or money advanced, by the association, and as to such shares they shall be listed for taxation at the net cash value of the stock, to be ascertained by deducting the loan from the cash value of the shares. Associations organized under or controlled by this act shall be subject to taxation in no other way."

Section 3. Section 15-2285, R.C.M. 1947, is amended to read as follows:

No decree of voluntary dissolution shall be made and entered by any court, nor shall the clerk of the district court of any county or secretary of state file any such decree, or file any other document by which the term of existence of any corporation is terminated except a decree of involuntary dissolution in an action brought by the attorney general, nor shall the secretary of state file any certificate of surrender by a foreign corporation of its right to do intrastate business in the state unless the corporation obtains from the state *department of revenue* and files with said court, clerk of the district court, or secretary of state as part of the original instrument effecting the dissolution or withdrawal, a certificate to the effect the state *department of revenue* is satisfied from the available evidence that all taxes imposed by Title 84 of the Revised Codes of Montana, have been paid. (e) A post-office address, including street and number, if any, to which the secretary of state may mail a copy of any process against the corporation that may be served on him.

The issuance of such a certificate shall not relieve the corporation from liability for any taxes, penalties, or interest due the state of Montana.

The application for withdrawal shall be made in a form prescribed by the secretary of state and shall be executed for the corporation by its president or a vice-president and by its secretary or an assistant secretary, and verified by one of the officers signing the application, or, if the corporation is in the hands of a receiver or trustee, shall be executed on behalf of the corporation by such receiver or trustee and verified by him.

"81-1116. **Computation of state land equalization payment.** The *department of revenue* shall compute the amount of taxes which would be payable on the county assessments of said property as if it were owned by, and taxable to, a taxpayer of such county; provided that, if the land is not classified, the sum to be listed shall be determined by the average tax payment made on like property within the county where said land is situated, not to exceed twelve cents ($.12) per grazing acre, thirty-five cents ($.35) per agricultural acre, and twelve cents ($.12) per forest acre. The average tax may be derived from the most recent biennial report of the state *department of revenue.* The total figure arrived at by this method shall be called the gross assessment figure. The county exemption factor shall be determined by dividing the percentage the state owned land bears to the total land area of the county into six per cent (6%). This quotient shall be multiplied by the gross assessment figure and the product is called the state exemption figure. The state exemption figure shall be subtracted from the gross assessment to give the state land equalization payment."

The commissioner of state lands and investments shall, on or before November 1 of each year, prepare and file a claim with the state controller for all counties who are eligible for state land equalization payments, and this claim shall show the amount of money each eligible county will receive."

members of the board shall be subject to removal for cause by the governor; the said board shall hold meetings when necessary and essential for the proper conduct of its business, at the state capitol in the office of the secretary, and is hereby authorized, directed and empowered to make such rules and regulations as it may from time to time find practical, necessary and beneficial for the conduct of the department of hail insurance, subject to the provisions of this act. It shall have full charge of said department as herein provided for; it shall prepare blank forms for all purposes necessary, proper and incidental to the effective operation and enforcement of this act, and furnish such forms to all public officers respectively charged with the performance of any official duty in connection therewith; it shall prepare a special form outlining the purposes, scope and benefits of this act in furnishing protection against loss by hail, at the actual cost of the risk to all taxpayers who may elect to become subject to the provisions of this act, such form to be submitted by the *agent of the department of revenue in* each county at the time in which the regular assessments of property are by such *agents* made, to each farmer in each county in the state engaged in growing crops subject to injury or destruction by hail, on which forms each such farmer taxpayer shall signify whether he desires to become subject to the provisions of this act or not.

(3) Every such farmer taxpayer who signifies his desire to become subject to the provisions of this act, shall file in the office of the county assessor the blanks above referred to, properly filled out not later than August 15th, and shall be chargeable with the tax on lands growing crops subject to injury or destruction by hail, hereinafter provided for, and shall share in the protection and benefits under the hail insurance provisions of this act. Such application for hail insurance shall be in full force and effect at noon the day following the acceptance of the same by the county assessor. Provided, however, that this act shall not be so construed as to empower anyone except the actual owner of the land to make such land subject to the hail tax provided in this act."

Section 59. Section 82-1506, R.C.M. 1947, is amended to read as follows:

"82-1506. **Tax for hail insurance—limitation on levy—liens, effect of—mortgages—levies, when payable—hail insurance districts —rates.** (1) A tax is hereby authorized and directed to be levied on all lands in this state growing crops subject to injury or destruction by hail, the owners of which have elected to become subject to the provisions of this act. The state board of hail insurance shall annually estimate as near as may be possible, the amount

required to pay all losses, interest on warrants and costs of administration, and shall recommend a levy to be made on each kind of land respectively, subject to the provisions of this act, to the state *department of revenue.* The rates recommended to apply on the lands of owners shall be applied in the same proportions to the crops of those insured on a personal assessment basis. It is hereby provided, however, that such tax shall not exceed in any one (1) year the sum of one dollar and twenty cents ($1.20) per acre on lands sown to grain crops on nonirrigated lands, and the sum of two dollars and forty cents ($2.40) per acre on irrigated lands, also it shall not exceed one dollar and twenty cents ($1.20) per acre on lands producing hay crops; and provided further, that if the tax required to pay the estimated losses, interest on warrants and costs of administration be less than sixty cents (60¢) per acre on lands sown to grain crops on nonirrigated lands and one dollar and twenty cents ($1.20) per acre on irrigated lands, and a proportionate amount on lands sown to hay crops, the said board of hail insurance must recommend a tax levy sufficient to raise the full amount thereof.

(2) In addition to the lien created above on the land of the insured, the levy for such hail insurance shall also constitute a lien on the crops insured with the exception that the said crop lien shall not apply to owners of unencumbered land, or on the land or crops of those who pay cash for hail insurance. The applications of these shall not be filed with the county clerk and recorded as provided for in section 82-1503.

The crop lien mentioned above shall be included in all applications for hail insurance and shall be enforced, as provided in sections 82-1509 and 82-1510, against all insured, except those owning unencumbered land or those who have paid cash for hail insurance.

(3) The *state department of revenue* is hereby empowered and it is made its duty to prescribe such levies annually to be made against lands growing crops subject to injury or destruction by hail which are subject to this act, in accordance with the recommendation of the state board of hail insurance. Such tax levies respectively shall be chargeable to the lands of each taxpayer who shall elect to become subject to this act and shall be extended on the tax roll and collected by the officers charged with such duties in the manner and form as are other property taxes and if not paid shall be a lien on the lands against which the same are levied as are other property taxes. Provided, however, that the lien as provided above shall in no way affect mortgages that are of record at the time of the approval of this act. The lien of any mortgage filed subsequent to the passage and approval of this act shall be subsequent to any lien for hail insurance hereafter levied thereon. All applicants securing hail insurance on crop

HeinOnline -- 1973 vol. I 819 1973

liens as heretofore provided shall be subject to the same charges per acre as provided herein to be made on land. Notice of such assessment shall be mailed to each person insured, by the county treasurer in the same manner as are all other notices of taxes due. Said assessment shall be payable at the office of the county treasurers of each respective county. All insurance levies whether levied against land or in the form of special assessments secured by crop liens, shall be payable in full, and not in semiannual payments, on or before November 30th of each year in which such levies are made.

(4) The state board of hail insurance may when they deem it advisable establish as many districts as it deems advisable and may maintain maximum rates in various parts of the state which rates shall be commensurate with the risk incurred as nearly as they can determine from past experiences or from any records available. The highest of these rates shall be the same as the maximum established herein and the lowest shall not be less than forty-eight cents (48¢) per acre on lands sown to grain crops, and a proportionate amount on lands sown to hay crops.

Notice of the various rates established for any year shall b(plainly printed on the application for hail insurance, and in any year when the requirements of the hail insurance law as herein provided do not require a levy of the maximum rates as established, then the rates for the year shall be determined and levied by the state board of hail insurance for each of the various districts as established, in such proportions as will in their judgment be fair and equitable."

Section 60. Section 82-1512, R.C.M. 1947, is amended to read as follows:

"91-4418. **Refunding of tax—when authorized—manner of refunding—advance payment of tax for relief from penalty and interest.** If any debt shall be proved against the estate of the decedent, after the payment of any legacy or distributive share thereof, from which any such tax has been deducted, or upon which it has been paid by the person entitled to such legacy or distributive share and such person is required by the order of the district court having jurisdiction of the tax so deducted or paid, to refund the amount of such debts or any part thereof, an equitable proportion thereof shall be repaid to such person by the executor, administrator or trustee, if the said tax has not been paid to the county treasurer or state treasurer, or by them, in the proper proprotionate shares, if it has been so paid.

Any person from whom such tax is or may be due may make an estimate of and pay the same to the clerk of court, who shall receipt therefor, at any time before the same is determined by the court, and shall thereupon be relieved from any interest or penalty upon the amount so paid in the same manner as if the tax were then determined. In the event the person making payment has done so in accordance with the provisions of section 91-4416, pertaining to the allowance of a five per cent (5%) discount, the person making payment shall be relieved from any interest or penalty and shall be allowed the five per cent (5%) discount upon the amount which he so declared due as his inheritance tax liability. The tax may be declared to be due by the filing with the clerk of court of a statement of such declaration or by paying the amount estimated by the taxpayer to be due. The money shall be paid to the clerk of the district court who must deposit same with the county treasurer. The county treasurer shall include such collections in the next payment he makes to the state *depart-*

ment of revenue pursuant to section 91-4450. As soon as the correct amount of inheritance tax has been determined, any excess so paid shall be refunded to the person so paying or entitled thereto by the state *department of revenue* based upon the filing of a properly documented claim by the clerk of court."

Section 79. Section 91-4419, R.C.M. 1947, is amended to read as follows:

"91-4419. **Bond for deferred payment of tax.** Any beneficiary of any property chargeable with a tax under this act, and any executors, alministrators and trustees thereof, may elect, within eighteen months from the date of the death of decedent or transfer thereof as herein provided, not to pay such tax until the person or persons beneficially interested therein shall come into the actual possession or enjoyment thereof. The person or persons so electing shall give a bond to the state in a penalty of three times the amount of any such tax, with such sureties as the district court of the proper county or the state *department of revenue*, as the case may be, may approve, conditioned for the payment of such tax and interest thereon, at such time or period as the person or persons beneficially interested therein may come into the actual possession or enjoyment of such property, which bond shall be filed in the district court, or in the office of the state treasurer as the case may be. Such bond must be executed and filed and a full return of such property upon oath made to the district court within eighteen months from the date of the death of decedent or transfer as herein provided, and such bond must be renewed every five years, and said deferred tax shall bear interest at six per cent per annum after such eighteen months."

Section 80. Section 91-4421, R.C.M. 1947, is amended to read as follows:

"91-4421. **Payment of tax on transfer of securities by foreign representative—duty of holder of securities or assets of nonresident decedent—apportionment of deductions—information to be given** *department of revenue*—**amount of tax to be retained on delivery of assets—penalties.** (1) If a foreign executor, or administrator, or trustee shall assign or transfer any stocks, bonds, mortgages, or other securities, in this state, or within the jurisdiction of this state, standing in the name of a decedent or in trust for a decedent, liable to any such tax, the tax shall be paid to the treasurer of the proper county or the state treasurer on the transfer thereof; otherwise the corporation permitting such transfer shall become liable to pay such tax.

(2) No safe deposit company, bank, or other institution, person or persons, holding securities or assets of a nonresident

decedent, nor any corporation organized under the laws of this state, in which a nonresident decedent held stock, bonds, mortgages, or other securities, at his decease, shall deliver or transfer the same to the executors, administrators or legal representatives of said decedent, or upon their order or request, unless notice of the time and place of such intended transfer be served upon the state *department of revenue* at least ten (10) days prior to the said transfer; nor shall any such safe deposit company, bank, or other institution, person or persons, nor any corporation, deliver or transfer any securities or assets of the estate of a nonresident decedent without retaining a sufficient portion or amount thereof to pay any tax which may thereafter be assessed on account of the transfer of such securities or assets under the provisions of the inheritance tax laws, without an order from the proper court authorizing such transfer; and it shall be lawful for the state *department of revenue,* personally or by representative, to examine said securities or assets at any time before such delivery or transfer. Failure to serve such notice or to allow such examination or to retain a sufficient portion or amount to pay such tax as herein provided, shall render said safe deposit company, trust company, bank, or other institution, person or persons, or such corporation, liable to the payment of the tax due upon said securities or assets in pursuance of the provisions of the inheritance tax laws. The state *department of revenue* may issue a certificate authorizing the transfer of any such stock, securities or assets whenever it appears to the satisfaction of the said board that no tax is due thereon; provided, however, that the foregoing provisions shall not apply to shares of stock in any Montana corporation held by a nonresident of Montana at the time of his death whose death occurred on or after January 30, 1945, and who was at the time of his death domiciled in any other district or state of the United States, provided reciprocal rights are granted by such district or state of domicile similar to section 91-4413, and in such event this subsection (2) shall not apply to the transfer of stocks, bonds, mortgages or other securities exempt from taxation under the provisions of section 91-4413, and a Montana corporation, or its agent, may transfer stocks, bonds, mortgages and other securities without any liability for the tax imposed under the provisions of the inheritance tax laws where there are reciprocal rights as set forth in section 91-4413, and in such event no application for consent to transfer such stock need be made to the state *department of revenue* of the state of Montana, and the corporation, or its duly authorized transfer agent may transfer such shares of stock upon its books without any such application or consent to transfer.

(3) Whenever a tax may be due from the estate, or the beneficiaries therein, of any resident or nonresident decedent upon

As to his Montana exemption, each beneficiary shall be entitled to deduct only that portion represented by the ratio between his interest in the property in this state or within its jurisdiction and his interest in the entire estate.

(4) The state *department of revenue* shall require such reports and information and shall make such orders, rules, and regulations as it may deem necessary to enable the *department* to secure the necessary information from domestic corporations and to ascertain the amount of and collect such tax; and no holding company or other corporation subject to the provisions of this section shall deliver or transfer any such stocks, bonds, mortgages, or other securities of a Montana corporation without retaining a sufficient portion thereof to pay any tax which may thereafter be assessed under the provisions of this act on account of such transfer, except upon order of the proper court or a certificate of consent of the state *department of revenue.*

(5) Any corporation or holding company violating the provisions of this section shall be liable to the state for the amount of the tax together with a penalty of ten per centum (10%) thereof."

HeinOnline -- 1973 vol. I 832 1973

Before any decree determining inheritance tax in any estate shall be made by the court, the court shall require proof that due notice has been given to the state *department of revenue* before the hearing upon the petition to have inheritance tax determined, whether such hearing be at the time of the hearing on the final account or otherwise; and the court shall likewise require proof that a copy of such petition has been given to the *department* not later than the time of giving the notice; and, before the time fixed in said notice, said *department* shall cause to be filed, with the clerk of the district court, a certificate signed by the *department* stating that the amount of the inheritance tax determined to be due the state of Montana as appearing in the report or petition, has been properly computed therein or, if no tax is due, such certificate shall so state; and, if the *department* shall object to the amount of the tax so computed, the *department* shall, before the time fixed for the hearing, file with the clerk of the court its written objections thereto, setting forth therein the nature of the objections. If neither such certificate nor objections shall have been filed at the time fixed for the hearing, it shall be conclusively presumed that the *department* concurs in the amount so computed."

From the information so furnished them and such other information as they may be able to obtain with reference thereto, the state *department of revenue* shall, with reasonable diligence, proceed to ascertain and determine the amount of tax, if any, due under the provisions of this act, and notify the person making the application of the amount of the tax so ascertained and determined to be due; or in case there is no tax to be paid, the state *department of revenue* shall issue a consent to the transfer of the property so owned by the decedent.

(3) Any person aggrieved by the determination of the state *department of revenue* in any matter herein provided for in this section may, within thirty (30) days thereafter, appeal to the district court of Lewis and Clark county, by serving on the state *department of revenue* a notice in writing setting forth his objections to such determination, and by filing such notice, after so serving the same, in the office of the clerk of such court, and thereupon, and within ten (10) days after the service of such notice on them the state *department of revenue* shall transmit full and complete copies of all original papers and records which have been filed with them in relation to such application, to the clerk of said district court, and thereupon the said district court shall have jurisdiction of such application and proceeding. Upon ten days' notice given by either applicant or the state *department of revenue,* the matter may be brought on for hearing and determination by said court, either in term time or in vacation, at a general or special term of court, or at chambers, as may be directed by the order of the court."

And provided further, that new industrial property shall not be included to mean property which is used or employed in any industrial plant which has been in operation in this state for three (3) years or longer. (1) The percentage basis of true and full value as provided for in section 84-302, shall be determined and assigned by the *state department of revenue or its agents,* and the taxable value thereupon computed when they make their annual assessments, and copies of such assessments as provided for in section 84-411 shall show the taxpayer the percentage class to which his various classes of property for taxation and the taxable valuation thereof *have been assigned.*

(2) The county assessors of the various counties of the state of Montana are agents of the state department of revenue for the purpose of locating and providing the department a description of all taxable property within the county together with other pertinent information; and for the purpose of performing such other administrative duties as are required for placing taxable property on the assessment roles. The assessors shall perform such other duties as are required by law, not in conflict with the provisions of this subsection.

(3) The department of revenue shall have full charge of appraising all property subject to taxation and equalizing values and shall secure such personnel as is necessary to properly perform their duties.

(4) The salaries of the county assessor shall be the same amount as provided by law for the salary of the county clerk and recorder; deputy assessors' salaries shall be the same as paid the deputy clerk and recorder.

(5) The county commissioners of the various counties shall provide existing office space in the county courthouse for use by the county assessor, his deputies and staff and the state appraiser and staff, if such space is reasonably available; if such space is not reasonably available in the courthouse and the same must be contracted for, the department shall pay the cost thereof. Section 4. Section 84-406, R.C.M. 1947, is amended to read as follows:

"84-406. **Time of assessment—motor vehicles—mobile homes—livestock—snowmobiles.** (1) The *department of revenue or its agent* must, between the first Monday of March and the second Monday of July in each year, ascertain the names of all taxable inhabitants, and assess all property in *each* county subject to taxation, except such as is required to be assessed by the state *department of revenue,* and must assess such property to the persons by whom it was owned or claimed, or in whose possession or control it was at 12 midnight of the first Monday of March next preceding. *It* must also ascertain and assess all mobile homes arriving in his county after 12 midnight of the first Monday of March next preceding. The procedure provided by this section shall not apply to:

(a) Motor vehicles which are required by subdivision (2) hereof to be assessed as of the first day of January; but no mistake in the name of the owner or supposed owner of real property renders the assessment thereof invalid.

(b) Livestock being fed in feeding pens or enclosures which may by subdivision (3) of this section be assessed on an average inventory basis. Credits must be assessed as provided in section 84-101, subdivision 6.

(c) Property defined in section 53-642 as "special mobile equipment" shall be subject to assessment of personal property taxes either on the date that application is made for a special mobile equipment plate, if that date falls between the first day of January and the first Monday of March, or on the first Monday of March.

(d) Mobile homes held by a distributor or dealer of mobile homes as a part of his stock in trade.

(e) Snowmobiles which are required by subdivision 4 hereof to be assessed as of the first day of January.

(2) The *department or its agent* must ascertain and assess all motor vehicles, except mobile homes, in *each* county subject to taxation as of January 1 in each year, and the same shall be assessed to the persons by whom owned or claimed, or in whose possession or control such vehicle was at 12 midnight of the first day of January in each year. Provided that such tax shall not be assessed against motor vehicles which constitute inventory of motor vehicle dealers as of January 1, but said vehicles, and all other motor vehicles brought into the state subsequent to January 1, as motor vehicle dealer's inventory, shall be assessed to their respective purchasers as of the dates said vehicles are registered by said purchasers, and purchasers means and includes dealers who apply for registration

HeinOnline -- 1973 vol. I 880 1973

or re-registration of motor vehicles, except as otherwise provided by section 32-3315. Goods, wares and merchandise of motor vehicle dealers, other than new motor vehicles and new mobile homes, shall continue to be assessed at full and true value as of the first Monday of March.

Except that this paragraph shall not apply to an applicant for registration or re-registration of a mobile home, nothing herein contained shall relieve the applicant for registration or re-registration of any other motor vehicle so assessed or subject to assessment of the duty of paying taxes thereon as a condition precedent to registration or re-registration in the event said taxes have not been paid by any prior applicant or owner in all cases where required to be paid.

(3) The assessed value of livestock being fed in feeding pens or enclosures on the first Monday in March may be computed by adding the value of livestock more than six (6) months of age being fed on the last day of each month since the last assessment date and dividing the sum by twelve (12).

(4) The *department of revenue or its agent* must ascertain and assess all snowmobiles in *each* county subject to taxation as of January 1 in each year, and the same shall be assessed to the persons by whom owned or claimed, or in whose possession or control such snowmobile was at 12 midnight of the first day of January in each year; provided, however, that snowmobiles which constitute inventory of snowmobile dealers shall be assessed to the dealers as of 12 midnight of the first Monday of March in each year."

Section 5. Section 84-409, R.C.M. 1947, is amended to read as follows:

"84-409. **Statement—what to contain.** *The department of revenue or its agent* must require from each person a statement under oath setting forth specifically all the real and personal property owned by such person, or in his possession, or under his control at twelve o'clock m. on the first Monday in March. Such statement must be in writing, showing separately:

1. All property belonging to, claimed by, or in the possession, or under the control or management of such person.

2. All property belonging to, claimed by, or in the possession, or under the control or management of any firm of which such person is a member.

3. All property belonging to, claimed by, or in the possession, or under the control or management of any corporation of

HeinOnline -- 1973 vol. I 881 1973

which such person is president, secretary, cashier, or managing agent.

4. The county in which such property is situated, or in which it is liable to taxation, and (if liable to taxation in the county in which the statement is made) also the city, town, school district, road district, or other revenue districts in which it is situated.

5. An exact description of all lands in parcels or subdivisions, not exceeding six hundred and forty acres each, and the sections and fractional sections of all tracts of land containing more than six hundred and forty acres which have been sectionized by the United States government; improvements, and personal property, including all vessels, steamers, and other watercraft, and all taxable state, county, city, or other municipal or public bonds, and the taxable bonds of any person, firm, or corporation, and deposits of money, gold dust, or other valuables, and the name of the persons with whom such deposits are made, and the places in which they may be found; all mortgages, deeds of trust, contracts, and other obligations by which a debt is secured, and the property in the county affected thereby.

6. All solvent credits, secured or unsecured, due or owing to such person or any firm of which he is a member, or due or owing to any corporation of which he is president, secretary, cashier, or managing agent.

Whenever one member of a firm, or one of the proper officers of a corporation, has made a statement showing the property of the firm or corporation, another member of the firm, or another officer, need not include such property in the statement made by him; but this statement must show the name of the person or officer who made the statement in which such property is included.

7. All depots, shops, stations, buildings, and other structures erected on the space covered by the right of way, and all other property owned by any person, corporation, or association of persons, owning or operating any railroad within the county.

The fact that such statement is not required, or that a person has not made such statement under oath, or otherwise, does not relieve his property from taxation."

Section 6. Section 84-410, R.C.M. 1947, is amended to read as follows:

"84-410. *Department of revenue* **to furnish blanks, etc.** The *department of revenue* must furnish *its agents* with blank forms of the statements provided for in the preceding section, affixing thereto an affidavit, which must be substantially as follows: "I, ...,

The affidavit to the statement on behalf of a firm or corporation must state the principal place of business of the firm or corporation, and in other respects must conform substantially to the preceding form. The time when taxes become delinquent, and the time of the meeting of the county *tax appeal board,* must be stated in such form.''

Section 7. Section 84-411, R.C.M. 1947, is amended to read as follows:

"84-411. **Statement to be filled out and returned to** *agent of the department of revenue.* The *agent of the department of revenue* may fill out the statement at the time he presents it, or he may deliver it to the person and require him, within an appointed time, to return the same to him, properly filled out. The *agent* must either in person or by mail deliver to the person making the statement a copy of the same, showing any corrections made thereto by the *agent.*

Section 8. Section 84-412, R.C.M. 1947, is amended to read as follows:

"84-412. **General powers of** *department of revenue. The department of revenue* has power:

1. To require any person *in the state* to make and subscribe an affidavit, giving his name and place of residence and post-office address.

2. To subpoena and examine any person in relation to any statement furnished to *it,* or which discloses property which is assessable in *the state*; and *it* may exercise this power in any county where the person whom *it* desires to examine may be found, but has no power to require such persons to appear before *it* in any other county than that in which the subpoena is served. Every person who refuses to furnish the statement hereinbefore required, or to make and subscribe such affidavit respecting his name and

HeinOnline -- 1973 vol. I 883 1973

In case such affidavit shows the residence of the person making the same to be in any county other than that in which it is taken, or the statement discloses property in any county other than that in which it is made, the *department* must, in the respective case, file the affidavit or statement in *its* office, and transmit a copy of the same, certified by *it*, to *its agent in the county* in which such residence or property is therein shown to be. All moneys recovered under the provisions of this section must be paid into the treasury of *the* county *in which the property is located.*"

Section 9. Section 84-413, R.C.M. 1947, is amended to read as follows:

"84-413. **Method of making assessment upon refusal of statement.** If any person, after demand made by the *department of revenue,* neglects or refuses to give, under oath, the statement herein provided for, or to comply with the other requirements of this title, the *department* must note the refusal on the assessment book opposite his name, and must make an estimate of the value of the property of such person, and the value so fixed by the *department* must not be reduced by the *county tax appeal board.*"

Section 10. Section 84-414, R.C.M. 1947, is amended to read as follows:

"84-414. **Assessment of unknown or absent owners.** If the owner or claimant of any property, not listed by another person, is absent or unknown, the *department* must make an estimate of the value of such property."

(2) To transmit to the county clerk of each county its apportionment of all assessments made by the department.

(3) To adjust and equalize the valuation of taxable property among the several counties, and the different classes of taxable property in any county and in the several counties and between individual taxpayers; supervise and review the acts of agents of the department; change, increase or decrease valuations made by its agents; and exercise such authority and do all things necessary to secure a fair, just and equitable valuation of all taxable property among counties between the different classes of property and between individual taxpayers.

Further, the state department of revenue is empowered to organize, and it shall be its duty to schedule and hold area schools within the state for appraisers and assessors as often as is deemed necessary in the judgment of the department and the costs of such appraisers and assessors attending shall be borne by the state. Further, the department shall determine if there is a need for a taxing, assessing, and appraising school, and such school shall be held, when deemed necessary. The department shall notify all assessors and appraisers at least six (6) months before such school is scheduled and it shall be the duty of all assessors and appraisers to attend and the cost of their attendance shall be borne by the state.

(5) To confer with, advise and direct officers of municipal corporations as to their duties, with respect to taxation, under the statutes of the state.

(6) To direct proceedings, actions and prosecutions to be instituted to enforce the laws relating to the penalties, liabilities and punishment of public officials and persons, or their agents, for failure or neglect to comply with the provisions of the statutes governing the revenue of the state or municipal corporations; and to cause complaints to be made against assessors and other public officers to the proper district court for their removal from office for official misconduct or neglect of duty.

HeinOnline -- 1973 vol. I 899 1973

(9) In its discretion, to inspect and examine, or cause an inspection and examination of the records of the officers of any municipality, whenever such officer shall have failed, neglected or refused to return properly the information required by this section within the time set by the department. Upon completion of such inspection and examination the department shall transmit to the clerk, or other proper official of the municipality, a statement of the expenses incurred by the department to secure the necessary information. Within sixty (60) days after the receipt by the municipality of the above statement, the same shall be audited, as other claims of the municipal corporation are audited and shall be paid into the state treasury and if the same is not so paid the attorney general shall institute an action, in the proper court, against the municipality to recover the same.

The officers responsible for the furnishing of the information collected pursuant to this section, shall be jointly and severally liable for any loss the municipality may suffer, through their delinquency; and no payment shall be made to them for salary, or on any other account, until the cost of such inspection and examination as provided above shall have been paid into the treasury, or to the proper officers of such municipality. They shall also be subject to such other fines and penalities as prescribed by law.

(10) To require persons, as defined above, to furnish information concerning their capital, funded or other debt, current assets and liabilities, cost and value of property, earnings, operating and other expenses, taxes and all other facts which may enable the department to ascertain the value of the relative burdens borne by all kinds of property and occupations in the state.

(11) To summon witnesses to appear and give evidence, and to produce records, books, papers and documents relating to any matter which the department shall have authority to investigate and determine.

(12) To cause the deposition of witnesses residing within or without the state, or absent therefrom, to be taken upon notice to the interested party, if any, in like manner that depositions are taken in actions pending in the district court, in any matter which the department shall have authority to investigate and determine.

HeinOnline -- 1973 vol. I 900 1973

(14) To investigate the tax systems of other states and countries and to formulate and recommend legislation for the better administration of the fiscal laws so as to secure just and equal taxation and improvement in the system of taxation and the economical expenditure of public revenue in the state.

(15) To consult and confer with the governor of the state upon the subject of taxation, the administration of the laws relating thereto and the progress of the work of the department, and to furnish the governor such assistance as he may require.

(16) To transmit to the governor and to each member of the legislature twenty (20) days before the meeting of the legislature, a report of the department, showing all the taxable property of the state and the value of the same in tabulated form, with recommendations for improvements in the system of taxation, together with such measures as may be formulated for the consideration of the legislature; and to include therein a report showing the selling price of gasoline at the wholesale level in prime market centers of Montana and in surrounding states during the biennium, with indexes tabulated at sufficient intervals to show the comparative state price structures.

The state board shall set such appeal for hearing either in its office in the capitol or such county seat as the board shall deem advisable to facilitate the performance of its duties or to accomodate parties in interest, and shall give to the appellant and to the county board at least five days notice of the time and place of such hearing; at the time of giving such notice the state board may require the county board to certify to it the minutes of the proceedings resulting in such action and all testimony taken in connection therewith, and the state board may, in its discretion, determine the appeal on such record or may hear further testimony. For the purpose of expediting its work the state board may refer any such appeal to one of its members and the person so designated shall have and exercise all the powers of the board in conducting such hearings, and shall, as soon as possible thereafter, report the proceedings, together with a transcript of the testimony received, to the board and the

HeinOnline -- 1973 vol. I 901 1973

Such notice shall state the purpose of such hearing and the time and place when the same will be held.

When the state *department of revenue* shall contemplate raising or lowering the assessed valuation of any one or more classes of property in any county, it shall give notice of its contemplated action to the board of county commissioners of the county in which such class or classes of property is situated, in such manner as it shall deem proper and sufficient, and shall fix a time and place within the county in which such change of assessment is proposed for a hearing thereon; provided, however, that if the change affects one or more classes of property common to more than one county the *department* shall fix the time and place of hearing so as to accomodate the counties interested. At the time and place fixed for such hearing any taxpayer or any officer of any municipal corporation interested therein may appear and be heard."

Section 56. Section 84-711, R.C.M. 1947, is amended to read as follows:

"84-711. **Assessment of omitted property—limitation.** Whenever the state *department of revenue* shall, in any year, discover that any taxable property of any person has not been assessed in such year, or that it has been omitted from taxation during any previous year or years, the *department* may assess the same for such year or for such previous years. A copy of such order shall be transmitted to the officer of the county, in whose possession the assessment books of such county are at the time of the making of such order by the *department,* and such officer shall immediately after receiving such copy, enter the assessment on the tax books of the county for the year in which such order is made, and thereupon such assessment shall have the same force and effect as though originally made by *its agent*; provided, however, that before making any such assessment the state *department of revenue* shall give the person to whom such property is proposed to be assessed, notice of its intention to make such assessment, and the time and place when a hearing will be had thereon; such notice to be given either by registered letter or personal service at least ten days before the date so fixed for such hearing; and provided further that all assessments of omitted property must be made within three years after the end of the calendar year in which the same should have been assessed."

Section 57. Section 84-712, R.C.M. 1947, is amended to read as follows:

Such action of the *department* and the assessment so made shall be final and conclusive unless the party so assessed, (1) shall, within twenty days after receiving such notice *file an appeal with the state tax appeal board* and show cause before the board why such assessment and penalty should be modified or annulled, when the board shall then from all information presented

to it or from its own investigation make such assessment as to it seems just and equitable; or, (2) unless the party assessed shall within sixty (60) days after receiving such notice, appeal to the district court of Lewis and Clark county from the action of the *department* in making such assessment and imposing such penalty by serving on the *department* and filing in the office of the clerk of said district court notice of appeal therefrom together with a bond conditioned for the payment of such amount as the judgment of said court may require within thirty (30) days after the entry of such judgment. Upon the hearing of such appeal the court *or the state tax appeal board* shall determine whether the *department of revenue* was entitled to inspect such books or records, or was entitled to the information requested by the *department,* and if the court *or board* shall find that the *department* was entitled to inspect such books or records or was entitled to the information requested by the *department,* the court *or board* shall not change or modify in any manner the assessment as made or the penalty added to such assessment by the *department* but if the court *or board* shall find that the *department* was not entitled to inspect such books or records, or was not entitled to the information requested by the *department,* then the court *or board* shall enter a judgment changing and modifying the assessment made by the *department* by striking out the penalty added thereto by the *department.*"

Any person who shall testify falsely in any material matter, under consideration by the *department* shall be guilty of perjury and punished accordingly. Witnesses attending shall receive like compensation as witnesses in the district court. Such compensation shall be charged to the proper appropriation for the *department.*"

All rolling stock must be assessed in the name of the person, corporation, or association owning, leasing, or using the same. Assessment must be made to the corporation, person, or association of persons owning or leasing or using the same, and must be made upon the entire railroad within the state. The depots, stations, shops and buildings erected upon the space covered by the right of way, and all other property owned or leased by such person, corporation, or association, except as above provided, shall be assessed by *an agent of the state department of revenue in* the county wherein they are situate. After making such assessment, the *department* shall give written notice thereof to such owner or operator. *Within ten (10) days the* owner or operator, or any taxpayer, may appear *at* the *department of revenue* in person, or otherwise, to show cause why such assessment should be either lowered or raised. On or before the second Monday in July, the *department* shall apportion such assessment to the counties, school districts, cities, towns, and other tax subdivisions, in which such railroad is located."

HeinOnline -- 1973 vol. I 906 1973

84-903.1. **Hearing before the state tax appeal board.** Following the assessment by the department, any aggrieved party may appeal to the state tax appeal board according to the rules and regulations of said board.

Section 66. Section 84-906, R.C.M. 1947, is amended to read as follows:

"84-906. **Transmission of statement of amount apportioned to counties.** The state *department of revenue,* must, not later than the second Monday of July, transmit or mail to the *agent of the department in* each county to which such apportionment has been made, a statement showing the length of the property in such county; a description of the same sufficient for identification; the assessed value of the same as determined by the *department;* and the amount apportioned to the county. The *agent of the department* must enter the statement on the assessment roll or book of the county, and enter the amount of the assessment apportioned to the county in the column of the assessment roll or book which shows the total value of all property for taxation in the county."

Section 67. Section 84-1505, R.C.M. 1947, is amended to read as follows:

"84-1505. **Assessment and collection of tax.** (1) Assessment and payment of tax, penalty and interest. All taxpayers shall compute the amount of tax payable under this act and shall remit such amount to the state *department of revenue* on or before the fifteenth day of the fifth month following the close of the taxable period. If the tax is not paid on or before the due date, there shall be assessed a penalty of ten per cent (10%) of the amount of the tax, unless it is shown that the failure was due to reasonable cause and not due to neglect. If any tax due under this chapter is not paid when due, by reason of extension granted, or otherwise, interest shall be added thereto at the rate of nine per cent (9%) per annum from the due date until paid.

(2) Levy upon and sale of property for payment of corporation licenses taxes. If any tax imposed by this act or any portion of such tax is not paid within sixty (60) days after the same becomes due, the *department* shall issue a warrant directed to the sheriff of any county of the state commending him to levy upon and sell the real and personal property of the corporation owning the same, found within his county, for the payment of the amount thereof, with the added penalties, interest and the cost of executing the warrant, and to return such warrant to the *department*

HeinOnline -- 1973 vol. I 907 1973

and pay to it the money collected by virtue thereof by a time to be therein specified, not more than sixty (60) days from the date of the warrant. The sheriff shall within five (5) days after the receipt of the warrant, file with the clerk of the district court of his county a copy thereof, and thereupon the clerk shall enter in the judgment docket, in the column for judgment debtors, the name of the taxpayer mentioned in the warrant, and in appropriate columns, the amount of the tax or portion thereof and penalties for which the warrant is issued and the date when such copy is filed, and thereupon the amount of such warrant so docketed shall become a lien upon the title to and interest in real property or chattels real of the corporation against whom it is levied in the same manner as a judgment docketed in the office of such clerk. The said sheriff shall thereupon proceed upon the same in all respects, with like effect, and in the same manner prescribed by law in respect to executions issued against property upon judgments of a court of record, and shall be entitled to the same fees for his services in executing the warrant, to be collected in the same manner. In the discretion of the *department* a warrant of like terms, force and effect may be issued and directed to any agent authorized to collect income taxes, and in the execution thereof, such agent shall have the powers conferred by law upon sheriffs, but shall be entitled to no fee or compensation in excess of actual expenses paid in the performance of such duty. If a warrant be returned not satisfied in full, the *department* shall have the same remedies to enforce the claim for taxes against the taxpayer as if the people of the state had recovered judgment against the taxpayer for the amount of the tax.

(3) Action by attorney general. Action may be brought at any time by the attorney general of the state at the instance of the *department,* in the name of the state to recover the amount of any taxes, penalties and interest due under this act."

Section 68. Section 84-1508.1, R.C.M. 1947, is amended to read as follows:

"84-1508.1. **Determination of tax liability—interest on deficiencies and overpayment.** (a) Deficiency assessments. If, the state *department of revenue* determines that the amount of tax due is greater than the amount disclosed by the return, it shall mail to the taxpayer a notice of the additional tax proposed to be assessed. Within thirty (30) days after the mailing of the notice, the taxpayer may file with the state *department of revenue* a written protest against the proposed additional tax, setting forth the grounds upon which the protest is based, and may request in its protest an oral hearing or an opportunity to present additional evidence relating to its tax liability. If no protest is filed, the

HeinOnline -- 1973 vol. I 908 1973

amount of the additional tax proposed to be assessed becomes final upon the expiration of the thirty (30) day period. If such protest is filed, the state *department of revenue* shall reconsider the proposed assessment, and if the taxpayer has so requested, shall grant the taxpayer an oral hearing. After consideration of the protest and the evidence presented in the event of an oral hearing, the state *department of revenue's* action upon the protest is final when it mails notice of its action to the taxpayer.

When a deficiency is determined and the tax becomes final, the state *department of revenue* shall mail notice and demand to the taxpayer for the payment thereof, and the tax shall be due and payable at the expiration of ten (10) days from the date of such notice and demand. Interest on any deficiency assessment shall bear interest from the date specified in section 84-1505 for payment of the tax. A certificate by the state *department of revenue* of the mailing of the notices specified in this subsection shall be prima facie evidence of the computation and levy of the deficiency in tax and of the giving of the notices.

(b) Overpayment of tax—refunds and credits. If the state *department of revenue* determines that the amount of tax, penalty or interest due for any year is less than the amount paid, the amount of the overpayment shall be credited against any tax, penalty or interest then due from the taxpayer and the balance refunded to the taxpayer or its successor through reorganization, merger or consolidation, or to its shareholders upon dissolution.

If the state *department of revenue* disallows any claim for refund, it shall notify the taxpayer accordingly. At the expiration of thirty (30) days from the mailing of the notice, the state *department of revenue's* action shall become final, unless within the said thirty (30) day period the taxpayer appeals in writing from the action of said *department to the state tax appeal board.* If such appeal is made, the state *tax appeal board* shall grant the taxpayer an oral hearing. After consideration of the appeal and evidence presented, the state *tax appeal board* shall forthwith mail notice to the taxpayer of its determination. The board's determination is final when it mails notice of its action to the taxpayer.

(c) Except as hereinafter provided for, interest shall be allowed on overpayments at the rate of six per cent (6%) per annum from the due date of the return or from the date of overpayment (whichever date is later) to the date the *department of revenue* approves refunding or crediting of the overpayment. Interest shall not accrue during any period the processing of a claim for refund is delayed more than thirty (30) days by reason of failure of the taxpayer to furnish information requested by the

HeinOnline -- 1973 vol. I 909 1973

state *department of revenue* for the purpose of verifying the amount of the overpayment. No interest shall be allowed (1) if the overpayment is refunded within six (6) months from the date the return is due or from the date the return is filed, whichever is later; or (2) if the amount of interest is less than one dollar ($1.00).

A payment not made incident to a bona fide and orderly discharge of an actual corporation license tax liability or one reasonably assumed to be imposed by this law, shall not be considered an overpayment with respect to which interest is allowable."

Section 69. Section 84-1704, R.C.M. 1947, is amended to read as follows:

"84-1704. **Procedure in case of failure to make statement.** In case of failure or refusal of any express company to make the statement required by law or furnish the *department* any information required by it, the *department* shall inform itself as best it may on the matters necessary to be known in order to discharge its duty, and at any time before the gross receipts of any express company for business done within the state are determined, any person, company or corporation interested shall have the right, on written application, to appear before the *department* and be heard on the matter of such determination. After the determination of the amount of the gross receipts of any express company for business done in the state and before the certification of such amount by *the department*, the *department* may, on the application of any person, company or corporation interested, or on its own motion, review and correct its findings in such manner as may seem to it to be just and proper."

Section 70. Section 84-1706, R.C.M. 1947, is amended to read as follows:

"84-1706. **State** *department of revenue* **authorized to require production of books.** The state *department of revenue* shall have power to require the president, secretary, treasurer, receiver, superintendent, managing agent or other officer or employee or agent of any express company engaged in an express company business to attend before the *department* and bring with him for inspection any books or papers of such company in his possession or under his control and to testify under oath on any matter relating to the organization or business of such express company. *The director of revenue or his appointed agent* is authorized and empowered to administer such oath. Any person who shall refuse to attend before the *department* when subpoenaed so to do, or shall refuse to bring with him and submit for the inspection of the board any books or papers in his possession, custody or control,

HeinOnline -- 1973 vol. I 910 1973

or shall refuse to answer any questions put to him by the *department* affecting the organization or business of the express company under investigation shall be guilty of a misdemeanor, and, on conviction thereof, shall be fined not more than five hundred dollars nor less than one hundred dollars."

Section 71. Section 84-1833, R.C.M. 1947, is amended to read as follows:

"84-1833. **Special fuel dealers' and special fuel users' licenses and special fuel vehicle permits.** (a) Require: It shall be unlawful for any person to act as a special fuel dealer in this state unless such person is the holder of an uncanceled fuel dealers' license issued to him by the *department.*

Every special fuel user shall obtain from the *department,* prior to the use of such special fuel for the propulsion of a motor vehicle or vehicles in this state, a special fuel users' license, and a special fuel vehicle permit for each such vehicle or vehicles operated by him upon the highways as herein defined, which permit shall at all times be carried in the vehicle for which it was issued, and shall be exhibited for inspection on request of any checking station officer, Montana highway patrol officer, any authorized employee of *the department of revenue,* or any other law enforcement officer.

Any out of state user who operates a recreational passenger car, pickup truck or family motor coach powered by special fuels shall secure a special fuel user's "Courtesy" vehicle permit. The permit shall not be transferable and shall be valid for ninety (90) days. Permits will be issued at no cost to the user by the *department of revenue,* scale house personnel and gross vehicle weight patrol crews. The *department* may require the user who has fuel capacity in excess of thirty (30) gallons to file a report and pay the tax on fuel used in Montana on which the tax has not been paid.

(b) Application: Application for a special fuel dealer's license, a special fuel user's license, or a special fuel vehicle permit shall be made to the board unless otherwise provided herein.

(c) Form of application: The application shall be filed upon a form prepared and furnished by the *department.* The application shall contain such information as the *department* deems necessary.

due hereunder. Upon application, the *department* may waive the bond requirement of any resident special fuel user who establishes to the reasonable satisfaction of the board that the tax as herein provided is not delinquent or that interest or penalties are not accrued under the provisions of this act.

The total amount of the bond or bonds required of any special fuel dealer or special fuel user shall be equivalent to twice his estimated monthly tax payments as hereinafter provided, determined in such manner as *the department* may deem proper; provided, however, that the total amount of the bond or bonds shall never be less than five thousand dollars ($5,000) for any special fuel user awarded a contract in accordance with section 84-1832.1, nor less than five hundred dollars ($500) for any other special fuel user; and not less than one thousand dollars ($1,000) for a special fuel dealer.

(e) Issuance: Upon receipt of the application and bond in proper form, the *department* shall issue to the applicant a license to act as a special fuel dealer or special fuel user or a special fuel vehicle permit; provided, however, the *department* may refuse to issue a special fuel dealer's license, a special fuel user's license or a special fuel vehicle permit to any person: (1) who formerly held either type of license or permit which, prior to the time of filing application has been revoked for cause; or (2) who is not the real party in interest and where the license or permit of the real party in interest has been revoked for cause prior to the time of filing such application; or (3) upon other sufficient cause being shown. Before such refusal, the *department* shall grant the applicant a hearing and shall grant him at least ten (10) days' written notice of the time and place thereof.

(f) Expiration of license or permit: Each special fuel dealer's license, special fuel user's license and special fuel vehicle permit shall be valid until suspended or revoked for cause or otherwise canceled.

(h) Revocation, suspension, cancellation and surrender of license and permit: The *department* may revoke the license of any special fuel dealer or special fuel user or any special fuel vehicle permit, for reasonable cause. Before revoking such license or permit, the *department* shall notify the licensee or permittee of its intention so to do, by either certified or registered mail, addressed to his last known address shown in the files of the *department*, requiring him to appear before the *department* on a day and hour

specified in such notice, not more than thirty (30) days nor less than ten (10) days from date of such notice, and show cause, if any he has, why the license or the permit, or each of them, should not be revoked; provided, however, that at any time prior to and pending such hearing the *department* may, in the exercise of reasonable discretion, suspend such license or permit.

Upon revocation by the *department* of any such license or permit, the holder thereof shall immediately surrender the same to the *department* for cancellation; and the holder of any such permit, having permanently discontinued the use of any vehicle for which the permit was issued, for whatever reason, shall immediately surrender the same to the *department* for cancellation.

The *department* shall cancel any license to act as a special fuel dealer or a special fuel user or any special fuel vehicle permit immediately upon surrender thereof by the holder.

(i) Release of surety: Any surety on a bond furnished by a special fuel dealer or special fuel user as provided herein shall be released and discharged from any and all liability to the state accruing on such bond after the expiration of thirty (30) days from the date upon which such surety shall have lodged with the *department* a written request to be released and discharged, but this provision shall not operate to relieve, release, or discharge the surety from any liability already accrued or which shall accrue before the expiration of the thirty (30) day period. The *department* shall promptly upon receiving any such request, notify the special fuel dealer or special fuel user who furnished the bond, and unless the special fuel dealer or special fuel user shall, on or before the expiration of the thirty (30) day period, file a new bond, in accordance with the requirements of this section, or make a deposit in lieu thereof as provided in section 84-1831 (i), the *department* forthwith shall cancel the special fuel dealer's or special fuel user's license.

(j) Additional bond or deposit: The *department* may require a special fuel dealer or special fuel user to give a new or additional surety bond or to deposit additional securities of the character specified in section 84-1831 (i), if, in its opinion, the security of the surety bond theretofore filed by such special fuel dealer or special fuel user, or the market value of the properties deposited as security by such special fuel dealer or special fuel user, shall become impaired or inadequate; and upon failure of the special fuel dealer or special fuel user to give such new additional surety bond or to deposit additional securities within thirty (30) days after being requested so to do by the *department*, said *department* forthwith shall cancel his license.

HeinOnline -- 1973 vol. I 913 1973

(k) All special fuel taxes due from any dealer or user under the provisions of this act, together with all penalties and interest thereon shall be a lien upon any and all property of such dealer, user or other person upon the filing by the state *department of revenue* of a duplicate copy of the statement so made by the state *department of revenue,* or a certified copy of any statement filed by said *department* in the office of the county clerk of the county where such property is situated which lien shall have precedence over any other claim, lien or demand thereafter filed or recorded and which may be enforced in the name of the state of Montana in the same manner as judgment liens are enforced by law."

Upon the filing of such petition, if it appears to the satisfaction of the *state tax appeal* board therefrom that the *department of revenue* has erred in any manner in ascertaining and determining the amount of the gross value of product, or the amount of the license tax, or both, the board shall immediately correct such error, or errors, and if such correction shall be in conformity with the request contained in the petition for a *hearing* the board shall take no further steps in connection with such petition, other than to certify to the state treasurer the amount of the license tax due from such person after the making of such correction, and notifying such person thereof. Thereupon the county commissioners shall, by resolution spread upon the minutes, declare the place named on the slip so drawn by the county clerk to be the temporary county seat of said county.

(3) At said first general election after the creation of the county, it shall be the duty of the board of county commissioners and county clerk to have separate official ballots printed and distributed for the use of the electors at said election; which ballots shall be in the form and contain the same matter as the ballots provided for in section 16-408 of this code, and the provisions of section 16-409 of this code shall apply to and govern the manner of voting and of canvassing said ballots, and the board of county commissioners shall declare the result of such election and the location of the permanent county seat, and said county seat shall be located in the manner and according to the provisions of said section 16-409.

Said petition or petitions must contain in the aggregate the names of at least one hundred *qualified electors* whose names also appear as registered electors in some registration district established and existing in the territory embraced in the new county at the last general election held therein.

(5) The petition or petitions when filed with the board must also have certificates attached thereto from the county clerk of the county in which the person or persons signing the petition resided before the creation of the new county, certifying that the names of the persons signing said petition or petitions appear in the registration books of his county containing the names of the electors registered in the last general election in the districts now embraced in the new county."

No person shall be entitled to register and vote at such special election unless he is a qualified voter of the state of Montana of the minimum age provided by the constitution of the state of Montana.

Every county which shall be enlarged or created from the territory taken from any other county or counties shall be liable for a prorata proportion of the existing debts and liabilities of the county or counties from which such territory shall be taken, and shall be entitled to a prorata proportion of the assets of the county or counties from which such territory is taken, to be determined as provided by sections 16-502, 16-503 and 16-511."

On final hearing the board of commissioners, upon petition of not less than fifty per cent of the qualified electors of any territory lying outside said proposed new county, and contiguous to the boundary line of said proposed new county, and of the old county or counties from which such territory is proposed to be included, asking that said territory be included within the proposed new county, must make such changes in the proposed boundaries as will include such territory in such new county, and shall establish and define such boundaries; provided, however, that the segregation of such territory from any old county or counties shall not leave such county or counties with less than twelve million dollars of assessed valuation, based upon the last

HeinOnline -- 1973 vol. II 946 1973

assessment roll; provided, that no change or changes so made shall result in reducing the valuation of the proposed new county to less than an assessed valuation of ten million dollars, inclusive of all assessed valuation; and provided, further, that no change shall be made which shall leave the territory so excluded separate and apart from and without the county of which it was formerly a part. Petitions for exclusion shall be disposed of in the order in point of time in which they are filed with the clerk of the board of county commissioners, and on final determination of boundaries no changes in the boundaries originally proposed shall be made except as prayed for in said petition or petitions, or to correct clerical errors or uncertainties."

Section 8. Section 16-505, R.C.M. 1947, is amended to read as follows:

"16-505. **Duty of commissioners when findings justify new county—division into township, road and school districts—change of boundaries of election precincts—election—temporary county seat.** (1) If the said board of county commissioners determine that the formation of said proposed new county will not reduce any county from which any territory is taken to an assessed valuation of less than twelve million dollars, inclusive of the assessed valuation, nor the area thereof to less than twelve hundred square miles of surveyed land, and that the proposed new county contains property of an assessed valuation of at least ten million dollars, inclusive of all assessed valuation, and that the proposed new county has an area of at least one thousand square miles of land, and that no line of said proposed new county passes within fifteen miles of the courthouse situate at the county seat of any county proposed to be divided, except as hereinbefore provided, and that said petition contains the genuine signatures of at least *fifty* per cent *(50%)* of the qualified electors of the proposed new county, or in cases where separate petitions are presented from portions of two or more existing counties (as herein required), that each of said petitions contain the genuine signatures of at least *fifty* per cent *(50%)* of the qualified electors of that portion of the proposed new county from which it is taken, then the said board of county commissioners shall divide the proposed new county into a convenient number of township, road, and school districts, and define their boundaries and designate the names of such districts.

(2) Said board of county commissioners shall also, if necessary for the purpose of the election hereinafter provided for, change the boundaries of the election precincts in said old county or counties to make the name conform to the boundaries of the proposed new county; provided, that the boundary lines of no

HeinOnline -- 1973 vol. II 947 1973

such precinct shall extend beyond the boundary lines of the then existing county in which it is located, and from which the territory is proposed to be taken; and said board shall appoint election officers to act at said election and to be paid by said board.

(3) Within two weeks after its determination of the truth of the allegations of said petition as aforesaid, the said board of county commissioners shall order and give proclamation and notice of an election to be held on a specified day in the territory which is proposed to be taken for the new county, not less than ninety days nor more than one hundred and twenty days thereafter, for the purpose of determining whether such territory shall be established and organized into a new county; and for the election of officers and location of a county seat therefor, in case the vote at such election shall be in favor of the establishment and organization of such new county. All qualified electors residing within the proposed new county who are qualified electors of the county or counties from which territory is taken to form such proposed new county, and who are registered under the provisions of the registration laws of the state, shall be entitled to vote at said election. Registration and transfers of registration shall be made and shall close in the manner and at a time provided by law for registration and transfers of registration for a general election in the state of Montana.

(4) Such proclamation and notice of election shall be published at least once a week for three weeks before the holding of such election, in some newspaper of general circulation published in the territory which is proposed to be taken for the new county, and a copy thereof shall be mailed immediately by the county clerk of the county in which the petition is filed to the county clerk of each county from which territory is taken for the proposed new county. (giving the name of the proposed new county)" "Yes," and "For the new county of .... (giving the name of the proposed new county)," "No," and each voter desiring to vote for the establishment and organization of said new county shall mark a cross (x) opposite the words, "For the new county of .....," "Yes," in the manner now required by law in other elections, and each voter desiring to vote against the establishment and organization of said new county shall mark a cross (x) opposite the words, "For the new county of .....," "No," in the manner now required by law in other elections; and shall also contain the names of persons to be voted for to fill the various elective offices designated in said proclamation for counties of the class to which

HeinOnline -- 1973 vol. II 948 1973

said proposed county will belong, as determined by the board of county commissioners as herein otherwise provided.

(5) There shall also be printed upon said ballot the words, "For the county seat," and the names of all cities or towns which may have filed with the county clerk a petition signed by at least twenty-five qualified electors, nominating any city or town within the proposed new county for the county seat, and the voter shall designate his choice for county seat by marking a cross (x) opposite the name of the city or town for which he desires to cast his ballot. At the special election to be held, as provided in this act, the question of the election of the county seat is hereby provided to be submitted to the qualified electors of the proposed new county, and the majority of all the votes cast therefor shall determine the election thereon. In case any city or town fails to receive a majority of all the votes cast, then the city or town receiving the highest number of all votes cast shall be designated as the temporary county seat, and in case any city or town is not the choice of the election for the county seat by a majority of all the votes cast, the question of choice between the two cities or towns for which the highest number of votes shall have been cast shall be submitted in like manner to the qualified electors at the next general election thereafter. When the county seat shall have been selected as herein provided, it shall not thereafter be changed except in the manner provided by law.

(6) The proclamation calling the election and the notice thereof provided for in this act shall be made and given exclusively by the board of county commissioners with which is filed the said petition for the formation and establishment of such new county, and such board shall cause the clerk of said county to furnish to the officers of each precinct in such proposed new county all ballots, poll list, tally lists, registers for voters' signatures, ballot boxes, and other election supplies and equipment necessary to conduct such election, and which are not hereinafter specifically directed to be furnished by the clerk of another county or counties. Such election shall be governed and controlled by the general election laws of the state, so far as the same shall be applicable, except as herein otherwise provided. The returns of all elections for the creation of the county, and for officers and for location of the county seat as provided for in this act, shall be made to and canvassed by the board of county commissioners of the county from which the largest area is taken by the proposed county.

(7) The county clerk of each county from which territory is taken for the proposed new county shall, not less than five days before the date of such election, furnish to each board of election within said proposed new county, a copy of the official register

HeinOnline -- 1973 vol. II 949 1973

for the precincts of such proposed new county as are within their respective counties, and the copies of indexes thereof required by law containing the names of all persons who were qualified electors at the last general election before the date of such election.

All returns of election herein provided for shall be made to the board of county commissioners calling such election.

All nominations of candidates for the office required to be filled at said election shall be made in the manner provided by law for the nomination of candidates by petition.

The provisions of the election laws relating to preparation, printing, and distribution of sample ballots, except the provisions of said laws relating to primary elections in this state, shall have application to any election provided for in this act."

Section 9. Section 16-506, R.C.M. 1947, is amended to read as follows:

"16-506. **Measures to be taken after election—officers—effect of adverse vote.** (1) If, upon the canvass of the votes cast at such election, it appears that *more than fifty* per cent *(50%)* of the votes cast are "For the new county of .....," "Yes," the board of county commissioners shall, by a resolution entered upon its minutes, declare such territory duly formed and created as a county of this state, of the class to which the same shall belong, under the name of ..... county, and that the city or town receiving the highest number of votes cast at said election for county seat shall be the county seat of said county until removed in the manner provided by law, and designating and declaring the person receiving respectively the highest number of votes for the several offices to be filled at said election, to be duly elected to such offices. Said board shall forthwith cause a copy of its said resolution, duly certified, to be filed in the office of the secretary of state, and ninety days from and after the date of such filing said new county shall be deemed to be fully created, and the organization thereof shall be deemed completed, and such officers shall be entitled to enter immediately upon the duties of their respective offices upon qualifying in accordance with law and giving bonds for the faithful performance of their duties, as required by the laws of the state. The clerk of the board of county commissioners with which said petition was filed, as herein provided, must immediately make out and deliver to each of said persons so declared and designated to be elected, a certificate of election authenticated by his signature and the seal of said county. The persons elected members of the board of county commissioners and the county clerk shall immediately,

HeinOnline -- 1973 vol. II 950 1973

upon receiving their certificates of election, assume the duties of their respective offices.

(2) The board of county commissioners shall have authority to provide a suitable place for the county officers, and to purchase such supplies as may be deemed necessary for the proper conduct of the county government. All other officers take office ninety days after the filing of the resolution herein provided for with the secretary of state. All the officers elected at said election, or appointed under this act, shall hold their offices until the time provided by general law for the election and qualification of such officers in this state, and until their successors are elected and qualified, and for the purpose of determining the term of office of such officers, the years said officers are to hold office are to be computed respectively from and including the first Monday after the first day of January following the last preceding general election. If, however, upon such canvass it appears that more than *fifty* per cent *(50%)* of the votes cast at said election are "For the new county of .....," "No," the board of county commissioners canvassing said vote as provided herein shall pass a resolution in accordance therewith, and thereupon the proceedings relating to division of such county or counties shall cease; and no other proceedings in relation to any other division of said old county or counties shall be instituted for at least two years after such determination."

CHAPTER NO. 409

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. Section 89-2330, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1973 vol. II 957 1973

"89-2330. **Report as to assessments.** Fourth. What lands, *(including improvements when improvements receive benefits)* easements, irrigation ditches, cities, towns, counties, individuals and other corporations and persons should be assessed for the payment of any part of the cost of constructing the proposed drains, *levees or other facilities,* repairs thereto, maintenance thereof and the incidental expenses attached to the establishment of such drainage district. In apportioning such costs and expenses, the following principles shall be regarded and the following classes of property, persons, corporations and municipalities shall be assessed:

All lands which are swampy, bogged or waterlogged, and will be relieved and improved by virtue of the construction of the proposed drainage system;

All lands which are becoming, or are liable to become swampy, bogged, or waterlogged, and which the construction of the proposed drainage system will prevent from being thus affected;

All lands from which surface or seepage waters will enter or can be conducted into the proposed drainage system;

All lands *and improvements thereto* upon which or through which, surface or seepage water will be prevented from flowing, or can be prevented from flowing, by virtue of the construction of the proposed drainage system;

All lands *or improvements* which will sustain any direct benefit of any kind or character whatsoever;

All railways, whether operated by steam, electricity or otherwise, whose right of way or roadbed will be benefited or can be benefited by reason of the construction of the proposed drainage system, *or levee project, and all public utilities whose easements or other facilities within the district will receive benefit from the proposed work;*

All owners of irrigation ditches or canals included within said district or from which water seeps, drains or wastes to, upon or through lands included within the said district;

The county or counties which the proposed drainage system traverses, or which will be benefited as to public health, convenience, welfare or improvement of any public highway;

All incorporated cities or towns, and lands included within townsites and subdivisions, in whole or in part, directly benefited by reason of the construction of the proposed drainage system;

All of the above classes of lands, *improvements,* railways, *public utilities,* irrigation ditches, counties, cities, towns, townsites

HeinOnline -- 1973 vol. II 958 1973

and subdivisions shall be liable to assessment for the construction of the proposed drainage system in such proportions as may seem just and equitable.

The benefits to accrue from the construction of the proposed drainage system, to a railway, county, incorporated city or town, and lands included within a platted townsite or subdivision being of a different character than those to accrue to agricultural lands shall be considered in apportioning the assessment, and also, the damages and inconvenience caused by seepage and waste waters from irrigation ditches and from the higher lands, shall be considered in apportioning the assessment to them.

Provided that in the case of the construction of levees or other flood control facilities, lands and improvements which are located or constructed at an elevation which is greater than the elevation of the design flood level which said levees or other flood control facilities are designed to protect against shall not be assessed for the payment of any part of the cost of constructing the levees or other flood control facilities nor shall such lands or improvements be assessed for the payment of any part of the cost for repairs thereto, maintenance thereof nor the incidental expenses attached to the establishment of such drainage district.

The assessment against each tract, lot, easement, town, city, county, irrigation ditch, railroad, *public utility,* individual or corporation owner thereof which will be benefited by the proposed work or which, in any manner, contributes to the swamped, seeped, bogged or waterlogged condition of any land within said district and the proportionate share of cost of construction of the proposed drainage system, which each of them should bear shall be shown in tabular form, the columns of which shall be headed as follows: Column 1—Owners of property assessed; 2—Description of property assessed; 3—Number of acres assessed; 4—Amount of benefits assessed; 5—Number of acres taken for right of way; 6—Value of property taken; 7—Damages; 8—Assessment for costs; which shall be known as the assessment roll. Where property, persons or corporations, public or private, contribute to the damaged condition of the lands to be reclaimed, it shall not be necessary to assess in such assessment roll the benefits to be derived by or accruing to them.''

Section 2. Section 89-2332, R.C.M. 1947, is amended to read as follows:

"89-2332. **Report as to assessments against lots and corporations.** If the cost of construction of any particular part of the work so proposed to be done should be assessed upon any par-

HeinOnline -- 1973 vol. II 959 1973

ticular tract or tracts, lot or lots of land, *including improvements where the same are benefited,* or upon any corporation or corporations, the commissioners shall so specify, and in their report they shall fix and determine the sums which should be assessed against said tracts, lots, and corporations, and assess such sum against said tracts, lots, and corporations."

Section 3. Section 89-2333, R.C.M. 1947, is amended to read as follows:

"89-2333. **Report as to special benefits to corporations.** And if any *individual, association of individuals or* corporation would, in the judgment of said commissioners, derive special benefits from the whole or any part of such proposed work, the commissioners shall so report and assess those benefits and assess against the *recipient thereof* its proportionate share of the costs of said proposed work. The word "corporation," whenever in this act contained, shall be construed to include:

1. Railroad companies;
2. Other private and quasi-public corporations of all kinds;
3. Towns;
4. Cities;
5. Villages;
6. Other drainage districts; and,
7. Counties."

Section 4. Section 89-2334, R.C.M. 1947, is amended to read as follows:

"89-2334. **Apportionment of costs of construction.** They shall apportion and assess the part of this "cost of construction," not assessed as above, against the several benefited tracts, lots, *(including improvements when the same are benefited)* and easements in said drainage district, in proportion to the benefits which they have assessed against the same, by setting down opposite each tract, lot, or easement the sum which they assess against the same for construction. The assessments which together make up the cost of construction, as above defined, are herein referred to as "assessments for construction." "

Section 5. Section 89-2337, R.C.M. 1947, is amended to read as follows:

"89-2337. **Commissioners to use most fessible plan—alteration by court.** The commissioners shall not be confined to the

HeinOnline -- 1973 vol. II 960 1973

points of commencement, routes, or termini of the drains or ditches, or the number, extent, or size of the same, or the location, plan, or extent of any levee, ditch, or other work, as proposed by the petitioners, but shall locate, design, lay out, and plan the same in such manner as to them shall seem best, to promote the public health or welfare, and to drain, or to protect the lands, *including improvements,* of the parties interested with the least damage and the greatest benefit to all lands affected thereby. And any plan proposed by the commissioners may, on the application of any person interested, on the hearing hereinafter provided for, or on the application of the commissioners, be altered by the court, by written order, in such manner as shall appear to the court to be just."

Section 6. Section 89-2338, R.C.M. 1947, is amended to read as follows:

"89-2338. **Extension or reduction of boundaries—alteration by court.** If the commissioners find that the proposed district, as described in the petition filed, will not embrace all of the lands, *including improvements,* that will be benefited by the proposed work, or that it will include lands that will not be benefited and are not necessary to be included in said district for any purpose, they shall extend or contract the boundaries of the proposed district so as to include or exclude all such lands, *or improvements,* as the case may be; and the boundaries adopted and reported by them may, upon the hearing of their report, as hereinafter provided, upon their application, or that of any person interested, be altered by the court in such manner as shall appear to be just; provided, that the alteration of boundaries as aforesaid shall not have the effect of so far enlarging or contracting the proposed district as to render such petition void or dismissable. Said report shall be filed with the clerk of the court."

Section 7. Section 89-2405, R.C.M. 1947, is amended to read as follows:

"89-2405. **Procedure on failure to certify assessments.** When commissioners shall fail to certify to the county treasurer of the proper county any one or more drainage assessments for construction or repair, or additional assessment against any lands *(including improvements where benefited)* in said district, at the proper time, they may certify the same to the county treasurer at any time thereafter, whether in the same or any subsequent year."

Section 8. Section 89-2410, R.C.M. 1947, is amended to read as follows:

"89-2410. **Additional assessments, procedure to levy.** If in the first assessment for construction the commissioners shall have

HeinOnline -- 1973 vol. II 961 1973

reported to the court a smaller sum than is needed to complete the work of construction, or if in any year an additional sum is necessary to pay the lawful indebtedness of said drainage district, further or additional assessments on the land *(including improvements where benefited)* and *corporations* benefited, proportioned on the last assessment of benefits which has been approved by the court, shall be made by the commissioners of said drainage district under the order of the court or presiding judge thereof; provided, however, that the total assessments for original construction and any additional assessments, other than for maintenance, incidental expense, and interest on bonds, shall, in no event, exceed the total assessments of benefits as provided in section 89-2330. Notice of the hearing of the application for such additional assessment shall be published at least once each week for three consecutive weeks in one newspaper published in each county in which said lands, or any part thereof, within said district are situated; which further or additional assessment may be made payable in installments as specified in section 89-2348, and shall be treated and collected in the same manner as the original assessments for construction confirmed by the court in said drainage district."

Section 9. The provisions of this act shall be severable, and if any of its provisions, sections, or parts be held unconstitutional or void, the remainder of this act shall continue in full force and effect.

Section 10. It shall require a vote of the persons on the assessment roles in any existing district to make this law applicable to such districts. Such election shall be held in the same manner as prescribed for drainage district elections in title 89, chapter 23.

Section 11. Nothing in this act confers upon districts created for drainage purposes only the authority to levy assessments on benefits to improvements.

Section 12. This act shall be effective on its passage and approval.

Section 3. (1) Possession at a single location, of four (4) or more junk vehicles of a type required to be licensed, is prima facie evidence that the possessor is operating a motor vehicle wrecking facility.

(2) A person who owns or possesses at a single location four (4) or more junk vehicles of a type required to be licensed is subject to this act even though he is not operating a motor vehicle wrecking facility.

Section 4. (1) Every motor vehicle wrecking facility shall maintain books or files in which is kept a record and description of every junk vehicle obtained by it, together with the name of the person from whom the vehicle was purchased.

Section 5. (1)(a) Each county shall acquire, develop, and maintain property for free motor vehicle graveyards. The property may be acquired by purchase, lease, or otherwise.

(b) As an alternative, the county may contract for the maintenance and operation of a motor vehicle graveyard or graveyards

(d) When there is an accumulation of at least two hundred (200) junk vehicles in the graveyard, the county shall notify the department for disposal purposes.

(2)(a) A county shall submit to the department for approval a plan for the collection of junk vehicles and the establishment and operation of the motor vehicle graveyard.

(b) Prior to June 15, the county shall submit to the department for approval a proposed budget for the succeeding fiscal year.

(d) The budget shall be for the amounts required by the county for collection costs and acquisition, maintenance, and operation of the graveyard.

Section 6. (1) The department shall contract for final disposition of junk vehicles accumulated in motor vehicle graveyards and shall provide for crushing and recycling the material from the vehicles.

(2) The department may also contract to dispose of, by crushing and recycling, junk vehicles accumulated in the yard of a motor vehicle wrecking facility. The department may so contract only upon the request of the facility and only if there is an accumulation of at least two hundred (200) vehicles at the facility.

pounds GVW, which shall be collected by the county treasurer, and commencing with the year 1974, there shall be assessed an additional special junk vehicle disposal fee in the amount of one dollar ($1) on each passenger car and truck under 8001 pounds GVW registered for licensing. The one dollar ($1) fee shall be collected by the county treasurer. However, the following are exempt from payment of the fees:

(a) vehicles leased or owned by the state or by a county or municipality;

(c) vehicles displaying dealers' license plates, as provided in section 53-122, while owned by a dealer;

(d) house trailers or equipment which are not self-propelled or which require towing upon a highway of this state.

(3) The department shall report to each legislature the amount collected under this act and the cost of administration of the act to date so that any necessary adjustment of the amount of the fee may be made to assure that no more than the actual cost of operation of the program is collected.

(4) The department shall pay to a county the amount of the approved budget of the county. However, the yearly payment may not exceed one dollar ($1) for each motor vehicle that is licensed in that county.

Section 8. The department shall adopt rules necessary to administer and enforce this act, including, but not limited to, rules pertaining to:

The rates shall be uniform for like service in all parts of the municipality and shall be as nearly as possible equitable in proportion to the services and benefits rendered. An original charge for the connecting sewer line between the lot line and the sewer main may be assessed when such connecting sewer line is installed. The charges shall be collected by the treasurer.

On or before January 15 of each year, notice shall be given by the city or town treasurer to the owners of all lots or parcels of real estate to which sewer service has been furnished prior to January 1, by the city or town, and said notice shall specify the assessment owing and in arrears at the time of giving such notice. Such notice shall be in writing and shall state the amount of such arrearage, including any penalty and interest assessed pursuant to the provisions of the city or town ordinance; that unless the same is paid by July 1 thereafter, the same will be levied as a tax against the lot or parcel of real estate to which sewer service was furnished and for which payment is delinquent as above specified. Such notice may be delivered to such owner personally, or by letter addressed to such owner at the post office address of such owner as recorded in the office of the county assessor.

On March 1, the treasurer of the city or town shall certify and file with the county assessor a list of all lots or parcels of real estate, giving the legal description thereof, to the owners of which notices of arrearage in payments were given as above specified and which arrearage still remain unpaid, and stating the amount of such arrearage, including any penalty and interest. The county assessor shall insert the same as a tax against such lot or parcel of real estate. Provided, that in cities where the council has provided by ordinance for the collection of taxes, the city treasurer shall insert such delinquent amount, including penalty

HeinOnline -- 1973 vol. II 979 1973

ized by their registration and in conformity with the other provisions of this act.

(6) The board of pharamacists may inspect the establishment of a registrant or applicant for registration.

Section 17. (1) The board of pharmacists shall register an applicant to manufacture or distribute dangerous drugs included in sections 5, 7, 9, 11, and 13 unless it determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the board of pharmacists shall consider the following factors:

(a) maintenance of effective controls against diversion of dangerous drugs into other than legitimate medical, scientific, or industrial channels;

(b) compliance with applicable state and local law;

(c) any convictions of the applicant under any federal and state laws relating to any dangerous drug;

HeinOnline -- 1973 vol. II 980 1973

(e) furnishing by the applicant of false or fraudulent material in any application filed under this act;

(f) suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense dangerous drugs as authorized by federal law; and

(g) any other factors relevant to and consistent with the public health and safety.

(2) Registration under subsection (1) does not entitle a registrant to manufacture and distribute dangerous drugs in schedule I or II other than those specified in the registration.

(3) Practitioners shall be registered to dispense any dangerous drugs or to conduct research with dangerous drugs in schedules II through V if they are authorized to dispense or conduct research under the law of this state. The board of pharmacists need not require separate registration for practitioners engaging in research with non-narcotic dangerous drugs in schedules II through V where the registrant is already registered under this act in another capacity. Practitioners registered under federal law to conduct research with schedule I drugs may conduct research with schedule I drugs within this state upon furnishing the board of pharmacists evidence of that federal registration.

(4) Compliance by manufacturers and distributors with the provisions of the federal law respecting registration (excluding fees) entitles them to be registered under this act.

Section 18. (1) A registration under section 16 to manufacture, distribute, or dispense a dangerous drug may be suspended or revoked by the board of pharmacists upon a finding that the registrant:

(a) has furnished false or fraudulent material information in any application filed under this act;

(b) has been convicted of a felony under any state or federal law relating to any dangerous drug or controlled substance; or

(c) has had his federal registration suspended or revoked to manufacture, distribute, or dispense controlled substances.

(2) The board of pharmacists may limit revocation or suspension of a registration to the particular dangerous drug with respect to which grounds for revocation or suspension exist.

(3) If the board of pharmacists suspends or revokes a registration, all dangerous drugs owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of

HeinOnline -- 1973 vol. II 981 1973

drugs under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable drugs and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all dangerous drugs may be forfeited to the state.

(4) The board of pharmacists shall promptly notify the bureau of all orders suspending or revoking registration and all forfeitures of dangerous drugs.

Section 19. (1) Before denying, suspending or revoking a registration, or refusing a renewal of registration, the board of pharmacists shall serve upon the applicant or registrant an order to show cause why registration should not be denied, revoked, or suspended, or why the renewal should not be refused. (d) twelve (12) or more miles, the rate shall be sixty cents ($.60) for one (1) eligible transportee and twelve cents ($.12) for each additional eligible transportee but shall not exceed one dollar and twenty cents ($1.20) for all the eligible transportees of one household.

(2) When the parent or guardian provides the transportation conveyance from the eligible transportee's residence to an approved route of the school bus designated by the trustees for the transportation of such eligible transportee, the per diem rates prescribed in subsection (1) shall be used to determine the reimburseable amount for such transportation on the basis of the distance from the residence to such bus route. When the distance from the eligible transportee's residence to the approved bus route is not less than one and one-half (1½) miles but less than three (3) miles, the reimbursement rate shall be one-half (½) the rate prescribed in subsection (1)(a) above. No transportation reimbursement shall be paid to a parent or guardian when the distance is less than one and one-half (1½) miles.

(3) Where, due to excessive distances, impassable roads or other special circumstances of isolation, the rates prescribed in subsections (1) or (2) would be an inadequate reimbursement for the transportation costs or would result in a physical hardship for the eligible transportee, his parent or guardian may request an increase in the reimbursement rate. Such a request for increased rates due to isolation shall be made by the parent or guardian on the contract for individual transportation for the ensuing school fiscal year by indicating the special facts and circumstances which exist to justify the increase. Before any increase rate due to isolation can be paid to the requesting parent or guardian, such rate must be approved by the county transportation committee and the superintendent of public instruction after the trustees have indicated their approval or disapproval. Regardless of the action of the trustees and when approval is given by the county transportation committee and the superintendent of public instruction, the trustees shall pay such increased rate due to isolation. *The* percentage increases of the per-day individual transportation rates prescribed in subsections (1) and (2) in relation to the degree of isolation, except that such increases shall not exceed one hundred per cent (100%).

(4) When the isolated conditions of the household where an eligible transportee resides requires such eligible transportee to live away from the household in order to attend school, he shall be eligible for the room and board reimbursement. Approval to receive the room and board reimbursement shall be obtained in the same manner prescribed in subsection (3) above.

HeinOnline -- 1973 vol. II 997 1973

The per diem rate for room and board shall be one dollar and fifty cents ($1.50) for one eligible transportee, sixty cents ($.60) for a second eligible transportee of the same household and thirty cents ($.30) for each additional eligible transportee of the same household.

(5) When the individual transportation provision is to be satisfied by supervised home study or supervised correspondence study, the reimbursement rate shall be the cost of such study; provided that the course of instruction is approved by the trustees and supervised by the district.

(6) The schedules provided in this section shall not be altered by any authority other than the legislative assembly of the state of Montana, except as provided in subsection (3)."

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. Section 16-2050, R.C.M. 1947, is amended to read as follows:

"16-2050. **Investment of county moneys in county warrants and investment of school district or county high school moneys.** (1) Except as provided in subsection (2) of this section, whenever the county has under its control any moneys, for which there is no immediate demand, in any special fund subject to deposit which in the judgment of the board of county commissioners it would be advantageous to invest in county warrants, the county commissioners are authorized in their discretion to direct the county treasurer to purchase county warrants of the same county, thereafter issued against funds in which there is not sufficient money to pay such county warrants at the time of issuance, and in case of such purchase the county commissioners shall designate the fund or funds, to be so invested, and shall fix the amount thereof, and shall also designate the county warrant or warrants which are to be purchased by such funds. The county clerk and recorder shall thereupon cause to be attached to or stamped, written or printed upon the warrants so ordered to be purchased a notice to the effect that the county will exercise its preference right to purchase such warrant. The county treasurer shall thereafter when such county warrant is pre-

HeinOnline -- 1973 vol. II 1004 1973

sented to him, purchase the same out of the proper fund as designated by the board of county commissioners, and the warrant so purchased shall be registered as other county warrants, and bear interest as provided by law. When the designated amounts have been invested the county treasurer shall notify the county clerk and recorder. Public funds realized from the sale of bonds by a county for the purpose of constructing public buildings, or for other construction, may be invested in any time or savings deposits, United States certificates of indebtedness, United States treasury notes or United States treasury bonds having a maturity date of one (1) year or less when emergency conditions, beyond the control of the county commissioners, exist which preclude the construction of the projects for which the bonds were issued at the time such investments are made. Interest earned from such investments, including interest on the sale of bonds accrued in the period between the date of issue and the time of purchase, shall be credited to the sinking fund of the county, notwithstanding the provisions of subsection (6) of section 16-2618.

(2) Whenever the county has under its control any moneys realized from the sale of bonds by a school district or county high school for the purpose of construction, for which there is no immediate demand, which in the judgment of the governing body of the school district or county high school it would be advantageous to invest in any time or savings deposits or in short-term obligations of the United States of America, such governing body may in its discretion direct the county treasurer to make such investments. Interest earned from such investments, except interest on the sale of bonds accrued in the period between the date of issue and the time of purchase which must be credited to the sinking fund, may be credited to the sinking fund of the said school district or county high school, provided that in the event construction of said buildings is delayed for a period longer than six (6) months due to court action or other causes beyond the control of the trustees, the trustees may direct that interest earned be credited to the fund from which the money was withdrawn. The trustees may authorize expenditures from interest earned, except as provided above, for furnishing and equipping the buildings for which the bonds were sold.

(3) No provision of this section may be construed to prevent the investment of county, school district, or county high school moneys under the state unified investment program established in title 79, chapter 3."

Section 2. This act is effective on its passage and approval.

CHAPTER NO. 426

An Act to Provide for a Three (3) Day Cooling-off Period on Door-to-Door Sales Contracts.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. The purpose of this act is to afford consumers, subjected to high pressure door-to-door sales tactics, a "cooling-off" period.

Section 2. As used in this act:

(1) "Consumer transaction" means a transaction where the money, property, or service which is the subject of the transaction is primarily for personal, family or household purposes.

(2) "Home solicitation sale" means a consumer transaction in which the purchase price is twenty-five dollars ($25) or more, and the seller or a person acting for him, is a person doing business who engages in a personal solicitation of a sale at a residence of the buyer and the buyer's agreement or offer to purchase is there given to the seller or a person acting for him. A sale which but for the fact that it is a cash sale would be a home solicitation sale shall be deemed a home solicitation sale if the seller makes or provides a loan to the buyer or obtains or assists in obtaining a loan for the buyer to pay any part of the purchase price. The term "home solicitation sale" does not include a transaction

(a) made pursuant to a preexisting revolving charge account, or pursuant to prior negotiations between the parties at a business establishment at a fixed location where goods or services are offered or exhibited for sale, or

(b) in which the buyer has a right of cancellation pursuant to federal law.

Section 3. (1) Except as provided in subsection (5), in addition to any right otherwise to revoke an offer, the buyer or any other person obligated for any part of the purchase price

may cancel a home solicitation sale until midnight of the third business day after the day on which the buyer has signed an agreement or offer to purchase relating to such sale.

(2) Cancellation occurs when written notice of cancellation is given to the seller.

(3) Notice of cancellation, if given by mail, shall be deemed given when deposited in a mailbox properly addressed and postage prepaid.

(4) Notice of cancellation need not take the form prescribed and shall be sufficient if it indicates the intention of the buyer not to be bound.

(5) A home solicitation sale may not be cancelled if in the case of goods, the goods cannot be returned to the seller in substantially the same condition as when received by the buyer.

Section 4. (1) The seller shall furnish the buyer a notice which shall contain the statement set forth in paragraph (a) and printed in capital and lower case letters of not less than twelve (12) point bold faced type with the seller's name and business address and the statement set forth in paragraph (b),

(a) YOU MAY CANCEL THIS SALE WITHIN THREE BUSINESS DAYS.

If you decide within three days that you want to cancel the sale, tear off and mail the bottom of this card. To cancel, the card must be mailed BY CERTIFIED MAIL within three days after you sign the contract.

(date)

(b) CONTRACT SIGNED

I hereby cancel this sale.

(Buyer's signature)

(2) Until the seller has complied with the this section the buyer or any other person obligated for any part of the purchase price may cancel the home solicitation sale by notifying the seller in any manner and by any means of his intention to cancel; provided, however, that failure to mail the cancellation by certified mail does not nullify the cancellation as long as the cancellation is mailed within the prescribed time period. The period prescribed by section 3 shall begin to run from the time the seller complies with this section.

Section 5. (1) Except as provided in this section, within ten (10) days after a home solicitation sale has been canceled or an offer to purchase revoked, the seller shall tender to the

HeinOnline -- 1973 vol. II 1011 1973

buyer any payments made by the buyer and any note of other evidence of indebtedness.

(2) If the down payment includes goods traded in, the goods shall be tendered in substantially as good condition as when received by the seller. If the seller fails to tender the goods as provided by this section, the buyer may elect to recover an amount equal to the trade-in allowance stated in the agreement.

(3) If the seller refuses within the period prescribed by subsection (1) to return the cash down payment or goods tendered as down payment, he shall be liable to the buyer for the entire down payment and if the buyer is successful in his action therefor the court shall also award him one hundred dollars ($100) plus reasonable attorney's fees and costs.

(4) Until the seller has complied with this section the buyer may retain possession of goods delivered to him by the seller and shall have a lien on the goods in his possession or control for any recovery to which he may be entitled.

Section 6. (1) Except as provided by subsection (4) of section 5, within a reasonable time after a home solicitation sale has been canceled or an offer to purchase revoked, the buyer upon demand shall tender to the seller any goods delivered by the seller pursuant to the sale but need not tender at any place other than his residence. If the seller fails to demand possession of such goods within a reasonable time after cancellation or revocation, the goods shall become the property of the buyer without obligation to pay for them. For the purpose of this section, forty (40) days shall be presumed to be a reasonable time.

(2) The buyer shall take reasonable care of the goods in his possession both before cancellation or revocation and for a reasonable time thereafter, during which time the goods are otherwise at the seller's risk and such goods must be returned in substantially the same condition as received.

viding For Reporting, Collection, Disposition and Use Thereof; Providing Penalties; and Providing An Effective Date.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. As used in this act: "Passenger air carrier" means a common carrier of passengers for hire by aircraft weighing over twelve thousand five hundred (12,500) pounds on a regular schedule or schedules, and a carrier of passengers for hire by aircraft weighing over twelve thousand five hundred (12,500) pounds on a contract or charter basis.

Section 2. (1) Every city or county or airport authority which constructs, operates or maintains, individually or jointly, a public airport with funds contributed in whole or in part, directly or indirectly, by the state, county, city or other public authority, is authorized and empowered to charge a reasonable service charge *not to exceed two dollars ($2) per day,* for each passenger enplaning upon every passenger air carrier aircraft at any such public airport as a point of origin for transportation purposes. The charge authorized to be imposed herein is in consideration of the use of the airport and associated airport facilities provided by the public for taking off and landing of commercial passenger aircraft, for providing facilities for the passengers thereof, and to help defray the cost of furnishing, operating, improving, maintaining and protecting the public airport and related facilities and the passengers, crews and equipment. The charge herein provided for is in addition to any other charges that may be required or imposed by the authority for transportation or other services provided. In the alternative, said city, county, or airport authority may collect the charge itself or cause said service charge to be collected directly from the enplaning passenger by its agents or employees.

(2) Each passenger air carrier which agrees by contract to collect said service charge shall:

(a) before the fifteenth of each month, file with the city, county, or airport authority, or responsible board thereof, a return showing the number of passengers for hire enplaning on aircraft of the passenger air carrier at the respective airport during the preceding calendar month;

(b) file with the return, additional other pertinent information required by the respective airport;

(c) remit with the return, the service charges imposed under this act, if, by agreement with the airport board or authority, they have contracted to collect the charge from the enplaning passenger.

HeinOnline -- 1973 vol. II 1013 1973

(3) Before the first day of the calendar month following that in which a return is filed, the respective airport board or governing authority shall:

(a) audit the return;

(b) make any exceptions to the report in writing to the air carrier. If none is made, the report and remittance will be deemed correct;

(c) in the case of a jointly operated airport, the carrier will remit to the governing board who shall be responsible for its proper disposition as directed by the governing bodies in accordance with the provisions below.

(4) All service charges received by counties and cities under the provisions of this act shall be deposited in the airport fund of the county or city or in the joint airport fund of the city and county and shall be used for construction, improvement, operation, maintenance, protection and repair of its public airport or for the retirement of bonds issued for the construction, improvement or other expenditures of the airport, including the protection of aircraft passengers, crews and air carrier equipment.

Section 3. Nothing in this act shall prevent a passenger air carrier from collecting, directly or indirectly, the service charge payable for each paying passenger from the passenger, but the air carrier shall collect the service charge only if it enters into a voluntary agreement to do so.

Section 4. If any person, firm, or corporation subject to the provisions of this act fails or neglects to pay the service charges, the same may be collected through civil proceedings in an appropriate court. Passengers refusing to pay said service charge shall be guilty of a misdemeanor, punished accordingly, and, also, they may be refused permission to enplane.

Section 5. Air carrier may, by contract with the airport board or authority involved, collect the charge from the passenger, and in so doing, be entitled to a fee for doing so. This may be a percentage of said charge. Or, the airport board or authority may collect the charge directly from the enplaning passenger. *Provided, however, no passenger shall pay more than one (1) charge during any twenty-four (24) hour period, even though they may board several planes in different Montana cities during that period. In such cases, only the charge, if any, in effect at the first airport used during said twenty-four (24) hour period shall govern. No other charge shall be payable at any other airport by that same passenger during the same twenty-four (24) hour period.*

Section 6. This act is effective thirty (30) days after its passage and approval.

Approved: March 21, 1973.

CHAPTER NO. 428

An Act for the Codification and General Revision of the Laws Relating to the Department of State Lands, and Providing That This Act Is Effective Upon Its Passage and Approval.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. Section 50-702, R.C.M. 1947, is amended to read as follows:

"50-702. **Record of certificate of location.** Within sixty (60) days after posting the notice of location, the locator shall record his location in the office of the county clerk of the county in which *the* mining claim is situated, and within twenty (20) days thereafter the county clerk shall provide a copy thereof to the department of state lands, Helena, Montana. *The* record shall consist of a certificate of location for each claim containing:

1. The name of the lode or claim and whether located as a lode or placer claim.

2. The name of the locator or locators, if there be more than one, together with the post-office address of such locator or locators.

3. The date of location, and *the* description of *the* claim, with reference to some natural object or permanent monument, as will identify the claim and the section, township, and range wherein the claim is situated (by projected survey lines if located in unsurveyed country).

4. The directions and distances from the discovery point which describe the claim.

The certificate of location must be varified, before some officer authorized to administer oaths, by the locator, or one of the locators if there be more than one, or by authorized agent. In the case of a corporation, the verification may be made by any officer thereof, or by an authorized agent. When the verification is made by an agent, the fact of the agency shall be stated in the affidavit. A certificate of location so verified, or a certified copy thereof, is prima facie evidence of all facts properly recited therein. Failure of the locator or locators to record a certificate of lo-

cation as herein required shall create a prima facie presumption of intent to abandon. However, recordation after the sixty (60) day period, but before the ground is located by another renews the location and saves the rights of the original locator. Nothing contained in section 50-713 *affects* the prima facie presumption created by this section."

Section 2. Section 81-102, R.C.M. 1947, is amended to read as follows:

"81-102. **Definitions.** *Unless the context requires otherwise, in this title: (1) "Department" means the department of state lands provided for in title 82A, chapter 11.*

(2) "Board" means the board of land commissioners provided for in article X, section 4 of the constitution of this state.

(3) "Commissioner" means the commissioner of state lands provided for in section 82A-1104.

(4) "State land" or "lands" means lands granted to the state by the United States for any purpose, either directly or through exchange for other lands; lands deeded or devised to the state from any person; and lands that are the property of the state through the operation of law. The term does not include lands the state conveys through the issuance of patent, or those lands used for building sites, campus grounds, or experimental purposes by any state institution that are the property of that institution."

Section 3. Section 81-103, R.C.M. 1947, is amended to read as follows:

"81-103. **Powers and duties of board.** The board shall exercise general authority, direction, and control over the care, management, and disposition of state lands, and *subject to the investment authority of the board of investments,* the funds arising from the leasing, use, sale, and disposition of *those* lands or otherwise coming under its administration. In the exercise of these powers, the guiding rule and principle *is* that these lands and funds are held in trust for the support of education, and for the attainment of other worthy objects helpful to the well-being of the people of this state; and the board *shall* administer this trust to secure the largest measure of legitimate and reasonable advantage to the state. *The board shall* manage these lands under the multiple-use management concept defined as: The management of all the various resources of the state lands so that they are utilized in that combination best meeting the needs of the people and the beneficiaries of the trust, making the most judicious use of the land for some or all of those resources or related services over areas large enough to provide sufficient latitude for periodic adjustments

HeinOnline -- 1973 vol. II 1016 1973

in use to conform to changing needs and conditions; that some land will be used for less than all of the resources, and harmonious and coordinated management of the various resources, each with the other, without impairment of the productivity of the land, with consideration being given to the relative values of the various resources."

Section 4. Section 81-104, R.C.M. 1947, is amended to read as follows:

"81-104. **Meetings of board.** The board shall hold regular meetings *at least once* each month, and may hold special meetings whenever *considered* necessary, upon call of the president or a majority of the members. Three *(3)* members of the board constitute a quorum for the transaction of business. The governor *is* the president of the board; in his absence the lieutenant governor, *shall preside, and in his absence* the superintendent of public instruction shall preside."

"81-105. **Powers and duties of** *the department.* Under the direction of the board *of land commissioners, the department has* charge of the selecting, exchange, classification, appraisal, leasing, management, sale, *or* other disposition of the state lands. *It* shall perform such other duties the board *directs,* the purpose of the department *demands,* or the statutes require. *It* shall collect and receive all moneys payable to the state through *its* office as fees, rentals, royalties, interest, penalties, *or* payments on mortgages or lands purchased from the state or derived from any other source. *It* shall issue a receipt for each cash payment, or whenever requested by the payer."

Section 6. Section 81-205, R.C.M. 1947, is renumbered section 81-1122, and is amended to read as follows:

Section 7. Section 81-301, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1973 vol. II 1017 1973

"81-301. **Selection and location of lands granted by United States.** Under the general direction of the board of land commissioners and as rapidly as the appropriations for the work will permit, the *department* shall *select* and *locate* all lands, except timberlands, granted to this state by the United States for any purpose, and not located by the grant itself. *It* shall also *select* and *locate* lands in lieu of all those lands in sections sixteen *(16)* and thirty-six *(36)* and in the other federal land grants which for any reason have been lost to the state. All selections shall as far as possible be in legal subdivisions. In the selection and location of these lands, careful attention shall be given to the water available and which may be appropriated for these lands for domestic use, livestock, and irrigation."

Section 8. Section 81-302, R.C.M. 1947, is amended to read as follows:

"81-302. **Classification — reclassification — records.** *(1)* The *state* lands *are* classified as follows:

(a) Class 1. Grazing lands, being all those lands which are valuable only for grazing purposes.

(b) Class 2. Timberlands, being all those lands which are principally valuable for the timber that is on them.

(c) Class 3. Agricultural lands.

(d) Class 4. Lands within the limits of any town or city or within three *(3)* miles of *those* limits.

(2) The third class, agricultural lands, *is* subdivided into two *(2)* classes as follows:

(a) Irrigable lands.

(b) Nonirrigable lands.

(3) The fourth class *is* subdivided as follows:

(a) Lands within the limits of any town or city.

(b) Lands not within such limits but within three *(3)* miles thereof.

(4) The classification shall be so made as to place each *forty (40) acre* tract or lot in the class to which it properly belongs.

(5) If lands formerly nonirrigable become irrigable, *or if* new towns or cities are located and platted, *or in any other case* when the board *considers* it necessary, the lands affected shall be reclassified so that no state land will be sold under a different classification from that to which it actually belongs.

HeinOnline -- 1973 vol. II 1018 1973

(6) All field books, plats, maps, and records of the department shall show the class to which each tract therein belongs, and whether it belongs to the public schools of the state or to *a* state *institution* or other entity according to the grant or instrument by which title to *the* land has passed to the state; they shall also show whether or not the coal or other minerals in the land are reserved by the United States, and shall contain *any other* information the *department considers* necessary."

Section 9. Section 81-304, R.C.M. 1947, is amended to read as follows:

"81-304. **Exchange of lands with United States and counties — validation of prior actions.** *(1)* The board *may* enter into contracts or agreements with the United States, or any department thereof having jurisdiction, for the waiving and relinquishment to the United States of any rights of the state in and to sections sixteen *(16)* and thirty-six *(36)* of any township and to any other sections of state lands, provided that the state shall in lieu of the rights so waived and relinquished receive from the United States other lands of equal or greater value.

(2) The board *may* accept on behalf of the state title in fee simple to any land owned by a county in the state, and *may* convey in exchange therefor *state* land of approximately the same area and of a value not higher than the land received from the county *if the* exchange will result in consolidating the *state* lands into more compact bodies.

(3) The current user of the land transferred to the United States *may* continue to enjoy *the* use of *the land under* terms and conditions required by the federal government and in accordance with the Multiple Use Act, and the current user on the land received from the United States *may* continue to utilize the land on the terms and conditions imposed by law or by the board."

Section 10. Section 81-402, R.C.M. 1947, is amended to read as follows:

"81-402. **Lease of state lands — *crop* share rental basis used.** (1) Under the general direction and control of the board of land commissioners, the *department* shall lease all agricultural and grazing lands and all town and city lots open to leasing upon proper application. *As* to agricultural lands, all leases shall be continued or made upon a crop share rental basis of not less than one-fourth (¼) of the annual crops to the state, or the usual landlord's share prevailing in the district, whichever is greater.

(2) In unusual cases the *department* may authorize a lease upon other basis *than* crop share, but in *these* unusual cases the

HeinOnline -- 1973 vol. II 1019 1973

rental shall at least equal the value of the usual landlord's share prevailing in the district, and the *department* shall set forth in the records the unusual conditions of the case and the rental to be charged.

(3) The rental rate for *leasing* all state grazing lands shall be based upon the appraised animal-unit-month carrying capacity of the land as provided in section 81-433. *As* to town and city lots owned by the state, the fair rental value thereof shall be determined from time to time *by* the *department* with the approval of the board and record made thereof, and such town or city property may be leased at its current appraised rental value for terms not to exceed five (5) years.

(4) All leases of agricultural or grazing lands, or town or city lots, shall be upon condition that the board may, in its discretion, offer *the* land for sale at any regular public sale of state lands held in the county where the land is situated, upon the same terms, and in the same manner as land not under lease."

Section 11. Section 81-404, R.C.M. 1947, is amended to read as follows:

"81-404. **Appraisal of grazing lands.** *(1) The department shall appraise* the grazing *lands* owned by the state as to *their* animal-unit-month carrying capacity, and make and preserve *records* thereof in *its* office, and from time to time *re-examine these* lands as to their animal-unit-month carrying capacity so as to keep the records thereof in *its* office reasonably accurate.

(2) In appraising *these* grazing lands the following factors shall be taken into consideration:

(a) Inventory of the forage resources—kind, amount, and location of vegetation.

(b) Accessibility and usability of this forage resource as influenced by topography, availability of stock water, and season of usability.

(c) Condition of soils—the erosion situation.

(d) Other and related resources—such as timber, game animals, need for watershed protection.

(e) Record of needed improvements and facilities—fuel and stock water, revegetation, rodent control, trails, fences, and the like.

(f) Pertinent facts and figures submitted by stockmen living in the area and directors of state grazing districts including the land or in its vicinity.

HeinOnline -- 1973 vol. II 1020 1973

(g) Carrying capacity net for similar land in a state grazing district in which the land is situated."

Section 12. Section 81-405, R.C.M. 1947, is amended to read as follows:

"81-405. **Renewal leases—preference right of lessee.** *(1)* A lessee of state land classed as agricultural, grazing, town lot or city lot, who has paid all rentals due from him to the state, and who has not violated the terms of his lease, *is* entitled to have his lease renewed for a five (5) or ten (10) year period at the rental rate provided by law for the renewal period, and subject to any other conditions at the time of the renewal imposed *by law* as terms of *the lease* at any time within thirty (30) days prior to its expiration if no other applications for lease of the land have been received thirty (30) days prior to the expiration of his lease. *If* other applications have been received, the holder of the lease has the perference right to lease the land covered by his former lease *by meeting* the highest bid made by any other applicant. Applications for lease of lands in this section shall be given preference in the order of their receipt at the office of the *department.*

(2) Notwithstanding the foregoing provisions, the board *may* withdraw any agricultural or grazing land from further leasing for such period as the board *determines* to be in the best interest of the state. *Bids* for leases and applications for renewals of leases of state agricultural lands or state grazing lands shall be in writing and sealed and shall be submitted to the board at the office of the *department.*"

Section 13. Section 81-406, R.C.M. 1947, is renumbered section 81-421.1, and is amended to read as follows:

"*81-421.1.* **Arbitrators to fix value of improvements—appeal.** If the owner of any improvements on state lands of the type authorized by law at the time they were placed thereon desires to sell *these* improvements to the new lessee, and they are unable to agree on the value thereof, *the* value shall be ascertained and fixed by three (3) arbitrators, one of *whom* shall be appointed by the owner of the improvements, one by the new lessee and the third by the two (2) arbitrators so appointed. The reasonable compensation that *the* arbitrators may *fix* shall be paid in equal shares by the owner of the improvements and the new lessee. The value of *the* improvements so ascertained and fixed *is* binding on both parties, however, if either party is dissatisfied with the valuation so fixed, he may within ten (10) days appeal from their decision to the *department which* shall examine *the* improvements, and *its* decision shall be final. The *department* shall charge and collect the

HeinOnline -- 1973 vol. II 1021 1973

actual cost of *the* re-examination to the owner and the new lessee in such proportion as in *its* judgment justice may demand. The value of *the* improvements shall be ascertained and fixed as *section 81-421 provides.*"

Section 14. Section 81-407, R.C.M. 1947, is amended to read as follows:

"81-407. **Who may lease—how much and for what length of time.** No *person may* lease state lands, except one who is the head of a family, unless he has attained the age of nineteen (19) years. Any such person and any association, company, or corporation authorized to hold lands under lease may lease state lands, *and may hold more than one (1) lease to state lands,* and there may be included under one *(1)* lease tracts of lands embracing more than one (1) section. No lease to agricultural or grazing lands *may* be for a period other than five (5) or ten (10) years. Leases for city and town lots *may* not exceed five (5) years. When a lease expires or is canceled the *department* shall immediately notify the holder of the lease and all persons who have expressed an interest in leasing the land during, or immediately preceding, the term of *the* expired or canceled lease. If the legislature raises the rentals for state grazing lands during the term of any leases of grazing land which are not issued as a result of competitive bidding, the lessee shall, for the years after *the* increase become effective, pay *the increased* rental, and the terms of grazing leases shall so provide."

Section 15. Section 81-412, R.C.M. 1947, is amended to read as follows:

"81-412. **Rental, when due—cancellation for nonpayment.** The rental for the first year of the lease shall be paid at or before the time of the execution of the lease; however, in the case of leases which take effect on and after October 1 and before the expiration of the coming February, both the rental for the fractional year and for the next full year beginning March 1, shall be paid and collected at the time of issuing the lease. *If* the United States is the lessee of state lands for grazing purposes, the rental shall be payable at the end of each year of *the* lease. The rental for each succeeding year on leases *hereafter issued,* with the exception of leases wherein the United States is the lessee, *is* due and payable *before March 1,* and if not paid *by April 1* the lease *is canceled.* The *department* shall notify the lessee by letter addressed to the post-office address given in the lease of *the* cancellation, and the land *is* then open for lease to other applicants."

Section 16. Section 81-413, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1973 vol. II 1022 1973

"81-413. **Land to be leased in compact bodies—inspections to determine best use of land.** All lands *shall* be leased in as compact bodies as possible, and care shall be taken not to separate parts of any section from the section lines or public highways or from any available water supply, or in *a* form *that will* make it more difficult to lease the remaining state lands in the section in which they are located. *If* there are applications or bids for renting certain land for grazing purposes and also applications or bids for renting the same land for agricultural purposes, an inspection of the land shall be made by the *department* at the earliest practical opportunity and *a* determination made, based on *its* findings, of the highest and best use which can be made of the land or portions thereof. *Any* lease of *the* land subsequent to *the* applications or bids shall be such as to return to the state revenue commensurate with *the* highest and best use."

Section 17. Section 81-414, R.C.M. 1947, is amended to read as follows:

"81-414. **Change in terms of lease.** *When* land is leased for grazing purposes, and the lessee desires to cultivate any part of the land, he shall, before doing any such cultivation, make application to the *department* stating how much land he desires to cultivate *and* showing the location in the section of *the* land, and agree that for the remainder of the term of the lease the annual rental shall be at the rate of the original lease until such time as the first crop is harvested from the cultivated portion of the lease. At the time of the first harvest, the lease shall be at the original rate for that portion remaining as grazing land plus the crop share rental for that portion cultivated. *If* any person *cultivates* lands leased for grazing purposes without first *securing* the right to do so *under this section,* the *department shall either cancel the lease,* subject to the appeal procedure provided in section 81-422, or *require the lessee to pay* twice the regular agricultural rental on the land so cultivated in addition to the grazing rental. The provisions of this section shall be incorporated in every lease."

Section 18. Section 81-415, R.C.M. 1947, is amended to read as follows:

"81-415. **Conditions of leases—cancellation for violation of rules.** *(1)* It shall be a condition of all leases of agricultural or grazing state lands, (a) that, in the case of agricultural lands, the lessee shall observe the ordinary rules for good management of agricultural lands and shall handle the leased land with the view of maintaining its productivity and *minimizing* wind and soil erosion and noxious weeds, and *planting* crops with a view of securing the greatest yields of good quality, and (b) that, in the case of

HeinOnline -- 1973 vol. II 1023 1973

grazing lands, the lessee shall observe the ordinary rules for good range management and shall manipulate the numbers, class, distribution, and season of the range use and the handling, feeding, breeding, and marketing of grazing livestock with a view of securing the production of the maximum of livestock and livestock products, consistent with the conservation of the land resources and the perpetuation of its productivity, and to these ends the state land lease *may* not be abused by overgrazing.

(2) For the gross violation of any of *these* rules, the lease involved shall be *canceled* by the *department,* subject to the appeal procedure provided in section 81-422."

Section 19. Section 81-416, R.C.M. 1947, is amended to read as follows:

"81-416. **Form of lease—bond.** The general form of lease to state lands shall be prescribed by the board, and no changes in the form for *these* leases *may* be made without the approval of the board. All leases shall be issued in duplicate, one (1) copy shall be mailed to the lessee, and one (1) copy shall be preserved by the *department.* Unless the board decides otherwise, these leases shall be issued without bonds, but the board *may* require a bond and prescribe the form and conditions thereof whenever it *considers* it necessary."

Section 20. Section 81-418, R.C.M. 1947, is amended to read as follows:

"81-418. **Liens on crops and improvements.** The state *has* a lien upon all crops growing upon any of its lands, and upon *the* crops after they have been separated from the lands for any rentals and penalties due or delinquent under the lease on *the* lands, or becoming due during the calendar year in which *the* crops are harvested, for any year or part of *a* year that the land has been held or used by the lessee. *This* lien *applies* to all buildings, structures, fences, and all other improvements, *and is* prior and superior to all other liens, *except* threshermen's liens and seed liens specified in sections 45-701 and 45-801, which have priority, *but only for the aggregate amount of the indebtedness then existing, including any advances theretofore made, interest due and other charges as evidenced by the original loan-contract, and indebtedness thereafter accumulating on such basis, exclusive of any other future advances originally contemplated.* Any person acquiring any of *these* crops or improvements takes *them* subject to *this* lien. *The* department or the sheriff of the county in which the land is located may demand of the lessee payment of the amounts due the state, and if *they* are not paid upon demand, the officer making *the* demand, or the department, may seize *and* sell, either at *a* private

HeinOnline -- 1973 vol. II 1024 1973

or public sale, upon giving notice for not less than three (3) days of *the* sale, sufficient of *those* crops or improvements, or of both, to pay the amounts due the state together with costs and expenses of seizure and sale. These provisions relating to liens on crops and improvements shall be embodied in all leases for agricultural and grazing lands and for town, city, or other lots."

Section 21. Section 81-419, R.C.M. 1947, is amended to read as follows:

"81-419. **Assignment of leases—preferences—fee.** Leases to state lands may be assigned on blanks *prescribed* by the *department,* but no assignment *is* binding on the state unless the assignment is filed with the *department,* approved by *it* and payment made of *the assignment* fee *under section 81-108.* Preference shall always be given to the applicant who wants the land for his own individual use, so that the full advantage coming from the leasing and use of *the* lands may reach those who actually till the soil, and so that they *are* not compelled to pay a higher rental than that due the state. If a lessee subleases state lands on terms less advantageous to the sublessee than the terms given by the state, or subleases state lands without filing a copy of the sublease with the *department* and without receiving *its* approval, the *department* shall cancel the lease, subject to the appeal procedure provided in section 81-422."

Section 22. Section 81-421, R.C.M. 1947, is amended to read as follows:

"81-421. **Compensation for improvements.** *(1)* A lessee of state lands *may* place upon the lands a reasonable amount of improvements directly related to conservation of the land or necessary for proper utilization of *it. These* improvements may consist of fences, cultivation, and improvement of the land itself, irrigation ditches, sheds, wells, and reservoirs, and similar improvements. *When* another person becomes the lessee of such lands, he shall pay to the former lessee the reasonable value of *these* improvements at the time the new lessee takes possession. *However,* if any of the improvements consists of breaking (meaning the original plowing of the land), and one (1) year's crops have been raised on the land after the breaking, the compensation for *the* breaking *may* not exceed two dollars and fifty cents ($2.50) per acre, and *if* two (2) or more crops have been raised on the land after the breaking, the breaking shall not be considered as an improvement to the land. *If* the former lessee and the new lessee are unable to agree on the reasonable value of *the* improvements, *the* value shall be ascertained and fixed as provided in *section 81-421.1.*

(2) In determining the value of these improvements, consideration shall be given to *their* original cost, *their* present condition,

HeinOnline -- 1973 vol. II 1025 1973

their suitableness for the uses ordinarily made of the lands on which they are located, and to the general state of cultivation of the land, its productive capacity as *affected* by former use, and its condition with reference to *the infestation of* noxious weeds. Consideration shall be given to all actual improvements and to all known effects that the use and occupancy of the land have had upon its productive capacity and desirableness for the new lessee. The former lessee may, however, remove the movable improvements on the land *and dispose of them* to parties *other* than the lessee; if he fails to remove *the* improvements from the land within sixty (60) days from the date of the expiration of his lease, all of *the* improvements become the property of the state, unless the *department* for good cause *grants* additional time for *their* removal. Before a lease is issued to the new lessee he shall show that he has paid the former lessee the value of the improvements as agreed upon by them or as fixed and determined under section *81-421.1,* or that he has offered to pay the value of *the* improvements as so fixed and determined, or that the former lessee elects to remove the improvements."

Section 23. Section 81-422, R.C.M. 1947, is amended to read as follows:

"81-422. **Cancellation of leases.** *(1)* The *department may* cancel a lease for any of the following causes: fraud, misrepresentation, or concealment of facts relating to its issue, which if known would have prevented its issue in the form or to the party issued; using the land for other purposes than those authorized by the lease; and for any other cause which in the judgment of the *department* makes the cancellation of the lease necessary in order to do justice to all parties concerned and to protect the interests of the state. Such cancellation *does* not entitle the lessee to any *refund* of rentals paid or exemption from the payment of any rentals, penalties, or other compensation due the state.

(2) When the *department* cancels a lease pursuant to this section or sections 81-414, 81-415, *or* 81-419, *it* shall immediately notify the lessee by certified mail of *the* cancellation and the reasons therefor. The date of cancellation *is* fifteen (15) days from the date *the* notice is received by *the* lessee. The lessee *has* fifteen (15) days after the receipt of *the* notice to file *with the department* a notice of appeal *for a hearing before the board.* If notice of appeal is filed, the lease *remains* in effect until the decision of the board. Within ten (10) days after notice of appeal has been filed, the *department* shall set the time and place of hearing and shall so notify the lessee. The board may, after ten (10) days' notice to the lessee, change the time and place of hearing.

(3) Under rules it *adopts,* the board shall conduct an open

HeinOnline -- 1973 vol. II 1026 1973

hearing to determine whether the lease should be reinstated. The burden of proof is on the lessee to show why the lease should not be canceled. If the lease is reinstated, all of the lessee's rights and privileges thereunder shall be preserved; if not, the land shall be open for releasing as provided by law. If the board finds that the terms of the lease have been violated, but in its judgment the violation is not serious enough to warrant cancellation, it may reinstate the lease and assess a penalty up to three (3) times the annual rental against the lessee."

Section 24. Section 81-423, R.C.M. 1947, is amended to read as follows:

"81-423. **Leasing regulations.** The board *may* prescribe rules and regulations relating to the leasing of state lands as it *considers* necessary in order that the use and proceeds of these lands may contribute in the highest attainable measure to the purposes for which they *are* granted to the state."

Section 25. Section 81-424, R.C.M. 1947, is amended to read as follows:

"81-424. **Lease of *state* land to United States for military purposes authorized.** *The* board, *when* it *considers* it in the public interest, may lease to the United States, for military purposes, any *state* land, whether such land was received by the state through federal land grants, or whether such land consists of so-called "mortgage lands," on such terms and conditions as it *considers* necessary to promote the public welfare and protect the interests of the state; rental shall be payable at the end of each year of *the* lease."

Section 26. Section 81-426, R.C.M. 1947, is amended to read as follows:

"81-426. **Filing with board required.** The pledge of such lease or the mortgage of such leasehold interest shall, within thirty (30) days after receipt of *the* pledge agreement or mortgage, file *it,* or a certified copy thereof, *with the department.*"

Section 27. Section 81-428, R.C.M. 1947, is amended to read as follows:

"81-428. **Proof of termination of lease or pledge to be filed.** The lessee of any grazing or agricultural lease of or leasehold interest in state lands which *is* pledged or mortgaged as provided *in sections 81-425 through 81-431* shall, within thirty (30) days after payment of the indebtedness secured thereby, or within thirty (30) days after the pledge agreement *is* terminated or the leasehold in-

HeinOnline -- 1973 vol. II 1027 1973

terest *is* released from the mortgage, file with the *department* proof of *that* fact."

Section 28. Section 81-433, R.C.M. 1947, is amended to read as follows:

"81-433. **Formula for fixing annual rental.** *(1) In* this section:

(a) "Animal unit" means one (1) cow, one *(1)* horse, five *(5)* sheep or five *(5)* goats.

(b) ."Animal-unit-month carrying capacity" means that amount of natural feed necessary for the complete subsistence of one *(1)* animal unit for one (1) month.

(2) The board shall establish the per annum rental rate per section of all grazing lands which are the property of the state upon the animal-unit-month basis as provided *in this section.*

(3) In fixing the minimum annual rental per section, the following formula shall be used:

The base rental shall be computed by multiplying thirty-two cents (32¢) plus two (2) times the average price per pound of beef cattle on the farm in Montana for the previous year times the animal-unit-month carrying capacity of the land.

(a) The minimum annual rental for grazing lands with an annual carrying capacity of more than fourteen (14) and less than twenty (20) animal units per section is the base rental.

(b) The minimum annual rental for grazing lands with an annual carrying capacity of more than nineteen (19) animal units per section is ten cents (10¢) more than the base rental.

(c) The minimum annual rental for grazing lands with an annual carrying capacity of less than fifteen (15) animal units per section is ten cents (10¢) less than the base rental.

(4) The carrying capacity of the land, to be used in the above formula, shall be in accordance with the determinations of the *department* made *under* section 81-404.

(5) The average price per pound of beef cattle on the farm in Montana shall be taken from statistics published by the United States department of agriculture current at the time of computation of the rental, or from other reliable sources current at such time."

Section 29. Section 81-436, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1973 vol. II 1028 1973

"81-436. **Deposit required with bid for lease—retention or return—forfeiture.** *A person* bidding for the lease of *state* lands shall deposit with the *department,* as evidence of good faith, a certified check, cashier's check, or money order in an amount equal to the annual rental bid in the case of grazing land, and an amount equal to one dollar ($1) per acre for each acre of agricultural land contained in the lease in the case of agricultural land on which *the* bid is made on a crop share basis. The *department* shall retain the deposit of the successful bidder *and apply it* on the rental for the first year of the lease only, and return any balance of the deposit at the end of the first year to the successful bidder, and return the deposits of the unsuccessful bidders. If the successful bidder fails to execute the lease for any reason, his deposit shall be forfeited and deposited by the *department* to the credit of the proper interest and income account in the federal and private revenue fund."

Section 30. Section 81-501, R.C.M. 1947, is amended to read as follows:

"81-501. **Coal mining leases.** *(1)* The state board of land commissioners *may* lease in such manner as it *considers in* the best interests of the state any state lands to which the title *is vested* in the state and in which the coal or coal rights are not reserved by the United States for exploring for, mining, removing, selling, and disposing of the coal therein, upon the terms and conditions herein stated, and subject to such rules and regulations as the board *prescribes.* This power *extends* to *state* lands no matter *how* acquired, and *extends* to state lands which have been sold but in which the coal rights *are* reserved by the state, whether *the* lands are under certificate of purchase or patents have been issued; in such cases and in all cases where the lands are under lease for grazing, agriculture, or similar purposes, care shall be taken in issuing the coal mining lease to protect the rights of the purchaser or lessee.

(2) These coal leases *are* subject to the condition that the coal must be mined, handled, and marketed in *a* manner *that will* prevent as far as possible all waste of coal, and *are* also subject to the condition that the mining operations shall be carried on in *a* systematic and orderly manner *that will* not make subsequent mining operations more difficult or expensive. *A violation* of *any of* these conditions *is grounds* for the forfeiture of the lease, after *a* hearing before the board."

Section 31. Section 81-502, R.C.M. 1947, is amended to read as follows:

"81-502. **Maximum term of lease—form.** No coal mining lease *may* be issued for *more* than twenty (20) years, but the board may

HeinOnline -- 1973 vol. II 1029 1973

establish rules for the renewal of a lease at the expiration of the term it *considers* proper and necessary. The board shall prescribe the form of the lease."

Section 32. Section 81-506, R.C.M. 1947, is amended to read as follows:

"81-506. **Improvements of former lessee.** *When* a coal mining lease is applied for on land where mining operations have been carried on by a former lessee, and there are surface or underground improvements on the land used at *the* former operations, disposition shall be made of *the* improvements satisfactory to the board before a new lease is issued. If the owner of such improvement desires to sell the same to the new lessee, then the new lessee shall pay him the reasonable value thereof as far as they are suitable for the new mining operations. If they fail to agree on the value of such improvements, then such value shall be ascertained and fixed as provided in section *81-421.1.*

Before a new lease is issued, the applicant shall show to the satisfaction of the board that he has paid the owner for the improvements as agreed on between them, or as fixed by the aforesaid officers, or officer, or that he has tendered payment as so fixed, or that the owner desires to remove his improvements."

Section 33. Section 81-508, R.C.M. 1947, is amended to read as follows:

"81-508. **Report and payment of royalty.** On or before the *last* day of each month *every holder of a producing coal mining lease* shall make a report to the *department on a* form *the department prescribes,* showing the number of tons mined during the preceding calendar month, the price obtained therefor at the mine, the total amount of all sales, and *any* additional information required by the *department. The* report shall be verified by the oath of the lessee and be accompanied by payment of the royalty due the state for *the* preceding month as shown by the report."

Section 34. Section 81-510, R.C.M. 1947, is amended to read as follows:

"81-510. **Disposition of royalties and other receipts.** *The department shall credit fees and penalties collected under coal mining leases to the general fund, and rentals, royalties, and bonuses to the permanent fund arising from the grant to which the land under each particular lease belongs."*

Section 35. Section 81-601, R.C.M. 1947, is amended to read as follows:

"81-601. **Definitions.** *In this chapter: (1) "Metalliferous* min-

HeinOnline -- 1973 vol. II 1030 1973

erals'' *mean* gold, silver, lead, zinc, copper, platinum, iron, and all other metalic minerals.

(2) "Gems" mean sapphires, rubies, and other stones commonly known as "precious stones" or "semiprecious stones," but *do* not *mean stones* or other earth *materials* commonly used in building or construction work.

(3) "Mining" means the carrying on of operations of any kind for the purpose of extracting from the earth ore and other earth material containing metalliferous minerals or gems, and includes operations of any kind for the extraction from ores and other earth material of metalliferous minerals or gems.

(4) "Mining lease" means a lease issued by the state board of land commissioners for the prospecting for or mining of metalliferous minerals or gems. The term *"Mining lessee"* means the holder of a mining lease whether *the* holder is the original lessee under *the* lease, or holds *the* lease as successor of *the* original lessee.

(5) "Returns" mean the net amount received by the shipper from products of mining operations, after deducting transportation costs and smelting charges and deductions, and other treatment costs, not including as a deduction any cost of producing or treating at the mine.

(6) "Full market value'' means the highest net value of products of mining operations in United States markets, less cost of transportation and refining, not including as a deduction any cost of producing or treating at the mine.''

Section 36. Section 81-602, R.C.M. 1947, is amended to read as follows:

"81-602. **Empowering board to lease, etc.** The board *may,* in its discretion, subject to the other provisions of this *chapter,* lease *state* lands, including the beds of navigable streams and the beds of navigable bodies of water, and the *reserved* mineral rights of the state in lands sold or leased by the state, to *any person, association, or corporation,* for the purpose of prospecting for or mining metalliferous minerals or gems. *These* leases may be for *a period* of time determined by *the* board, subject to limitations contained in the grants by which the state has acquired title to lands or mineral rights so leased."

Section 37. Section 81-603, R.C.M. 1947, is amended to read as follows:

"81-603. **Provisions of leases.** Leases issued under this *chapter* shall give the lessee, so long as he *complies* with the terms and conditions *of the lease,* the exclusive right of possession of the

HeinOnline -- 1973 vol. II 1031 1973

lands or mineral rights leased, subject to *any* reservations contained in *the* leases. *A lease* may contain reasonable provisions for preliminary prospecting periods, and shall contain reasonable requirements for the prosecution of work during the prospecting period (if any), and for the prosecution of mining after the prospecting period. *It* may provide for the payment of rentals in conjunction with *the* work requirements, or may prescribe cash rentals as an alternative, or otherwise, as the board *considers* best. *It* shall specify the term of the lease, the royalty to be paid, reasonable forfeiture provisions, and reasonable terms under which the lessee may, within a time limited in *the* lease, remove property placed upon the leased lands by him, in the event of the termination of the lease by forfeiture or by lapse of time. *It* may *also* contain other provisions *the* board and the lessee agree upon, not inconsistent with this *chapter*. *In* short *the* board in making *the* leases *may* exercise business discretion, so long as this *chapter is* not violated. No mining lessee *may*, during any preliminary prospecting period contained in any lease, remove any metalliferous minerals or gems from the leased premises, except as *are* necessary for the proper testing and sampling of *the* lands or mineral rights, and except as *are* permitted by *the* board. The board, by agreement with the permittee or lessee, may, in its discretion and upon such terms as it *considers* best, amend or modify the terms and conditions within the limitations of this *chapter* or extend the term of any lease or prospecting permit issued under this *chapter*, subject to the limitations contained in section 81-802."

Section 38. Section 81-604, R.C.M. 1947, is amended to read as follows:

"81-604. **Royalties—pooling agreements and unit plans of operation.** *(1)* In every *mining* lease the board shall reserve to the state a royalty which shall, together with other considerations to be paid by the mining lessee, constitute the full market value *as ascertained by the board* of the leasehold interest conveyed by *the* lease. *This* royalty *may not be* less than five per cent (5%) of the returns from, or of the full market value of, the metalliferous minerals or gems recovered by the lessee from the state lands or reserved mineral rights covered by *the* lease.

(2) The board may enter into agreements for the pooling of acreage or yardage with others holding the mineral rights in adjoining lands, for unit operation of placer mining and the apportionment of royalties on a cubic yardage or area basis in the case of placer mining deposits lying partly on land in which the state holds the mining rights, and partly on land *in which others hold the mining rights. From* each cleanup of values under such unit operations in which any yardage or area mined on lands to which the state holds the mineral rights is included, the state *is* entitled to

HeinOnline -- 1973 vol. II 1032 1973

royalties computed on that proportion of the whole value of recoveries from the cleanup as the yardage or area mined from lands included in the agreement in which the state holds the mining rights, bears to the total yardage or area mined and included in the cleanup. *The* board *may also* enter into agreements for *the* unit operation of such placer mining deposits and the apportionment of royalties upon *any* other equitable basis *the board considers* in the best interest of the state. *The* agreements *may* not change the percentage of royalties to be paid to the state under the unit operations from the percentage fixed in the lease, or to a *smaller* percentage than the *five per cent (5%)* minimum *under this section.*"

Section 39. Section 81-605, R.C.M. 1947, is amended to read as follows:

"81-605. **Quantity of lands.** *A mining* lease shall cover *the* quantity of ground the board *determines* to be reasonable and consistent with the character of the ground, the type of deposit or deposits for which *the* lands *are* to be mined, and the character and size of the operation contemplated, necessary, or reasonable in good mining practice, for the profitable recovery of *the* metalliferous minerals or gems therefrom."

Section 40. Section 81-606, R.C.M. 1947, is amended to read as follows:

"81-606. *Applications. Application for a mining lease shall be made to the department on a form prescribed by it.*"

Section 41. Section 81-607, R.C.M. 1947, is amended to read as follows:

"81-607. **Bonds to state.** The board may, at the time of the execution and delivery of *a* mining lease, or at any time during the life *of the lease,* require *a* mining lessee to file with *the department,* for the benefit of the state, a bond or bonds conditioned to protect the rights of the state, particularly in the payment to the proper officer of *the* state of the royalties reserved in *the* mining lease. *The* bond or bonds *shall* be in *a* form *and amount* prescribed by *the* board. *The* board may at any time require new or additional bonds if, in its discretion, the interests of the state are not adequately protected by the bond or bonds *previously* filed."

Section 42. Section 81-608, R.C.M. 1947, is amended to read as follows:

"81-608. **Bonds to protect lessees, contractees, etc.** *If the* lands at the time of the issuance of a mining lease have been sold, or *are* under contract of sale, or have been leased for agricultural, grazing, or other purposes, the board shall provide against the infringement

HeinOnline -- 1973 vol. II 1033 1973

of the rights of *the* prior purchaser, contractee or lessee, and among other things may at any time require the mining lessee to file with *the department* a corporate surety bond in *a* reasonable amount fixed by the board, conditioned to protect the rights of *the* prior purchaser, contractee, or lessee. *The* form of *the* bond *shall* be prescribed by *the* board, *and the* bond shall run to the state for the benefit of *the* prior purchaser, contractee, or lessee. New or additional bonds may be required by the board at any time. Suit may be brought upon *the* bond by any such prior purchaser, contractee, or lessee, for alleged violation of the terms *of the bond* by *the* mining lessee, and such suit shall be brought by *the* claimant in the name of the state for the use and benefit of *the* claimant, and any recovery upon *the* bond shall be paid to the claimant."

Section 43. Section 81-611, R.C.M. 1947, is amended to read as follows:

"81-611. **Examination of lands.** Before *the board leases* any lands for the mining of metalliferous metals or gems, the *department* shall investigate the character of *the* lands and the nature and possible extent of the mineral deposits therein, for the purpose of determining whether *those* lands are of such a character as to warrant the issuance of a mining lease thereon, and for the purpose of determining the amount of royalty and other rentals or considerations for which *the* lands should be leased for mining purposes under this *chapter*. Upon the filing of an application for a mining lease the board may, if the lands covered by *the* application *have not been* examined by the *department,* require the applicant for *the* lease to deposit with the *department* an amount of money, not exceeding five hundred dollars *($500)* in any one case, which, in its judgment, will cover the cost of a special examination, to enable the board to pass upon *the* application in accordance with this *chapter*. Such deposit shall be used to reimburse the state for the actual cost of *the* examination, and any portion of *the* deposit not required for such reimbursement shall, upon the approval or rejection of *the* application, be repaid to the applicant *by the department*. The *department* shall make and preserve complete records of all such examinations."

Section 44. Section 81-612, R.C.M. 1947, is amended to read as follows:

"81-612. **Failure of title.** In issuing mining leases, the board and the state have leased only such right, title, and interest as the state *has* in the lands, metalliferous minerals or gems therein contained. *Neither* the state, *the* board, nor any representative, agent, or employee of the state or *the* board, *are* under any liability *for* the failure of the title of the state, in whole or in part, to the lands, metalliferous minerals, or gems covered by *the* lease."

HeinOnline -- 1973 vol. II 1034 1973

Section 45. Section 81-613, R.C.M. 1947, is amended to read as follows:

"81-613. **Assignment of leases or permits.** In case of the assignment of a mining lease or a prospecting permit by the holder thereof, the mining lessee or permitee executing *the* assignment *is* not relieved of any responsibility for operations under *the* lease or prospecting permit until the financial and moral responsibility of the assignee *has* been approved by the board, nor until there *is* deposited with the *department:*

(a) *The* assignment or an executed copy thereof;

(b) An instrument executed by the sureties upon any bonds then held by *the* board in connection with *the* mining lease or permit and then in force, consenting to *the* assignment and containing the agreement of *the* sureties to be bound by *the* bonds under *the* assignment, or new bonds conforming to all the requirements of section 81-607; and

(c) *A* fee *prescribed under section 81-108."*

Section 46. Section 81-614, R.C.M. 1947, is renumbered section 81-2305, and is amended to read as follows:

"81-2305. **Determining title to stream beds, etc.** The board *may* take all proper proceedings for the purpose of determining the title to the beds of lakes and other bodies of water and of streams within the state, and to that end *may* bring or defend suits or other proceedings in court, or before other proper tribunals."

Section 47. Section 81-615, R.C.M. 1947, is renumbered section 81-601.1, and is amended to read as follows:

"81-601.1 **Prospecting permits.** Prospecting permits without lease may be issued by the board upon the payment of *the issuance* fee *under section 81-108. The permittee shall also pay an annual* fee established by the *department and approved by* the board at the end of each year during the life *of the permit. A* permit shall provide for due diligence in the work of prospecting during the life of *the* permit. *A* permit shall be limited to prospecting for metalliferous minerals or gems and no permittee *may* remove from any lands or mineral rights covered by *the* permit any metalliferous minerals or gems except such as *are* necessary for the proper testing and sampling of *the* lands or mineral rights, and except as *are* permitted by *the* board. During the life of any permit the permittee may apply for a lease of the lands or mineral rights covered by *the* permit, and if a lease is granted *it* shall be in the form and subject to all the terms and conditions specified in this *chapter,* as in the case of a mining lease issued under this *chapter. The* permittee *has*

HeinOnline -- 1973 vol. II 1035 1973

the preference right to a lease, upon such terms as the board *considers* just, subject to this *chapter,* and in any event *the* permittee *has* preference without competitive bidding, and upon the most favorable terms permitted under this *chapter,* to forty (40) contiguous acres. If some other person *makes* a better bid for a mining lease upon the land covered by *the* permit, and if the board *awards* a mining lease to *a* better bidder, the board shall also require such mining lessee to pay to the permittee, prior to the issuance of *the* lease, the full value of all the work the permittee *has* performed upon the land under his permit in connection with his prospecting and exploration work, and the permittee *may* remove from *the* land, within thirty (30) days from the date the board *gives the* permittee notice of the issuance of *the* mining lease, or within such further time as the board, upon good cause shown, *allows,* any machinery, equipment, improvements, and other property placed thereon by him."

Section 48. Section 81-616, R.C.M. 1947, is amended to read as follows:

"81-616. **Notice to lessees.** Upon the *approval* of an application for a prospecting permit or a mining lease under this *chapter,* the *department* shall promptly give written notice, by ordinary mail, to the *lessee or permittee,* and to *any* holder of an agricultural or grazing lease embracing the same land, or to *any* holder of a certificate of purchase or patent embracing the same land. The notice shall be addressed to *the* permittee, mining lessee, agricultural or grazing lessee, purchaser or patentee at his last known post-office address."

Section 49. Section 81-701, R.C.M. 1947, is amended to read as follows:

"81-701. **The board may issue leases.** *When* there are found upon state lands deposits of stone, limestone, oil shale, clay, bentonite, calsite, talc, mica, ceramic, asbestos, marble, diatomite, gravel or sand, or phosphate, sodium, potash, sulphur, fluorite or barite, or any other nonmetallic minerals, but not including coal, oil, or gas, valuable for building, mining, or other commercial purposes, the state board of land commissioners may, in its discretion, issue to private persons permits or leases for the removal and disposition of *the above named deposits,* upon such terms and conditions as the board may determine. *All* such leases shall be upon a royalty basis calculated upon a gross value by weight or cubic measurement as is most favorable for the particular substance being mined or extracted from the lands. *The* gross value *shall* be determined at the mine or site of operation, and the rates shall be the same that ordinarily would be charged by private owners under similar circumstances, or as in the determination of the board *is* fair and

HeinOnline -- 1973 vol. II 1036 1973

reasonable. *The* fee for issuing the lease *is* the same as for an oil and gas lease. No such lease shall be made for *a* longer term than ten (10) years, and the board may demand a cash deposit to guarantee the payment of the royalties, or demand a surety bond, or both *a* cash deposit and bond, as the board may determine."

Section 50. Section 81-702, R.C.M. 1947, is amended to read as follows:

"81-702. **Report of lessee and payment and distribution of royalties and other receipts.** On or before the *last* day of each month, *every* holder of a *producing* lease under this *chapter,* shall make a report to the *department of state lands on a* form *the department prescribes,* showing the amount of substances mined or extracted from the lands in the preceding month, the price obtained, the total amount of sales and *any* additional information required. *The report* shall be verified by affidavit of the lessee, or some responsible person having knowledge of the facts, and shall be accompanied by payment of the amount to the state as royalty for the month covered by the report. The royalties, fees, and penalties received under *these* leases shall be credited to the various funds to which they properly belong in the same manner as is now provided for crediting the same under oil and gas leases."

Section 51. Section 81-704, R.C.M. 1947, is amended to read as follows:

"81-704. **Stone, gravel and sand permits for public use.** The board *may* in its discretion, issue permits upon such terms and conditions it *determines,* to the *department of highways,* the board of county commissioners of *any county* of the state, *or* to the governing *body* of *a city* or *town* and of *any* other political *subdivision* of the state, granting them the right to take, remove, and use stone, gravel, or sand from any state lands that have not been sold under certificate of purchase or otherwise for the construction, maintenance, and improvement of public roads, highways, bridges, streets, or alleys. The rights of lessees to the lands on which such stone, gravel, or sand may be located shall be properly safeguarded under the terms of the permits."

Section 52. Section 81-801, R.C.M. 1947, is amended to read as follows:

"81-801. **Sale of state lands to United States—easements for public purposes granted—mineral reservations—land for projects administered by** *the department of natural resources and conservation.* (1) Any *state lands* needed by the United States in the construction of projects for the control of floods, river regulation, conservation of water, irrigation, and reclamation works, or transmission or

HeinOnline -- 1973 vol. II 1037 1973

distribution of electric energy, shall, upon application to the board of land commissioners, be sold and conveyed to the United States at the price per acre fixed by the board of appraisers appointed by the United States to appraise and value lands to be included within such projects and needed by the United States in the construction thereof, subject, however, to the approval of the state board of land commissioners and the price limitations of the Enabling Act and the state constitution.

(2) There is granted to the United States over all *state* lands an easement of sufficient width for the purpose desired for right of way for ditches, canals, tunnels, telephone, telegraph, and electric power lines now constructed or to be constructed by the United States in furtherance of the reclamation of arid lands, flood control, river regulation, conservation of water, and transmission and distribution of electric energy.

(3) All conveyances of state lands shall contain a reservation of such rights of way easements. *If the* lands herein granted as rights of way cease to be used for *that* purpose, *they* shall revert to the state, upon notice to that effect being given to the proper authorities.

(4) The mineral reservations now applying to sale of lands received through grants from the United States apply to all lands sold to the United States under this *section,* but all prospecting and exploration for minerals therein, the mining and removal thereof, and all operations carried on in connection therewith, must be carried on in such manner and under such regulations that they will not interfere with the use of the lands for the purposes for which they have been purchased by the United States.

(5) Lands needed by the United States for any of the *previously specified* purposes may be appraised or reappraised without appraising the remaining state lands in the county in which they are located. The lands shall be appraised at their full market value.

(6) The provisions of this *section* governing the sale of state lands to the United States also apply to the sale of state lands for projects financed by the United States under the administration of the *department of natural resources and conservation,* except as to appraisal by the United States."

Section 53. Section 81-802, R.C.M. 1947, is amended to read as follows:

"81-802. **Easements for school sites and grounds and other public uses.** The board *may* grant easements in state lands for schoolhouse sites and grounds, for public parks, community build-

ings, cemeteries, and other public uses upon proper applications accompanied by accurate and duly verified plats from the lawfully constituted authorities having charge of *those* properties."

Section 54. Section 81-803, R.C.M. 1947, is amended to read as follows:

"81-803. **Easements on state land—application for—action on.** (1) Application for *an* easement on state land must be made to the *department of state lands. It* shall describe the proposed right of way according to survey, show the necessity for the proposed highway or street or other easement, and give *any* additional information the *department requires.* This application shall be accompanied by two *(2)* exact copies of the official plat of the proposed highway, street, or other easement duly verified by the affidavit of the county surveyor or county or city engineer, or other engineer having prepared the same, endorsed thereon. These plats shall show the quantity of land taken by the proposed highway or street or other easement for each *forty (40) acre* tract or government lot of state land over or through which it passes and also the amount of land remaining in each portion of *that forty (40) acre* tract or government lot. When deemed necessary by the *department, these* plats shall show all these facts for such smaller subdivisions as the circumstances may render desirable for the state. *However,* when the purpose of the right of way applied for is the transmission or distribution of electric energy, or the construction and operation of pipelines or telephone, telegraph or radio systems, the plats and measurements need not be given, except the description of the location of the center line of the right of way, and the entire right of way may be applied for in one application with only one plat of the entire right of way required. *Easements* granted under this *section include* permission to install and maintain poles, anchors, and other appurtenances necessary for the mechanical support of the transmission or distribution lines.

(2) Upon the filing of *an* application and plats, the *department* shall, whenever *it considers* it necessary, *examine* the proposed right of way *and* report *its* findings to the board. The board shall consider the application and report and take *any* action it *considers* proper, including the fixing of compensation and damages to be paid to the state. The compensation shall be the full market value of the estate or interest disposed of through the granting of *the* right of way easement, and the damages shall be the actual damages resulting to the remaining land as nearly as *they* can be ascertained. If the right of way is granted according to the plat, *the* plat shall become the official plat thereof, and shall be retained in the office of the *department.* The board shall *issue* right of way

HeinOnline -- 1973 vol. II 1039 1973

deeds for all such easements that it *grants,* upon full payment being made.

(3) If the state land over or through which *a* right of way is applied for is under certificate of purchase or sales contract, the purchaser, or his assignee, must be made a party to the proceedings, and his consent in writing to the laying out and establishment of the proposed highway, street, or other easement, and to the amount of compensation and damages to be paid, must be filed with the board before *the* right of way *is* granted. The board *is* the judge of how much compensation and damages shall be paid to the state and applied on the certificate of purchase or sales contract and of how much, if any, shall be paid to the purchaser, as the circumstances in each individual case warrant. *This subsection applies* to all grants of rights of way on state lands."

Section 55. Section 81-901, R.C.M. 1947, is amended to read as follows:

"81-901. **Certain state lands not subject to sale.** Lands classified as timberlands *are* not subject to sale, but timber thereon may be sold and disposed of in the manner provided by law. Lands which in the judgment of the board *of land commissioners* are likely to contain valuable deposits of coal, oil, oil shale, phosphate, metals, sodium, or other valuable mineral deposits, *are* not subject to sale, either the surface land or any of such deposits therein. *However,* this *does* not prohibit the sale of lands containing sand, gravel, building stone, brick clay, or similar materials."

Section 56. Section 81-902, R.C.M. 1947, is amended to read as follows:

"81-902. **Mineral reservations in state lands.** All coal, oil, oil shale, gas, phosphate, sodium, and other mineral deposits, except sand, gravel, building stone, and brick clay, in *state* lands, which *were* not reserved by the United States *before July 1, 1927,* are reserved to the state. All *those* deposits are reserved from sale except upon a rental and royality basis as provided by law. *A* purchaser of *state* lands *acquires* no right, title, or interest in or to any of *those* deposits. The state also reserves for itself and its lessees the right to enter upon *these lands* to prospect for, develop, mine, and remove *those* deposits and to occupy and use so much of the surface of the lands as may be required for all purposes reasonably extending to the exploring for, mining, and removal of *the* deposits therefrom, but the lessee shall make just payment to the purchaser for all damage done by reason of such entry upon the land and the use and occupancy of the surface thereof."

Section 57. Section 81-910, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1973 vol. II 1040 1973

"81-910. **Notice of sale.** *(1)* The *department* shall *give* notice of *each* sale by publication in a *newspaper of general circulation in* the county where the sale is to be held, once each week through *the* four *(4)* consecutive weeks preceding the date of sale. *The* notice shall give the day, date, and time of the beginning of the sale, *and* contain a list of all the tracts to be offered for sale showing the township and range in which they are located, describing *them* with reference to section number and subdivision of the section, or with reference to block and lot if surveyed, the number of acres in unplatted lands, and the appraised value per acre and the appraised value of each lot. As a general rule nonirrigable farming lands shall be listed in quarter sections; grazing lands may be listed in larger tracts not exceeding one (1) section.

(2) For the convenience of the bidders, the *department* may assign *to* the tracts advertised a consecutive series of sales numbers and show the sales number of each tract in the notice of sale.

(3) The notice shall also give the terms and conditions of sale, and *any* additional information the *department considers* useful."

Section 58. Section 81-912, R.C.M. 1947, is amended to read as follows:

"81-912. **Regulations concerning sale—forfeiture for nonpayment—disposition of proceeds.** *(1)* At the time fixed for the sale, the lands shall be offered for sale at auction in the order they appear in the notice of sale, *and* under the direction of the *department the lands shall be* sold to the highest qualified bidder under the following restrictions:

(a) No lands *may* be sold for less than the appraised value;

(b) Tillable lands capable of producing agricultural crops *may* not be sold for less than ten dollars *($10)* per acre;

(c) Lands principally valuable for grazing purposes *may* not be sold for less than five dollars *($5)* per acre.

(2) The lessee of the land need not make a higher bid than others, but *he* shall, if bidding an equal amount, be given the preference. The lands shall be sold as nearly as practicable according to the subdivisions in which they are advertised, and care shall be taken not to subdivide any tract in such a way as to separate remaining portions from a water supply or from section lines or public highways. The sale may be adjourned from day to day until all the lands advertised have been offered for sale.

(3) If any successful bidder at *a* sale refuses or neglects to make the initial payment required to be made on the land purchased

HeinOnline -- 1973 vol. II 1041 1973

by him, he shall forfeit to the state not less than fifty dollars *($50)* nor more than one thousand dollars *($1,000)* to be determined by the board according to the circumstances of the case. If such forfeiture is not paid when notice of the amount of the forfeiture has been served by the *department,* the attorney general shall *sue* for the recovery thereof in the name of the state.

(4) The proceeds from the lands sold, including all subsequent payments on the principal, shall be credited to the permanent fund arising from the grant to which it belongs and shall become and forever remain an inseparable and inviolable part thereof. All payments on interest shall be credited to the proper income fund and shall be available for use as provided by law."

Section 59. Section 81-915, R.C.M. 1947, is amended to read as follows:

"81-915. **Terms of payment.** *(1)* Every purchaser of state land shall pay on the day of sale *that* portion of the purchase price as he may desire, but in no case less than ten *per cent* (10%) of the total sales price, and in case the balance on the purchase price is not an exact multiple of twenty-five dollars ($25), then he shall pay such additional sum as is necessary to reduce the balance to an even multiple of twenty-five dollars ($25).

(2) The balance of the purchase price shall draw interest at the rate of five *per cent* (5%) per annum, payable annually, and the balance of the purchase price itself shall be payable through a period of thirty-three (33) years on the amortization plan. *This plan* is defined as being that plan under which part of the prinicpal is required to be paid each time interest becomes due and payable, and under which this part payment on the pricipal increases at each succeeding installment in the same amount that the interest payment decreases so that the combined amount due on principal and interest on each due date remains the same until the loan or bond is paid in full. *However,* the amount of the last installment may vary from the other installments to the extent resulting from disregarding fractional cents in the previous installments. *The* balance of the purchase price on town and city lots shall be payable on the amortization plan through a period of twenty (20) years, *but* the board may at any time fix a shorter period than twenty (20) years for the payment of *the* balance on town and city lots, and different periods of time may be established for different towns and cities as the best *interests* of the state demand."

Section 60. Section 81-917, R.C.M. 1947, is amended to read as follows:

"81-917. **Lien on improvements and crops for principal, interest, penalty interest and taxes.** The state *has* a lien prior and

superior to all other liens, *except* threshermen's liens and seed liens as specified in sections 45-701 and 45-801, which have priority, *but only for the aggregate amount of the indebtedness then existing, including any advances therefore made, interest due and other charges as evidenced by the original loan-contract, and indebtedness thereafter accumulating on such basis, exclusive of any other future advances originally contemplated. This lien is* upon all buildings, structures, fences, and all other improvements upon the lands so sold and upon all crops growing upon any of these lands, and also upon such crops after they have been separated from the lands, for all due and delinquent installments of principal and interest and penalty interest and taxes under the certificate of purchase and also for all installments becoming due during the calendar year in which the crop is harvested, and *this* lien is hereby expressly reserved. Any person purchasing or otherwise acquiring *the* improvements or crops or any part thereof, takes *them* subject to *the* lien. Any representative of the department or sheriff of the county in which the land is located, or his deputy, may demand of the purchaser or his agent payment of the amounts due the state, and if *they* are not paid upon demand, the officer making *the* demand, or any representative of the department, may *immediately* seize *the* improvements and crops, and upon giving three *(3)* days' notice, sell and dispose of, either at private or public sale, sufficient of the crops or improvements or of both to pay the amounts due the state, together with cost and expenses of seizure and sale."

Section 61. Section 81-919, R.C.M. 1947, is amended to read as follows:

"81-919. **Settlement for improvements.** *If* any state land *is* sold on which there are improvements belonging to a lessee, and some *person other* than *the* lessee *is the purchaser, that person* shall *settle* with *the* lessee for all improvements on the land belonging to the lessee before the *issuance* of the certificate of purchase. *The* provisions of *sections 81-421 and 81-421.1* relating to the payment and settlement for improvements on state lands between a former lessee and a new lessee apply to the settlement between a lessee and the purchaser. If settlement is not reached within six (6) months of date of sale, all improvements become *the* property of the state unless the *department* for good cause shown grants both parties additional time in which to exhaust arbitration."

Section 62. Section 81-921, R.C.M. 1947, is amended to read as follows:

"81-921. **Certificate of purchase.** *(1)* Upon the approval of the sale and receipt of satisfactory evidence of settlement with the former lessee, if any, for improvements on the land, the *department* shall execute and mail to the purchaser a certificate of

HeinOnline -- 1973 vol. II 1043 1973

purchase signed by the governor as president of the board and by the commissioner *of state lands* and attested by the seal of the board. *The* certificate of purchase shall contain the date of sale, the name and post-office address of the purchaser, a description of the land, the total purchase price, the amount paid on the day of sale, the balance unpaid, and the amount and due date of each installment of principal and interest to the time of maturity. The certificate shall reserve the easements for rights of way granted by the statutes in favor of the United States and other easements that may have been granted by the board and shall contain the reservations in favor of the state provided for in *section 81-902* relating to coal, oil, and mineral rights in the land.

(2) The certificate shall also contain information in regard to the lien of the state on crops and improvements on the land for installments of principal and interest and taxes, and *any* additional conditions, agreements, and information the board *considers* necessary in order to carry out the intent of this act."

Section 63. Section 81-923, R.C.M. 1947, is amended to read as follows:

"81-923. **Payments of installments.** The *department is* not required to accept fractional payments of the installments on certificate of purchase, on account of the complications arising from the division of payments. The purchaser may make payment of one *(1)* or more installments before the same *becomes* due, but unless such payments are made at least six (6) months before the installments become due, no reduction *may* be made in the interest payments. *If* installments on principal and interest are paid more than six (6) months prior to the due date, the interest from the date of such payment shall be figured upon the balance of the principal unpaid after *the* advance payment has been made up to the date on which it comes due. If for any reason any installment is not paid when due, the total of *that* installment, including payment on the principal and payment on interest, shall draw penalty interest at the rate of six *per cent* (6%) per annum from the date due until the date actually paid. Payment may be made in full at any time before maturity by paying the balance on the principal and interest accrued up to the date of such payment."

Section 64. Section 81-924, R.C.M. 1947, is amended to read as follows:

"81-924. **Default in payment of purchase price — cancellation of certificate.** *If* any purchaser *or assignee* of state land *defaults* for a period of thirty (30) days or more in the payment of any of the installments due on his certificate of purchase, the certificate *is* subject to cancellation. *The department* shall *mail* to him at his last

HeinOnline -- 1973 vol. II 1044 1973

known post-office address a notice of default and pending cancellation. *The* notice shall give him sixty (60) additional days from the date of mailing *the* notice in which to make payment of the delinquent installment or installments with penalty interest. If he fails to make *the* payment within *sixty (60) days,* the certificate of purchase shall from that date and without further notice be void, the duplicate of the certificate in the office of the *department* shall be canceled, and the land under the certificate shall revert to and become the property of the state to the same extent as other state lands, and shall be open to lease and sale. *All* buildings, fences, and other improvements placed thereon subsequent to the date of execution of *the* certificate of purchase shall be and remain the property of the purchaser named in *the* certificate of purchase or of his heirs, assigns, or devisees, and may be removed from *the* land at any time within ninety (90) days after the date of *the* cancellation. If *the* buildings, fences, and other improvements *are* not removed prior to the expiration of *the* ninety (90) day period, they become the property of the state. In case of cancellation of certificate of purchase or surrender of certificate of purchase, and where the land is again open to lease, the former lessee *has* the prior right to lease the tract at the existing rate, or at the rate set by competitive bidding if such occurs."

Section 65. Section 81-926, R.C.M. 1947, is amended to read as follows:

"81-926. **Certificates may be assigned.** Certificates of purchase may be assigned to a citizen of the United States, or to a person who has declared his intention to become *a* citizen, or to a corporation organized under the laws of *this* state. Such assignments shall be made on forms prescribed by the *department,* shall be duly acknowledged as other conveyances of real estate, and shall be executed in duplicate, one (1) copy to be filed and retained in the office of the *department,* and one (1) copy to be retained by the assignee. A person *is* not qualified to receive *an* assignment if the lands he has already purchased from the state together with the lands included in the assignment exceed one (1) section; the assignee must in all respects possess the same qualifications as an original purchaser."

Section 66. Section 81-927, R.C.M. 1947, is amended to read as follows:

"81-927. **Lost certificate.** *If a* certificate of purchase to state lands *is* lost or is wrongfully withheld by any person from the owner thereof, the rightful owner may *apply* to the board for *the issuance* of a *substitute* certificate. This application shall be accompanied by an affidavit from the owner of the certificate setting forth the facts in regard to the loss or unlawful withholding of the certificate, and

HeinOnline -- 1973 vol. II 1045 1973

by a certificate from the county clerk and recorder of the county in which the land is located showing all instruments of record in his office affecting the title to the land under the certificate. The board shall *issue* a *substitute* certificate of purchase to the applicant if in the judgment of the board the facts warrant *its* issue."

Section 67. Section 81-928, R.C.M. 1947, is amended to read as follows:

"81-928. **Land subject to taxation.** *(1)* State lands purchased from the state *are* subject to taxation to the full value thereof. The assessor shall assess the purchaser for the full value of the land on the first Monday of March following the date of purchase. *The* holder of certificates of purchase to lands within irrigation districts *is* liable for the entire tax levied against the land thereunder on account of such irrigation district.

(2) The improvements on the land shall be assessed and taxed as other improvements on farm lands.

(3) On or before March *15* of each year, the *department* shall furnish the county assessor of each county with a complete list of all state lands sold in his county during the year ending on the first Monday of March of each year. This list shall show the name and address of the purchaser, the legal description of the land, and the acreage contained therein."

Section 68. Section 81-930, R.C.M. 1947, is amended to read as follows:

"81-930. **Lands reverting to state — procedure.** *If* any lands sold under this *title* revert to the state for any *reason,* the *department* shall notify the assessor and the county treasurer of the county in which the land is situated *of that fact. Upon* the receipt of *the* notice, the assessor *shall* cancel any assessment of *the* land for that year, and the county treasurer *shall* cancel all *tax liens* against the land."

Section 69. Section 81-932, R.C.M. 1947, is amended to read as follows:

"81-932. **Patents, how executed.** *(1)* The governor, and in his absence or inability, the lieutenant governor, shall execute *deeds* or *patents* of conveyance transferring without covenants any lands sold by the board under the laws of this state when full payment has been made therefor. Such deed or patent shall contain the reservation of easements for rights of way to the United States, reservation of all minerals in the land as provided in *section 81-902,* and all other reservations to which the particular land conveyed *is* subject. *If* the land is located within the boundaries of a federal

HeinOnline -- 1973 vol. II 1046 1973

irrigation project, the patent shall contain a lien clause substantially in the following form: "The land hereby conveyed is located within the boundaries of a federal irrigation project and is subject to all liens which the United States may have thereon by reason of its being located under such irrigation project." *The* deed or patent shall be attested by the secretary of state, countersigned by the commissioner *of state lands,* and have the great seal of the state and the seal of the board thereto attached, but need not be acknowledged. A certified copy of the record of any such deed or patent shall be received in evidence in all courts of record of this state the same as the original

(2) This section *does* not require any reservation in a patent which was not an express or implied reservation in the certificate of purchase pursuant to which the patent is issued; the statutes in effect when such certificate of purchase was issued must govern."

Section 70. Section 81-1101, R.C.M. 1947, is amended to read as follows:

"81-1101. **Acceptance of federal land grants.** *The* state board of land commissioners *may* accept any grant of lands from the United States to the state made in carrying out the provisions of the Enabling Act and also any other grant for any special purpose that may be made by the United States to the state. Any acceptance by the board on behalf of the state, that has taken place prior to *July 1, 1927,* of lands granted by the United States to the state is hereby ratified."

"81-1119. **Warrant for state land equalization payments to counties.** The *department of administration* shall, before *December 1,* approve and authorize the issuance of a warrant on the general fund of the state made payable to the county treasurer of the counties shown on the claim for the payment of the state land equalization payment."

Section 81. Section 81-1121, R.C.M. 1947, is amended to read as follows:

stand improvement. *(1)* The state board of land commissioners *may* sell timber on state lands, at such price per thousand feet as in its judgment *is in* the best interest of the state, but not otherwise; but no such sale of live timber shall be less than three dollars *($3)* per thousand feet for white pine, yellow pine, and spruce *or* less than one dollar and a half ($1.50) per thousand feet for all other timber species. All timber sold or cut from state lands shall be cut and removed under such rules and regulations for the preservation of standing timber and the prevention of fires as the board *prescribes;* in all cases the board must require the person cutting the timber to pile and burn or otherwise dispose of the brush and slashings in such manner as may be required. Before any sale *is* granted, the timber shall be estimated and appraised under the direction of the *department of natural resources and conservation,* upon the request and subject to the approval of the board. *These* estimates and appraisals shall show as nearly as *possible* the amount and values per thousand feet of all merchantable timber, together with a statement of the situation of the timber relative to risk from fires or damage of any kind, its distance from the nearest lake, stream or railroad, and its value and position as a protection to a watershed.

(2) The board may set fees for brush disposal on state lands. The board may also establish a fee for timber stand improvement on timber cut on state lands. Such fees shall be deposited in the earmarked revenue fund to the credit of the *department of natural resources and conservation."*

Section 83. Section 81-1604, R.C.M. 1947, is amended to read as follows:

"81-1604. **State brand—penalty for violation.** The *department of natural resources and conservation,* under the direction of the board, shall select and designate a brand which *it* shall place upon all timber, logs, boards, or planks that may be seized, as provided for in this *chapter.* Any person, or any officer or employee of any company, association, or corporation, who *removes, sells, or disposes* of any property mentioned in this *chapter,* after the *property* has been seized or marked with the state brand, or who *erases, defaces, cuts, or destroys* any mark upon any such property, shall, upon conviction, be imprisoned in the state prison for not less than one *(1)* year nor more than three *(3)* years, and be subject to a fine of not less than five hundred dollars *($500)* nor more than five thousand dollars *($5,000)."*

Section 84. Section 81-1702, R.C.M. 1947, is amended to read as follows:

"81-1702. **Area to be leased — limitations — term of leases —**

HeinOnline -- 1973 vol. II 1050 1973

operating agreements. (1) *An* oil or gas lease issued on state lands *may not* embrace more than six hundred forty (640) acres, except that any section surveyed by the United States *which* contains more than six hundred forty (640) acres may be included under one *(1)* lease. Any person, association, corporation, or municipality qualified to hold an oil or gas lease on state lands may receive from the board or take through assignment, or succession, will, judgment, decree, or otherwise through the operation of law, more than one *(1)* oil and gas lease to state lands, subject to such regulations and limitations as the board *prescribes.*

(2) All *state oil and gas* leases shall be granted for a primary term or period of ten (10) years, and as long thereafter as oil or gas in paying quantities *is* produced, *on condition* that all drilling, rental, and other obligations are fully kept and performed by the lessee; nothing *in this section amends* or *repeals* sections 81-1703 or 81-1706.

If oil or gas is not being produced from the leased premises at the expiration of the primary term of the lease, but the owner of the lease is then engaged in drilling on *the* premises for oil or gas, then the lease *continues* in force so long as such drilling operations are being diligently prosecuted. If oil or gas *is* recovered from any such well drilled or being drilled at or after the expiration of the primary term of the lease, the lease *continues* in force so long as oil or gas in paying quantities *is* produced from the leased premises.

(3) Owners of state oil and gas leases may enter into agreements with other persons, associations, firms, and corporations for drilling and other operations on the state lands under their leases; but no such operating agreements *are* in any way binding upon the state until filed with the board and approved by *it;* and no such drilling or operating agreement in any way *affects* the obligations of each individual leaseholder to the state.

(4) Nothing contained *in this section* or in prior related acts *prevents* the board from entering into agreements for the pooling of acreage with others for unit operations for the production of oil or gas, or both, and the apportionment of oil or gas royalties, or both, on an acreage or other equitable basis, and from modifying leases with respect to delay rentals, delay drilling penalties and royalties in accordance with such pooling agreements and such unit plans of operation; however, such agreements *may* not change the percentage of royalties to be paid to the state from the precentages as fixed in its leases. The board *may* modify existing pooling and unit agreements so as to commit the state lands included therein for as long as the unitized substance or substances for which the state lands are committed is produced from any lands in the unit.

HeinOnline -- 1973 vol. II 1051 1973

(5) Oil or gas produced from any part of a unit in which state lands are included by virtue of a pooling agreement, *are considered* to be produced from the state lands therein, within the meaning of this *chapter.*"

Section 85. Section 81-1702.1, R.C.M. 1947, is amended to read as follows:

"81-1702.1. **Rentals — filing fee — contiguity.** *(1) The minimum annual money rentals to be paid to the state for oil and gas leases issued before March 3, 1955, shall be seventy-five cents ($.75) for each acre of land leased; however, this rental shall in no case be less than fifty dollars ($50) a year.*

(2) The annual money rentals to be paid to the state for oil and gas leases *issued on and after March 3, 1955,* shall be one dollar ($1) for each acre of land leased, except that in addition to *the* sum of one dollar ($1) per acre, the rental for the first year of the lease shall also include any sum in excess of one dollar ($1) per acre offered and accepted for *the* first year's rental; however, *this* rental shall in no case be less than fifty dollars ($50) *a year.*

(3) The first year's rental shall be paid before the *issuance* of the lease. The rentals for each subsequent year of the lease shall be due and payable thirty (30) days before the beginning of such subsequent year, and upon failure to make such payment *the* lease *terminates.*

(4) The lands shall be leased in as compact bodies as the form and areas of the tracts held by the state and offered for lease will permit. No lease *may* embrace noncontiguous subdivisions of lands unless *the* subdivisions *are* within an area comprising not more than one (1) square mile.

(5) In all cases where an oil and gas lease issued *after March 3, 1955,* is surrendered for cancellation before its expiration, relinquished to the state, or canceled through proceedings on the part of the state, no new lease on the lands under such lease *may* be issued within thirty (30) days from the date of cancellation or relinquishing. This restriction *does* not apply, however, in cases of bona fide assignment."

Section 86. Section 81-1702.2, R.C.M. 1947, is amended to read as follows:

"81-1702.2. **Power to terminate lease — grounds.** In every oil and gas lease granted *after March 3, 1955,* under this chapter there shall be reserved *to* the board full power to declare termination of the lease at the end of the second year or any subsequent year of the primary term of the lease upon failure of *the* lessee to either (a)

HeinOnline -- 1973 vol. II 1052 1973

commence the drilling of a well for oil and gas upon the leased premises or (b) pay a delay drilling penalty as follows: for the sixth year of *the* lease one dollar and twenty-five cents ($1.25) per acre per year, and for the remainder of the primary term of the lease *an* amount per acre per year as *the* board may, in its discretion, determine. *Notice* of *that* determination shall be given to the lessee, and if the lessee *applies* for a hearing thereon within ten (10) days after receipt of *the* notice, the determination shall become final only after such hearing has been held. *This* annual delay drilling penalty *shall* be paid each year in advance. *If* a well for oil and gas is commenced, the drilling of *the* well shall be prosecuted with due diligence and dispatch to such depth as is necessary to make a reasonable test for oil or gas. *If* the first well drilled *is* a dry hole, and if a second well is not commenced on the land covered by the lease before the next anniversary of the lease following the completion of *the* well, *the* lease may be terminated by the board unless the lessee, on or before such anniversary, *resumes* the payments of penalties in the amounts provided *in this section. Upon* the resumption of the payment of such delay drilling penalties and their continued payment, *the* lease *continues* in force during the primary term as though there had been no interruption in *the* delay drilling penalty payments."

Section 87. Section 81-1705, R.C.M. 1947, is amended to read as follows:

"81-1705. **Report of lessees.** On or before the last day of each month every holder of a producing oil or gas lease shall make a report to the *department* for the preceding calendar month *on a* form the *department prescribes. The* report shall show the amount of oil or gas produced and saved during *the* preceding month, the price obtained, the total amount of all sales, and *any* additional information as may be required, and *it* shall be signed by the lessee or some responsible person having knowledge thereof. *The report* shall be accompanied by payment of the amount due the state as royalty for the month covered by the report, unless the state's royalty is being or has been paid direct by the purchaser thereof*; however,* where the amount of royalty due from any lease is determined by the board to be so small as to make it uneconomical to collect monthly, the board may authorize royalty payments to be made semiannually."

Section 88. Section 81-1706, R.C.M. 1947, is amended to read as follows:

"81-1706. **Work required to hold lease — extension of time — modification of existing leases.** *(1)* In every oil and gas lease granted by the state there shall be reserved *to* the board full power

HeinOnline -- 1973 vol. II 1053 1973

to declare termination of the *lease* upon failure of the lessee to drill at least one well upon the leased premises *(*not less than six (6) inches in diameter to the depth of at least one thousand (1,000) feet, unless oil or gas in commercial quantity and of commercial quality shall be encountered at a shallower depth*)* within two *(2)* years after the date of the lease. *If* oil or gas in commercial quantities is not found at the depth of one thousand (1,000) feet or less, the lessee shall continue drilling with diligence to such depth as necessary to make reasonable test for oil or gas. The board may, in its discretion, upon satisfactory showing by the lessee, extend the time for the commencement or completion of such drilling obligation from year to year, not exceeding ten (10) years after the date of the lease, upon such terms and considerations the board *determines,* and upon payment to the *department* of such penalty, if any, the board in its discretion *determines,* for each year beginning with the third year, payable each year in advance.

(2) This section does not apply to leases issued after March 2, 1955."

Section 89. Section 81-1712, R.C.M. 1947, is amended to read as follows:

"81-1712. **Disposition of royalties and other moneys.** All fees, rentals, penalties, royalties, and bonuses collected for or under *state oil and gas* leases shall be paid to the *department* and credited as follows: All fees and penalties shall be credited to the state general fund; all rentals shall be credited to the income fund of the grant to which the lands under each lease belong; all moneys collected as royalties and bonuses shall be credited to the permanent fund arising from the grant to which the land under each particular lease belongs and become and forever remain an inseparable and inviolable part thereof. *However,* all royalties and bonuses collected from the lands forming part of the capitol building grant shall be available as income the same as all other receipts from such lands. *All* moneys received as rentals, royalties, and bonuses for or under leases on *state* lands and not held in trust for the public schools of the state, or for any state institution, shall be credited, one-half *(1/2)* to the state general fund and one-half *(1/2)* to the state permanent revenue fund."

Section 90. Section 81-1716, R.C.M. 1947, is amended to read as follows:

Such assignment *is* not, however, binding upon the state until

HeinOnline -- 1973 vol. II 1054 1973

filed *with* the *department and* accompanied by the required fees, together with such proof of qualifications required by the board, and approved by *the* board or its lawful representative. *The* approval of any assignment so filed and supported *may* not be withheld in any case where the rights or interest of the state in the property assigned will not in the judgment of the board be prejudiced thereby, and the decision of the board in all cases *is* subject to appeal upon proper court proceedings. All other assignments of oil and gas leases issued under this *chapter* or interests therein *are* subject to approval by the board and *are* binding upon the state in the discretion of *the* board."

Section 91. Section 81-1717, R.C.M. 1947, is amended to read as follows:

(2) The former lessee may remain in possession and manage the land and property formerly covered by his lease until the value of *the* casing, equipment, and apparatus which *the* succeeding lessee or the state *desires* to have left upon *the* premises, is fixed, in the manner provided *in this section,* and *has* been paid to him in cash. *During the* time *the* former lessee remains in such possession, he *may* retain the same share of the products of the premises as inured to him during the term of his lease. Should the state or other bidder not desire any of *the* lessee's property as provided in this *section,* the lessee shall properly plug all wells and remove all of *his* property from *the* lands."

CHAPTER NO. 429

An Act Amending Section 72-118, R.C.M. 1947, Providing that Upon the Filing by any Railroad of a Change or Revision of any Rate, Fare, Charge or Classification by Filing Tariff Sheet or Sheets, Every Railroad Upon Suspension by the Commission of the Tariff Sheet or Sheets must Submit Prepared Testimony and Exhibits to Support Such Changes or Revisions; Providing that the Complaint of any Interested Party May Be Filed with the Board Within Twenty (20) Days after the Date of Filing of Such Changes or Revisions; Providing Further that the Board May Suspend the Operation of Such Rate, Fare, Charge or Classification for a Period Not to Exceed One Hundred Eighty (180) Days and Within Sixty (60) Days the Board Must Investigate Such; and Providing for an Effective Date.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. Section 72-118, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1973 vol. II 1062 1973

"72-118. **Power to alter classification or rate—approval of changes or revisions by the board—hearing complaint.** The said board shall have the power from time to time to change, alter, amend, or abolish any classification or rate established by it when deemed necessary, as hereinafter provided. The said board shall make and establish reasonable rates for the transportation of freight within the state of Montana, and shall prescribe rates, tolls and charges for all other service performed by any railroad subject hereto. No change or revision of any rate, charge, classification or rule of service contained in any tariff, classification or rule of a railroad shall be made by any railroad without first obtaining approval therefor from the board. Such changes or revisions shall be made by either of the methods hereinafter set forth:

(1) by filing an application with the board describing the nature and extent of the change, alteration or cancellation of the rate, classification, rule or regulation sought and the board shall thereafter give not less than ten (10) days' notice, in the manner determined by the board as most likely to give notice to the persons to be affected, of the time and place of public hearing to be held on the application by the board at which time and place the public generally, or any person, firm, or corporation shall have an opportunity to present such facts, information or statistics as shall be pertinent to the hearing then being held; or

(2) by filing with the board the tariff sheet or sheets containing such changes or revisions plainly stating the change or changes or revision or revisions, to be made; provided further, that the public shall be provided with such notice of the proposed changes or revisions as the board shall, by rule, require. The tariff sheet or sheets containing such changes or revisions shall be deemed approved and effective thirty (30) days after the same are filed unless the proposed revisions or changes are suspended or disallowed by the board prior to the expiration of the thirty (30) day period; provided, however, that the board may, for good cause, allow any change or revision to become effective on less than thirty (30) days after the filing thereof. *Upon filing such changes or revisions, all tariff sheet or sheets, when suspended by the board, must be supported by such prepared testimony and exhibits from the railroad as will support such changes or revisions. The prepared testimony and exhibits must be filed with the commission thirty (30) days after the effective date of such suspension. Such testimony and exhibits may be supplemented prior to, or at the time of hearing, and supplemental exhibits may be filed after the close of the hearing at the direction or with permission of the commission.*

HeinOnline -- 1973 vol. II 1063 1973

Upon its own initiative, or upon the complaint of any interested party filed with the board within *twenty (20)* days after the date upon which a change or revision of any rate, fare, change or classification is filed with the board, the board may suspend the operation of such rate, fare, charge, or classification for a period not to exceed *one hundred eighty (180)* days, provided, however, that the order directing such suspension must be issued by the board not less than two (2) business days prior to the proposed effective date; and provided further, that the rail carrier or carriers filing such rate, fare, charge, or classification shall be given prompt notice *by the complaining party mailing a copy of the complaint concerning such proposed change or revision to the carrier or publishing agent* and such carrier or carriers also shall be given an opportunity to reply to any such complaint. If the proposed change or revision is in a tariff issued by a tariff publishing bureau for a rail carrier or carriers, notice to such bureau of any complaint will constitute notice to the participating carriers in such tariff. When the suspension of any proposed change or revision in a tariff is ordered by the board, it shall also order a public hearing to consider the reasonableness of the proposed change or revision; due notice shall be given for such hearing to all known interests or affected persons and the same shall be allowed to appear and present evidence. After considering the evidence presented at such hearing, the board shall issue an order approving, denying, or modifying the proposed change or revision; provided, however, that unless such hearing is held and such order is issued within *one hundred eighty (180)* days from the date upon which the suspension was ordered, the proposed change or revision shall be deemed approved and effective as filed.

The board may, on its own motion or on the complaint by a shipper or other person interested investigate any rate, classification or rule approved and in effect for transportation of freight by any railroad within the state of Montana. The said board must, within *sixty (60)* days after the commencement of an investigation on the board's initiative, or after the filing with such board of a complaint by a shipper, or other person interested, proceed to investigate and determine the justness and reasonableness of any classification, rate, charge, toll, regulation or order made by said board."

Section 2. This act is effective on its passage and approval.

Approved: March 22, 1973.

(2) Public employees and their representatives shall recognize the prerogatives of public employers to operate and manage their affairs in such areas as but not limited to:

(a) direct employees;

(b) hire, promote, transfer, assign, and retain employees;

(c) relieve employees from duties because of lack of work or funds or under conditions where continuation of such work be inefficient and nonproductive;

(d) maintain the efficiency of government operations;

(e) determine the methods, means, job classifications, and personnel by which government operations are to be conducted;

(f) take whatever actions may be necessary to carry out the missions of the agency in situations of emergency;

(g) establish the methods and processes by which work is performed.

(3) Labor organizations designated in accordance with the provisions of this act are responsible for representing the interest of all employees in the exclusive bargaining unit without discrimination for the purposes of collective bargaining with respect to rates of pay, hours, fringe benefits, and other conditions of employment.

HeinOnline -- 1973 vol. II 1091 1973

(4) Certification as an exclusive representative shall be extended or continued as the case may be only to a labor or employee organization the written bylaws of which provide for and guarantee the following rights and safeguards and whose practices conform to such rights and safeguards as: provisions are made for democratic organization and procedures; elections are conducted pursuant to adequate standards and safeguards; controls are provided for the regulation of officers and agents having fiduciary responsibility to the organization; and requirements exist for maintenance of sound accounting and fiscal controls including annual audits.

Section 4. The public employer and the exclusive representative, through appropriate officials or their representatives, shall have the authority and the duty to bargain collectively. This duty extends to the obligation to bargain collectively in good faith as set forth in subsection (3) of section 5 of this act.

Section 5. (1) It is an unfair labor practice for a public employer to:

(a) interfere with, restrain, or coerce employees in the exercise of the rights guaranteed in section 3 of this act;

(b) dominate, interfere, or assist in the formation or administration of any labor organization; however, subject to rules adopted by the board under section 12 (3), an employer is not prohibited from permitting employees to confer with him during working hours without loss of time or pay;

(c) discriminate in regard to hire or tenure of employment or any term or condition of employment to encourage or discourage membership in any labor organization; however, nothing in this act or in any other statute of this state precludes a public employer from making an agreement with an exclusive representative to require that an employee who is not or does not become a union member shall be required as a condition of employment to have an amount equal to the union initiation fee and monthly dues deducted from his wages in the same manner as checkoff of union dues;

(d) discharge or otherwise discriminate against an employee because he has signed or filed an affidavit, petition, or complaint or given any information or testimony under this act;

(e) refuse to bargain collectively in good faith with an exclusive representative.

(2) It is an unfair labor practice for a labor organization or its agents to:

(a) restrain or coerce employees in the exercise of the right guaranteed in subsection (1) of section 3 of this act, or a public

HeinOnline -- 1973 vol. II 1092 1973

employer in the selection of his representative for the purpose of collective bargaining or the adjustment of grievances;

(b) refuse to bargain collectively in good faith with a public employer, if it has been designated as the exclusive representative of employees;

(c) use agency shop fees for contributions to political candidates or parties at state or local levels.

(3) For the purpose of this act, to bargain collectively is the performance of the mutual obligation of the public employer, or his designated representatives, and the representatives of the exclusive representative to meet at reasonable times and negotiate in good faith with respect to wages, hours, fringe benefits, and other conditions of employment, or the negotiation of an agreement, or any question arising thereunder, and the execution of a written contract incorporating any agreement reached. Such obligation does not compel either party to agree to a proposal or require the making of a concession.

(4) This act does not limit the authority of the legislature, any political subdivision or the governing body, relative to appropriations for salary and wages, hours, fringe benefits, and other conditions of employment.

Section 6. (1) Whenever in accordance with such rules as may be prescribed by the board, a petition has been filed:

(a) by an employee or group of employees or any labor organization acting in their behalf alleging that thirty percent (30%) of the employees:

(i) wish to be represented for collective bargaining by a labor organization as exclusive representative, or

(ii) assert that the labor organization which has been certified or is currently being recognized by the public employer as bargaining representative is no longer the representative of the majority of employees in the unit; or

(b) by the public employer alleging that one or more labor organizations has presented to it a claim to be recognized as the exclusive representative in an appropriate unit, the board or an agent of the board shall investigate the petition, and if it has reasonable cause to believe that a question of representation exists, it shall provide for an appropriate hearing upon due notice. If the board or an agent of the board finds that there is a question of representation, it shall direct an election by secret ballot to determine whether, and by which labor organization the employees

HeinOnline -- 1973 vol. II 1093 1973

desire to be represented or whether they desire to have no labor organization represent them and shall certify the results thereof. Only those labor organizations which have been designated by more than ten percent (10%) of the employees in the unit found to be appropriate shall be placed on the ballot. Nothing in this section prohibits the waiving of hearings by stipulation for the purpose of a consent election in conformity with the rules of the board.

(2) In order to assure employees the fullest freedom in exercising the rights guaranteed by this act, the board or an agent of the board shall decide the unit appropriate for the purpose of collective bargaining, and shall consider such factors as community of interest, wages, hours, fringe benefits, and other working conditions of the employees involved, the history of collective bargaining, common supervision, common personnel policies, extent of integration of work functions and interchange among employees affected, and the desires of the employees.

(3) An election shall not be directed in any bargaining unit or in any subdivision thereof within which, in the preceding twelve (12) month period, a valid election has been held. The board or an agent of the board shall determine who is eligible to vote in the election and shall establish rules governing the election. Unless the majority vote is for no representation by a labor organization and in any election where none of the choices for a representative on the ballot receives a majority, a runoff election shall be conducted; the ballot providing for selection between the two choices receiving the largest and the second largest number of valid votes cast in the election. A labor organization which receives the majority of the votes cast in an election shall be certified by the board as the exclusive representative.

Section 7. Violations of the provisions of section 5 of this act are unfair labor practices remediable by the board in the following manner:

(1) Whenever a complaint is filed alleging that any person has engaged in or is engaging in any such unfair labor practice, the board, or any agent designated by the board for such purposes, shall issue and cause to be served upon the person a copy of the complaint and a notice of hearing before the board, a member thereof, or before a designated agent, at a time and place therein fixed, not less than five (5) working days after the date of service. Any complaint may be amended by the complainant at any time prior to the issuance of an order based thereon, provided that the charged party is not unfairly prejudiced thereby. The person upon whom the charge is served shall file an answer to the com-

HeinOnline -- 1973 vol. II 1094 1973

plaint. The complainant and the person charged shall be parties and shall appear in person or otherwise give testimony at the place and time fixed in the notice of hearing. In the discretion of the board or its agent conducting the hearing, any other person may be allowed to intervene in the proceeding and present testimony. In any hearing the board is not bound by the rules of evidence prevailing in the courts.

(2) The testimony taken by the board or its agent shall be reduced to writing and filed with the board. Thereafter in its discretion the board upon notice may take further testimony or hear argument. If upon the preponderance of the testimony taken the board is of the opinion that any person named in the complaint has engaged in or is engaging in an unfair labor practice, it shall state its findings of fact and shall issue and cause to be served on the person an order requiring him to cease and desist from the unfair labor practice, and to take such affirmative action including reinstatement of employees with or without back pay, as will effectuate the policies of this act. The order may further require the person to make reports from time to time showing the extent to which he has complied with the order. If upon the preponderance of the testimony taken the board is not of the opinion that the person named in the complaint has engaged in or is engaging in the unfair labor practice, then the board shall state its findings of fact and shall issue an order dismissing the complaint. No notice of hearing shall be issued based upon any unfair labor practice more than six (6) months before the filing of the charge with the board, unless the person aggrieved thereby was prevented from filing the charge by reason of service in the armed forces, in which event the six (6) month period shall be computed from the day of his discharge. No order of the board shall require the reinstatement of any individual as an employee who has been suspended or discharged, or the payment to him of any back pay, if it is found that the individual was suspended or discharged for cause. If the evidence is presented before a member of the board, or before an examiner, the member, or the examiner as the case may be, shall issue and cause to be served on the parties to the proceeding a proposed decision, together with a recommended order, which shall be filed with the board, and if no exceptions are filed within twenty (20) days after service thereof upon the parties, or within such further period as the board may authorize, the recommended order shall become the order of the board.

(3) Until the record in a proceeding has been filed in district court, the board at any time, upon reasonable notice and in such manner as it considers proper, may modify or set aside, in whole or in part, any finding or order made or issued by it.

HeinOnline -- 1973 vol. II 1095 1973

Section 8. (1) The board or the complaining party may petition for the enforcement of the order of the board and for appropriate temporary relief or a restraining order, and shall file in the district court, at its own expense, the record in the proceedings. Upon the filing of the petition, the district court shall have jurisdiction of the proceeding. Thereafter, the district court shall set the matter for hearing and shall order the party charged to be served with notice of hearing at least twenty (20) days before the date set for hearing. After the hearing the district court shall issue its order granting such temporary or permanent relief or restraining order as it considers just and proper, enforcing as so modified, or setting aside in whole or in part the order of the board. No objection that has not been raised before the board shall be considered by the court, unless the failure or neglect to raise the objection is excused because of extraordinary circumstances. The findings of the board with respect to questions of fact, if supported by substantial evidence on the record considered as a whole, shall be conclusive. If either party applies to the court for leave to present additional evidence and shows to the satisfaction of the court that the additional evidence is material and that there were reasonable grounds for the failure to present it in the hearing before the board, the court may order the additional evidence to be taken before the board and to be made part of the record. The board may modify its findings as to the facts, or make new findings, by reason of additional evidence so taken and filed, and it shall file the modifying or new findings with the district court. Any order of the district court shall be subject to review by the supreme court in accordance with rules of civil procedure.

(2) The commencement of proceedings under subsection (1) of this section shall not, unless specifically ordered by the court, operate as a stay of the board's order.

Section 9. The chief executive officer of the state or political subdivision or chairman of the county commissioners, whether elected or appointed, or his designated authorized representative shall represent the public employer in collective bargaining with an exclusive representative.

Section 10. (1) Any agreement reached by the public employer and the exclusive representative shall be reduced to writing and shall be executed by both parties.

(2) An agreement may contain a grievance procedure culminating in final and binding arbitration of unresolved grievances and disputed interpretations of agreements.

HeinOnline -- 1973 vol. II 1096 1973

(3) An agreement between the public employer and a labor organization shall be valid and enforced under its terms when entered into in accordance with the provisions of this act and signed by the chief executive officer of the state or political subdivision or his representative. A publication of the agreement is not required to make it effective. The procedure for the making of an agreement between the state or political subdivision and a labor organization provided by this act is the exclusive method of making a valid agreement for public employees represented by a labor organization.

Section 11. In any action brought under the provisions of this act in the courts of this state the public employer shall be represented by the attorney general or attorney of subdivision, and the board shall be represented by counsel hired to represent the board for purposes of that proceeding.

Section 12. Upon written authorization of any public employee within a bargaining unit, the public employer shall deduct from the pay of the public employee the monthly amount of dues as certified by the secretary of the exclusive representative and shall deliver the dues to the treasurer of the exclusive representative.

Section 13. (1) To accomplish the objectives and to carry out the duties prescribed by this act, the board may subpoena witnesses and may administer oaths and affirmations.

(2) In cases of neglect or refusal to obey a subpoena issued to any person, the district court of the county in which the investigations or the public hearings are taking place, or the district court of the first judicial district of this state, upon application by the board, may issue an order requiring such person to appear before the board or agent to produce evidence or give testimony about the matter under investigation. Failure to obey such order may be punished by the court as contempt.

(3) Any subpoena, notice of hearing or other process or notice of the board issued under the provisions of this act shall be served as provided by the rules of civil procedure.

(4) The board shall adopt, amend, or rescind such rules it considers necessary and administratively feasible to carry out the provisions of this act.

Section 14. (1) If after a reasonable period of negotiation over the terms of an agreement, or upon expiration of an existing collective bargaining agreement, a dispute concerning the collective bargaining agreement exists between the public employer and a labor organization, the parties shall request mediation.

HeinOnline -- 1973 vol. II 1097 1973

(2) If upon expiration of an existing collective bargaining agreement, or thirty (30) days following certification or recognition of an exclusive representative, a dispute concerning the collective bargaining agreement exists between the employer and the exclusive representative, either party may petition the board to initiate fact-finding.

(3) Within three (3) days of receipt of such petition the board shall submit to the parties a list of seven (7) qualified, disinterested persons from which list the parties shall alternate in striking three (3) names, and the remaining person shall be designated fact finder. This process shall be completed within five (5) days of receipt of the list. The parties shall notify the board of the designated fact finder.

(4) If no request for fact-finding is made by either party before the expiration of the agreement, or thirty (30) days following certification or recognition of an exclusive representative, the board may initiate fact-finding as provided for in (3) above.

(5) The fact finder shall immediately establish dates and place of hearings. Upon request of either party of the fact finder, the board shall issue subpoenas for hearings conducted by the fact finder. The fact finder may administer oaths. Upon completion of the hearings, but no later than twenty (20) days from the day of appointment, the fact finder shall make written findings of facts and recommendations for resolution of the dispute and shall serve such findings on the public employer and the exclusive representative. The fact finder may make this report public five (5) days after it is submitted to the parties. If the dispute is not resolved fifteen (15) days after the report is submitted to the parties, the report shall be made public.

(6) The public employer and the exclusive representative shall be the only proper parties to fact-finding proceedings.

(7) The cost of fact-finding proceedings shall be equally borne by the board and the parties concerned.

(8) Nothing in this section prohibits the fact finder from endeavoring to mediate the dispute in which he has been selected or appointed as fact finder.

(9) Nothing in this section prohibits the parties from voluntarily agreeing to submit any or all of the issues to final and binding arbitration, and if such agreement is reached the arbitration shall supersede the fact-finding procedures set forth in this section. An agreement to arbitrate, and the award issued in accordance with such agreement shall be enforceable in the same manner as

HeinOnline -- 1973 vol. II 1098 1973

is provided in this act for enforcement of collective bargaining agreements.

Section 15. If any provision of this act or the application of such provision to any person or circumstance is held invalid, the remainder of this act or the application of such provision to persons or circumstances other than those as to which it is held invalid shall not be affected thereby.

Section 16. Nothing in this act shall be construed to remove recognition of established collective bargaining agreements already recognized or in existence prior to the effective date of this act.

Section 17. All hearings and appeals shall be in accordance with the appropriate provisions of the Montana Administrative Procedure Act.

CHAPTER NO. 442

An Act Providing for Regulation of the Various Phases of the Marketing and Distribution of Agricultural Seeds Intended for Propagation Purpose and Restricting the Methods of Disposition of Screenings that Contain Viable Prohibited Noxious Weed Seed; and Repealing Sections 3-301 through 3-309, R.C.M. 1947.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. When used in this act:

(1) "Department" means the department of agriculture.

(2) "Agricultural seed" means the seeds of grass, forage, cereal, and fiber crops and any other kinds of seeds commonly recognized within this state as agricultural seeds, and includes lawn seeds and mixtures of seeds.

(3) "Montana certified seed grower" means a member of an authorized Montana seed certifying agency who has consented to increase seed under the rules for certified classes of seed, with respect to the maintenance of genetic purity and variety identity, set forth by the certifying agency.

(4) "Person" means any individual, firm, copartnership, corporation, or association.

(5) "Public agricultural seed warehouse" means and includes any warehouse or structure in which agricultural seed is received from the public for storage, assembling, or cleaning.

HeinOnline -- 1973 vol. II 1099 1973

(6) "Screening" means chaff, sterile florets, immature seed, weed seed, inert matter, and any other materials removed from seed by any kind of cleaning or processing.

(7) "Seed buyer" means any person engaged in the business of buying agricultural seed for shipment, cleaning, processing, or for resale and who does not own, control, or operate a public agricultural seed warehouse. Any individual employed by a "seed buyer" is not included in this term.

(8) "Seed dealer" means any person who offers for sale, sells, or barters agricultural seeds to the ultimate consumer.

(9) "Seed labeler" means any person affixing labels to agricultural seeds with his name and address listed as required in section 3-802.2 when such seed is distributed in Montana.

(10) "Seed processing plant" means any place of business that repackages, cleans, blends, treats, or otherwise manipulates agricultural seeds.

(11) "Seed warehouseman" means any person owning, controlling, or operating a public agricultural seed warehouse.

(12) Bin run seed sales from one farmer to another farmer mean buyer beware and are exempt from this act.

Section 2. (1) All seed processing plants, seed labelers, seed buyers, and public agricultural seed warehouses shall obtain a license from the department before doing business in this state; however, a Montana certified seed grower, when processing or labeling certified seed from his own production is not required to be licensed under this section.

(2) All licenses are issued on a fiscal year basis to expire on June 30 of each year. A license may cover any or as many as all four activities: processing plant, seed labeler, seed buyer, and public agricultural seed warehouse.

(3) Application for license is made in a manner and on forms provided by the department. Any nonresident shall file a written power of attorney designating the secretary of state as the agent of such nonresident person, and such power of attorney shall be so prepared and in such form as to render effective the jurisdiction of the courts of the state of Montana over such nonresident applicant. A nonresident who has a duly appointed resident agent upon whom process may be serviced as provided by law, is not required to designate the secretary of state as such agent. The department shall be furnished with a certified copy of the designation of the secretary of state or of a resident agent.

HeinOnline -- 1973 vol. II 1100 1973

(4) The department may establish by rule minimum standards for equipment and handling procedures for facilities to be licensed and may carry out inspections during normal business hours to determine that these standards are being adhered to.

(5) Each license costs twenty-five dollars ($25) per year.

(6) Failure on the part of a licensee to comply with the rules issued under the authority of this section is sufficient cause for cancellation of a license by the department provided the licensee is given a reasonable opportunity to correct inadvertent and non-recurring deficiencies.

(7) The department may by rule establish bonding and insurance requirements for each class of license.

Section 3. All screenings whether from seed processing plants or other sources represent both a valuable and potentially hazardous product. Their movements are restricted as follows:

(1) The viability of prohibited noxious weed seed as defined in section 3-802.1(4)(b) shall be destroyed before screenings are utilized in feed or in any other way in which they may propagate their kind. However, if these screenings are sold for feed, it shall be the responsibility of the feed buyer to haul under a tarp cover or other tight container until the provisions of this act are met.

(2) The department has authority to issue rules to restrict or exempt from restriction the holding and movement of screenings when the public interest is served by so doing.

Section 4. (1) No person may distribute seed without obtaining a dealer's license for each place of business from the department. No license is required of a person who distributes seeds only in sealed packages of less than one (1) pound, packed by a licensed seed labeler and bearing his name and address. Each dealer's license costs ten dollars ($10) per year and expires on June 30 of each year. Any licensed processing plant, seed labeler, seed buyer, or public agricultural seed warehouse may obtain a dealer's license without additional fee.

(2) Application for a dealer's license shall be made in a manner and on forms provided by the department. Such forms shall require among other things the name of a person domiciled in this state authorized to receive and accept service or legal notices of all kinds.

(3) Violation of provisions of this section or the distribution of agricultural seeds not legally labeled constitutes adequate grounds for cancelling a license or denial on the part of the department to license a dealer.

HeinOnline -- 1973 vol. II 1101 1973

Section 5. The following acts caused within the state of Montana are prohibited:

(1) The failure or refusal to obtain a license as required in sections 2 and 4 of this act.

(2) The misbranding or mislabeling of agricultural seeds.

(3) The violation or failure to comply with rules issued under the authority of this act.

Section 6. The department is authorized to promulgate necessary rules as authorized by this act. All rules are promulgated in accordance with procedures as set forth in the Montana Administrative Procedure Act.

Section 7. (1) The department may cancel any license issued by it when the provisions of this act have been violated by the holder of the license.

(2) Any person convicted of violating the provisions of this act or rules promulgated under the authority of this act is guilty of a misdemeanor and shall be fined not less than one hundred dollars ($100) or more than three hundred dollars ($300) for the first violation, and not less than five hundred dollars ($500) or more than one thousand dollars ($1,000) for each subsequent violation.

(3) Nothing in this act shall be construed as requiring the department or its representatives to report violations of this act when it believes that the public interest will be best served by a suitable notice of warning.

(4) It is the duty of each county attorney to whom any violation is reported to cause appropriate proceedings to be instituted and prosecuted in a court of competent jurisdiction without delay.

(5) The department is authorized to apply for and the court to grant a temporary or permanent injunction restraining any person from violating or continuing to violate any of the provisions of this act or any rule promulgated under the act notwithstanding the existence of other remedies at law. An injunction is issued without bond.

(6) Any person adversely affected by an act, order or ruling made pursuant to the provisions of this act may within thirty (30) days bring action in the district court of the county or any county where the alleged violation occurred, for trial of the issues bearing upon such act.

Section 8. All money collected under the provisions of this act shall be deposited to the general fund.

HeinOnline -- 1973 vol. II 1102 1973

Section 9. Sections 3-301, 3-302, 3-303, 3-304, 3-305, 3-306, 3-307, 3-308, and 3-309, R.C.M. 1947, are repealed.

Approved: March 23, 1973.

A nonresident shall be required to file a return if his gross income for the taxable year derived from sources within Montana exceeds the amount of the exemption deduction he is entitled to claim for himself and his spouse under the provisions of section*

If a joint return is made, the tax shall be computed on the aggregate taxable income and the liability with respect to the tax shall be joint and several. If a joint return has been filed for a taxable year, the spouse may not file separate returns after the time for filing the return of either has expired, unless the board so consents.

(3) If any such taxpayer is unable to make to make his own return, the return shall be made by a duly authorized agent or by a guardian or other person charged with the care of the person or property of such taxpayer.

In such case there shall be no penalty because of such understatement, provided the deficiency is paid within thirty (30) days after the first notice of the amount is mailed to the taxpayer.

HeinOnline -- 1973 vol. II 1119 1973

deficiency five per centum (5%) thereof, provided, however, that no deficiency penalty shall be less than two dollars ($2). Section 3. This act shall be effective upon its passage and approval.

Approved: March 23, 1973.

A license is not transferable from place to place nor from person to person. A penalty of five dollars ($5) per month, or fraction of a month, after January 31 may be imposed by the department on a person who fails to apply for renewal of his license if under the act that person is required to be licensed.

All license fees collected shall be deposited in the general fund.

Section 6. Determination of existing rights. (1) The department shall establish a centralized record system of all existing rights, and the department shall, as soon as practicable, begin proceedings under this act to determine existing rights. The department shall publish notice of the order once a week for four (4) consecutive weeks prior to its effective date in a newspaper of general circulation in the affected area. Before the last date of publication, the department shall also serve a copy of the order by certified mail upon each appropriator or his successor in interest within the specified area

HeinOnline -- 1973 vol. II 1125 1973

or from the specified source who has requested mailed notice of the order or of whom the department can readily obtain knowledge, and to each person owning or being possessed of lands bordering on the stream or source as ascertained from the land ownership records of the appropriate county. The department shall file in its records proof of service of the notice by affidavit of the publisher in the case of notice by publication, and by its own affidavit in the case of service by mail.

(2) A declaration shall be made under oath by each person claiming an existing right to use water within the specified area or from the specified source on a form provided by the department. The department shall make the forms available through its offices and the offices of the county clerks and recorders. The information required by the department may include, but is not limited to, the date of appropriation, the date the water was first applied to a beneficial use, the amount of water appropriated, the purpose of the appropriation, the place and means of diversion, the place of use, the time during which the water is diverted and used each year, and a true copy or the docket number of any judicial decree, notice, or other claim or evidence upon which the existing right was initiated or is based.

(3) Declarations shall be sent to the department by certified mail, with a return receipt requested. The return receipt is conclusive evidence of receipt, by the department, of the declaration.

Section 9. **Filing of petition.** (1) The department shall, within a reasonable time after gathering all data necessary under section 7 of this act, file a petition for determination of existing rights in the source or area specified in the order made under section 8. The department shall file the petition in the district court of the judicial district in which the source or area is located.

(2) If the source or area is in two (2) or more judicial districts, the department shall notify the district court of each of the judicial districts of its intent to file the petition. Within thirty (30) days of receipt of the notice, the judges of those district courts shall agree on which district judge shall hear the petition and shall notify the department of their decision. If the district judges fail to agree or to notify the department, the department shall file the petition in the district court of the judicial district in which the greatest number of persons named in the petition reside.

Section 10. **Contents of petition.** (1) The petition shall state the names of all persons who have filed declarations under section 8 of this act and of all other persons who appear from the

HeinOnline -- 1973 vol. II 1126 1973

data gathered by the department to have existing rights to the use of waters within the specified area or from the specified source.

(2) The department shall file with the petition all data gathered under section 7 of this act.

(3) If the district court determines that additional data is necessary prior to issuing the preliminary decree in order to determine the extent of an existing right, it may direct the department or the person claiming the right to obtain the necessary data.

Section 11. **Preliminary decree.** (1) Within a reasonable time after the filing of a petition for determination of existing rights, the court shall issue a preliminary decree. The preliminary decree shall be based on the data submitted with the petition and on any additional data obtained by the court.

(2) The preliminary decree shall contain the information, and make the determinations, findings, and conclusions, required for the final decree under section 13 of this act.

(3) The district court shall send a copy of the preliminary decree by certified mail with return receipt requested to the department and to each person named in the petition filed under section 9 of this act or named in the preliminary decree. The return receipt shall be appended to the preliminary decree. The costs of mailing the copies shall be paid by the department.

(4) A person named in the petition or in the preliminary decree may inspect the data upon which the decree is based at any time, and he may purchase copies of any of the data.

Section 12. **Hearing on preliminary decree.** (1) The department or a person named in the petition filed under section 9 of this act or named in the preliminary decree, or any other person for good cause shown, who objects to the preliminary decree is entitled to a hearing thereon before the district court.

(2) A request for a hearing shall be filed with the district court, and a copy served on the department by certified mail, within ninety (90) days after receipt of the preliminary decree. The district court shall, for good cause shown, reasonably extend this time limit if application for the extension is made within ninety (90) days after receipt of the preliminary decree. A person requesting a hearing on his objections to the preliminary decree shall also serve, by certified mail with return receipt requested, a copy of his request on any person whose rights or priorities will be affected if the objections are sustained in the hear-

HeinOnline -- 1973 vol. II 1127 1973

ing. The rights and priorities of a person who is not served shall not be affected by the result of the hearing.

(3) The request for a hearing shall contain a precise statement of the findings and conclusions, in the preliminary decree, with which the person requesting the hearing disagrees. The request shall specify the paragraphs and pages containing the findings and conclusions to which objection is made. The request shall state the specific grounds and evidence on which the objections are based. The request shall also state the names of all other persons on whom it is served.

(4) If more than one person requests a hearing on objections to the preliminary decree, the court may in its discretion hold a single hearing. Each hearing shall be conducted as are other civil actions, but the parties to the hearing may by agreement and with the court's permission waive any of the procedural or evidentiary rules, or may submit only written evidence. Only evidence which is referred to in a request may be introduced in a hearing.

(5) In each hearing, the department shall be a party and is entitled to be heard on objections made by any person. The department shall be granted adequate time, prior to a hearing, to gather evidence pertinent to any objection to be heard in the hearing.

Section 13. **Final decree.** (1) The court shall, on the basis of the preliminary decree and on the basis of any hearing that may have been held, enter a final decree affirming or modifying the preliminary decree. If no request for a hearing is filed within the time allowed, the preliminary decree automatically becomes final, and the court shall enter it as the final decree.

(2) The final decree shall establish the existing rights and priorities, of the persons named in the petition, for the source or area under consideration.

(3) The final decree shall state the findings of fact, along with any conclusions of law, upon which the existing rights and priorities of each person named in the decree are based.

(4) For each person who is found to have an existing right, the final decree shall state:

(a) the name and post office address of the owner of the right;

(b) the amount of water included in the right;

(c) the date of priority of the right;

HeinOnline -- 1973 vol. II 1128 1973

(d) the purpose for which the water included in the right is used;

(e) the place of use and a description of the land to which the right is appurtenant;

(f) the source of the water included in the right;

(g) the place and means of diversion;

(h) the approximate time during which the water is used each year;

(i) any other information necessary to fully define the nature and extent of the right.

(5) The final decree in each existing right determination is final and conclusive as to all existing rights in the source or area under consideration. After the final decree there shall be no existing rights to water in the area or source under consideration except as stated in the decree.

Section 14. **Appeals from final decree.** (1) A person whose existing rights and priorities are determined in the final decree may appeal the determination only if:

(a) he requested a hearing and appeared and entered objections to the preliminary decree; or

(b) his rights as determined in the preliminary decree were altered as the result of a hearing, at which he appeared, requested by another person.

(2) An appeal from the final decree shall be taken as provided by the Montana Rules of Appellate Civil Procedure.

Section 15. **Certificate of water right.** When a final decree is entered, the court shall send a copy to the department. The department shall, on the basis of the final decree, issue to each person decreed an existing right a certificate of water right. The original of the certificate shall be sent to the county clerk and recorder, in the county where the point of diversion or place of use is located, for recordation. The department shall keep a copy of the certificate in its office in Helena. After recordation, the clerk and recorder shall send the certificate to the person to whom the right is decreed.

Section 16. **Right to appropriate — application for permit.** (1) After the effective date of this act, a person may not appropriate water except as provided in this act. A person may only appropriate water for a beneficial use. A right to appropriate water may not be acquired by any other method, including by adverse

HeinOnline -- 1973 vol. II 1129 1973

use, adverse possession, prescription or estoppel; the method prescribed by this act is exclusive.

(2) Except as otherwise provided in subsection (4) of this section, a person may appropriate water only by applying for and receiving a permit from the department. The application shall be made on a form prescribed by the department. The department shall make the forms available through its offices and the offices of the county clerks and recorders. The department shall return a defective application for correction or completion together with the reasons for returning it. An application does not lose priority of filing because of defects, if the application is corrected, completed and refiled with the department within thirty (30) days after its return to the applicant, or within a further time as the department may allow.

(3) A permit issued prior to a final determination of existing rights is provisional and is subject to that final determination. The amount of the appropriation granted in a provisional permit shall be reduced or modified where necessary to protect and guarantee existing rights determined in the final decree. A person may not obtain any vested right, to an appropriation obtained under a provisional permit, by virtue of construction of diversion works, purchase of equipment to apply water, planting of crops, or other action, where the permit would have been denied or modified if the final decree had been available to the department.

(4) Outside the boundaries of a controlled groundwater area, a permit is not required before appropriating groundwater for domestic, agricultural, or livestock purposes by means of a well with a maximum yield of less than one hundred (100) gallons a minute. Within sixty (60) days of completion of the well, the appropriator shall file notice of completion on a form provided by the department at its offices and at the offices of the county clerks and recorders. Upon receipt of the notice, the department shall automatically issue a certificate of water right. The original of the certificate shall be sent to the county clerk and recorder, in the county where the point of diversion or place of use is located, for recordation. The department shall keep a copy of the certificate in its office in Helena. After recordation, the clerk and recorder shall send the certificate to the appropriator. The date of filing of the notice of completion is the date of priority of the right.

(5) Persons required to file well logs and other information under the laws governing the conservation of oil and gas and who do so in compliance with those laws, shall be considered to have complied with all of the filing requirements of this act to

HeinOnline -- 1973 vol. II 1130 1973

the extent it applies to wells subject to those laws. The date of appropriation shall be the date that written notice of intention to drill is given to the board of oil and gas conservation. A person who desires to convert a nonproductive oil or gas well to a water well may do so immediately, but shall file a notice of completion or apply for a permit, depending on the maximum yield of the well, as otherwise provided in this act.

(6) A person may also appropriate water, without applying for or prior to receiving a permit, under rules adopted by the board under section 5 of this act.

Section 17. **Notice of application.** (1) Upon receipt of a proper application for a permit, the department shall prepare a notice containing the facts pertinent to the application and shall publish the notice in a newspaper of general circulation in the area of the source once a week for three (3) consecutive weeks. Before the last date of publication, the department shall also serve the notice by certified mail upon an appropriator of water or applicant for or holder of a permit who, according to the records of the department, may be affected by the proposed appropriation. A notice shall also be served upon any public agency that has reserved waters in the source under section 26. The department may, in its discretion, also serve notice upon any state agency or other person the department feels may be interested in or affected by the proposed appropriation. The department shall file in its records proof of service by affidavit of the publisher in the case of notice by publication, and by its own affidavit in the case of service by mail.

(2) The notice shall state that by a date set by the department (not less than thirty (30) days nor more than sixty (60) days after the last date of publication) persons may file with the department written objections to the application.

Section 18. **Ojections.** (1) An objection to an application must be filed by the date specified by the department under section 17(2).

(2) The objection must state the name and address of the objector, and facts tending to show that there are no unappropriated waters in the proposed source, that the proposed means of appropriation are inadequate, that the property, rights, or interests of the objector would be adversely affected by the proposed appropriation, or the objector may state any other objections to the proposed appropriation he considers pertinent.

Section 19. **Hearings on objections.** If the department determines that an objection to an application for a permit states a valid

HeinOnline -- 1973 vol. II 1131 1973

objection to the issuance of the permit, it shall hold a public hearing on the objection within sixty (60) days from the date set by the department for the filing of objections, after serving notice of the hearing by certified mail upon the applicant and the objector. The department may consolidate hearings if more than one (1) objection is filed to an application. The department shall file in its records proof of the service by affidavit of the department.

Section 20. **Action on application.** (1) The department shall grant, deny, or condition an application for a permit in whole or in part within one hundred twenty (120) days after the last date of publication of the notice of application if no hearing is held, and within one hundred eighty (180) days if a hearing is held.

(2) However, an application may not be approved in a modified form or upon terms, conditions, or limitations specified by the department, nor denied, unless the applicant is first granted an opportunity to be heard. If no objection is filed against the application, but the department is of the opinion that the application should be approved in a modified form or upon terms, conditions or limitations specified by it, or that the application should be denied, the department shall prepare a statement of its opinion and the reasons therefor. The department shall serve a statement of its opinion by certified mail upon the applicant, together with a notice that the applicant may obtain a hearing by filing a request therefor within thirty (30) days after the notice is mailed. The notice shall further state that the application will be modified in a specified manner, or denied, unless a hearing is requested.

Section 21. Criteria for issuance of permit. The department shall issue a permit if:

(1) there are unappropriated waters in the source of supply;

(2) the rights of a prior appropriator will not be adversely affected;

(3) the proposed means of diversion or construction are adequate;

(4) the proposed use of water is a beneficial use;

(5) the proposed use will not interfere unreasonably with other planned uses or developments for which a permit has been issued or for which water has been reserved.

Section 22. **Terms of permit.** (1) The department may issue a permit for less than the amount of water requested, but in no

case may it issue a permit for more water than is requested or than can be beneficially used without waste for the purpose stated in the application. The department may require modification of plans and specifications for the appropriation or related diversion or construction. It may issue a permit subject to terms, conditions, restrictions, and limitations it considers necessary to protect the rights of other appropriators, and it may issue temporary or seasonal permits. A permit shall be issued subject to existing rights and any final determination of those rights made under this act.

(2) The department may limit the time for commencement of the appropriation works, completion of construction and actual application of the water to the proposed beneficial use. In fixing those time limits, the department shall consider the cost and magnitude of the project, the engineering and physical features to be encountered, and, on projects designed for gradual development and gradually increased use of water, the time reasonably necessary for that gradual development and increased use. For good cause shown by the permittee, the department may in its discretion reasonably extend time limits.

(3) The original of the permit shall be sent to the county clerk and recorder in the county where the point of diversion or place of use is located for recordation, and a copy shall be kept in the office of the department in Helena. After recordation, the clerk and recorder shall send the permit to the permittee.

Section 23. **Revocation of permit.** If the work on an appropriation is not commenced, prosecuted, or completed within the time stated in the permit or an extension thereof, or if the water is not being applied to the beneficial use contemplated in the permit, or if the permit is otherwise not being followed, the department may after notice require the permittee to show cause why the permit should not be revoked. If the permittee fails to show sufficient cause, the department may revoke the permit.

Section 24. **Certificate of water right.** (1) Upon actual application of water to the proposed beneficial use within the time allowed, the permittee shall notify the department that the appropriation has been properly completed. The department may then inspect the appropriation, and if it determines that the appropriation has been completed in substantial accordance with the permit, it shall issue the permittee a certificate of water right. The original of the certificate shall be sent to the county clerk and recorder in the county wherein the point of diversion or place of use is located for recordation, and a duplicate shall be kept in the office of the department in Helena. After recordation, the clerk and recorder shall send the certificate to the appropriator.

HeinOnline -- 1973 vol. II 1133 1973

(2) Except as provided in section 16 (4) of this act, a certificate of water right in a particular source may not be issued prior to a general determination under this act of existing rights in that source.

Section 25. **Reservoirs.** A person intending to appropriate water by means of a reservoir shall apply for a permit as prescribed in this act.

Section 26. **Reservation of waters.** (1) The state or any political subdivision or agency thereof, or the United States or any agency thereof, may apply to the board to reserve waters for existing or future beneficial uses, or to maintain a minimum flow, level, or quality of water throughout the year or at such periods or for such length of time as the board designates.

(2) Upon receiving an application, the department shall proceed in accordance with sections 17 through 19. After the hearing provided in section 19, the board shall decide whether to reserve the water for the applicant. The department's costs of giving notice, holding the hearing, conducting investigations, and making records, incurred in acting upon the application to reserve water, except the cost of salaries of the department's personnel, shall be paid by the applicant.

(3) The board may not adopt an order reserving water unless the applicant establishes to the satisfaction of the board:

(a) the purpose of the reservation;

(b) the need for the reservation;

(c) the amount of water necessary for the purpose of the reservation;

(d) that the reservation is in the public interest. If the purpose of the reservation requires contruction of a storage or diversion facility, the applicant shall establish to the satisfaction of the board that there will be progress toward completion of the facility and accomplishment of the purpose with reasonable diligence in accordance with an established plan.

(4) After the adoption of an order reserving waters, the department may reject an application and refuse a permit for the appropriation of reserved waters, or may, with the approval of the board, issue the permit subject to such terms and conditions it considers necessary for the protection of the objectives of the reservation.

(5) A reservation under this section shall not affect any rights in existence when the order reserving waters is adopted.

HeinOnline -- 1973 vol. II 1134 1973

(6) The board shall, periodically but not less than every ten (10) years, review existing reservations to ensure that the objectives of the reservation are being met. Where the objectives of the reservation are not being met, the board may extend, revoke or modify the reservation.

Section 27. **Priority.** (1) As between appropriators, the first in time is the first in right. Priority of appropriation does not include the right to prevent changes by later approriators in the condition of water occurrence, such as the increase or decrease of streamflow, or the lowering of a water table, artesian pressure or water level, if the prior appropriator can reasonably exercise his water right under the changed conditions.

(2) Priority of appropriation made under this act dates from the filing of an application for a permit with the department, except as otherwise provided in section 16 of this act.

(3) Priority of appropriation perfected before the effective date of this act shall be determined as provided in sections 6 through 15 of this act.

Section 28. **Changes in appropriation rights.** (1) An appropriator may not change the place of diversion, place of use, purpose of use or place of storage without receiving prior approval of such change from the department.

(2) The department shall approve the proposed change if it determines that the proposed change will not adversely affect the rights of other persons. If a person whose rights may be affected files an objection to the proposed change, the department shall hold a hearing thereon prior to its approval or denial of the proposed change. Notice of the proposed change shall be given in accordance with section 17 of this act. Objections shall meet the requirements of section 18(2) of this act, and hearings shall be held in accordanance with section 19.

Section 29. **Transfer of appropriation right.** (1) The right to use water under a permit or certificate of water right shall pass with a conveyance of the land, or transfer by operation of law, unless specifically exempted therefrom. All transfers of interests in appropriation rights shall be without loss of priority.

(2) A copy of an instrument which transfers an interest in an appropriation right shall be filed with the department and the county, in which the point of diversion or place of use is located, by the person receiving the appropriation interest.

(3) An appropriator may not sever all or any part of an appropriation right from the land to which it is appurtenant, or

HeinOnline -- 1973 vol. II 1135 1973

sell the appropriation right for other purposes or to other lands, or make the appropriation right appurtenant to other lands, without obtaining prior approval from the department. The department shall approve the proposed transfer if the requirements of section 28(2) are met.

Section 30. **Abandonment of appropriation right.** (1) If an appropriator ceases to use all or a part of his appropriation right with the intention of wholly or partially abandoning the right, or if he ceases using his appropriation right according to its terms and conditions with the intention of not complying with those terms and conditions, the appropriation right shall, to that extent, be deemed considered abandoned and shall immediately expire.

(2) If an appropriator ceases to use all or part of his appropriation right, or ceases using his appropriation right according to its terms and conditions, for a period of ten (10) successive years, and there was water available for his use, there shall be a prima facie presumption that the appropriator has abandoned his right in whole or for the part not used.

(3) This section does not apply to existing rights until they have been determined in accordance with this act.

Section 31. **Procedure for declaring appropriation rights abandoned.** (1) When the department has reason to believe that an appropriator may have abandoned his appropriation right under section 30, or when another appropriator in the opinion of the department files a valid claim that he has been or will be injured by the resumption of use of an appropriation right alleged to have been abandoned, the department shall petition the district court which determined the existing rights in the source of the appropriation in question to hold a hearing to determine whether the appropriation right has been abandoned. Proceedings under this section shall be conducted in accordance with the Montana Rules of Civil Procedure, and appeal shall be taken in accordance with the Montana Rules of Appellate Civil Procedure.

(2) At the hearing, the burden of proof shall be on the department which must establish by a preponderance of the evidence that the appropriation has been abandoned under section 30 of this act.

(3) The determination of the court shall be appended to the final decree. The department shall keep a copy of the determination in its office in Helena.

Section 32. **Supervision of water distribution.** (1) As of the effective date of this act, the district courts shall supervise the distribution of water among all appropriators. This supervisory

authority includes the supervision of all water commissioners appointed prior to the effective date of this act. The supervision shall be governed by the principle that first in time is first in right.

(2) When a water distribution controversy arises upon a source of water in which existing rights have not been determined according to sections 6 through 15 of this act, the department may, in its discretion, within a reasonable time begin proceedings to determine existing rights in the source, in accordance with this act. If the department does not proceed to obtain a determination of existing rights, the district court shall settle only the controversy between the parties.

(3) A controversy between appropriators from a source which has been the subject of a general determination of existing rights under sections 6 through 15 of this act shall be settled by the district court which issued the final decree. The order of the district court settling the controversy may not alter the existing rights and priorities established in the final decree. In cases involving permits issued by the department, the court may not amend the respective rights established in the permits or alter any terms of the permits unless the permits are inconsistent or interfere with rights and priorities established in the final decree. The order settling the controversy shall be appended to the final decree, and a copy shall be filed with the department.

(4) The department shall be named as a party in any proceeding under this section and shall be served with process.

Section 33. **Prevention of waste.** (1) If the department ascertains, by a means reasonably considered sufficient by it, that a person is wasting water, using water unlawfully, or preventing water from moving to another person having a prior right to use the same, it may petition the district court to:

(a) regulate the controlling works of an appropriation as may be necessary to prevent the wasting or unlawful use of water, or to secure water to a person having a prior right to its use; the department may attach to the controlling works a written notice properly dated and signed, setting forth the fact that the controlling works have been properly regulated by it, which notice shall be legal notice to all persons interested in the appropriation or distribution of the water; or

(b) order the person wasting, unlawfully using, or interfering with another's rightful use of the water to cease and desist from doing so, and to take such steps as may be necessary to remedy the waste, unlawful use, or interference; or

(2) The department may also direct its own attorney or re-

HeinOnline -- 1973 vol. II 1137 1973

quest the attorney general or county attorney to bring suit to enjoin such waste, unlawful use, or interference.

Section 34. **Entry on land — inspections.** Any employee or agent of the department authorized by the director may enter upon any land to carry out the purpose of this act, including, but not limited to, entry to make inspections the department considers necessary of proposed works, source of water, location of the proposed use, construction of works and other inspections to ascertain whether or not persons are complying with this act. The department or its agent shall give reasonable notice to the landowner of its intention to enter upon the land. The department is responsible for actual damages done to any property.

Section 35. **Legal assistance.** (1) When requested by the department, the attorney general and the county attorneys within their respective counties shall perform legal services and conduct legal proceedings necessary to carry out the purposes of this act. The department may also employ legal counsel to enforce this act and to conduct proceedings under it.

(2) If an appropriator who is a citizen of Montana becomes involved in a controversy to which any agency of the federal government or another state is a party, the department may in its discretion intervene as a party or provide necessary legal assistance to the citizen of Montana.

Section 36. **Hearings before board—Administrative Procedure Act.** (1) A person who is aggrieved by a final decision of the department is entitled to a hearing before the board.

(2) The Montana Administrative Procedure Act (title 82, chapter 42, R.C.M. 1947) governs administrative proceedings conducted under this act.

Section 37. **Penalties.** A person who violates or refuses or neglects to comply with sections 16(1), 28(1), and 29(3) of this act, or of any order of the department, or of any rule of the board, is guilty of a misdemeanor.

Section 38. **Deposit of fees and penalties.** All fees and penalties collected under this act shall be deposited in the state general fund. All penalties or fines imposed by any court for a violation of this act shall be deposited in the general fund of the county where the court presides and shall be disposed of in the same manner as any other penalty or fine.

Section 39. Section 89-1001, R.C.M. 1947, is amended to read as follows:

"89-1001. **Appointment of water commissioners — authority**

HeinOnline -- 1973 vol. II 1138 1973

— **compensation.** (1) Whenever the rights of persons to use the waters of any stream, ditch or extension of ditch, watercourse, spring, lake, reservoir, or other source of supply have been determined by a decree of a court of competent jurisdiction, it shall be the duty of the judge of the district court having jurisdiction of the subject matter, upon the application of the owners of at least fifteen per cent (15%) of the water rights affected by the decree, in the exercise of his discretion, to appoint one or more commissioners, who shall have authority to admeasure and distribute to the parties owning water rights in the source affected by the decree the waters to which they are entitled, according to their rights as fixed by *the* decree *and by any certificates and permits issued under the Montana Water Use Act* provided that when petitioners make proper showing that they are not able to obtain the application of the owners of at least fifteen per cent (15%) of the water rights affected, and they are unable to obtain the water to which they are entitled, the judge of the district court having jurisdiction may, in his discretion, appoint a water commissioner.

(2) When the existing rights of all appropriators from a source or in an area have been determined in a final decree issued under the Montana Water Use Act, the judge of the district court which issued the final decree shall upon application by the department of natural resources and conservation appoint a water commissioner. The water commissioner shall distribute to the appropriators, from the source or in the area, the water to which they are entitled.

(3) The *department of natural resources and conservation* or any person or corporation operating under contract with *the department,* or any other owner of stored waters may petition the court to have such stored waters distributed by the water commissioners appointed by said court. The court may thereupon make an order requiring the commissioner or commissioners appointed by the court to distribute such stored water when and as released to water users entitled to the use thereof.

(4) Upon the issuance of such order the water commissioner or commissioners shall have authority and it is hereby made his or their duty to admeasure and distribute to the users thereof as their interests may appear and be required, the stored and supplemental waters stored and as released by the *department of natural resources and conservation* under provisions of the state Water Conservation Act, chapter 1 of this Title, to be diverted into and through said streams, ditch or extension of ditch, watercourse, spring, lake, reservoir, or other source of supply in the same manner and under the same rules and regulations as decreed water rights are admeasured and distributed, and such water commissioner or commissioners and the owners and users of such stored and supplemental waters

HeinOnline -- 1973 vol. II 1139 1973

shall be bound by and be subject to the provisions of this chapter, and all acts amendatory thereof and supplemental thereto, provided that the admeasurements and distribution of such stored and supplemental waters shall in no way interfere with decreed water rights. The purpose of this act is to provide a uniform, equitable and economical distribution of adjudicated, stored and supplemental waters.

(5) At the time of the appointment of such water commissioner or commissioners the district court shall fix their compensation, and the owners and users of *the distributed* waters shall pay their proportionate share of such fees and compensation."

Section 40. Section 89-2911, R.C.M. 1947, is amended to read as follows:

"89-2911. **Definitions.** *Unless the context requires otherwise, in this chapter:*

(a) "Ground water" means any fresh water *beneath the land surface or beneath the bed of a stream, lake, reservoir or other body of surface water, and which is not a part of that surface water.* Fresh water shall be deemed to be water fit for domestic, livestock or agricultural use. The administrator, after notice and hearing, is authorized to fix definite standards for determining fresh water in any controlled ground water area or subarea of the state.

(b) "Aquifer" means any underground geological structure or formation which is capable of yielding water or is capable of recharge.

(c) "Well" means any artificial opening or excavation in the ground, however made, by which ground water can be obtained or through which it flows under natural pressures or is artificially withdrawn.

(d) "Beneficial use" means *a use of water for the benefit of the appropriator, other persons or the public, including, but not limited to, agricultural (including stock water), domestic, fish and wildlife, industrial, irrigation, mining, municipal, power, and recreational uses.*

(e) "Person" means *an individual, association, partnership, corporation, state agency, political subdivision, and the United States or any agency thereof.*

(f) "Administrator" means the *department of natural resources and conservation provided for in title 82A, chapter 15.*

(g) "Ground water area" means an area which, as nearly as known facts permit, may be designated so as to inclose a single

HeinOnline -- 1973 vol. II 1140 1973

and distinct body of ground water, which shall be described horizontally by surface description in all cases and which may be limited vertically by describing known geological formations should conditions dictate this to be desirable. For purposes of administration, large ground water areas may be divided into convenient administrative units "known as subareas."

(h) "Board" means the board of natural resources and conservation provided for in section 82A-1509."

Section 41. Section 89-2915, R.C.M. 1947, is amended to read as follows:

"89-2915. **Limiting withdrawals — hearing and order.** *(1)* At the time set for the hearing the *board,* if *it* is satisfied that the notice of hearing has been duly published and mailed as required by section 89-2914, shall proceed to hear evidence and may consider information which *the administrator* has duly obtained under this act, and after the conclusion of the hearing shall make written findings and an order. If the *board* finds *on the basis of the hearing and other information obtained by the administrator* that the withdrawal of ground water in such area or subarea exceeds the safe annual yield of ground water as measured by the recharge of the area or subarea, *it* shall order the aggregate withdrawal of ground water from such area or subarea decreased so that it shall not exceed such annual yield. Except for domestic use, such decrease shall conform to the priority of the pertinent rights and shall prevail for the term of shortage in the available supply. The administrator shall have the authority to enforce the order; to require persons to cease such excessive withdrawals in reverse order of their priority of rights; and to bring an action for an injunction in a district court of a district in which all or part of the area affected is located, in addition to all other remedies.

(2) The order of the *board* shall be published and mailed by the administrator in the manner and for the length of time as prescribed by section 89-2914 for the publication and mailing of the notice of hearing except that a copy of the written findings of the *board* shall be mailed instead of a copy of the proposal, and except further, that a copy of the order together with a copy of the written findings shall be mailed to each petitioner at his last known address. Upon publication and mailing of such order, as prescribed herein, the order shall be final and conclusive unless an appeal therefrom is taken.

(3) Once a petition has been filed and an order has been made limiting the withdrawal of ground water from a particular ground water area or subarea, as provided in this section, the *board* shall have authority after notice and hearing as heretofore provided in

HeinOnline -- 1973 vol. II 1141 1973

this section, to modify or revoke *its* order upon a showing by any interested party and a finding by the *board* that conditions have materially changed since the prior order. While a matter is pending before the *board,* the administrator shall have discretion and authority to restrict further development of the subarea."

Section 42. Section 89-2917, R.C.M. 1947, is amended to read as follows:

"89-2917. **Scope of administrative hearing.** *(1)* In any hearing for the ascertainment and finding of priorities to the use of ground water, the administrator in *its* finding and order shall confirm, modify, alter or amend any prior order designating and modifying the boundaries of the ground water area or subarea involved, as the evidence justifies, shall determine the priority of rights and the quantity of ground water to which each appropriator, who is a party to the proceedings, shall be entitled in such particular ground water area or subarea, and shall find and determine any other matter necessary to the ascertainment of priorities of such existing rights to ground water. *It* may also determine the level below which the ground water shall not be drawn by appropriators. The administrator shall act in administering and enforcing the provisions of the order, as provided in section 89-2915.

(2) A copy of the order shall be recorded in the office of the clerk and recorder of each county in which the particular ground water area or subarea is located. If the order is not appealed, the order of the administrator shall be final and conclusive when it is published and mailed as provided for orders issued under section 89-2915."

Section 43. Section 89-2918, R.C.M. 1947, is amended to read as follows:

"89-2918. **Permit required to appropriate in controlled area.** *A person may appropriate ground water in a controlled area only by applying for and receiving a permit from the administrator in accordance with the Montana Water Use Act.* The administrator shall not grant a permit if the withdrawal would be beyond the capacity of the aquifer or aquifers in the ground water area to yield ground water within a reasonable or feasible pumping lift (in the case of pumping developments) or within a reasonable or feasible reduction of pressure (in the case of artesian developments).

Section 44. There is a new section 89-2928.1, R.C.M. 1947, which reads as follows:

89-2928.1. **Well Logs.** Within sixty (60) days after any well is completed, the driller shall file with the administrator a well log report on a form provided by the administrator at its offices

HeinOnline -- 1973 vol. II 1142 1973

and at the offices of the county clerks and recorders. The administrator may return the report for refiling if it is incomplete or incorrect. The administrator shall provide a copy of the complete and correct well log to the Montana bureau of mines and geology.

Section 47. If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

CHAPTER NO. 453

An Act Implementing Article II, Section 29 of the 1972 Montana Constitution, by Providing for an Award Including necessary Expenses of Litigation when the private property owner prevails; Repealing Section 93-9921, R.C.M. 1947.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. There is a new section to be numbered 93-9921.1, R.C.M. 1947, which reads as follows:

93-9921.1. **Necessary expenses of litigation.** The condemnor, shall within thirty (30) days after an appeal is perfected from the commissioner's award or report, submit to condemnee a written final offer of judgment for the property to be condemned, together with necessary expenses of condemnee then accrued.

If at any time prior to ten (10) days before trial, the condemnee serves written notice that the offer is accepted, either party

may then file the offer and notice of acceptance together with proof of service thereof and thereupon judgment shall be entered. An offer not accepted shall be deemed withdrawn and evidence thereof is not admissible at the trial except in a proceeding to determine costs. The fact that an offer is made but not accepted does not preclude a subsequent offer. In the event of litigation, and when the private property owner prevails, by receiving an award in excess of the final offer of the condemnor, the court shall award necessary expenses of litigation to the condemnee.

Section 2. Section 93-9921, R.C.M. 1947, is repealed.

Approved: March 24, 1973.

All measures shall be numbered with consecutive numbers beginning with the number immediately following that on the last measure filed in the office of the secretary of state. The affirmative and negative of each measure shall bear the same number, and no two measures shall be numbered alike. It shall be the duty of the several county clerks to print said titles and numbers on the official ballot prescribed by section *23-3506,* in the numerical order in which the measures have been certified to them by the secretary of state. All constitutional amendments submitted to the qualified electors of the state shall likewise be placed upon the official ballot prescribed by said section *23-3506* and no such amendment shall hereafter be submitted on a separate ballot. It shall be the duty of the state board of canvassers to proceed within thirty days after the election *at which such measures are voted upon,* and sooner if the returns be all received, to canvass the votes given for each measure, and the governor shall forthwith issue his proclamation, which shall be published in two daily newspapers printed at the capital, giving the whole number of votes cast in the state for and

Section 4. (1) The department shall conduct investigations on nongame wildlife in order to develop information relating to population, distribution, habitat needs, limiting factors, and other biological and ecological data to determine management measures necessary for their continued ability to sustain themselves successfully. (4) In the event the United States' list of endangered native fish and wildlife is modified subsequent to the effective date of this chapter by additions or deletions, such modifications whether or not involving species or subspecies indigenous to the state may be accepted as binding under subsection (3) if, after the type of scientific determination described in subsection (1), the commission recommends and the legislature accepts such modification for the state.

If federal law allows establishment of size and weight limits in excess of those permitted in this section, without penalty or denial of federal funds for highway purposes, the state highway commission may, by permit designating highway routing, authorize the movement on highways under its jurisdiction of vehicles or combination of vehicles of a size or weight in excess of the limits provided for in this section, but within the limits necessary to qualify for federal aid highway funds."

1. To order the transfer of colonies of bees from hives or containers which cannot be properly examined for brood or other diseases to other hives or containers.

2. To order disinfection of any bee, beehive, brood comb or any other equipment which is infected or contaminated and with full power to order the burning of, or to burn, any bee, beehive, brood comb, or any other equipment, if, in his judgment, disinfection will not remove the infection or contamination, provided, however, before burning any such property, the *department,* shall give the owner of, or person in charge thereof, a written notice at least five (5) days prior to the date on which said property will be burned. This notice to be given by registered mail or personally served upon the owner of, or person in charge of, such property.

3. To quarantine any apiary where foulbrood or any contagious or infectious diseases are present and, during such quarantine, to prevent the removal from such apiary, of any bees or equipment excepting under authority of a special permit issued by the *department* permitting such removal under conditions and regulations to be prescribed by *it.* No person shall sell, or offer for sale, any apiary, bees or equipment while the same is under quarantine unless a permit authorizing such sale or removal is made by the *department.* Written notice of quarantine shall be posted by *the department, owner, or person in charge* at such quarantine apiary at a conspicuous place and a copy thereof shall be personally served or sent by registered mail to the owner of such apiary or person in charge thereof, and such quarantine shall continue in effect until it is ordered removed and a copy of such removal served in the same manner.

Every person, firm or corporation who shall own or possess in the state of Montana an apiary shall, on or before the first day of April each year hereafter, cause the same to be registered in the following manner:

1. Applications shall be made to the *department* for registration *blanks.*

HeinOnline -- 1973 vol. II 1185 1973

2. Registration blanks shall be furnished by the *department, the* blank shall contain a statement of the name, place of residence, place of business, of the owner, together with the number of colonies of bees, hives and equipment in such apiary, and the location in the state, setting forth specifically the location by sectional division to the nearest quarter section, and the township and range, and if within the corporate limits of a town or city, by setting forth the number of the lot and block in such town or city and stating also the name of the owner, renter and/or occupant of the land whereupon such apiary is located, and give such other information as the *department* may require under rules and regulations established by him for the protection, safety and welfare of the public and beekeeping industry. The registration blanks shall also include the date when the location was first established.

3. Upon receipt of such application, and payment of the fees hereinafter prescribed, the *department* shall be authorized to issue a certificate of registration for an apiary, setting forth the name of the owner, the specific location and the number of colonies of bees or size of the apiary authorized under such registration.

4. In issuing certificates of registration for apiaries established and registered as now provided by law, if there is a conflict between applicants with respect to location, the *department* shall give preference to the applicant having the oldest continuous established location.

5. Certificates of registration shall not be issued for new locations of apiaries which are within such close proximity to established registered apiaries that there is or may be danger of spread of disease, or that such proximity will or may interfere with the proper feeding and honey flow of such established apiaries.

6. Before authorizing the establishment of new locations, the *department* shall give notice of at least ten (10) days by registered letter to all registered apiarists likely to be affected by the proposed new location so that any party affected may file written protests with the *department* against authorizing such new locations. In the event a written protest is filed, the *department* may require a hearing and notice of the time and place of such hearing shall be given all parties interested by registered mail at least ten (10) days before the date set for the hearing.

7. It shall be unlawful for the owner of any established registered apiary to change locations without first receiving from the *department* a permit to establish such new location. location is not used within sixty (60) days after a permit is issued, then such permit shall lapse and all right thereunder shall terminate. Provided further that permits for new locations shall not be issued for greater areas than the applicant can show are reasonably necessary for his needs consistent with good beekeeping practices.

8. *Suitable evidence of registration furnished by the department shall be posted in a conspicuous place at or near the location of the colony of honeybees or beehives. If an owner has more than one location, suitable evidence of registration furnished by the department shall be posted at each location.*

9. An old apiary location which is not stocked with bees during at least part of the normal build-up or honey-producing season shall be forfeit [forfeited], and all rights thereunder shall lapse and terminate and the same shall be open for new registration at the next regular registration time.

10. Any registration not applied for by April 1st of each year hereafter shall be considered as a late registration and as such shall incur an added penalty of ten (10) per cent of the regular applicable registration fee. Registrants who fail to apply for reregistration by April 1st of each year hereafter, shall be notified of their delinquency by the *department.* Such notification shall be by registered mail, postage prepaid, and shall be deemed sufficient if deposited in a United States post office or mail box and addressed to such registrant at his last address appearing in the bee location registration files of the *department* at least ten (10) days prior to May first. Any location for which application for reregistration is not made by May first of each year hereafter shall be forfeit [forfeited] and all rights thereunder shall lapse and terminate.

11. Any apiary not regularly attended in accordance with good beekeeping practice and which comprises a hazard or threat to disease control in the beekeeping industry may be considered an abandoned apiary and will be subject to seizure by the *department.* Any diseased equipment or equipment *by reason of its physical condition or construction cannot be inspected,* may be burned and the remainder may be sold at public auction, proceeds after the cost of sale are deducted to be returned to the former owner or his estate; provided, however, that before burning any such equipment, or causing the same to be sold, the *department,* shall give the owner of, or person in charge thereof, a written notice at least five (5) days prior to the date on which said property will be burned or sold. This notice to be given by registered mail or personally served upon the owner of, or person in charge of, such property. *If the owner or person in charge cannot be located, a registered letter sent to the owner's last address registered with the department is sufficient notice under this section.*

HeinOnline -- 1973 vol. II 1187 1973

12. Any right a beekeeper may have to a location may be sold or transferred to a purchaser subject to the provisions of this act, provided all bees and equipment thereon are sold to said purchaser."

Section 4. Section 82-808, R.C.M. 1947, is amended to read as follows:

"82-808. **Registration fees.** Each year before a certificate of registration shall be issued for any apiary, the owner or applicant for such certificate shall pay to the *department* a registration fee in accordance with the following schedule of fees for the total number of colonies owned or possessed by each applicant, firm or corporation in the state of Montana:

1 to 10 colonies of bees	$ 2.50

Section 5. Section 82-809, R.C.M. 1947, is amended to read as follows:

"82-809. **Inspection of** *bees or* **used beekeeping equipment transported** *interstate.* It shall be unlawful to transport or bring into the state of Montana any used beekeeping equipment or containers, including honey to be extracted, unless it is certified and duly marked as disease-free by *an official responsible for apiary regulations* of the state from which it is being moved. The *department* shall be advised in advance of the date of entry and the destination of said material. In addition, any previously used equipment transported into the state shall be quarantined by the *department* in accordance with the provisions of subdivision *3* of section 82-806, from the time it enters the state until it has been in use while under quarantine for a minimum of ninety (90) days and at least until the following July first.

HeinOnline -- 1973 vol. II 1188 1973

bees or beekeeping equipment which are to be transported from Montana to a state which requires an inspection in the state of origin.

The costs of making inspections *provided in this section* shall be paid in advance by the owner of *the bees or* equipment and shall include a per diem of ten dollars ($10.00) and all necessary traveling expenses and a fee of five dollars ($5.00) for the issuance of a certificate of health. If inspection by an official of any other state is deemed insufficient for the protection of the Montana bee industry by the *department,* the *department* will so state by public statement, and importation of beekeeping materials, including honey for extracting, from such state shall be denied, unless the same is first inspected by the *department* and there is obtained from *it* a certificate of inspection showing that the same is apparently free from contagious or infectious disease. The costs of making such inspection shall be paid by the person requesting the same and inspection may be made at any point outside the state of Montana convenient to the person making the inspection. The *department* may require that the costs of making such inspection be paid in advance and such costs shall include per diem of ten dollars ($10.00) and of necessary traveling expenses, and a fee of five dollars ($5.00) for the issuance of the certificate of inspection. Such beekeeping materials shall also be subject to quarantine as hereinbefore in this section provided."

CHAPTER NO. 493

An Act Providing for Election of Employers and Employees to Come Under the Workmen's Compensation Act; Providing for Actions Against Third Party Causing Injury; Providing for a Right to Subrogation; and Repealing Section 92-204, R.C.M. 1947.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. There is a new section to be numbered 92-204.1, R.C.M. 1947, which reads as follows:

92-204.1. **Election of employer and employee to come under act—action against third party causing injury—right to subrogation.** Where both the employer and employee have elected to come under this act, the provisions of this act shall be exclusive, and such election shall be held to be a surrender by such employer and the servants, and employees of such employer and such employee, as among themselves, of their right to any other method, form or kind of compensation, or determination thereof, or to any other compensation, or kind of determination thereof, or cause of action at law, suit in equity, or statutory or common-law right or remedy, or proceeding whatever, for or on account of any personal injury to or death of such employee, except as such rights may be hereinafter specifically granted; and such election shall bind the employee himself, and in case of death shall bind his personal representative, and all persons having any right or claim to compensation for his injury or death, as well as the employer, and the servants and employees of such employer, and those conducting his business during liquidation, bankruptcy or insolvency. The right to compensation and medical benefits as provided by this act shall not be affected by the fact that the injury, occupational disease or death is caused by the negligence of a third party other than the employer, or the servants or employees of the employer. Whenever such event shall occur to an employee while performing the duties of his employment and such

HeinOnline -- 1973 vol. II 1226 1973

event shall be caused by the act or omission of some persons or corporations other than his employer, or the servants or employees of his employer, then such employee, or in case of his death his heirs or personal represetative shall, in addition to the right to receive compensation under this act, have a right to prosecute any cause of action he may have for damages against such persons or corporations. Further provided, that whenever such employee shall receive an injury while performing the duties of his employment and such injury or injuries, so received by such employee, are caused by the intential and malicious act or omission of a servant or employee of his employer, then such employee, or in case of his death, his heirs or personal representatives, shall, in addition to the right to receive compensation under the Workmen's Compensation Act, have a right to prosecute any cause of action he may have for damages against such servants or employees of his employer, causing such injury. Provided, that the employer or insurer shall be entitled to full subrogation for all compensation and benefits paid or to be paid under this act, except as otherwise provided in this section. The employer's or insurer's right of subrogation shall be a first lien on such claim, judgment or recovery. The employee shall institute such third party action after giving the employer or insurer reasonable notice of his intention to institute such third party action. The employee may request that such insurer pay a proportionate share of the reasonable cost, including attorneys' fees, of such third party action. The insurer may elect not to participate in the cost of the third party action, but as such election is made the insurer shall be deemed to have waived fifty per cent (50%) of its subrogation rights granted by the section. Provided, however, that if an employee refuses or fails to institute such action within one (1) year from the date of injury, the employer or insurer may institute such third party action in his name and for his benefit or that of his personal representative. If the employee or his personnal representative institutes such third party action, he shall be entitled to at least one-third (1/3) of the amount recovered by judgment or compromise settlement less his proportionate share of the reasonable costs, including attorneys' fees, in the event the amount of recovery is insufficient to provide him with that amount after payment of subrogation. In the event the employer or insurer institutes such third part action, he shall pay to the employee any amount recovered by judgment or settlement which is in excess of the amounts paid or to be paid under this act an employer's or insurer's reasonable costs and attorneys' fees. Nothing contained in this section shall prevent the employer or insurer, including the division of workmen's compensation, from entering into compromise agreements in settlement of subrogation rights. If death

HeinOnline -- 1973 vol. II 1227 1973

results from the injury or occupational disease, the employer shall have a right of action against the third party for recovery of any amount paid under this act, and such right of action shall be in addition to any cause of action by the heirs or personal representative of the deceased. In the event that the amount of compensation and benefits payable under this act shall not have been fully determined at the time such employee or his heirs or personal representative, or the employer or insurer, shall receive settlement of his action, prosecuted as aforesaid, then the division shall determine what proportion of such settlement shall be allocated under subrogation and such determination may be appealed as any other determination of the division.

Section 2. Section 92-204, R.C.M. 1947, is repealed.

Approved: March 29, 1973.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. Section 87-106, R.C.M. 1947, is amended to read as follows:

(a) If he has left work without good cause attributable to the employment for a period of not less than two (2) nor more than five (5) weeks (in addition to and immediately following the waiting period), as determined by the *division* according to the circumstances in each case; *but, he shall not be disqualified if the division finds that:*

(1) He left his employment because of personal illness or injury not associated with misconduct, or left his employment upon the advice of a licensed and practicing physician, and after recovering from his illness or injury when recovery is certified by a licensed and practicing physician, he returned to his employer and offered his service and his regular or comparable suitable work was not available, if so found by the division, provided he is otherwise eligible.

(b) If he has been discharged:

(1) For misconduct connected with his work, or affecting his employment, for a period of not less than two (2) nor more than nine (9) weeks (in addition to and immediately following the waiting period), as determined by the *division* in each case according to the seriousness of the misconduct.

(2) For gross misconduct connected with his work or committed on the employer's premises, as determined by the *division,* for a period of twelve (12) months.

(c) If he failed, without good cause, either to apply for available and suitable work when so directed by the employment office or the *division* or to accept suitable work offered to him which he is physically able and mentally qualified to perform, or to return to his customary self-employment (if any) when so directed by the *division.* Such disqualification shall continue for the week in which such failure occurred and for not less than two (2) nor more than five (5) weeks in addition to the waiting

HeinOnline -- 1973 vol. II 1236 1973

week which immediately follow such week as determined by the *division* according to the circumstances in each case.

(1) In determining whether or not any work is suitable for an individual, the *division* shall consider the degree of risk involved to his health, safety, and morals, his physical fitness and prior training, his experience and previous earnings, his length of unemployment and prospects for securing local work in his customary occupation, and the distance of the available work from his residence.

(2) Notwithstanding any other provisions of this act, no work shall be deemed suitable and benefits shall not be denied under this act to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(A) If position offered is vacant due directly to a strike, lockout, or other labor dispute;

(B) If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality;

(C) If as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

(d) For any week with respect to which the *division* finds that his total unemployment is due to a stoppage of work which exists because of a labor dispute at the factory, establishment, or other premises at which he is or was last employed, provided that this subsection shall not apply if it is shown to the satisfaction of the *division* that—

(1) He is not participating in or financing or directly interested in the labor dispute which caused the stoppage of work; and

(2) He does not belong to a grade or class of workers of which immediately before the commencement of the stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating in or financing or directly interested in the dispute;

Provided, that if in any case separate branches of work which are commonly conducted as separate businesses in separate premises are conducted in separate departments of the same premises, each such department shall, for the purpose of this subsection, be deemed to be a separate factory, establishment, or other premises; provided, further, that if the *division,* upon investigation, shall find that such labor dispute is caused by the failure or refusal of any employer to conform to the provisions of any law of the state

HeinOnline -- 1973 vol. II 1237 1973

wherein the labor dispute occurs or of the United States pertaining to collective bargaining, hours, wages or other conditions of work, such labor dispute shall not render the workers ineligible for benefits.

(1) Wages in lieu of notice or separation or termination allowance;

(2) Compensation for disability under the Workmen's Compensation Law or the Occupational Disease Law of this or any other state or under a similar law of the United States, provided, however, that when an injured claimant has ceased to draw compensation benefits and shall have returned to the labor market, he shall then be entitled to receive unemployment compensation benefits under this title, if he shall be otherwise qualified. Provided further, that compensation which is received as a payment for a permanent partial disability shall not be computed to be spread over a period of weeks in advance so as to bar the recipient from receiving unemployment compensation benefits under this title, provided the recipient has returned to the labor market and is otherwise qualified;

(3) Benefits under the Railroad Unemployment Insurance Act or any state unemployment compensation act or similar laws of any state or of the United States. This disqualification does not apply to any week with respect to which an individual is receiving or has received benefits under an unemployment compensation law of another state or of the United States, if such benefits are paid pursuant to section 87-129.

Receipt of any wages, compensation or benefits as set forth in subsection (1), (2), or (3) above, after payment of unemployment benefits, and with respect to the same week for which unemployment benefits were received, will thereupon require such individual to repay such unemployment benefits and the *division* may collect such unemployment benefits in the same manner as provided for collection of benefits under section 87-145 (d).

(f) During the school year (within the autumn, winter and spring seasons of the year) or the vacation periods within such school year or during any prescribed school term if claimant is a student regularly attending an established educational institution. Notwithstanding any other provisions in this subsection, no otherwise eligible individuals shall be denied benefits for any week because he is in training approved by the *division,* nor shall such individual be denied benefits with respect to any week in which he is in training approved by the *division* by reason of the appli-

This disqualification does not extend to the receipt of benefits under the Federal Social Security Act, as amended.

(h) For any week wherein claimant leaves her most recent employment during pregnancy, and due to such pregnancy, and such disqualifications shall continue through the period of pregnancy unless claimant presents evidence of her physical ability to work at such employment. Further, at any time during the first two (2) months following childbirth, a claimant, to establish eligibility, must present evidence of her physical ability to work at such employment. In any of the cases set forth hereinbefore, such evidence of eligibility must be in the form of certificate of a duly licensed physician that such claimant is physically able to work at her most recent employment, and such evidence must be presented as often as requested by the *division.*"

Section 1. Section 16-2618, R.C.M. 1947, is amended to read as follows:

"16-2618. **Deposit of public funds by county, city and town treasurers.** (1) It shall be the duty of all county, city and town treasurers to deposit all public moneys in their possession and under their control in any solvent bank or banks located in the

HeinOnline -- 1973 vol. II 1239 1973

county, city or town of which such treasurer is an officer, subject to national supervision or state examination as the board of county commissioners in the case of a county, or of the council in the case of a city or town, may designate, and no other. The treasurer shall take from such bank such security as the board of county commissioners, in the case of a county, or the council in the case of a city or town, may prescribe, approve and deem fully sufficient and necessary to insure the safety and prompt payment of all such deposits, together with the interest on any time or savings deposits, provided that said board of county commissioners or city or town council is hereby authorized to deposit such public moneys not necessary for immediate use by such county, city or town with any bank authorized herein above in a savings or time deposit; *provided that the bank or banks in which the money is deposited shall pay on the moneys the same rate of interest as is paid on money from private sources on the same terms. Refusal of any bank to pay said interest rate shall constitute a waiver of that bank's right to participate in the ratable distribution of said moneys as set forth in subsection (4) of this act,* and provided that said board of county commissioners, or city or town council is hereby authorized to invest such public moneys not necessary for immediate use by such county, city or town, in direct obligations of the United States government, payable within not to exceed one hundred eighty (180) days from the time of such investment.

(2) Said board of county commissioners, city or town council may require security for only such portion of deposits as is not guaranteed or insured according to law. Such security shall consist of cashier's check or checks issued by the Federal Reserve Bank, bonds of the United States government and its dependents, bonds guaranteed by the United States government or its dependents, bonds and warrants of the state of Montana, bonds and warrants of any county of the state of Montana, and bonds of any city, town or school district of the state of Montana, which are a general obligation of such county, city, town or school district, bonds of the Federal Land Banks, Federal Intermediate Credit Bank debentures, Federal Home Loan Bank notes and bonds, Bank for Co-operatives' debentures, Federal National Mortgage Association notes, bonds and guaranteed certificates of participation, obligations of or fully guaranteed by the Government National Mortgage Association, Farmers' Home Administration insured notes, notes fully guaranteed as to principal and interest by the Small Business Administration, Federal Housing Administration debentures, general obligation bonds of other states and counties of other states and bonds issued in the United States of America, which are quoted on the New York market which shall be acceptable at not to exceed ninety per centum (90%) of such market quotation.

HeinOnline -- 1973 vol. II 1240 1973

(3) When negotiable securities are furnished, such securities may be placed in trust and the trustee's receipt may be accepted in lieu of the actual securities when such receipt is in favor of the treasurer, his successors and the state of Montana, and the form of receipt and the trustee have been approved by the state examiner. All warrants or other negotiable securities must be properly assigned or endorsed in blank. It shall be the duty of the board of county commissioners in the case of county funds, or the council in the case of funds of a city or town, upon the acceptance and approval of any of the above-mentioned bonds or securities, to make a complete minute entry of such acceptance and approval upon the record of their proceedings, and such bonds and securities shall be reapproved at least quarter annually thereafter.

(4) When more than one bank is available in any county, for the deposit of county funds, or in any city or town for the deposit of city or town funds, such deposits shall be distributed ratably among all of such banks qualifying therefor, substantially in proportion to the paid-in capital and surplus of each such bank willing to receive such deposits under the terms of this act, and it shall be the duty of said county, city or town treasurer to prorate all such deposits among all of the banks qualified to receive the same as in this act provided, to the end that an equitable distribution of such deposits shall be maintained.

(5) Whenever it shall come to the attention of the state examiner that the funds of any county, city or town are not properly distributed as provided in this act, the state examiner shall order the treasurer of such county, city or town to distribute said funds in accordance herewith, and if such treasurer shall refuse or neglect to comply with such order, it shall be the duty of the state examiner to institute proceedings against such treasurer at the cost of the county, city or town of which such treasurer is an officer, on the official bond of such treasurer. If no such bank exists in the county, city or town, or if any bank or banks existing therein fails or refuses to qualify under the terms of this act to receive such deposits, then and in such case, or in either of such cases, such moneys as have not been accepted by any bank or banks within said county, city or town, shall be deposited under the terms of this act, in the bank or banks most convenient to such county, city or town, willing to accept such deposits under the terms of this act, and qualified as above provided. Any bank or banks receiving such deposits, shall, through its president and cashier, make a statement quarter annually of account, under oath, showing all such moneys that have been deposited with such bank during the quarter, the amount of daily balance in dollars, and the amount of interest by such bank or banks credited or paid therefor, and showing that neither such bank nor any officer thereof,

HeinOnline -- 1973 vol. II 1241 1973

nor any person for it, has paid or given any consideration or emolument. whatsoever to the treasurer or to any other person other than the interest provided for herein, for or on account of the making of such deposits, with any such bank. All such deposits shall be subject to withdrawal by the treasurer in such amounts as may be necessary from time to *time,* and no deposit of funds shall be made, or permitted to remain in any bank, until the security for such deposits shall have been first approved by the board of county commissioners in the case of county funds, or by the council in the case of city or town funds, and delivered to the treasurer.

(6) Except as provided in subsection (8) of this section, all interest paid and collected on such deposits or investments shall be credited to the general fund of the county, city or town to whose credit such funds are deposited. Where moneys shall have been deposited in accordance with the provisions of this act, the treasurer shall not be liable for loss on account of any such deposit that may occur through damage by the elements or for any other cause or reason occasioned through means other than his own neglect, fraud, or dishonorable conduct.

(7) Any bank pledging securities as provided in this act at any time it deems advisable or desirable may substitute like securities for all or any part of the securities pledged. The collateral so substituted shall be approved by the governing body of the county, city or town at its next official meeting. Such securities so substituted shall at the time of substitution be at least equal in principal amount to the securities for which substitution is made. In the event that the securities so substituted are held in trust, the trustee shall, on the same day the substitution is made, forward by registered or certified mail to the county, city or town and to the depository bank, a receipt specifically describing and identifying both the securities so substituted and those released and returned to the depository bank.

(8) Whenever in the judgment of the trustees of any common school district, high school district, or county high school it would be advantageous to invest any money of such school or school district in savings or time deposits in a state or national bank insured by the F.D.I.C., or in direct obligations of the United States government, payable within one hundred eighty (180) days from the time of investment, such governing body may in its discretion direct the county treasurer to make such investments. All interest collected on such deposits or investments shall be credited to the fund from which the money was withdrawn, provided that nothing in this act shall be interpreted to conflict with section 16-2050."

(6) It shall be the responsibility of the governing body to require the replacement of all monuments removed in the course of construction.

Section 5. (1) The governing body of every county, city, and town shall, before July 1, 1974, adopt and provide for the enforcement and administration of subdivision regulations reasonably providing for the orderly development of their jurisdictional areas; for the coordination of roads within subdivided land with other roads, both existing and planned; for the dedication of land for roadways and for public utility easements; for the improvement of roads; for the provision of adequate open spaces for travel, light, air and recreation; for the provision of adequate transportation, water, drainage, and sanitary facilities; for the avoidance or minimization of congestion; and for the avoidance of subdivision which would involve unnecessary environmental degradation; and the avoidance of danger or injury to health, safety, or welfare by reason of natural hazard or the lack of water, drainage, access, transportation or other public services or would necessitate an excessive expenditure of public funds for the supply of such services.

HeinOnline -- 1973 vol. II 1246 1973

Prior to adopting or amending subdivision regulations pursuant to this act, the governing body shall submit the proposed regulations or amendments to the division of planning and economic development of the department of intergovernmental relations for review.

Before the governing body adopts subdivision regulations pursuant to this section it shall hold a public hearing thereon and shall give public notice of its intent to adopt such regulations and of the public hearing by publication of notice of the time and place of the hearing in each newspaper published in the county not less than fifteen (15) nor more than thirty (30) days prior to the date of the hearing.

(2) Not later than December 31, 1973, the department of intergovernmental relations, through its division of planning and economic development, shall, in conformance with the Montana Administrative Procedure Act (sections 82-4201 through 82-4225), prescribe model subdivision rules and reasonable minimum requirements designed to promote the public health, safety and general welfare to be contained in, and those subject areas which must be addressed by, subdivision regulations adopted pursuant to this act. The subdivision rules and minimum requirements shall include detailed criteria for the content of the environmental assessment required by this act. The governing body shall provide for the review of preliminary plats by those agencies of state and local government and affected public utilities having a substantial interest in proposed subdivision; provided, however, that such agency or utility review shall not delay the governing body's action on the plat beyond the time limit specified herein, and the failure of any agency to complete a review of a plat shall not be a basis for rejection of the plat by the governing body.

(3) In prescribing the minimum contents of the subdivision regulations, the department of intergovernmental relations, through its division of planning and economic development, shall require the submission by the subdivider to the governing body of an environmenetal assessment.

(4) The environmental assessment shall accompany the preliminary plat and shall include:

HeinOnline -- 1973 vol. II 1247 1973

of the proposed subdivision, and their suitability for any proposed developments in those several parts;

(c) a community impact report containing a statement of anticipated needs of the proposed subdivision for local services, including education and busing, roads and maintenance, water, sewage, and solid waste facilities, and fire and police protection;

(d) such additional relevant and reasonable information as may be required by the department through its division of planning and economic development.

(5) Local subdivision regulations shall include procedures for the summary review and approval of subdivision plats containing five (5) or fewer parcels all of which front on an existing public road where no land in the subdivision will be dedicated to public use and which have been approved by the department of health and environmental sciences where such approval is required by sections 69-5001 through 69-5005; provided that reasonable local regulations may contain additional requirements for summary approval.

(6) Subdivision regulations may authorize the governing body to grant variances from the regulations when strict compliance will result in undue hardship and when it is not essential to the public welfare. Any variance granted pursuant to this subsection must be based on specific variance criteria contained in the subdivision regulations.

(7) Local regulations may provide that in lieu of the completion of the construction of any public improvements prior to the approval of a final plat, the governing body shall require a bond or other reasonable security, in an amount and with surety and conditions satisfactory to it, providing for and securing the construction and installation of such improvements within a period specified by the governing body and expressed in the bonds or other security.

(8) In the event that any governing body has not adopted subdivision regulations by July 1, 1974, which meet or exceed the prescribed minimum requirements, the department shall, through its division of planning and economic development, no later than January 1, 1975, promulgate reasonable regulations to be enforced by the governing body. If at any time thereafter the governing body adopts its own subdivision regulations, these shall supersede those promulgated by the department but shall be no less stringent.

Section 6. (1) A subdivision plat in which any lot is five (5) acres or less in size shall show that one-ninth (1/9) of the

HeinOnline -- 1973 vol. II 1248 1973

platted area, exclusive of all other dedications, is forever dedicated to the public for parks and playgrounds.

A subdivision plat in which all lots shown are greater than five (5) acres in size shall show that one-twelfth (1/12) of the platted area, exclusive of all other dedications, is forever dedicated to the public for parks and playgrounds. There shall be no requirement for dedication of parks and playgrounds when the subdivision plat show that all lots or parcels are greater than ten (10) acres in size. The governing body, in consultation with the planning board having jurisdiction, may determine suitable locations for such parks and playgrounds.

(2) Where, because of size, topography, shape, location, or other circumstances, the dedication of land for parks and playgrounds is undesirable, the governing body may, for good cause shown, make an order to be endorsed and certified on the plat accepting a cash donation in lieu of the dedication of land and equal to the fair market value of the amount of land that would have been dedicated. For the purpose of this section, the fair market value is the value of the unsubdivided, unimproved land. Such cash donation shall be paid into the park fund to be used for the purchase of additional lands or for the initial development of parks and playgrounds.

(3) If the proposed plat provides for a planned unit development with land permanently set aside for park and recreational uses sufficient to meet the needs of the persons who will ultimately reside therein, the governing body may issue an order waiving land dedication and cash donation requirements.

(4) If a tract of land is being developed under single ownership as a part of an overall plan, and part of the tract has been subdivided and sufficient park lands have been dedicated to the public from the area that has been subdivided to meet the requirements of this section for the entire tract being developed, the governing body shall issue an order waiving the land dedication and cash donation requirements for the subsequently platted area.

(5) The local governing body may waive dedication and cash donation requirements where all of the parcels in a subdivision are five (5) acres or more in size and where the subdivider enters a covenant to run with the land and revocable only by consent of the governing body that the parcels in the subdivision will never be subdivided into parcels of less than five (5) acres and that all parcels in the subdivision will be used for single family dwellings.

Section 7. Where a subdivision platted under this act contains land to be dedicated to public use, the subdivider shall submit with the preliminary plat either:

HeinOnline -- 1973 vol. II 1249 1973

(1) a certificate of a licensed title abstractor showing the names of the owners of record of the land to be dedicated and the names of lien holders or claimants of record against the land and the written consent to the dedication by the owners of the land, if other than the subdivider, and any lien holders or claimants of record against the land; or

(2) title insurance guaranteeing the public's interest in the dedicated land in a reasonable amount to be determined by the governing body.

Section 8. (1) Except where a plat is eligible for summary approval the subdivider shall present to the governing body, or the agent or agency designated thereby, the preliminary plat of the proposed subdivision for local review. When the proposed subdivision lies within the boundaries of an incorporated city or town, the preliminary plat shall be submitted to and approved by the city or town governing body. When the proposed subdivision is situated entirely in an unincorporated area the preliminary plat shall be submitted to and approved by the governing body of the county; however, if the proposed subdivision lies within one (1) mile of a third class city or town or within two (2) miles of a second class city or within three (3) miles of a first class city the county governing body shall submit the preliminary plat to the city or town governing body for review and comment. If the proposed subdivision lies partly within an incorporated city or town, the proposed plat thereof must be submitted to and approved by both the city or town and the county governing bodies. This section does not limit the authority of certain municipalities to regulate subdivisions beyond their corporate limits pursuant to section 11-3305.

(2) The governing body shall approve, conditionally approve, or reject the preliminary plat within sixty (60) days of its presentation. The preliminary plat shall show all pertinent features of the proposed subdivision and all proposed improvements. The governing body or its designated agent or agency shall review the preliminary plat to determine whether it conforms to the local master plan if one has been adopted pursuant to sections 11-3801 through 11-3856 to the provisions of this act, and to rules and regulations prescribed or adopted pursuant to this act.

(3) The governing body or its authorized agent or agency shall hold a public hearing on the preliminary plat and shall consider all relevant evidence relating to the public health, safety and welfare, including the environmental assessment, to determine whether the plat should be approved, conditionally approved, or disapproved by the governing body. Notice of such hearing shall be given by publication in a newspaper published in the county

HeinOnline -- 1973 vol. II 1250 1973

not less than fifteen (15) days prior to the date of the hearing. When a hearing is held by an agent or agency designated by the governing body, the agent or agency shall act in an advisory capacity and recommend to the governing body the approval, conditional approval, or disapproval of the plat. This recommendation must be submitted to the governing body in writing not later than ten (10) days after the public hearing. If the governing body rejects or conditionally approves the preliminary plat, it shall forward one (1) copy of the plat to the subdivider accompanied by a letter over the appropriate signature stating the reason for rejection or enumerating the conditions which must be met to assure approval of the final plat.

(4) Upon approving or conditionally approving a preliminary plat, the governing body shall affix a dated and signed statement of approval to the preliminary plat. The governing body shall forward one (1) copy of the approval statement to the subdivider. This approval shall be in force for not more than one (1) calendar year; at the end of this period the governing body may, at the request of the subdivider, extend its approval for no more than one (1) calendar year.

Section 9. (1) All final subdivision plats shall be reviewed for errors and omissions in calculation or drafting by an examining land surveyor. He shall ascertain that all features, such as streets, drainage, and all other improvements and facilities to be operated or maintained with public funds, are essentially the same as those shown on the approved preliminary plat; that the permanent control monuments meet requirements prescribed pursuant to this act; that all exterior boundaries and corners of the tract are shown in sufficient detail so as to leave no doubt as to how they were established; and that all monuments and references marking exterior corners conform to standards of size and position promulgated pursuant to this act. When the survey data shown on the plat meet the conditions set forth by or pursuant to this act, the examining land surveyor shall so certify in a printed or stamped certificate on the plat; such certificate shall be signed by him.

No land surveyor shall act as an examining land surveyor in regard to a plat in which he has a financial or personal interest other than as draftsman of the plat.

(2) The governing body shall examine every final subdivision plat and shall approve it when, and only when, it conforms to the conditions of approval set forth on the preliminary plat and to the terms of this act and regulations adopted pursuant thereto. The clerk and recorder of the county shall refuse to

HeinOnline -- 1973 vol. II 1251 1973

accept any plat for record that fails to have such approval in proper form.

(3) Every final subdivision plat must be filed for record with the county clerk and recorder before any interest in the subdivided land can be sold, rented, leased, or transferred in any manner or offered for sale, lease, or transfer. If illegal tranfers or offers of any manner are made, the county attorney shall commence action to enjoin further sales, transfers, or offers of sale or transfer and compel compliance with all provisions of this act. The cost of such action shall be imposed against the person transferring or offering to transfer the property.

Section 10. The governing body may establish reasonable fees to be paid by the subdivider to defray the expense of reviewing subdivision plats.

Section 11. All covenants shall be considered to run with the land, whether marked or noted on the subdivision plat or contained in a separate instrument recorded with the plat.

Section 12. (1) Any plat prepared and recorded as herein provided may be vacated either in whole or in part as provided by sections 11-2801 and 11-2803, and upon such vacation the title to the streets and alleys of such vacated portions to the center thereof shall revert to the owners of the properties within the platted area adjacent to such vacated portions; provided however, that when any pole line, pipe line, or any other public or private facility that is located in a vacated street or alley at the time of the reversion of the title thereto, the owner of said public or private utility facility shall have an easement over the vacated land to continue the operation and maintenance of the public utility facility.

(2) All plats and other title records which were recorded prior to the effective date of this act in accordance with the law in force at the time of recording and which have not been subsequently vacated are hereby validated, notwithstanding irregularities, and have the same legal status as plats recorded under the provisions of this act.

(3) The recording of any plat made in compliance with the provisions of this act shall serve to establish the identity of all lands shown on and being a part of such plat. Where lands are conveyed by reference to a plat, the plat itself or any copy of the plat properly certified by the county clerk and recorder as being a true copy thereof, shall be regarded as incorporated into the instrument of conveyance and shall be received in evidence in all courts of this state.

HeinOnline -- 1973 vol. II 1252 1973

Section 13. Every donation or grant to the public, or to any person, society, or corporation, marked or noted on a plat is to be considered a grant to the donee.

Section 14. (1) Within one hundred eighty (180) days of the completion of a survey the registered land surveyor responsible for the survey, whether he is privately or publicly employed, shall prepare and file for record a certificate of survey in the county in which the survey was made if the survey:

(a) provides material evidence not appearing on any map filed with the county clerk and recorder or contained in the records of the United States bureau of land management;

(b) reveals a material discrepancy in such map;

(c) discloses evidence to suggest alternate locations of lines or points;

(d) establishes one or more lines not shown on a recorded map the positions of which are not ascertainable from an inspection of such map without trigonometric calculations.

(2) A certificate of survey will not be required for any survey which is made by the United States bureau of land management or which is preliminary or which will become part of a subdivision plat being prepared for recording under the provisions of this act.

(3) Certificates of survey shall be legibly drawn, printed, or reproduced by a process guaranteeing a permanent record and shall conform to monumentation and surveying requirements promulgated under this act.

Section 15. The county clerk and recorder shall maintain an index of all recorded subdivision plats and certificates of survey. This index shall list plats and certificates of survey by the quarter section, section, township, and range in which the platted or surveyed land lies and shall list the recording or filing numbers of all plats depicting lands lying within each quarter section. Each quarter section list shall be definitive to the exclusion of all other quarter sections. The index shall also list the names of all subdivision plats in alphabetical order and the place where filed.

Section 16. When a recorded plat does not definitely show the location or size of lots or blocks, or the location or width of any street or alley, the governing body may at its own expense cause a new and correct survey and plat to be made and recorded in the office of the county clerk. The corrected plat must, to the extent possible, follow the plan of the original survey and plat. The surveyor making the resurvey shall endorse the corrected plat

HeinOnline -- 1973 vol. II 1253 1973

referring to the original plat and noting the defect existing therein and the corrections made.

Section 17. Every registered land surveyor may administer and certify oaths:

(1) when it becomes necessary to take testimony for the identification of old corners or reestablishment of lost or obliterated corners;

(2) when a corner or monument is found in a deteriorating condition and it is desirable that evidence concerning it be perpetuated;

(3) when the importance of the survey makes it desirable to administer an oath to his assistants for the faithful performance of their duty.

A record of oaths shall be preserved as part of the field notes of the survey, and noted on the certificate of survey filed under this section.

Section 18. Any person who violates any provision of this act or any local regulations adopted pursuant thereto shall be guilty of a misdemeanor and punishable by a fine of not less than one hundred dollars ($100) or more than five hundred dollars ($500) or by imprisonment in a county jail for not more than three (3) months, or by both fine and imprisonment. Each sale, lease or transfer, or offer for sale, lease, or transfer of each separate parcel of land in violation of any provision of this act or any local regulation adopted pursuant thereto shall be deemed a separate and distinct offense.

Section 19. If any provision of this act or its application to any person or circumstances is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

Section 20. Sections 11-601 through 11-616, 11-3843 through 11-3848, and 11-3851, R.C.M. 1947, are repealed.

CHAPTER NO. 501

An Act Providing for the Issuance of Bonds By Airport Authorities; Amending Sections 1-804, 1-912 and 1-916, R.C.M. 1947.

Be it enacted by the Legislative Assembly of the State of Montana:

HeinOnline -- 1973 vol. II 1254 1973

Section 1. Section 1-912, R.C.M. 1947, is amended to read as follows:

"1-912. **Bonds and other obligations.** *(1)* An authority shall have the power to borrow money for any of its corporate purposes and issue its bonds therefor, including refunding bonds, in such form and upon such terms as it may determine, payable out of any revenues of the authority, including *revenues derived from:*

(a) an airport or air navigation facility or facilities,

(b) taxes levied pursuant to section 1-916, or other law, for airport purposes,

(c) grants or contributions from the federal government or

(d) other sources.

The bonds may be *issued by resolution or resolutions of the authority, without an election, and without any limitation of amount except as follows: No such bonds shall be issued at any time if the total amount of principal and interest to become due in any year on such bonds, and on any then outstanding bonds for which revenues from the same source or sources are pledged, exceeds the amount of such revenues to be received in that year as estimated in the resolution authorizing the issuance of the bonds; and the authority shall be obligated to take all action necessary and possible to impose, maintain and collect rates, charges, rentals and taxes, if any are pledged, sufficient to make the revenues from the pledged source or sources in such year at least equal to the amount of such principal and interest due in that year. They may be* sold at public or private sale *and* shall bear interest at a rate or rates not exceeding ten per centum (10%) per annum. *Except as otherwise provided herein, any* bonds issued pursuant to this chapter by an authority shall be payable as to principal and interest solely from revenues of *the authority,* and shall state on their face *the* applicable *limitations* or *restrictions regarding the source or sources from which such principal and interest are payable.*

Bonds issued by an authority or municipality pursuant to the provisions of this chapter are declared to be issued *for an essential public and governmental purpose by a political subdivision within the meaning of section 84-4905(2)(a).*

For the security of any such bonds, the authority or municipality may by resolution make and enter *into* any covenant, agreement, or indenture *and exercise any additional powers* authorized to be made, *entered into or exercised by a municipality under title 11, chapter 24.* The sums required from time to time to pay principal and interest and to create and maintain a reserve for the

HeinOnline -- 1973 vol. II 1255 1973

bonds may be made payable from any and all revenues referred to in this chapter, prior to the payment of current costs of operation and maintenance of the facilities.

(2) Subject to the conditions stated in this paragraph (2) the governing body of any municipality having a population in excess of ten thousand (10,000) may, with respect to bonds issued pursuant to this chapter by the municipality or by an authority in which the municipality is included, by resolution covenant that, in the event that at any time all revenues, including taxes, appropriated and theretofore collected for such bonds are insufficient to pay principal or interest then due, *it will* levy a general tax upon all of the taxable property in the municipality for the payment of such deficiency and *may further covenant that* at any time a deficiency is likely to occur within one (1) year for the payment of principal and interest due on such bonds, *it will* levy a general tax upon all the taxable property in the municipality for the payment of such deficiency, and such taxes shall not be subject to any limitation of rate or amount applicable to other municipal taxes *but shall be limited to a rate estimated to be sufficient to produce the amount of the deficiency. In the event more than one municipality having a population in excess of ten thousand (10,000) is included in an authority issuing bonds pursuant to this chapter, the municipalities may apportion the obligation to levy taxes for the payment of or in anticipation of a deficiency in the revenues appropriated for such bonds in such manner as the municipalities shall determine. The resolution shall state the principal amount and purpose of the bonds and the substance of the covenant respecting deficiencies. No such resolution shall become effective until the question of its approval has been submitted to the qualified electors of the municipality at a special election called for said purpose by the governing body of the municipality and a majority of the electors voting on the question have voted in favor thereof. The notice and conduct of the election shall be governed, to the extent applicable, by section 11-2308 and 11-2310 for an election called by cities and towns and section 16-202 and 16-2026 for an election called by counties. If a majority of the electors voting thereon vote against approval of the resolution, the municipality shall have no authority to make the covenant or to levy a tax for the payment of deficiencies pursuant to this section, but such municipality or authority may nevertheless issue bonds under this chapter payable solely from the sources referred to in paragraph (1) above."*

Section 2. Section 1-916, R.C.M. 1947, is amended to read as follows:

"1-916. **Tax levy may be certified by airport authority or municipality.** The airport authority may certify annually to the

HeinOnline -- 1973 vol. II 1256 1973

governing bodies, the amount of tax to be levied by each municipality participating in the creation of the airport authority, and the municipality *shall* levy the amount certified, pursuant to provisions of law authorizing cities and other political subdivisions of this state to levy taxes for airport purposes. The levy made shall not exceed the maximum levy permitted by the laws of this state for airport purposes *or any such lower limit as may have been established by the municipality or municipalities in the resolution creating the authority.* The municipality shall collect the taxes certified by an airport authority in the same manner as other taxes are levied and collected and make payment to the airport authority. The proceeds of such taxes when and as paid to the airport authority shall be deposited in a special account or accounts in which other revenues of the authority are deposited and may be expended by the authority as provided for in this chapter. Prior to the issuance of bonds under section 1-912 the airport authority or the municipality may by resolution covenant and agree that the total amount of such taxes then authorized by law, or such portion thereof as may be specified by the resolution, will be certified, levied and deposited annually as herein provided, until the bonds and interest thereon are fully paid."

Section 3. Section 1-804, R.C.M. 1947, is amended to read as follows:

"1-804. **Tax levy for establishment and operation of airports.** For the purpose of establishing, constructing, equipping, maintaining and operating airports and landing fields under the provisions of this act the county commissioners or the city or town council may each year assess and levy in addition to the annual levy for general administrative purposes *or the all-purpose levy authorized by sections 84-4701.1 and 84-4701.2,* a tax of not to exceed two (2) mills on the dollar of taxable value of the property of said county, city or town. In the event of a jointly established airport or landing field, the county commissioners and the council or councils involved shall determine in advance the levy necessary for such purposes and the proportion each political subdivision joining in the venture shall pay, *provided that no property within any political subdivision shall be subject to a tax pursuant to this section at an annual rate in excess of two (2) mills.* Provided, that if it be found that the levy hereby authorized will be insufficient for the purposes herein enumerated, the commissioners and councils acting are hereby authorized and empowered to contract an indebtedness on behalf of such county, city or town, as the case may be, upon the credit thereof by borrowing money or issuing bonds for such purposes, provided that no money may be borrowed and no bonds may be issued for such purpose until the proposition has been

HeinOnline -- 1973 vol. II 1257 1973

submitted to the qualified electors, and a majority vote to be cast therefor, except that for the purpose of establishing a reserve fund to resurface, overlay, or improve existing runways, taxiways and ramps, said governing bodies may set up annual reserve funds in their annual budget, provided said reserve is approved by the governing bodies during the normal budgeting procedure. Provided further that the necessity to resurface or improve said runways by overlays or similar methods every so many years is based upon competent engineering estimates, and provided that said funds are expended at least within each ten (10) year period. Said fund shall not exceed at any time a competent engineering estimate of the cost of resurfacing or overlaying the existing runways, taxiways and ramps, of any one airport for each said fund. The governing body of said airport, if in its judgment deems it advantageous, may invest the fund in any interest-bearing deposits in a state or national bank insured by the F.D.I.C. or obligations of the United States of America, either short-term or long-term. Interest earned from such investments shall be credited to the operations and maintenance budget of said airport governing body. The above provisions, notwithstanding other budget control measures, and due to the uniqueness of the subject matter, are hereby declared necessary in the interests of the public health and safety."

Approved: April 2, 1973.

The board may withdraw or reserve, at any time, sufficient state land administered by the board as may be necessary for the proper care and management of such sites and objects. from the department. Said permits are to be granted only after careful consideration of the application for a permit, and be subject to the strict compliance with the following guidelines:

(a) Permits may be granted only for work to be undertaken by reputable museums, universities, colleges, or other historical, scientific or educational institutions, societies or persons with a view toward dissemination of knowledge about cultural properties, provided no such permit shall be granted unless the department is satisfied that the applicant or applicants possess the necessary qualifications to guarantee the proper excavation of those sites and objects which may add substantially to man's knowledge about Montana and its antiquities.

The department shall determine the appropriate time period allowable between all work undertaken, and submission of the summary report.

(c) Permits will be preferentially granted to resident persons unless in the event that a state person is unavailable, unqualified, or uninterested in the work proposed for investigation. Upon hearing of the petition for injunction, the court may restrain waste, removal or destruction upon said site, or of such object for a period of one (1) year. The court may also provide in its order that during such period the department shall present to the parties involved a program for the protection, preservation, restoration and maintenance of the registered site or registered objects.

Section 11. Any person who shall willfully injure, remove or damage any registered site or object thereon without obtaining a permit or shall violate any of the regulations made by the department relating to state parks, historical, paleontological or prehistorical sites, buildings, structures, monuments or objects, shall be guilty of a misdemeanor and shall upon conviction be fined not more than one thousand dollars ($1,000), or be imprisoned in the county jail for not more than six (6) months, or both such fine and imprisonment.

(3) Any records, reports, or information obtained under this section shall, in the case of effluent data, be related to any applicable effluent limitations, toxic, pretreatment, or new source performance standards.

establishing a time for compliance, the department shall take into account the seriousness of the violation and any good faith efforts that have been made to comply with the condition, limitation, standard or other requirement that has been violated. The compliance order issued under this section shall be personally served by an authorized employee of the department.

(3) The department is authorized to commence a civil action seeking appropriate relief, including a permanent or temporary injunction, for any violation which would be subject to a compliance order under subsection (2) of this section. Any action under this subsection may be commenced in the district court of any county in which the defendant is located or resides or is doing business, and the court shall have jurisdiction to restrain such violation and to require compliance.

Each day of violation constitutes a separate offense.

(2) *A* person who willfully violates section *69-4806, R.C.M. 1947, or any pretreatment standard established pursuant to* this act is guilty of an offense and subject to a fine not to exceed *twenty-five* thousand dollars *($25,000) per day of violation or by imprisonment for not more than one year or both. Following an initial conviction under this subsection, subsequent convictions shall subject a person to a fine of not more than fifty thousand dollars ($50,000) per day of violation, or imprisonment for not more than two (2) years, or both.*

(3) Action pursuant to [sub] section (1) of this section does not bar enforcement of this chapter or of rules or orders issued pursuant to it by injunction or other appropriate remedy. The board shall institute and maintain any and all such enforcement proceedings in the name of the state.

HeinOnline -- 1973 vol. II 1271 1973

(4) A purpose of this chapter is to provide additional and cumulative remedies to prevent, abate and control the pollution of state waters. This chapter shall not be construed to abridge or alter rights of action or remedies in equity or under the common law or statutory law, criminal or civil, nor shall any provision of this chapter or any act done by virtue of it be construed as estopping the state or any municipality or person as owners of water rights or otherwise in the exercise of their rights in equity or under the common law or statutory law to suppress nuisances or to abate pollution.

(5) All fines collected shall be deposited to the *state general fund.*

(6) Any person who knowingly makes any false statement, representation, or certification in any application, record, report, plan or other document filed or required to be maintained under this act or who falsifies, tampers with or knowingly renders inaccurate any monitoring device or method required to be maintained under this act shall upon conviction be punished by a fine of not more than ten thousand dollars ($10,000), or by imprisonment for not more than six (6) months, or both.

(7) In a civil action initiated by the department under this act, the department may ask for and the court is authorized to assess a violator for the cost of the investigation or monitoring survey which led to the establishment of the violation, and any expense incurred by the state in removing, correcting or terminating any of the adverse effects upon water quality resulting from the unauthorized discharge of pollutants."

Section 7. There is a new section to be numbered 69-4824.1, R.C.M. 1947, which reads as follows:

69-4824.1. **Additional emergency powers.** Notwithstanding any other provisions of this act, the department upon receipt of evidence that a pollution source or combination of sources is endangering the health, welfare, or livelihood of a person may bring suit in the district court of any county in which the defendant is located or resides or is doing business to enjoin the discharge of pollutants causing or contributing to the alleged pollution.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. Section 75-6204, R.C.M. 1947, is amended to read as follows:

"75-6204. **Per diem and expenses.** The members of the retirement board shall serve without direct or indirect compensation except that each appointed member shall receive *twenty-five dollars ($25)* per day and his necessary and actual expenses incurred for each day in attendance at the meetings of such board or in the execution of his duties as a member of the retirement board. All per diem and expenses paid under the provisions of this section shall be paid from the expense fund of the retirement system."

Section 2. Section 75-6206, R.C.M. 1947, is amended to read as follows:

"75-6206. **Financial administration of moneys.** The retirement board shall be the trustees of all moneys collected for the retirement system and as such trustees they shall provide for the financial administration of the moneys in the following manner:

(1) The moneys shall be invested and re-invested by the state board *of investments.*

(2) The retirement board annually shall establish the rate of regular interest.

(3) The retirement board annually shall divide among the several funds of the retirement system an amount equal to the average balance of such funds during the preceding fiscal year multiplied by the rate of regular interest. In accordance with the provisions of subsection (3) (e) of section 75-6207, the amount to be credited to each fund shall be allocated from the interest and other earnings on the moneys of the retirement system actually

HeinOnline -- 1973 vol. II 1273 1973

realized during the preceding fiscal year, less the amount allocated to the expense fund under the provisions of subsection (5) (b) of section 75-6207.

(4) The state treasurer is the custodian of the collected retirement system moneys and of the securities in which said moneys are invested. All expenditures from such moneys shall be made only upon claims signed by two (2) persons designated by the retirement board. A properly attested copy of a resolution of the retirement board designating such persons and bearing on its face specimen signatures of each person shall be filed with the state controller as his authority for approving such claims.

(5) Except as herein provided no member of the retirement board nor any of its employees shall have an interest, direct or indirect, in the gains or profits of any investment of moneys of the retirement system. No member of the retirement board nor any of its employees shall directly or indirectly for himself or as an agent in any manner use the moneys or deposits of the retirement system except to make such current and necessary expenditures as are authorized by the retirement board. No member of the retirement board nor any of its employees shall become an endorser or surety or in any manner an obligor for moneys loaned by or borrowed from the retirement system.

(6) The retirement board may in its discretion transfer the amount in the annuity savings account of an inactive member to the pension accumulation fund if the account has been dormant for a period of seven (7) years. No right of the member shall be jeopardized by such transfer and the amount shall be transferred back to the member's annuity savings account upon his request.

(7) All the funds established by section 75-6207, except the expense fund, shall be accounts in the agency fund of the treasury fund structure of the state. The expense fund shall be an account in the earmarked revenue fund of the same treasury fund structure."

Section 3. Section 75-6207, R.C.M. 1947, is amended to read as follows:

"75-6207. **Method of financing.** The retirement board shall establish and maintain the following funds in which all of the assets of the retirement system shall be credited according to the purpose for which the assets are held.

(1) **Annuity savings fund.** The annuity savings fund shall be a fund in which the contributions from the members to provide for their annuities shall be accumulated in individual accounts for

HeinOnline -- 1973 vol. II 1274 1973

each member. Contributions to and payments from the annuity savings fund shall be made in the following manner.

(a) Each employer shall deduct from the compensation of each active member on each and every payroll of such member for each and every payroll period subsequent to the date on which such member became a member an amount equal to *five and one-eighth percent (5 1/8%)* of such member's earnable compensation, but no employer shall make any deductions for annuity purposes from the compensation of a member who has attained the age of sixty (60) and rendered thirty-five (35) years of creditable service if such member elects not to contribute.

(b) In determining the amount earnable by an active member in a payroll period, the retirement board may consider the rate of compensation payable to such member on the first day of the payroll period as continuing throughout such payroll period, and it may omit deductions from compensation for any period less than a full payroll period if a teacher was not an active member on the first day of the payroll period, and to facilitate the making of deductions, it may modify the deduction required of any member by such an amount as shall not exceed one-tenth (1/10) of one per cent (1%) of the annual compensation upon the basis of which said deduction is to be made.

(c) Such deductions shall be made notwithstanding that the minimum compensation provided by law for a member may be reduced thereby. Every member shall be deemed to consent and agree to the deductions prescribed by this section; and payment of salary or compensation less the deductions shall be a full and complete discharge of all claims whatsoever for the services rendered by such person during the period covered by such payment except as to the benefits provided by the retirement system.

(d) In addition to the contributions deducted from compensation and subject to the approval of the retirement board, any member may redeposit in the annuity savings fund by a single payment or by an increased rate of contribution an amount equal to the accumulated contributions plus interest in the amount the contributions would have earned had the contributions not been withdrawn, or any part thereof, which he had previously withdrawn; or any member may deposit therein by a single payment or by an increased rate of contribution amounts for the purchase of an additional annuity. Such additional amounts so deposited shall become a part of his accumulated contributions. In the case of disability retirement, they shall be treated as excess contributions returnable to the member in cash or as an annuity of equivalent actuarial value and shall not be considered in computing

HeinOnline -- 1973 vol. II 1275 1973

his retirement allowance. The accumulated contributions of a member withdrawn by him, or paid to his estate or to his designated beneficiary in event of his death shall be paid from the annuity savings fund, and an amount equivalent to the difference between the accumulated contributions calculated at regular interest and the amount paid shall be transferred to the pension accumulation fund. Upon the retirement of a member his accumulated contributions shall be transferred from the annuity savings fund to the annuity reserve fund.

(2) **Annuity reserve fund.** The annuity reserve fund shall be the fund in which shall be held the reserves on all annuities in force and from which shall be paid all annuities and all benefits in lieu of annuities. Should a beneficiary retired on account of disability be restored to active service with a compensation not less than his average final compensation at the time of his last retirement, his annuity reserve shall be transferred from the annuity reserve fund to the annuity savings fund and credited to his individual account therein.

(3) **Pension accumulation fund.** The pension accumulation fund shall be the fund in which shall be accumulated all reserves for the payment of all pensions and from which pensions and benefits in lieu thereof shall be paid to or on account of beneficiaries credited with prior service. Contributions to and payments from the pension accumulation fund shall be made as follows:

(a) Each employer shall pay into the pension accumulation fund an amount equal to *five and one-fourth percent (5 1/4%)* of the earnable compensation of each member employed during the whole or part of the preceding payroll period.

(b) If the employer is a district or community college district, the trustees shall budget and pay for the employer's contribution under the provisions of section 75-7204.

(c) If the employer is the superintendent of public instruction, a public institution of the state of Montana, a unit of the Montana university system or the Montana state deaf and blind school, the legislative assembly shall appropriate to each employer an adequate amount to allow the payment of the employer's contribution.

(d) If the employer is a county, the county commissioners shall budget and pay for the employer's contribution in the manner provided by law for the adoption of a county budget and for payments under such budget.

(e) All interest and other earnings realized on the moneys of the retirement system shall be credited to the pension accumulation

HeinOnline -- 1973 vol. II 1276 1973

fund and the amounts required to allow regular interest on the annuity savings fund, *and* the annuity reserve fund shall be transferred to the respective funds from the pension accumulation fund.

(f) All pensions and benefits in lieu thereof, including pensions payable under section 75-6218, shall be paid from the pension accumulation fund.

(g) The retirement board may in its discretion transfer to and from the pension accumulation fund the amount of any surplus or deficit which may develop in the reserve creditable to the annuity reserve fund, as shown by actuarial valuation, and also such expenses as hereinafter provided.

(4) **Expense fund.** The expense fund shall be the fund to which shall be credited all moneys for the administrative expenses of the retirement system and from which the expenses of administration of the retirement system shall be paid exclusive of amounts payable as retirement allowances or other benefits. The retirement board shall determine annually the amount required for the expense fund to defray the administrative expense in the ensuing fiscal year *and shall credit such an amount to the expense fund from interest and other earnings realized on the moneys of the retirement system."*

Section 4. Section 75-6208, R.C.M. 1947, is amended to read as follows:

"75-6208. **Benefits.** The retirement, disability and other benefits of the retirement system shall be granted on the basis of the following provisions:

(1) Superannuation member retirement:

(a) Any member who has completed five (5) years of creditable service, the last five (5) years of which shall have been in this state, and who has attained the age of sixty (60), *or who has completed thirty-five (35) years of creditable service,* may retire from service, if he files with the retirement board his written application setting forth the fact of his retirement.

(b) Any member in service who has attained the age of seventy (70) years during any school year shall be retired on the first day of September following his seventieth birthday, except that this provision shall not apply to teachers in the Montana university system who may be employed beyond the age of seventy (70) upon the recommendation of the president of the employing unit to the board of regents. Members over seventy (70) years of age shall not: (1) be allowed creditable service for services rendered after the end of the school year in which the age of seventy

(70) is attained, (2) contribute to the retirement system after the end of such school year, and (3) have the compensation received after the end of such school year used in computing average final salary. Initial employment of teachers in the Montana university system beyond the age of seventy (70) may be made upon the recommendation of the president of the employing unit and the approval of the board of regents but such employees shall be denied membership in the retirement system.

(c) Any retired member may be employed as a teacher in Montana and may earn an amount not to exceed one-fourth (1/4) of his average final compensation without loss of retirement benefits.

(2) Allowance for superannuation retirement. Upon superannuation retirement a member shall receive a retirement allowance *which shall consist of:*

(a) A pension which, together with an annuity, shall provide a retirement allowance equal to one-half (1/2) of his average final compensation provided his creditable service is at least thirty-five (35) years, otherwise a pension together with his annuity of one-seventieth (1/70) of his average final compensation multiplied by the number of years of creditable service.

(b) The minimum annual retirement allowance for a member who has completed thirty-five (35) years of service shall be twenty-four hundred dollars ($2,400) and the minimum retirement allowance for a member whose service is less than thirty-five (35) years shall be based on the proportionate amount of twenty-four hundred dollars ($2,400) that his service bears to thirty-five (35) years of service.

(c) Every beneficiary receiving a retirement allowance on July 1, 1971 shall be entitled to an increase in his monthly retirement allowance of one dollar ($1) for each year of creditable service at the time of retirement up to a maximum of thirty-five dollars ($35), or an increase in his retirement allowance of ten percent (10%), whichever is larger, beginning July 1, 1973.

(d) Every beneficiary receiving a retirement allowance shall be entitled to an increase in his monthly retirement allowance on July 1, 1973 of one-fourth of one percent (.25%) multiplied by the number of months he has been retired since July 1, 1971, but if he is eligible under subsections (2)(a), (2)(b) or (2)(c) above, and the benefit thereunder is larger than the increased retirement allowance prescribed herein, this provision shall not apply.

(e) On July 1, 1974 and on July 1, 1975, every beneficiary receiving a retirement allowance shall be entitled to an increase in

HeinOnline -- 1973 vol. II 1278 1973

his monthly retirement allowance of one-fourth of one percent (.25%) multiplied by the number of months he has been retired during the preceding fiscal year.

(f) Any member who has completed five (5) years of creditable service, the last five years of which shall have been in this state, and who has attained the age of fifty-five (55) may retire from service and be eligible to an early retirement allowance if he files with the retirement board his written application setting forth the fact of his retirement. The early retirement allowance shall be determined as prescribed in subsections (a) through (f) above, with the further provision that such allowance will be reduced by one half of one percent (.5%) multiplied by the number of months which the retirement date precedes the date on which he would have retired had he attained sixty (60) years of age or had he completed thirty-five (35) years of creditable service.

(g) In the event of death of a member after retirement, a death benefit of five hundred dollars ($500) will be payable to his designated beneficiary.

(h) In the event payments made to an annuitant do not equal the amount of the member's accumulated contributions prior to the annuitant's death, the difference between the total retirement allowance paid and the amount of the accumulated contributions shall be paid to the beneficiary.

(3) Disability member retirement:

(a) Upon the application of an active member or of his employer, any active member who has five (5) or more years of creditable service may be retired by the retirement board not less than thirty (30) and not more than ninety (90) days after the date of filing such application on a disability retirement allowance. Before any member shall be eligible for a disability retirement, the medical board of the retirement system shall certify that he is mentally or physically incapacitated for the further performance of his duties, that such incapacity is likely to be permanent and that he should be retired.

(b) If the applicant for disability retirement was prevented because of the disability from making application at the time of the commencement of his disability, the retirement board shall grant the disability retirement upon the proper application for disability retirement allowance and make payments retroactive to the thirtieth day after the date of commencement of his disability.

(c) Re-examination of beneficiaries retired on account of disability. Once each year during the first five (5) years following the retirement of a member on disability retirement allowance,

HeinOnline -- 1973 vol. II 1279 1973

and once in every three (3) year period thereafter the retirement board may, and upon his application shall, require a disability beneficiary who has not yet attained the age of sixty (60) to undergo a medical examination by the medical board or a physician or physicians designated by the medical board. The examination shall be made at the place of residence of the beneficiary or other place mutually agreed upon. Should any disability beneficiary who has not yet attained the age of sixty (60) refuse to submit to at least one (1) medical examination in any year by the medical board or its representative, his allowance may be discontinued until his withdrawal of such refusal, and should his refusal continue for one (1) year, all his rights in and to his disability pension may be revoked by the retirement board.

(d) Should the medical board report and certify to the retirement board that any disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference between his retirement allowance and his average final compensation and should the retirement board concur in such report, then the amount of his pension shall be reduced to an amount which, together with his annuity and the amount earnable by him, shall equal the amount of his average final compensation. Should his earning capacity be changed later, the amount of his pension may be further modified but the new pension shall not exceed the amount of the pension originally granted, nor an amount which when added to the amount earnable by the beneficiary, together with his annuity, equals the amount of his average final compensation. A beneficiary restored to active service at a salary less than the average final compensation upon the basis of which he was retired shall not become a member of the retirement system while receiving a reduced benefit.

(e) Should a disability beneficiary under age sixty (60) be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, and he shall again become an active member of the retirement system. Any prior service certificate on the basis of which his service was computed at the time of his disability retirement shall be restored to full force and effect an addition upon his subsequent retirement, he shall be credited with all his subsequent service as a member. Should he be restored to active service on or after the attainment of the age of fifty-five (55) years, his pension upon subsequent retirement shall not exceed the pension that he would have received had he remained in service during the period of his previous retirement nor the sum of the pension which he was receiving immediately prior to his last restoration to service and the pension that he would have received on account of his service since his last restoration had he entered service at that time as a new member.

HeinOnline -- 1973 vol. II 1280 1973

(4) Allowance for disability retirement. Upon retirement for disability, a member shall receive a superannuation allowance prescribed under subsection (2) above if he is eligible; otherwise he shall receive a disability retirement allowance which shall consist of:

(a) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of retirement.

(b) A pension which together with his annuity, shall provide a total retirement allowance equal to one-seventieth (1/70) of his average final compensation multiplied by the number of years of his creditable service, if such retirement allowance exceeds one-quarter (1/4) of his average final compensation; otherwise, a pension which, together with his annuity, shall provide a total retirement allowance equal to one-quarter (1/4) of his average final compensation, provided, however, that no such allowance shall exceed one-seventieth (1/70) of his average final compensation multiplied by the number of years which would be creditable to him were his service to continue until the attainment of the minimum age for superannuation retirement.

(c) In the event payments made to a person retired because of disability do not equal the amount of his accumulated contributions prior to his death, the difference between the total retirement allowance paid and the amount of the accumulated contributions of the member shall be paid to the beneficiary.

(5) Withdrawal of accumulated contributions. Any inactive member electing to do so or any person whose membership terminates *may* withdraw his accumulated contributions to his annuity account in the retirement system in accordance with the following provisions:

(a) An inactive member under the provisions of subsections (1) or (3) of section 75-6210 may elect, without right of revocation to withdraw his accumulated contributions, and if he does not withdraw his accumulated contributions he shall thereafter remain an inactive member of the retirement system with the right to qualify for the benefits of the retirement system;

(b) Upon recovery from a disabling illness or separation from the armed forces, any person qualifying as an inactive member under the provisions of subsection (2) of section 75-6210 *may* withdraw his accumulated contributions unless he returns to active membership.

(c) Any person whose membership terminates under the provisions of subsection (4) of section 75-6211 *may* withdraw his accumulated contributions.

HeinOnline -- 1973 vol. II 1281 1973

(6) Allowances for death of member.

(a) Should a member die before retirement the amount of the member's accumulated contributions shall be paid to his estate or such person as he may have designated in the manner prescribed by the retirement board which shall be filed with the board prior to the member's death.

(b) In lieu of benefits provided in (a) above, if the deceased member had qualified by reason of service for a retirement benefit, the beneficiary nominated by the deceased member may elect to receive a monthly life annuity. The monthly life annuity shall be *determined as prescribed in subsections (2)(a) through (2)(h) assuming the member had elected option A as prescribed in subsection (7)(a) below. In addition, if the deceased member had five (5) or more years of creditable service and was an active member in the state of Montana within one (1) year prior to his death, a lump sum death benefit of $500 will be payable to his designated beneficiary.*

(c) If the deceased member had five (5) or more years of creditable service and was an active member in the state of Montana within one (1) year prior to his death, the sum of fifty dollars ($50) per month shall be paid to each minor child of the deceased member until such child reaches his eighteenth (18th) birthday.

(7) Optional allowances. With the provision that no optional selection shall be effective in case a beneficiary dies within thirty (30) days after retirement, and that such a beneficiary shall be considered as an active member at the time of his death; until the first payment on account of any benefit becomes normally due, any member may elect to receive his benefit in a retirement or disability allowance payable throughout life as hereinabove provided. *This benefit shall be referred to as the normal form of retirement allowance. In lieu of normal form of retirement allowance, the member may elect an optional allowance which would be the actuarial equivalent at the time of his retirement or disability allowance and would provide an allowance payable throughout his lifetime and upon his death continue to such person as he shall nominate by written designation duly acknowledged and filed with the retirement board at the time of his retirement with the provision that:*

(a) Option A. The optional allowance will continue to the member during his lifetime and upon his death, continue throughout the lifetime of his designated beneficiary; or

(b) Option B. The optional allowance will continue throughout his lifetime and upon his death, one-half (½) of his optional

allowance will be continued throughout the lifetime of his designated beneficiary; or

(c) Option C. The optional benefit will continue throughout his lifetime and upon his death, two-thirds (⅔) of the optional allowance shall be continued throughout the lifetime of his designated beneficiary; or

(d) Option D. The optional allowance shall continue while both the member and his designated beneficiary are living and upon the death of either, one-half (1/2) of the optional allowance shall be continued throughout the lifetime of the survivor; or

(e) Option E. The optional allowance will be payable while both the member and his designated beneficiary are living and upon the death of either, two-thirds (⅔) of the optional allowance shall be continued throughout the lifetime of the survivor; or

(f) Option F. Some other benefit or benefits shall be paid either to the member or his surviving designated beneficiary. The provisions of this retirement allowance shall be approved by the retirement board."

Section 5. Section 75-6212, R.C.M. 1947, is amended to read as follows:

The creditable service of a member shall begin on the receipt of the membership application by the retirement board and shall accumulate to the member's credit on the basis of the retirement board's policy governing creditable service.

The creditable service of any member shall include the following:

(1) each year of service of a member for which contributions to the retirement system were deducted from his compensation under the provisions of chapter 87, Laws of 1937, chapter 215, Laws of 1939, this act, and their subsequent amendments, except that no credit shall be awarded for those years of service for which the contributions have been withdrawn and not replaced; plus

(2) any out-of-state employment service awarded by the retirement board under the provisions of section 75-6213; plus

(3) any service awarded by a prior service certificate issued under the provisions of chapter 87, Laws of 1937, chapter 215, Laws of 1939 and their subsequent amendments, or under the provisions of section 75-6213; *plus*

HeinOnline -- 1973 vol. II 1283 1973

(4) the creditable service established by the retirement board under the provisions of this section shall be final and conclusive for the purposes of the retirement system unless, at any time, the retirement board discovers an error or fraud in the establishment of the creditable service, in which case the retirement board shall re-establish the creditable service; *plus*

(5) any service awarded for employment while on leave under section 75-6213."

Section 6. Section 75-6213, R.C.M. 1947, is amended to read as follows:

The person shall be awarded creditable service, conditional upon his completing five (5) years of active membership in Montana, for the number of years the retirement board determines to be creditable service but for not more than five (5) years, if he contributes to the retirement system an amount equal to five per cent (5%) of his first *full year's teaching salary* earned in Montana *after his out-of-state service* for each year of creditable service plus interest at the rate the contribution would have earned had the contribution been in his account upon the completion of five (5) years of membership service in Montana. The contributions may be a lump-sum payment or in installments as agreed between the person and the retirement board; *and*

(1) Any person applying for membership also may apply for creditable service in the retirement system for employment while on leave. The person shall be awarded creditable service as determined by the board but for not more than two (2) years, if he contributes to the retirement system an amount equal to ten and three-eighths percent (10⅜%) of his first full year's teaching salary earned in Montana after his return from leave for each year of creditable service plus interest at the rate the contribution would have earned had the contribution been in his account upon the completion of five (5) years of membership service in Montana. The contribution may be a lump-sum payment or in installments as agreed between the person and the retirement board; however

(3) In no event will the total creditable service for out-of-state teaching, employment while on leave, or while on active service in the armed forces of the United States or the American red cross or merchant marine exceed five (5) years.

Whenever a member is retiring with at least *five (5) years* of creditable service and he has been an active member for at least five (5) consecutive school fiscal years, he may request creditable service for any employment service he rendered prior to the first day of September, nineteen hundred and thirty-seven (1937) for which he has not received a prior service certificate. In order to receive such creditable service, he shall apply for it and provide certification of such service. The retirement board shall determine the amount of creditable service to be awarded, if any, and issue a prior service certificate."

CHAPTER NO. 508

An Act Establishing a Program of Protective Services for the Mentally Disabled.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. As used in this act, unless the context otherwise requires.

(1) "Department" means the department of social and rehabilitation services.

(2) "Developmentally disabled person" means a person who by reason of a developmental disability is not able, unassisted, to properly manage or care for his person or his property.

(3) "Ward" means a person for whom protective services are rendered pursuant to the provisions of this act.

(4) "Respondent" means a person in whose interest proceedings are brought under this act.

Section 2. (1) In recognition of the need to provide supervision and protection from exploitation for the developmentally disabled, and in acknowledgment of the desirability of providing such services outside the state institutions, the legislative assembly hereby finds and declares that a program should be established by the department to provide protective services for the developmentally disabled. Such a program should be designed to provide the services set forth in this act for developmentally disabled persons.

(2) The director of the department shall adopt rules and regulations for the administration of this article. The department shall develop a statewide system of protective service in accordance with regulations and standards established by the department with respect to this program, the department may:

(a) provide direct services;

(b) enter into a contract with any responsible agency, public or private, for provision of protective service by the agency;

(c) accept appointment by any district court as guardian, trustee, protector, or trustee and protector of a mentally retarded or other developmentally disabled person.

Section 3. (1) Protective services may be provided on a voluntary basis for any developmentally disabled person who requests them for himself or at the request of any interested person, when the department determines that such person is a developmentally disabled person who would benefit from services

HeinOnline -- 1973 vol. II 1286 1973

provided in this act, and that the department is currently able to supply services to such person. A parent may name the department as guardian of the mentally disabled person in his will. A parent may also name the department as guardian or trustee of the mentally disabled person, to assume such duties during the parents lifetime. Voluntary services may be discontinued upon the written request of the ward or any personal representative of the ward.

(2) Application for protective services under this act shall be made to the designated field staff of the department or other designated state agency in the county in which the applicant resides, and the application shall be transmitted promptly to the department. Such application shall be in writing or reduced to writing in the manner and upon the form prescribed by the department and shall contain the name, age, and residence of the applicant and such other information as may be required by the rules and regulations of the department. The rules and regulations of the department shall simplify the application process in order that protective services may be furnished as soon as possible. Adequate safeguards shall be established by the department to insure that only eligible persons receive protective services under this act. The department shall notify the applicant and the designated field staff of the department or other designated state agency in writing of its decision concerning eligibility for protective services.

Section 4. (1) Any developmentally disabled person may be made a ward of the department by a judicial proceeding which shall be initiated when any reputable person, including the potential ward, or the department, shall file in the district court of the county in which the respondent resides or is physically present, a verified petition alleging that the respondent is a developmentally disabled person, describing the nature and extent of the respondent's disability, and alleging that it will be in the best interests of the respondent that he be made a ward of the department. The petition shall be accompanied by a report of the findings of an evaluation team composed of, but not limited to, a physician, a psychologist, and a social worker, and expressing the belief that the respondent is developmentally disabled to an extent which would cause the respondent to benefit from the protective services provided for in this act.

(2) Upon the filing of such verified petition and team evalution statement, the court shall issue an order fixing the time and place of a hearing on such petition, which time shall be no earlier than seven (7) days nor later than fourteen (14) days after the filing thereof. Such order shall appoint an attorney for the re-

HeinOnline -- 1973 vol. II 1287 1973

spondent, whose duty shall be to make such investigation as is necessary to protect the rights of the respondent and to attend all hearings in the matter. Such order also shall advise the respondent of his right to appear at the hearing, and shall give the address and telephone number of the attorney. Personal service shall be made on the respondent, the department, the county attorney, and attorney at least five (5) days prior to the hearing date. The department, the county attorney, and the attorney may waive service.

(3) Upon hearing, the petitioner shall present the evidence to the court. When the court is fully advised, it shall determine whether the respondent is a developmentally disabled person who would benefit from the protective services provided for in this act and whether it is in the best interest of the respondent that he be made a ward of the department and, if it is so found, the court shall enter an order that the respondent is made the ward of the department; otherwise, the petition shall be dismissed.

(4) In any order making the respondent a ward of the department, the court shall specify any legal disabilities to be imposed upon the ward. The order may contain, where appropriate, specific provisions concerning the right to operate a motor vehicle, the right to enter into contracts, or any other civil, political, personal, or property right. No person who becomes a ward of the department shall lose any legal right by reason thereof except as provided in this subsection (4).

(5) Every proceeding under this act shall be civil in nature and shall be entitled "In the interest of ....., respondent", or "In the interest of ....., ward", as the case may be.

Section 5. (1) The department shall provide, in the manner set forth, for each of its wards, those protective and supportive services which the department believes necessary to help the ward function, to the extent of his capabilities, as an independent, self-sufficient member of society. Services under this act may include, but shall not be limited to, assistance in obtaining:

(a) housing, clothing, and food;

(b) education and training for living in society and, where possible, for employment;

(c) employment;

(d) financial benefits to which the ward may be entitled;

(e) medical services and supplies;

(f) necessary legal services;

(g) marshaling, protection, and insurance of the ward's property;

(h) financial advice and services;

(i) participation in cultural and recreational activities.

(2) Services under this act also may include, but shall not be limited to, assistance in preventing exploitation of the ward by others, and in preventing injury to the ward and injury by the ward to others.

Section 6. The department may be appointed as conservator of the estate of any person adjudicated developmentally disabled, if the department is providing protective services for such person, and if it shall appear to the court that the value of the assets of such person does not exceed ten thousand dollars ($10,000), and that there is no other person or institution whose appointment in such capacity would be more appropriate. The department shall report annually to the court which appointed it on the discharge of its duties an conservator of an estate under this section and shall otherwise be subject to the requirements of a general guardian.

Section 7. The department shall engage in the direct provision of protective services to wards. If a service comprehended by this act is provided by persons or agencies acting under other state or federal laws, the department shall cooperate with such persons or agencies in obtaining such services for wards of the department. If necessary services cannot be obtained without charge, the department may purchase such services from individuals, voluntary agencies, community centers, or clinics and, to the extent not prohibited by law, from other state agencies.

Section 8. The department shall not be required to post bond in proceedings under this act unless serving as a court-appointed conservator as provided in section 6 in which case it shall furnish such bond as required by law.

Section 9. (1) If the income from the assets available to a ward suffice, the department may require such ward, the custodian, guardian, or concervator of such ward, or, if the governing instrument permits, the trustee of such ward, to pay all reasonable and proper costs of proceedings in the interest of such ward under this act, including, without limitation, court costs, sheriff fees, attorney fees, and costs of diagnostic services, and to pay for protective services rendered to the ward, or to reimburse the department for funds expended for such costs or services.

Upon a written petition filed by the department, the court

HeinOnline -- 1973 vol. II 1289 1973

by which the department was appointed may permit annual expenditure of up to three per cent (3%) of the principal assets if such expenditure be shown to be of special advantage for the ward. The department shall file an accounting each year and the court by which the department was appointed shall conduct a hearing to determine the propriety of any charge or charges to a ward. All of the provisions of subsections (2) and (3) of section 4 concerning notice and hearings shall apply to hearings under this section. Upon such hearing, the court shall enter its order approving, disapproving, or modifying such charge or charges. The order of the court may be prospective as to charges of a recurring nature which reasonably may be anticipated.

(2) Except as provided in subsection (1) of this section, the net cost of proceedings under this act and of services provided by the department shall be paid from moneys appropriated for that purpose by the legislature or from moneys available from any other governmental or private source. Claims for state reimbursements shall be presented to the department at such times and in such manner as the department may prescribe. The department shall certify to the department of administration the amount. The amount so certified shall be paid from the state treasury upon the voucher of the department and the warrant of the department of administration.

Section 10. (1) With respect to each ward, designated field staff shall file a written report with the director of the department no later than June 30, 1974, and annually thereafter setting forth the services which have been provided for the ward, including specifically an accounting for any transactions with property of the ward, other than as a court-appointed conservator, the current condition of the ward, and the recommendations of the department as to whether its services should continue or be terminated, and whether other proceedings should be instituted. If the department is serving pursuant to court order under section 4, a copy of such report also shall be filed with such court.

(2) No later than December 31, 1974, the director of the department shall present a complete report to the legislature on the program authorized by this act, with special emphasis on an evaluation of the success of the program, all relevant expenses, and projections of the cost of extending the services provided for in this act to all eligible developmentally disabled persons in this state.

Section 11. Upon the written request of the ward, the department, or any other reputable person, or upon its own motion, the appointing court shall hold a hearing to determine whether the appointment of the department should be terminated or con-

tinued. All of the provisions of subsections (2) and (3) of section 4 concerning notice and hearing shall apply to hearings under this section. No ward may request such hearing more frequently than at six (6) month intervals. Upon such hearing, the court shall enter its order continuing or terminating the appointment of the department.

Section 12. The clerk of the district or probate court shall maintain records and papers in proceedings under this act separately. The information contained in such records shall be available to public officials, attorneys, and persons having bona fide business dealings with the respondents concerned.

Section 13. The department may accept and expend grants, gifts, and legacies of money and other property, including federal grants, on behalf of the state of Montana, in furtherance of the purposes of this act, subject to any reasonable and proper conditions any donor may attach which are acceptable to the executive director of the department and which do not violate the constitution, laws or public policy of the state of Montana.

Section 14. The legislature hereby finds, determines, and declares that this act is necessary for the immediate preservation of the public peace, health, and safety.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. Section 79-2201, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1973 vol. II 1295 1973

"79-2201. **Definitions and establishment of funds.** (1) Long-range building program means and includes all buildings, structures and facilities to be constructed, repaired, used, equipped or furnished and land to be acquired therefor with the consent of the legislative assembly in accordance with sections 82-3314 to 82-3318, inclusive.

(2) Long-range building program bonds mean and include all series of bonds issued to finance any portion of the long-range building program *or to refund outstanding bonds, as authorized in this chapter.*

(3) Sinking fund account means a separate long-range building program subfund which is created within the sinking fund established in section 79-410, and shall be segregated by the treasurer from all other money in that or any other fund in the treasury and used only to pay long-range building program bonds and interest thereon when due, so long as any such bonds or interest remain unpaid.

(4) Clearance fund account means a separate long-range building program subfund which is created within the bond and insurance clearance fund established in section 79-410, and shall be segregated by the treasurer from all other money in that or any other fund in the state treasury and used only to pay costs of the long-range building program, upon order of the *department of administration* acting within the limits of the authority conferred upon *it* by the legislative assembly.

(5) Board, *department* and treasurer mean the state board of examiners, *department of administration* and state treasurer, respectively."

Section 2. Section 79-2202, R.C.M. 1947, is amended to read as follows:

"79-2202. **Long-range building program bonds.** (1) When authorized by the *vote of two-thirds (⅔) of the members of each house of the legislature, or of a majority of the electors voting thereon if so provided by law,* and within the limits of such authorization and the further limitations in this section, the board may issue and sell bonds of the state of Montana in such manner as it shall deem necessary and proper to provide funds to finance the long-range building program. Bonds may be issued hereunder to provide funds for the payment or redemption of the outstanding War Veterans' Compensation Bonds and World War I Veterans' Compensation Bonds issued pursuant to Initiative No. 54, and the amendment thereof, chapter 270, Laws of 1963, and long-range building program bonds issued under this section. *The full faith and credit and taxing powers of the state of Montana shall be*

HeinOnline -- 1973 vol. II 1296 1973

pledged for the payment of all bonds issued pursuant to this chapter after January 1, 1973, with all interest thereon and premiums payable upon the redemption thereof.

(2) Each series of such bonds shall be issued by the board upon request of the *department of administration,* in such denominations and form, whether payable to bearer or registered as to principal or both principal and interest, with such provisions for conversion or exchange and for the issuance of notes in anticipation of the execution and delivery of definitive bonds, bearing interest at such rate or rates, maturing at such times not exceeding thirty (30) years from date of issue, subject to redemption at such earlier times and prices and upon such notice, and payable at the office of such fiscal agency of the state of Montana, as the board shall determine subject to the limitations contained in this section.

(3) In the issuance of each series of such bonds, the amount, maturities and interest rates thereof shall be fixed in such manner that the maximum amount of principal and interest to become due in any subsequent fiscal year, on all such bonds then outstanding and on the series so to be issued, will not exceed fifty per centum (50%) of the average annual amount collected during the three (3) then next preceding fiscal years, from the special taxes pledged by law to the sinking fund account at the time of such issuance; *except that this provision shall not constitute a covenant of the state for the security of the bonds issued pursuant to this chapter after January 1, 1973, and the state reserves the right to amend this subsection (3) in any manner after all bonds issued prior to that date, and the interest thereon, have been fully paid or the state's liability thereon has been otherwise fully discharged.*

(4) In all other respects the board is authorized to prescribe the form and terms of the bonds, and shall do whatever is lawful and necessary for their issuance and payment. Such bonds and any interest coupons appurtenant thereto shall be signed by the members of the state board of examiners, and the bonds shall be issued under the great seal of the state of Montana. The bonds and coupons may be executed with facsimile signatures and seal in the manner and subject to the limitations prescribed by law. The state treasurer shall keep a record of all such bonds issued and sold.

(5) All proceeds of bonds issued hereunder shall be deposited in the clearance fund account, except that any premiums and accrued interest received shall be deposited in the sinking fund account. For the purposes set forth in subdivision (1) hereof, the state treasurer acting by and with the approval of the state board of examiners may set aside such funds as may be necessary to

HeinOnline -- 1973 vol. II 1297 1973

assure the redemption, or payment at maturity, of all of the outstanding War Veterans' Compensation Bonds and World War I Veterans' Compensation Bonds and as may be necessary or required to fulfill the obligations of the state of Montana by virtue thereof. With such funds the state treasurer with the approval of the state board of examiners is hereby authorized to call said bonds for redemption in accordance with the provisions thereof, at any redemption date, to pay said bonds on the maturity dates thereof, to deposit securities in escrow for the purpose of assuring such payments at future dates, and to take such other steps as may be necessary to fulfill all of the obligations of the state of Montana existing under the provisions of said bonds and the laws and resolutions authorizing the same.

(6) The state board of examiners is hereby authorized to employ a fiscal agent to assist in the performance of its duties hereunder."

Section 3. Section 79-2203, R.C.M. 1947, is amended to read as follows:

"79-2203. **Sinking fund account.** (1) From and after the pledge and appropriation of any special tax to the sinking fund account, as provided and contemplated in this section, such tax shall continue in force and shall be available and shall be pledged and appropriated for the payment of long-range building program bonds, and all moneys received from the collection thereof shall be deposited by the treasurer to the credit of the sinking fund account. *No special taxes pledged to the sinking fund account on January 1, 1973, shall be discontinued or diverted to other funds until all bonds issued pursuant to this chapter prior to that date and the interest thereon have been fully paid or the state's liability thereon has been fully discharged, except to the extent, if any, that the right so to do has been reserved in the resolutions authorizing the issuance of such bonds. Subject to the foregoing provisions of this subsection (1), the state reserves the right to modify from time to time the nature and amount of special taxes to be deposited to the credit of the sinking fund account.*

(2) Money in the sinking fund account shall be used first to pay interest and principal when due on long-range building program bonds; second to accumulate a reserve in the amount required below, for the further security of such payments; and third to maintain this reserve in an amount at least equal, after each interest and principal payment, to the maximum amount of interest and principal which will become due on all such bonds which are then outstanding in any subsequent fiscal year.

(3) Money at any time received in the sinking fund account

HeinOnline -- 1973 vol. II 1298 1973

in excess of the principal, interest and reserve requirements stated in subsection (2) shall be transferred by the treasurer to the general fund. If the balance at any time on hand in the sinking fund account is not sufficient for compliance with subsection (2), the treasurer shall credit to said account an amount sufficient to restore said balance from the next collections of the special taxes appropriated to said account, and from any other collections of taxes appropriated to the general fund, not exceeding the aggregate amount theretofore transferred from the sinking fund account to the general fund.

(4) The state reserves the power, by enactment of the legislative assembly or the people, to levy, impose and assess and to pledge and appropriate to the sinking fund account any tax specially designated therein, or any specified amount or percentage of the collections of such special tax. The state also reserves the power to appropriate any funds designated by enactment of the legislative assembly or the people for the redemption and prepayment of any long-range building program bonds, or to authorize the issuance and sale of bonds for the purpose of refunding any such outstanding bonds or interest thereon, upon such terms and conditions as may be provided in said enactments and consistent with covenants and agreements made for the security of the outstanding bonds. Refunding bonds issued in advance of the maturity of the bonds refunded shall be issued only subject to the conditions stated in subsection (3) of section 79-2202, substituting for this purpose the principal and interest requirements of the refunding bonds for those of the bonds refunded. Nothing herein shall prevent the board from issuing and selling refunding bonds, payable from the sinking fund account, to provide funds for payment of principal or interest due on long-range building program bonds, when and if and to the extent that the sinking fund account is insufficient for this purpose.

(5) The state pledges and appropriates, and directs to be credited as received to the sinking fund account, eleven per centum (11%) of all money received from the collection of the income tax and the corporation license tax referred to in section 84-1901, and such additional amount of said taxes, if any, as may at any time be needed to comply with the principal and interest and reserve requirements stated in subsection (2) of this section; provided that no more than eleven per centum (11%) of such tax collections shall be deemed to be pledged for the purpose of subsection (3) of section 79-2202. The pledge and appropriation herein made shall be and remain at all times a first and prior charge upon all money received from the collection of said taxes.

(6) The state pledges and appropriates and directs to be

HeinOnline -- 1973 vol. II 1299 1973

credited to the sinking fund account fifteen per centum (15%) of all money received from the collection of the nine cents (9¢) excise tax on cigarettes which is levied, imposed and assessed by section 84-5606, subdivision (2). The state also pledges and appropriates and directs to be credited as received to the sinking fund account all money received from the collection of each of the excise taxes on cigarettes which are levied, imposed and assessed by section 84-5606, subdivisions (3) and (4), as amended, after the payment and redemption in full of the outstanding bonds for which said taxes have heretofore been pledged and appropriated, or after the necessary funds have been set aside for such payment and redemption as provided in this *chapter*. The state also pledges and appropriates and directs to be credited as received to the sinking fund account all money received from the collection of the taxes on other tobacco products which are or may hereafter be levied, imposed and assessed by law for that purpose including the tax levied, imposed and assessed by section 84-6802, R.C.M. 1947. Nothing herein shall impair or otherwise affect the provisions and covenants contained in the resolutions authorizing the War Veterans' Compensation Bonds, the World War I Veterans' Compensation Bonds or the presently outstanding long-range *building* program bonds. Subject to the provisions of the preceding sentence, the pledge and appropriation herein made shall be and remain at all times a first and prior charge upon all money received from the collection of all taxes referred to in this subdivision (6)."

Section 4. Section 79-2204, R.C.M. 1947, is amended to read as follows:

"79-2204. **Waiver of security provisions.** If so stated in any series of bonds issued hereunder, the purchasers and holders thereof may by their purchase and *retention* of the same waive in whole or in part the security otherwise made available for such bonds by any provision of this *chapter*."

Section 5. Section 79-2205, R.C.M. 1947, is amended to read as follows:

"79-2205. **Authorization of bonds.** The board is authorized to issue and sell long-range building program bonds in an amount not exceeding *two million five hundred thousand dollars ($2,500,000)*, over and above the amount of the long-range building program bonds outstanding January 1, *1973*, upon the conditions and in the manner stated in this chapter. The board is also authorized to issue and sell long-range building program bonds in such amount as may be required to provide funds for the payment or redemption of outstanding bonds as contemplated in section 79-2202, subdivisions *(1) and (5) and section 72-2203, subdivision (4)*."

It may declare areas open to deer hunting where shotguns only may be used to hunt or kill deer. It may declare areas open to special license holders only, and issue special licenses in a limited number when it determines, after proper investigation, that such a season is necessary to assure the maintenance of an adequate supply of game birds, fish, animals, or fur-bearing animals. It may declare a special season and issue special licenses when game birds or

HeinOnline -- 1973 vol. II 1302 1973

animals or fur-bearing animals are causing damage to private property, or when written complaint of such damage has been filed with the state fish and game commission by the owner of that property. In determining to whom those licenses shall be issued, it may, when more applications are received than the number of animals to be killed, award permits to those chosen under a drawing system. The procedures used for awarding the permits from the drawing system shall be determined by the commission.

(2) The commission may adopt rules governing the use of livestock and vehicles, by archers, during special archery seasons.

(3) It may divide the state into fish and game districts, and create fish, game, or fur-bearing animal districts throughout the state. It may declare closed season for hunting, fishing, or trapping in any of those districts, and later may open those districts to hunting, fishing, or trapping.

It may close any area or district of any stream, public lake, or public water, or portions thereof, to hunting, trapping, or fishing for limited periods of time, when necessary to protect a recently stocked area, district, water, spawning waters, spawn-taking waters, or spawn-taking stations, or to prevent the undue depletion of fish, game and fur-bearing animals, and game and nongame birds. It later may open the area or district upon consent of a majority of the property owners affected.

(5) It may declare certain fishing waters closed to fishing except by persons under thirteen (13) years of age. The purpose of this subsection is to provide suitable fishing waters for the exclusive use and enjoyment of juveniles under thirteen (13) years of age, at times and in areas the commission in its discretion considers advisable and consistent with its policies relating to fishing.

maintenance, operation, upkeep, and repair of fish hatcheries, game farms or other property or means and appliances for the protection and propagation of fish, game and fur-bearing animals or game or nongame birds. It may appropriate moneys from the funds at its disposal for the extermination or eradication of predatory animals that destroy fish, game, or fur-bearing animals, or game or nongame birds.

(4) Spend fish and game funds necessary to introduce and propagate wild waterfowl food and for that purpose may secure expert advice as to what kinds of waterfowl foods are adapted to the climate, soil, and waters of this state.

26-104.5. **Construction and maintenance of fish hatcheries and fish ladders.** (1) The commission shall furnish plans for, direct, and compel the construction, installation, and repair of fish ladders upon dams and other obstructions in streams. The fish ladders shall be installed and maintained at the expense of the owners of the dam or other obstruction.

(2) The commission may purchase and maintain at the expense of the state fish and game fund suitable fish screens or fish wheels, or other devices, to install in irrigating ditches to prevent fish entering said ditches.

(3) The commission may locate, lay out, construct, and maintain nurseries and rearing ponds where fry can be planted, propagated, and reared to be distributed in the waters of this state. The commission may spend from fish and game funds, sums necessary for this purpose.

(c) For public hunting, fishing, or trapping areas;

(d) To capture, propagate, transport, buy, sell, or exchange

HeinOnline -- 1973 vol. II 1304 1973

any game, bird, fish, fish eggs, or fur-bearing animals needed for propagation or stocking purposes, or to exercise control measures of undesirable species;

(e) To extend and consolidate by exchange, lands or waters suitable for these purposes.

(2) The commission may dispose of lands and waters acquired by it on those terms after that public notice, and without regard to other laws which provide for sale or disposal of state lands, and with or without reservation, as it considers necessary and advisable. Notice of sale describing the lands or waters to be disposed of shall be published once a week for three (3) successive weeks in a newspaper with general circulation printed and published in the county where the lands or waters are situated, or if no newspaper is published in that county then in any newspaper with general circulation in that county. The notice shall advertise for cash bids to be presented to the commission or the director within thirty (30) days from the date of the first publication. Each bid must be accompanied by a cashier's check or cash deposit in an amount equal to ten percent (10%) of the amount bid. The highest bid shall be accepted upon payment of the balance due within ten (10) days after mailing notice by registered mail to the highest bidder. If that bidder defaults on payment of the balance due, then the next highest bidders shall be similarly notified in succession until a sale is completed. Deposits shall be returned to the unsuccessful bidders except bidders defaulting after notification. The commission shall reserve the right to reject any bids which do not equal or exceed the full market value of the lands and waters as determined by the commission. The commission shall convey the lands and waters by deed without covenants of warranty, executed by the governor, or in his absence or disability by the lieutenant governor, attested by the secretary of state, and further countersigned by the chairman of the commission. The deed shall be attested by the secretary of the commission, but need not be acknowledged.

Section 8. There is a new section numbered 26-104.7, R.C.M. 1947, which reads as follows:

HeinOnline -- 1973 vol. II 1305 1973

(2) It may establish and maintain an educational and biological program for the collection and diffusion of statistics and information germane to the purpose of this title.

Section 9. There is a new section numbered 26-104.8, R.C.M. 1947, which reads as follows:

26-104.8. **Creation of fish and game refuges.** (1) The commission may establish and close to hunting, trapping, or fishing, any game, bird, or fish refuge on public lands and, with the consent of the owner, on private lands. It may close streams, lakes, or parts of them, to hunting, trapping, or fishing.

(2) The commission may establish game refuges in which game and fur-bearing animals, game or nongame birds may breed and replenish. These refuges shall be established by order of the commission upon petition and proper showing that the action is, in judgment of the commission, necessary and in the best interest of the wildlife within the area to be included in the refuge. The purpose of this provision is to establish small refuges rather than large preserves or rather than close large areas to hunting or trapping.

(3) The commission may designate and protect certain areas as resting, feeding, and breeding grounds for migratory birds, in which hunting and molestation are forbidden. The purpose of this provision is not to interfere unduly with the hunting of waterfowl, but to provide havens in which they can rest, feed, and breed without molestation.

(4) After a petition has been duly filed with the secretary of the commission requesting that an area be set aside as a game refuge, the secretary shall immediately publish a notice in a paper of general circulation in the county in which the area is located. The notice shall state that a hearing on the matter will be held at a designated place in the county not less than fifteen (15) days after first publication, at which time and place all interested parties may appear and be heard.

Section 10. There is a new section numbered 26-104.9, R.C.M. 1947, which reads as follows:

26-104.9. **Regulation of use of lands.** (1) The commission may adopt and enforce rules governing uses of lands acquired or held under easement by the commission, or lands which it operates under agreement with or in conjunction with a federal or state agency or private owner. shall be eligible for valuation, assessment and taxation as herein provided each year it meets the following qualifications:

(1) It is being actively devoted to agriculture;

(2) The area of such land is not less than five (5) contiguous acres when measured in accordance with the provisions of section 8, when the gross value of grazing and field crops produced thereon together with any payments received under a crop-land retirement program totals at least one thousand ($1,000) per year; or

(3) It agriculturally produces the equivalent of fifteen percent (15%) or more of the owners annual gross income; and

(4) (a) Application by the owner of the land for valuation hereunder is submitted on or before October 1 of the year immediately preceding the tax year to the county assessor in which such land is situated on the form prescribed by the state department of revenue. The county assessor shall continue to accept applications filed within sixty (60) days after October 1 upon payment of a late filing fee in the amount of twenty-five dollars ($25), which shall be paid to the county treasurer.

(b) The county assessor shall have all applications filed under subsection (a) recorded by the county recorder. Whenever land which is or has been in agricultural use and is or has been valued, assessed and taxed under the provisions of this act is applied to a use other than agricultural, the owner shall notify the county assessor and the county assessor shall cause the following statement to be recorded by the county recorder: "On the ..... day of ....., 19....., this land became subject to the roll-back tax imposed by section 6."

(c) Whenever the owner of land which has been in agricultural use and has been valued, assessed and taxed under the provisions of this act does not file an application as provided in subsection (a), then the department of revenue or its agent shall revalue the land as non-agricultural land.

Section 5. In classifying land which qualifies as land actively devoted to agricultural use under the test prescribed by this act, and as to which the owner thereof has made timely application for valuation, assessment and taxation hereunder for the tax year in issue, the department of revenue, shall consider only those indicia of value which such land has for agricultural use.

Section 6. When land which is or has been in agricultural use and is or has been valued, assessed and taxed under the provisions of this act, is applied to a use other than agricultural, it shall be subject to an additional tax hereinafter referred to as the

HeinOnline -- 1973 vol. II 1332 1973

"roll-back tax," which tax shall be a lien upon the land and become due and payable at the time of the change in use.

As used in this act, the word "roll-back" means the period preceding the change in use of the land not to exceed four (4) years during which the land was valued, assessed and taxed under the provisions of this act.

The assessor shall ascertain the following in determining the amount of the roll-back tax chargeable on land which has undergone a change in use:

(1) the full and fair value of the land as determined by the department of revenue under the valuation standard applicable to land in the county not valued, assessed and taxed under the provisions of this act;

(2) the amount of the land assessment as unsubdivided and unimproved land for the period of the roll-back, by multiplying such full and fair market value by the number of years included in the roll-back and by multiplying the product obtained, by the assessment ratio in effect in the year in which the change in use of the land is made as determined by the state;

(3) the average mill levy applied in the taxing district in which the land is located by dividing the aggregate mill levy actually applied in each respective year of the roll-back by the number of years, included in the roll-back; and

(4) the amount of the roll-back tax by multiplying the taxable value computed from the amount of the assessment determined under subsection (2) hereof by the average mill levy determined under subsection (3) hereof, less the amount of real property taxes actually paid during the period of the roll-back.

Section 7. The assessment of the roll-back tax imposed by section 5, the attachment of the lien for such taxes, and the right of the owner or other interested party to review any judgment of the department of revenue or local tax appeal board affecting such roll-back tax, shall be governed by the procedures provided for the assessment and taxation of real property not valued, assessed and taxed under the provisions of this act. The roll-back tax collected shall be paid into the county treasury and paid by the treasurer to the various taxing units pro-rata in accordance with the levies for the current year.

Section 8. In determining the total area of land actively devoted to agricultural use there shall be included the area of all land under barns, sheds, silos, cribs, greenhouses and like structures, lakes, dams, ponds, streams, irrigation ditches and like

HeinOnline -- 1973 vol. II 1333 1973

facilities, but land under and such additional land as may be actually used in connection with the farm house shall be excluded in determining such total area.

Section 9. Application for valuation, assessment and taxation of land in agricultural use under this act shall be on a form prescribed by the state department of revenue, and provided for the use of the applicants by the county assessor. The form of application shall provide for the reporting of information pertinent to the provisions of this act. A certification by the land owner that the facts set forth in the application are true may be prescribed by the state department of revenue to be in lieu of a sworn statement to that effect. Statements so certified shall be considered as if made under oath and subject to the same penalties as provided by law for perjury.

Section 10. Continuance of valuation, assessment and taxation under this act shall depend upon continuance of the land in agricultural use and compliance with the other requirements of this act and not upon continuance in the same owner of title to the land. Liability to the roll-back tax shall attach when a change in use of the land occurs but not when a change in ownership of the title takes place if the new owner continues the land in agricultural use, under the conditions prescribed in this act.

Section 11. Separation or split off of a part of the land which is being valued, assessed and taxed under this act, either by conveyance or other actions of the owner of such land, for a use other than agricultural, shall subject the land so separated to liability for the roll-back tax applicable thereto, but shall not impair the right of the remaining land to continuance of valuation, assessment and taxation hereunder, provided it meets the minimum requirements of this act.

Section 12. The taking of land which is being valued, assessed and taxed under this act by right of eminent domain shall not subject the land so taken to the roll-back tax herein imposed.

Section 13. Where contiguous land in agricultural use in one ownership is located in more than one (1) county, compliance with the minimum requirements shall be determined on the basis of the total area and value of farm crops on such land and not the area or value of farm crops on land which is located in the particular county.

Section 14. The factual details to be shown on the assessor's tax list and duplicate with respect to land which is being valued, assessed and taxed under this act shall be the same as those set

HeinOnline -- 1973 vol. II 1334 1973

forth by the assessor with respect to other taxable property in the county.

Section 15. The state department of revenue is empowered to promulgate such rules and regulations and to prescribe such forms as it shall deem necessary to effectuate the purposes of this act.

Section 16. Any person who violates any provision of this act shall be guilty of a misdemeanor.

Approved: April 4, 1973.

CHAPTER NO. 513

An Act Creating a Montana Criminal Code, to Codify and Generally Revise the Statutes Concerning Criminal Offenses; and Providing an Effective Date.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. There is hereby created the Montana Criminal Code which is title 94, R.C.M. 1947, and reads as follows:

CHAPTER 1: GENERAL PRELIMINARY PROVISIONS.

94-1-101. **Short Title.** This act shall be known and may be cited as the "Criminal Code of 1973."

94-1-102. **General Purposes And Principles Of Construction.**

(1) The general purposes of the provisions governing the definition of offenses are:

(a) to forbid and prevent conduct that unjustifiably and inexcusably inflicts or threatens harm to individual or public interests;

(b) to safeguard conduct that is without fault from condemnation as criminal;

(c) to give fair warning of the nature of the conduct declared to constitute an offense;

(d) to differentiate on reasonable grounds between serious and minor offenses.

(2) The rule of the common law, that penal statutes are to be strictly construed, has no application to this code. All its provisions are to be construed according to the fair import of their terms, with a view to effect its objects and to promote justice.

HeinOnline -- 1973 vol. II 1335 1973

94-1-103. **Application To Offenses Committed Before And After Enactment.**

(1) The provisions of this code shall apply to any offense defined in this code and committed after the effective date thereof.

(2) Unless otherwise expressly provided, or unless the context otherwise requires, the provisions of this code shall govern the construction of and punishment for any offense defined outside of this code and committed after the effective date thereof, as well as the construction and application of any defense to a prosecution for such an offense.

(3) The provisions of this code do not apply to any offense defined outside of this code and committed before the effective date thereof. Such an offense must be construed and punished according to the provisions of law existing at the time of the commission thereof in the same manner as if this code had not been enacted.

94-1-104. **Other Limitations On Applicability.**

(1) This code does not bar, suspend, or otherwise affect any right or liability to damages, penalty, forfeiture, or other remedy authorized by law to be recovered and the civil injury is not merged into the offense.

(2) No conduct constitutes an offense unless it is described as an offense in this code or in another statute of this state. However, this provision does not affect the power of a court to punish for contempt or to employ any sanction authorized by law for the enforcement of an order, civil judgment or decree.

94-1-105. **Classification Of Offenses.**

(1) For the determination of the court's jurisdiction at the commencement of the action and for the determination of the commencement of the period of limitations, the offense shall be designated a felony or misdemeanor based upon the maximum potential sentence which could be imposed by statute.

(2) An offense defined by any statute of this state other than this code shall be classified as provided in this section and the sentence that may be imposed upon conviction thereof shall be governed by this code.

94-1-106. **General Time Limitations.**

(1) A prosecution for criminal homicide may be commenced at any time.

(2) Except as otherwise provided in this code, prosecutions

HeinOnline -- 1973 vol. II 1336 1973

for other offenses are subject to the following periods of limitations:

(a) a prosecution for any felony must be commenced within five (5) years after it is committed;

(b) a prosecution for a misdemeanor must be commenced within one (1) year after it is committed.

(3) The period prescribed in subsection (2) is extended in a prosecution for theft involving a breach of fiduciary obligation to an aggrieved person as follows:

(a) If the aggrieved person is a minor or competent, then during the minority or incompetency or within one (1) year after the termination thereof.

(b) In any other instance, within one (1) year after the discovery of the offense by the aggrieved person, or by a person who has legal capacity to represent an aggrieved person, or has a legal duty to report the offense, and is not himself a party to the offense; or in the absense of such discovery, within one (1) year after the prosecuting officer becomes aware of the offense.

(4) An offense is committed either when every element occurs, or when the offense is based upon a continuing course of conduct, at the time when the course of conduct is terminated. Time starts to run on the day after the offense is committed.

(5) A prosecution is commenced either when an indictment is found or an information or complaint is filed.

94-1-107. **Periods Excluded From Limitation.**

The period of limitation does not run:

(1) during any period in which the offender is not usually and publicly resident within this state or is beyond the jurisdiction of this state; or

(2) during any period in which the offender is a public officer and the offense charged is theft of public funds while in public office; or

(3) during a prosecution pending against the offender for the same conduct, even if the indictment, complaint or information which commences the prosecution is dismissed.

CHAPTER 2: GENERAL PRINCIPALS OF LIABILITY.

94-2-101. **General Definitions.**

Unless otherwise specified in the statute all words will be taken in the objective standard rather than in the subjective.

94-2-102. **Voluntary Act.**

A material element of every offense is a voluntary act, which includes an omission to perform a duty which the law imposes on the offender and which he is physically capable of performing. Possession is a voluntary act if the offender knowingly procured or received the thing possessed, or was aware of his control thereof for a sufficient time to have been able to terminate his control.

94-2-103. **General Requirements Of Criminal Act And Mental State.**

(1) A person is not guilty of an offense, other than an offense which involves absolute liability unless, with respect to each element described by the statute defining the offense, he acts while having one (1) of the mental states described in sections 94-2-101 (28), 94-2-101 (32) and 94-2-101 (53).

(2) If the statute defining an offense prescribed a particular mental state with respect to the offense as a whole, without distinguishing among the elements thereof, the prescribed mental state applies to each such element.

(3) Knowledge that certain conduct constitutes an offense, or knowledge of the existence, meaning, or application of the statute defining an offense, is not an element of the offense unless the statute clearly defines it as such.

(4) A person's reasonable belief that his conduct does not constitute an offense is a defense if:

(a) the offense is defined by an administrative regulation or order which is not known to him and has not been published or

HeinOnline -- 1973 vol. II 1346 1973

otherwise made reasonably available to him, and he could not have acquired such knowledge by the exercise of due diligence pursuant to facts known to him; or

(b) he acts in reliance upon a statute which later is determined to be invalid; or

(c) he acts in reliance upon an order or opinion of the Montana supreme court or a United States appellate court later overruled or reversed; or

(d) he acts in reliance upon an official interpretation of the statute, regulation or order defining the offense, made by public officer or agency legally authorized to interpret such statute.

(5) If a person's reasonable belief is a defense under subsection (4) of this section, nevertheless he may be convicted of an included offense of which he would be guilty if the law were as he believed it to be.

(6) Any defense based upon this section is an affirmative defense.

94-2-104. **Absolute Liability.**

A person may be guilty of an offense without having, as to each element thereof, one of the mental states described in 94-2-101 (28), 94-2-101 (32) and 94-2-101 (53) only if the offense is punishable by a fine not exceeding five hundred dollars ($500), and the statute defining the offense clearly indicates a legislative purpose to impose absolute liability for the conduct described.

94-2-105. **Causal Relationship Between—Conduct And Result.**

(1) Conduct is the cause of a result if:

(a) without the conduct the result would not have occurred; and

(b) any additional causal requirements imposed by the specific statute defining the offense are satisfied.

(2) If purposely or knowingly causing a result is an element of an offense, and the result is not within the contemplation or purpose of the offender, either element can nevertheless be established if:

(a) the result differs from that contemplated only in the respect that a different person or different property is affected, or that the injury or harm caused is less than contemplated; or

(b) the result involves the same kind of harm or injury as contemplated but the precise harm or injury was different or

HeinOnline -- 1973 vol. II 1347 1973

occurred in a different way, unless the actual result is too remote or accidental to have a bearing on the offender's liability or on the gravity of the offense.

(3) If negligently causing a particular result is an element of an offense, and the result is not within the risk of which the offender is aware, or should be aware, either element can nevertheless be established if:

(a) the actual result differs from the probable result only in the respect that a different person or different property is affected, or that the actual injury or harm is less; or

(b) the actual result involves the same kind of injury or harm as the probable result, unless the actual result is too remote or accidental to have a bearing on the offender's liability or on the gravity of the offense.

94-2-106. **Accountability For Conduct Of Another.**

A person is responsible for conduct which is an element of an offense, if the conduct is either that of the person himself, or that of another and he is legally accountable for such conduct as provided in section 94-2-107, or both.

94-2-107. **When Accountability Exists.**

A person is legally accountable for the conduct of another when:

(1) having a mental state described by the statute defining the offense, he causes another to perform the conduct, regardless of the legal capacity or mental state of the other person; or

(2) the statute defining the offense makes him so accountable; or

(3) either before or during the commission of an offense, and with the purpose to promote or facilitate such commission, he solicits, aids, abets, agrees or attempts to aid, such other person in the planning or commission of the offense. However, a person is not so accountable if:

(a) he is a victim of the offense committed unless the statute defining the offense provides otherwise; or

(b) before the commission of the offense, he terminates his effort to promote or facilitate such commission and does one of the following: wholly deprives his prior efforts of effectiveness in such commission, or gives timely warning to the proper law enforcement authorities, or otherwise makes proper effort to prevent the commission of the offense.

HeinOnline -- 1973 vol. II 1348 1973

94-2-108. **Separate Conviction Of Person Accountable.**

A person who is legally accountable for the conduct of another which is an element of an offense may be convicted upon proof that the offense was committed and that he was so accountable, although the other person claimed to have committed the offense has not been prosecuted or convicted, or has been convicted of a different offense or is not amenable to justice, or has been acquitted.

94-2-109. **Responsibility.**

(1) No person is capable of committting any offense unless he has attained his sixteenth birthday at the time the act in question was committed. Any person who has not yet attained his eighteenth birthday shall be subject to the law as provided in title 10, chapter 6, R.C.M. 1947.

(2) A person who is in an intoxicated or drugged condition is criminally responsible for conduct unless such condition is involuntarily produced and deprives him or his capacity to appreciate the criminality of his conduct or to conform his conduct to the requirements of law. An intoxicated or drugged condition may be taken into consideration in determining the existence of a mental state which is an element of the offense.

94-2-110. **Substitutes For Negligence And Knowledge.**

When the law provides that negligence suffices to establish an element of an offense, such element also is established if a person acts purposely or knowingly. When acting knowingly suffices to establish an element, such element also is established if a person acts purposely.

94-2-111. **Consent As A Defense.**

(1) The consent of the victim to conduct charged to constitute an offense or to the result thereof is a defense.

(2) Consent is ineffective if:

(a) it is given by a person who is legally incompetent to authorize the conduct charged to constitute the offense; or

(b) by reason of youth, mental disease or defect or intoxication is unable to make a reasonable judgment as to the nature or harmfulness of the conduct charged to constitute the offense; or

(c) it is induced by force, duress or deception; or

(d) it is against public policy to permit the conduct or the resulting harm, even though consented to.

HeinOnline -- 1973 vol. II 1349 1973

94-2-112. **Criminal Responsibility Of Corporations.**

(1) A corporation may be prosecuted for the commission of an offense if, but only if:

(a) the offense is a misdemeanor, and is defined by sections 94-6-307, 94-6-308, 94-6-311, 94-6-312, 94-6-313, 94-8-108, 94-8-109, 94-8-111, 94-8-112, 94-8-113 of this code, or is defined by another statute which clearly indicates a legislative purpose to impose liability on a corporation; and an agent of the corporation performs the conduct which is an element of the offense while acting within the scope of his office or employment and in behalf of the corporation, except that any limitation in the defining statute, concerning the corporation's accountability for certain agents or under certain circumstances, is applicable; or

(b) the commission of the offense is authorized, requested, commanded, or performed, by the board of directors or by a high managerial agent who is acting within the scope of his employment in behalf of the corporation.

(2) A corporation's proof, that the high managerial agent having supervisory responsibility over the conduct which is the subject matter of the offense exercised due diligence to prevent the commission of the offense, is a defense to a prosecution for any offense to which subsection (1) (a) refers, other than an offense for which absolute liability is imposed. This subsection is inapplicable if the legislative purpose of the statute defining the offense is inconsistent with the provisions of this subsection.

(3) For the purposes of this section:

(a) "Agent" means any director, officer, servant, employee, or other person who is authorized to act in behalf of the corporation.

(b) "High managerial agent" means an officer of the corporation, or any other agent who has a position of comparable authority for the formulation of corporate policy or the supervision of subordinate employees in a managerial capacity.

94-2-113. **Accountability For Conduct Of Corporation.**

(1) A person is legally accountable for conduct which is an element of an offense and which, in the name or in behalf of a corporation, he performs or causes to be performed, to the same extent as if the conduct were performed in his own name or behalf.

(2) An individual who has been convicted of an offense by reason of his legal accountability for the conduct of a corporation is subject to the punishment authorized by law for an individual

HeinOnline -- 1973 vol. II 1350 1973

upon conviction of such offense, although only a lesser or different punishment is authorized for the corporation.

CHAPTER 3: JUSTIFIABLE USE OF FORCE: EXONERATION.

94-3-101. **Definitions.**

(1) "Forcible felony" means any felony which involves the use or threat of physical force or violence against any individual.

(2) "Force likely to cause death or serious bodily harm" within the meaning of this chapter includes but is not limited to:

(a) the firing of a firearm in the direction of a person, even though no purpose exists to kill or inflict serious bodily harm; and

(b) the firing of a firearm at a vehicle in which a person is riding.

94-3-102. **Use Of Force In Defense Of Person.**

A person is justified in the use of force or threat to use force against another when and to the extent that he reasonably believes that such conduct is necessary to defend himself or another against such other's imminent use of unlawful force. However, he is justified in the use of force likely to cause death or serious bodily harm only if he reasonably believes that such force is necessary to prevent imminent death or serious bodily harm to himself or another, or to prevent the commission of a forcible felony.

94-3-103. **Use Of Force In Defense Of Occupied Structure.**

A person is justified in the use of force or threat to use force against another when and to the extent that he reasonably believes that such conduct is necessary to prevent or terminate such other's unlawful entry into or attack upon an occupied structure. However, he is justified in the use of force likely to cause death or serious bodily harm only if:

(1) the entry is made or attempted in violent, riotous, or tumultuous manner, and he reasonably believes that such force is necessary to prevent an assault upon, or offer of personal violence to him or another then in the occupied structure; or

(2) he reasonably believes that such force is necessary to prevent the commission of a forcible felony in the occupied structure.

94-3-104. **Use Of Force In Defense Of Other Property.**

A person is justified in the use of force or threat to use force against another when and to the extent that he reasonably believes that such conduct is necessary to prevent or terminate such other's

HeinOnline -- 1973 vol. II 1351 1973

trespass on or other tortious or criminal interference with either real property (other than an occupied structure) or personal property, lawfully in his possession or in the possession of another who is a member of his immediate family or household or of a person whose property he has a legal duty to protect. However, he is justified in the use of force likely to cause death or serious bodily harm only if he reasonably believes that such force is necessary to prevent the commission of a forcible felony.

94-3-105. **Use Of Force By Aggressor.**

The justification described in the preceding sections of this chapter is not available to a person who:

(1) is attempting to commit, committing, or escaping after the commission of a forcible felony; or

(2) purposely or knowingly provokes the use of force against himself, unless:

(a) such force is so great that he reasonably believes that he is in imminent danger of death or serious bodily harm, and that he has exhausted every reasonably means to escape such danger other than the use of force which is likely to cause death or serious bodily harm to the assailant; or

(b) in good faith, he withdraws from physical contact with the assailant and indicates clearly to the assailant that he desires to withdraw and terminate the use of force, but the assailant continues or resumes the use of force.

94-3-106. **Use Of Force To Prevent Escape.**

(1) A peace officer or other person who has an arrested person in his custody is justified in the use of such force to prevent the escape of the arrested person from custody as he would be justified in using if he were arresting such person.

(2) A guard or other peace officer is justified in the use of force, including force likely to cause death or serious bodily harm, which he reasonably believes to be necessary to prevent the escape from a correctional institution of a person whom the officer reasonably believes to be lawfully detained in such institution under sentence for an offense or awaiting trial or commitment for an offense.

94-3-107. **Use Of Force By Parent.**

A parent or an authorized agent of any parent or a guardian, master, or teacher is justified in the use of such force as is reasonable and necessary to restrain or correct his child, ward, apprentice or pupil.

HeinOnline -- 1973 vol. II 1352 1973

94-3-108. **Use Of Force In Resisting Arrest.**

A person is not authorized to use force to resist an arrest which he knows is being made either by a peace officer or by a private person summoned and directed by a peace officer to make the arrest, even if he believes that the arrest is unlawful and the arrest in fact is unlawful.

94-3-109. **Execution Of Death Sentence.**

A public servant who, in the exercise of his official duty, puts a person to death pursuant to a sentence of a court of competent jurisdiction, is justified if he acts in accordance with the sentence pronounced and the law prescribing the procedure for execution of a death sentence.

94-3-110. **Compulsion.**

A person is not guilty of an offense, other than an offense punishable with death, by reason of conduct which he performs under the compulsion of threat or menace of the imminent infliction of death or serious bodily harm, if he reasonably believes that death or serious bodily harm will be inflicted upon him if he does not perform such conduct.

94-3-111. **Entrapment.**

A person is not guilty of an offense if his conduct is incited or induced by a public servant, or his agent for the purpose of obtaining evidence for the prosecution of such person. However, this section is inapplicable if a public servant or his agent, merely affords to such person the opportunity or facility for committting an offense in furtherance of criminal purpose which such person has originated.

94-3-112. **Affirmative Defense.**

A defense of justifiable use of force, based on the provisions of this chapter is an affirmative defense.

CHAPTER 4: INCHOATE OFFENSES.

94-4-101. **Solicitation.**

(1) A person commits the offense of solicitation when, with the purpose that an offense be committed, he commands, encourages or facilitates the commission of that offense.

(2) A person convicted of soliciation shall be punished not to exceed the maximum provided for the offense solicited.

94-4-102. **Conspiracy.**

(1) A person commits the offense of conspiracy when, with

HeinOnline -- 1973 vol. II 1353 1973

the purpose that an offense be committed, he agrees with another to the commission of that offense. No person may be convicted of conspiracy to commit an offense unless an act in furtherance of such agreement has been committed by him or by a coconspirator.

(2) It shall not be a defense to conspiracy that the person or persons with whom the accused has conspired:

(a) has not been prosecuted or convicted; or

(b) has been convicted of a different offense; or

(c) is not amenable to justice; or

(d) has been acquitted; or

(e) lacked the capacity to commit the offense.

(3) A person convicted of the offense of conspiracy shall be punished not to exceed the maximum sentence provided for the offense which is the object of the conspiracy.

94-4-103. **Attempt.**

(1) A person commits the offense of attempt when, with the purpose to commit a specific offense, he does any act toward the commission of such offense.

(2) It shall not be a defense to a charge of attempt that because of a misapprehension of the circumstances it would have been impossible for the accused to commit the offense attempted.

(3) A person convicted of the offense of attempt shall be punished not to exceed the maximum provided for the offense attempted.

(4) A person shall not be liable under this section, if under circumstances manifesting a voluntary and complete renunciation of his criminal purpose, he avoided the commission of the offense attempted by abandoning his criminal effort.

(5) Proof of the completed offense does not bar conviction for the attempt.

CHAPTER 5: OFFENSES AGAINST THE PERSON.

Part One: Homicide.

94-5-101. **Criminal Homicide.**

(1) A person commits the offense of criminal homicide if he purposely, knowingly or negligently causes the death of another human being.

(2) Criminal homicide is deliberate homicide, mitigated deliberate homicide, or negligent homicide.

HeinOnline -- 1973 vol. II 1354 1973

94-5-102. **Delberate Homicide.**

(1) Except as provided in section 94-5-103 (1) (a), criminal homicide constitutes deliberate homicide if:

(a) it is committed purposely or knowingly; or

(b) it is committed while the offender is engaged in or is an accomplice in the commission of, or an attempt to commit, or flight after committting or attempting to commit robbery, sexual intercourse without consent, arson, burglary, kidnapping, felonious escape or any other felony which involves the use or threat of physical force or violence against any individual.

(2) A person convicted of the offense of deliberate homicide shall be punished by death as provided in section 94-5-105, or by imprisonment in the state prison for any term not to exceed one hundred (100) years.

94-5-103. **Mitigated Deliberate Homicide.**

(1) Criminal homicide constitutes mitigated deliberate homicide when a homicide which would otherwise be deliberate homicide is committed under the influence of extreme mental or emotional stress for which there is reasonable explanation or excuse. The reasonableness of such explanation or excuse shall be determined from the viewpoint of a reasonable person in the actor's situation.

(2) A person convicted of mitigated deliberate homicide shall be imprisoned in the state prison for any term not to exceed forty (40) years.

94-5-104. **Negligent Homicide.**

(d) bodily injury to a peace officer.

(2) A person convicted of aggravated assault shall be imprisoned in the state prison for any term not to exceed twenty (20) years.

94-5-203. **Intimidation.**

(1) A person commits the offense of intimidation when, with the purpose to cause another to perform or to omit the performance of any act, he communicates to another a threat to perform without lawful authority any of the following acts:

HeinOnline -- 1973 vol. II 1360 1973

belief shall not be deemed reasonable if the child is less than fourteen (14) years old.

(2) Whenever the definition of an offense excludes conduct with a spouse, the extension shall be deemed to extend to persons living as man and wife, regardless of the legal status of their relationship. The exclusion shall be inoperative as respects spouses living apart under a decree of judicial separation. Where the definition of an offense excludes conduct with a spouse, this shall not preclude conviction of a spouse in a sexual act which he or she causes another person, not within the exclusion, to perform.

(3) In a prosecution under the preceding sections on sexual crimes (94-5-502 to 94-5-504) in which the victim's lack of consent is based solely upon his incapacity to consent because he was mentally incapacitated, it is a defense to such prosecution that the victim was a voluntary social companion of the defendant, and the intoxicating substance was voluntarily and knowingly taken.

Part Six: Offenses Against The Family.

94-5-601. **Definitions.**

(c) violates any civil right of a prisoner.

(2) A person convicted of the offense of mistreating prisoners shall be removed from office or employment and imprisoned in the state prison for a term not to exceed ten (10) years.

94-8-114. **Privacy In Communications.**

(1) A person commits the offense of violating privacy in communications if he knowingly or purposely:

(a) Communicates with any person by telephone with the intent to terrify, intimidate, threaten, harass, annoy or offend, or use any obscene, lewd or profane language or suggest any lewd or lascivious act, or threaten to inflict injury or physical harm to the person or property of any person.

(b) Uses a telephone to attempt to extort money or any other thing of value from any person, or to disturb by repeated telephone calls the peace, quiet or right of privacy of any person at the place where the telephone call or calls were received. The

use of obscene, lewd or profane language or the making of a threat or lewd or lascivious suggestions shall prima facie evidence of an intent to terrify, intimidate, threaten, harass, annoy or offend.

(c) Records or causes to be recorded by use of any hidden electronic or mechanical device which reproduces a human conversation without the knowledge of all parties to the conversation. Subsection (c) shall not apply to duly elected or appointed public officials or employees when such transcription or recording is done in the performance of official duty; nor to persons speaking at public meetings or persons given warning of such recording.

(d) Attempts by means of any machine, instrument, contrivance, or in any other manner, reads, or attempts to read any other manner, reads, or attempts to read any message or learn the contents thereof, while the same is being sent over any telegraph line, or learns or attempts to learn the contents of any message, whilst the same is in any telegraph office or is being received thereat or sent therefrom, or who uses or attempts to use, or communicate to others, any information so obtained.

(2) A person convicted of the offense of violating the privacy in communications shall be fined not to exceed five hundred dollars ($500) or be imprisoned in the county jail for a term not to exceed six (6) months, or both.

Section 2. There is a new section to be numbered 41-118, R.C.M. 1947, which reads as follows:

41-118. **Deceived Employees—Action For Damages.**

(1) No one doing business in this state shall induce, influence, persuade, or engage workmen to change from one place to another in this state, through or by means of deception, misrepresentation, or false advertising concerning the kind or character of the work, or the sanitary or other conditions of employment, or as to the existence of a strike or other trouble pending between the employer and the employees, at the time of, or immediately prior to, such engagement. Failure to state in any advertisement,

HeinOnline -- 1973 vol. II 1396 1973

proposal, or contract for the employment of workmen that there is a strike, lockout, or other labor trouble at the place of the proposed employment, when in fact such strike, lockout, or other trouble then actually exists at such place, shall be deemed a false advertisement and misrepresentation for the purpose of this section.

(2) Any workman influenced, induced, persuaded, or engaged through or by means of any of the things prohibited by subsection (1) of this section has a right of action for recovery of all damages that he had sustained in consequence of the deception, misrepresentation, or false advertising used to induce him to change his place of employment, against anyone directly or indirectly procuring such change, and in addition thereto, he shall recover reasonable attorneys' fees to be fixed by the court and taxed as costs in any judgment recovered.

Section 3. Section 95-506, R.C.M. 1947, is amended to read as follows:

"95-506. **Determination of fitness to proceed—effect of finding of unfitness—proceedings if fitness is regained.** (a) When the defendant's fitness to proceed is drawn in question, the issue shall be determined by the court. If neither the county attorney nor counsel for the defendant contests the finding of the report filed pursuant to section 95-505, the court may make the determination on the basis of such report. If the finding is contested, the court shall hold a hearing on the issue. If the report is received in evidence upon such hearing, the parties shall have the right to summon and cross-examine the psychiatrists who joined in the report and to offer evidence upon the issue.

(b) If the court determines that the defendant lacks fitness to proceed, the proceeding against him shall be suspended, except as provided in subsection (c) of this section, and the court shall commit him to custody of the superintendent of the Montana state hospital, to be placed in an appropriate institution of the state department of public institutions for so long as such unfitness shall endure. When the court, on its own motion or upon the application of the superintendent of the Montana state hospital, or the county attorney, or the defendant or his legal representative, determines, after a hearing if a hearing is requested, that the defendant has regained fitness to proceed, the proceeding shall be resumed. If, however, the court is of the view that so much time has elapsed since the commitment of the defendant that it would be unjust to resume the criminal proceedings, the court may dismiss the charge and may order the defendant to be discharged, or, subject to the law governing the civil commitment of persons suffering from mental disease or defect, order the de-

HeinOnline -- 1973 vol. II 1397 1973

fendant to be commited to an appropriate institution of the state department of public institutions.

(c) The fact that the defendant is unfit to proceed does not preclude any legal objection to the prosecution which is susceptible to fair determination prior to trial and without the personal participation of the defendant.

(d) The expenses of sending the defendant to the custody of the superintendent of the Montana state hospital, to be placed in an appropriate institution of the state department of public institutions, of keeping him there, and of bringing him back, are in the first instance chargeable to the county in which the indictment was found, or the information filed; but the county may recover them from the estate of the defendant, if he has any, or from a town, city, or county bound to provide for and maintain him elsewhere."

Section 4. There is a new section to be numbered 95-719, R.C.M. 1947, which reads as follows:

95-719. **Stop and frisk.**

(1) A peace officer may stop any person he observes in circumstances that give the peace officer reasonable cause to suspect that the person has committed, is committing, or is about to commit an offense involving the use or attempted use of force against the person or theft, damage or destruction of property if the stop is reasonably necessary to obtain or verify an account of the person's presence or conduct or to determine whether to arrest the person.

(2) A peace officer may stop any person he finds near the scene of an offense that the peace officer has reasonable cause to suspect has just been committed if:

(a) the peace officer has reasonable cause to suspect that the person has knowledge of material aid to the investigation of the offense; or

(b) the stop is reasonably necessary to obtain or verify the person's identity or an account of the offense.

(3) A peace officer may stop any person in connection with an offense that the peace officer has probable cause to believe has been committed if:

(a) the offense is a felony involving the use or the attempted use of force against a person or theft, damage, or destruction of property; and

(b) the peace officer has reasonable cause to suspect the person committed the felony; and

HeinOnline -- 1973 vol. II 1398 1973

(c) the stop is reasonably necessary to obtain or verify his identity to determine whether to arrest the person for the felony; or the peace officer has reasonable cause to suspect that the person was present at the scene of the offense, and the stop is reasonably necessary to obtain or verify the person's identity.

(4) A peace officer who has lawfully stopped a person under this section may:

(a) frisk that person and take other reasonable necessary steps for protection if the peace officer has reasonable cause to suspect that the person is armed and presently dangerous to the peace officer or another person present; and

(b) take possession of any object that the peace officer discovers during the course of the frisk if the peace officer has probable cause to believe the object is a deadly weapon.

(5) A peace officer who has lawfully stopped a person under this section may demand of the person his name and his present or last address.

(6) A peace officer who has lawfully stopped a person under this section shall inform the person, as promptly as possible under the circumstances and in any case before questioning the person, that he is a peace officer and that the stop is not an arrest but rather a temporary detention for an investigation, and that upon completion of the investigation the person will be released unless he is arrested.

(7) After the authorized purpose of the stop has been accomplished or thirty (30) minutes have elapsed, whichever occurs first, the peace officer shall allow the person to go unless he has arrested the person.

Section 5. There is a new section to be numbered 95-1507, R.C.M. 1947, which reads as follows:

95-1507. **Sentence Of Imprisonment For Persistent Felony Offender.**

(1) A persistent felony offender is an offender who has been previously convicted of a felony and the present offense is a second felony committed on a different occasion than the first.

(2) A persistent felony offender shall be imprisoned in the state prison for a term of not less than five (5) years nor more than one hundred (100) years providing:

(a) the previous felony conviction was for an offense committed in this state or any other jurisdiction for which a sentence

HeinOnline -- 1973 vol. II 1399 1973

to a term of imprisonment in excess of one (1) year could have been imposed; and

(b) less than five (5) years have elapsed between the commission of the present offense and either,

(i) the previous felony conviction or

(ii) the offenders released on parole or otherwise from a prison or other commitment imposed as a result of the previous felony conviction; and

(c) the offender was more than twenty-one (21) years old at the time of the commission of the new offense.

(3) A previous felony conviction shall not be considered for the purpose of sentencing under this section if the offender has been pardoned on the grounds of innocence, or if the conviction had been set aside in any post conviction hearing.

Section 6. There is a new section to be numbered 95-1711, R.C.M. 1947, which reads as follows:

95-1711. **Effect Of Former Prosecution And Multiple Prosecution.**

(1) Definition of terms.

(a) The term "same transaction" includes conduct consisting of:

(i) a series of acts or omissions motivated by a purpose to accomplish a criminal objective, and necessary or incidental to the accomplishment of that objective; or

(ii) a series of acts or omissions motivated by a common purpose or plan and which result in the repeated commission of the same offense or affect the same person or the same persons or the property thereof.

(b) An offense is an "included offense" when:

(i) it is established by proof of the same or less than all the facts required to establish the commission of the offense charged; or

(ii) it consists of an attempt to commit the offense charged or to commit an offense otherwise included therein; or

(iii) it differs from the offense charged only in the respect that a less serious injury or risk of injury to the same person, property or public interest or a lesser kind of culpability suffices to establish its commission.

HeinOnline -- 1973 vol. II 1400 1973

(2) Method of prosecution when conduct constitutes more than one offense. When the same transaction may establish the commission of more than one offense, a person charged with such conduct may be prosecuted for each such offense. He may not, however, be convicted of more than one offense if:

(a) one offense is included in the other; or

(b) one offense consists only of a conspiracy or other form of preparation to commit the other; or

(c) inconsistent findings of fact are required to establish the commission of the offenses;

(d) the offenses differ only in that one is defined to prohibit a designated kind of conduct generally and the other to prohibit a specific instance of such conduct; or

(e) the offense is defined to prohibit a continuing course of conduct and the defendant's course of conduct was interrupted, and unless the law provides that the specific periods of such conduct constitute separate offenses.

(3) When prosecution barred by former prosecution. Provided the offenses, if more than one, were known to the attorney prosecuting upon sufficient evidence to justify the filing of an information or the issuance of a warrant of arrest and were consummated prior to the original charge, and provided the jurisdiction and venue of the several offenses lie in a single court, a prosecution based upon the same transaction as a former prosecution is barred by such former prosecution under the following circumstances:

(a) The former prosecution resulted in an acquittal. There is an acquittal if the prosecution resulted in a finding of not guilty by the trier of fact or in a determination that there was insufficient evidence to warrant a conviction. A finding of guilty of a lesser included offense than the offense charged which is subsequently set aside in an acquittal of the greater inclusive offense that was charged.

(b) The former prosecution was terminated, after a complaint had been filed on a misdemeanor charge, after an information had been filed or an indictment found on a felony charge, by a final order of judgment for the defendant, which has not been set aside, reversed, or vacated and which necessarily required a determination inconsistent with a fact or a legal proposition that must be established for conviction of the offense.

(c) The former prosecution resulted in a conviction. There is a conviction if the prosecution resulted in:

HeinOnline -- 1973 vol. II 1401 1973

(i) a judgment of conviction which has not been reversed or vacated; or

(ii) a verdict of guilty which has not been set aside and which is capable of supporting a judgment, so long as failure to enter judgment was for a reason other than a motion of the defendant; or

(iii) a plea of guilty accepted by the court, so long as failure to enter judgment was for a reason other than a motion of the defendant.

(d) The former prosecution was improperly terminated. Except as provided in this subsection, there is an improper termination of a prosecution if the termination is for reasons not amounting to an acquittal, and it takes place after the first witness is sworn but before verdict. Termination under any of the following circumstances is not improper:

(i) the defendant consents to the termination or waives his right to object to the termination; or

(ii) the trial court, in the exercise of its discretion, finds that the termination is necessary because:

(A) it is physically impossible to proceed with the trial in conformity with law; or

(B) there is a legal defect in the proceedings which would make any judgment entered upon a verdict reversible as a matter of law; or

(C) prejudicial conduct, in or outside the courtroom, makes it impossible to proceed with the trial without manifest injustice to either the defendant or the state; or

(D) the jury is unable to agree upon a verdict; or

(E) false statements of a juror on voir dire prevent a fair trial.

(4) Former prosecution in another jurisdiction—when a bar. When conduct constitutes an offense within the concurrent jurisdiction of this state and of the United States or another state or of two courts of separate and/or concurrent jurisdiction in this state, a prosecution in any such other jurisdiction is a bar to a subsequent prosecution in this state under the following circumstances:

(a) The first prosecution resulted in an acquittal or in a conviction as defined in subsection (3) and the subsequent prosecution is based on an offense arising out of the same transaction.

HeinOnline -- 1973 vol. II 1402 1973

(b) The former prosecution was terminated, after the complaint has been filed on a misdemeanor charge, after the information was filed or the indictment found, by an acquittal or by a final order or judgment for the defendant which has not been set aside, reversed, or vacated and which acquittal, final order or judgment necessarily required a determination inconsistent with a fact which must be established for conviction of the offense of which the defendant is subsequently prosecuted.

(5) Former prosecution before court lacking jurisdiction or when fraudulently procured by the defendant. A prosecution is not a bar within the meaning of subsections (3) and (4) under any of the following circumstances:

(a) the former prosecution was before a court which lacked jurisdiction over the defendant or the offenses; or

(b) the former prosecution was procured by the defendant without the knowledge of the proper prosecuting officer or with the purpose of avoiding the sentence which might otherwise be imposed; or

(c) the former prosecution resulted in a judgment of conviction which was held invalid in any post-conviction hearing.

Section 7. There is a new section to be numbered 95-1807, R.C.M. 1947, which reads as follows:

95-1807. **Compelling Testimony: Immunity From Prosecution.**

Before or during trial in any judicial proceeding a justice of the supreme court or judge of the district court, upon request by the attorney prosecuting or counsel for the defense, may require a person to answer any question or produce any evidence that may incriminate him. If a person is required to give testimony or produce evidence, in accordance with this section, in any investigation or proceeding he cannot be prosecuted or subjected to any penalty or forfeiture, other than a prosecution or action for perjury or contempt, for or on account of any transaction, matter or thing concerning which he testified or produced evidence.

Section 8. There is a new section to be numbered 95-1808, R.C.M. 1947, which reads as follows:

95-1808. **"Witness" And "State" Defined.** "Witness" as used in 95-1809 through 95-1811, R.C.M. 1947, shall include a person whose testimony is desired in any proceeding or investigation by a grand jury or in a criminal action, prosecution or proceeding. The word "state" shall include any territory of the United States and District of Columbia.

HeinOnline -- 1973 vol. II 1403 1973

Section 9. There is a new section to be numbered 95-2227, R.C.M. 1947, which reads as follows:

95-2227. **Effect Of Conviction.**

(1) Conviction of any offense shall not deprive the offender of any civil or constitutional rights except as they shall be specifically enumerated by the sentencing judge as necessary conditions of the sentence directed toward the objectives of rehabilitation and the protection of society.

(2) No person shall suffer any civil or constitutional disability not specifically included by the sentencing judge in his order of sentence.

(3) When a person has been deprived of any of his civil or constitutional rights by reason of conviction for an offense and his sentence has expired or he has been pardoned he shall be restored to all civil rights and full citizenship, the same as if such conviction had not occurred.

Section 10. There is a new section to be numbered 95-2228, R.C.M. 1947, which reads as follows:

95-2228. **Fines, Costs And Forfeitures, How Disposed Of.** All fines and forfeitures collected in any court, except police courts, must be applied to the payment of the costs of the case in which the fine is imposed or the forfeiture incurred; and after such costs are paid, the residue, if not otherwise provided by law, must be paid to the county treasurer of the county in which the court is held and by him credited as provided by law. If the said fine or forfeiture is paid to the county treasurer at the time of such payment there shall be filed with the county treasurer, a complete statement showing the total of the fine or forfeiture received or incurred with an itemized statement of the costs incurred by the county in such action, which statement shall give the title of the cause and be subscribed by the person or officer making such payment.

Section 11. There is a new section to be numbered 95-2229, R.C.M. 1947, which reads as follows:

95-2229. **Traffic Fines Collected From Juvenile Offenders — Disposition.**

All fines collected by the district courts from children under eighteen (18) years of age for unlawful operation of motor vehicles resulting from traffic summonses issued by the peace officers of the cities, counties, or by highway patrolmen, together with that portion of the fines which is specified in section 75-7903 shall be

HeinOnline -- 1973 vol. II 1404 1973

retained by the county treasurer of the county in which the offense occurred and at the end of each month distributed as follows:

(a) fines collected as the result of summones issued by city police officers shall be distributed to the city in which the police officer is employed, and credited to the city general fund;

(b) fines collected as the result of summonses issued by county peace officers shall be retained by the county treasurer and credited to the county road fund;

(c) fines collected as the result of summonses issued by state highway patrolmen shall be paid to the state treasurer of Montana and by him credited to the general fund of the state;

(d) that portion of the fines, as provided for in section 75-7903, shall be paid to the state treasurer of Montana and by him credited to the automobile driver education account in the earmarked revenue fund.

Section 12. There is a new section to be numbered 95-3004, R.C.M. 1947, which reads as follows:

95-3004. **The Burden In A Homicide Trial.**

(a) In a homicide trial, before an extrajudicial confession may be admitted into evidence, the state must introduce independent evidence tending to establish the death, and that the death was caused by a criminal agency.

(b) In a deliberate homicide, knowledge or purpose may be inferred from the fact that the accused committed a homicide and no circumstances or mitigation, excuse or justification appear.

Section 13. There is a new section to be numbered 95-3012, R.C.M. 1947, which reads as follows:

95-3012. **Testimony Of Person Legally Accountable.** A conviction cannot be had on the testimony of one responsible or legally accountable for the same offense, as defined in section 94-2-106, unless he is corroborated by other evidence, which in itself, and without the aid of the testimony of the one responsible or legally accountable for the same offense, tends to connect the defendant with the commission of the offense; and the corroboration is not sufficient, it merely shows the commission of the offense, or the circumstances thereof.

Section 14. There is a new chapter entitled Chapter 31 which reads as follows:

CHAPTER 31: UNIFORM CRIMINAL EXTRADITION ACT

95-3101. **Definitions.** Where appearing in this act, the term "governor" includes any person performing the functions of gov-

ernor by authority of the law of this state. The term "executive authority" includes the governor, and any person performing the functions of governor in a state other than this state. The term "state," referring to a state other than this state, includes any other state or territory, organized or unorganized, of the United States of America.

95-3102. **Fugitives From Justice—Duty Of Governor.** Subject to the provisions of this act, the provisions of the constitution of the United States controlling, and any and all acts of Congress enacted in pursuance thereof, it is the duty of the governor of this state to have arrested and delivered up to the executive authority of any other state of the United States any person charged in that state with treason, felony, or other crime, who has fled from justice and is found in this state.

95-3103. **Demand—Form.** No demand for the extradition of a person charged with crime in another state shall be recognized by the governor unless in writing alleging that the accused was present in the demanding state at the time of the commission of the alleged crime, and that thereafter he fled from the state, except in cases arising under section 95-3106, and accompanied by a copy of the indictment found or by information supported by affidavit in the state having jurisdiction of the crime, or by a copy of an affidavit made before a magistrate there, together with a copy of any warrant which was issued thereon; or by a copy of a judgment of conviction or of a sentence imposed in execution thereof, together with a statement by the executive authority of the demanding state that the person claimed has escaped from confinement or has broken the terms of his bail, probation, or parole. The indictment, information, or affidavit made before the magistrate must substantially charge the person demanded with having committed a crime under the law of that state; and the copy of the indictment, information, affidavit, judgement of conviction or sentence must be authenticated by the executive authority making the demand.

95-3104. **Investigation By Governor.** When a demand shall be made upon the governor of this state by the executive authority of another state for the surrender of a person so charged with crime, the governor may call upon the attorney general or any prosecuting officer in this state to investigate or assist in investigating the demand, and to report to him the situation and circumstances of the person so demanded, and whether he ought to be surrendered.

95-3105. **Extradition Of Persons Imprisoned Or Awaiting Trial In Another State Or Who Have Left The Demanding State Under Compulsion.** When it is desired to have returned to this

HeinOnline -- 1973 vol. II 1406 1973

state a person charged in this state with a crime, and such person is imprisoned or is held under criminal proceedings then pending against him in another state, the governor of this state may agree with the executive authority of such other state for the extradition of such person before the conclusion of such proceedings or his term of sentence in such other state, upon condition that such person be returned to such other state at the expense of this state as soon as the prosecution in this state is terminated.

The governor of this state may also surrender on demand of the governor of any other state any person in this state who is charged in the manner provided in section 95-3123 with having violated the laws of the state whose governor is making the demand, even though such person left the demanding state involuntarily.

95-3106. **Extradition Of Persons Not Present In Demanding State At Time Of Commission Of Crime.** The governor of this state may also surrender, on demand of the executive authority of any other state, any person in this state charged in such other state in the manner provided in section 95-3103 with committing an act in this state, or in a third state, intentionally resulting in a crime in the state whose executive authority is making the demand, and the provisions of this act not otherwise inconsistent shall apply to such cases, even though the accused was not in that state at the time of the commission of the crime, and has not fled therefrom.

95-3107. **Issuance Of Warrant Of Arrest By Governor — Recitals Therein.** If the governor decides that the demand should be complied with, he shall sign a warrant of arrest, which shall be sealed with the state seal, and be directed to any peace officer or other person whom he may think fit to entrust with the execution thereof. The warrant must substantially recite the facts necessary to the validity of its issuance.

95-3108. **Execution Of Warrant—Manner And Place Thereof.** Such warrant shall authorize the peace officer or other person to whom directed to arrest the accused at any time and any place where he may be found within the state and to command the aid of all peace officers or other persons in the execution of the warrant, and to deliver the accused, subject to the provisions of this act to the duly authorized agent of the demanding state.

95-3109. **Authority Of Arresting Officer.** Every such peace officer or other person empowered to make the arrest, shall have the same authority, in arresting the accused, to command assistance therein, as peace officers have by law in the execution of any criminal process directed to them, with like penalties against those who refuse their assistance.

HeinOnline -- 1973 vol. II 1407 1973

95-3110. **Rights Of Accused Persons—Application For Writ Of Habeas Corpus.** No person arrested upon such warrant shall be delivered over to the agent whom the executive authority demanding him shall have appointed to receive him unless he shall be first taken forthwith before a judge of a court of record in this state, who shall inform him of the demand made for his surrender and of the crime with which he is charged, and what he has the right to demand and procure legal councel; and if the prisoner or his counsel shall state that he or they desire to test the legality of his arrest, the judge of such court of record shall fix a reasonable time to be allowed him within which to apply for a writ of habeas corpus. When such writ is applied for, notice thereof, and of the time and place of hearing thereon, shall be given to the prosecuting officer of the county in which the arrest is made and in which the accused is in custody, and to the said agent of the demanding state.

95-3111. **Penalty For Noncompliance With Preceding Section.** Any officer who shall deliver to the agent for extradition of the demanding state a person in his custody under the governor's warrant, in willful disobedience of the last section, shall be guilty of a misdemeanor and, on conviction, shall be fined not more than one thousand dollars ($1,000) or be imprisoned not more than six (6) months, or both.

95-3112. **Confinement Of Accused In Jail When Necessary.** The officer or persons executing the governor's warrant of arrest, or the agent of the demanding state to whom the prisoner may have been delivered may, when necessary, confine the prisoner in the jail of any county or city through which he may pass; and the keeper of such jail must receive and safely keep the prisoner until the officer or person having charge of him is ready to proceed on his route, such officer or person, however, being chargeable with the expense of keeping.

The officer or agent of a demanding state to whom a prisoner may have been delivered following extradition proceedings in another state, or to whom a prisoner may have been delivered after waiving extradition in such other state, and who is passing through this state with such a prisoner for the purpose of immediately returning such prisoner to the demanding state may, when necessary, confine the prisoner in the jail of any county or city through which he may pass; and the keeper of such jail must receive and safely keep the prisoner until the officer or agent having charge of him is ready to proceed on his route, such officer or agent, however, being chargeable with the expense of keeping; provided, however, that such officer or agent shall produce and show to the keeper of such jail satisfactory written evi-

HeinOnline -- 1973 vol. II 1408 1973

dence of the fact that he is actually transporting such prisoner to the demanding state after a requisition by the executive authority of such demanding state. Such prisoner shall not be entitled to demand a new requisition while in this state.

95-3113. **Arrest Of Accused Before Making Of Requisition.** Whenever any person within this state shall be charged on the oath of any credible person before any judge or magistrate of this state with the commission of any crime in any other state, and except in cases arising under section 95-3106 with having fled from justice, or, with having been convicted of a crime in that state and having escaped from confinement, or having broken the terms of his bail, probation, or parole, or whenever complaint shall have been made before any judge or magistrate in this state setting forth on the affidavit of any credible person in another state that a crime has been committed in such other state and that the accused has been charged in such state with the commission of the crime, and, except in cases arising under section 95-3106, has fled from justice, or with having been convicted of a crime in that state and having escaped from bail, probation, or parole and is believed to be in this state, the judge or magistrate shall issue a warrant to any peace officer commanding him to apprehend the person named therein, wherever he may be found in this state, and to bring him before the same or any other judge, magistrate or court who or which may be available in or convenient of access to the place where the arrest may be made, to answer charge or complaint and affidavit and a certified copy of the sworn charge or complaint or affidavit upon which the warrant is issued shall be attached to the warrant.

95-3114. **Arrest Of Accused Without Warrant Therefor.** The arrest of a person may be lawfully made also by any peace officer or a private person, without a warrant upon reasonable information that the accused stands charged in the courts of a state with a crime punishable by death or imprisonment for a term exceeding one (1) year, but when so arrested the accused must be taken before a judge or magistrate with all practicable speed and complaint must be made against him under oath setting forth the ground for the arrest as in the preceding section; and thereafter this answer shall be heard as if he had been arrested on a warrant.

95-3115. **Commitment To Await Requisition—Bail.** If from the examination before the judge or magistrate it appears that the person held is the person charged with having committed the crime alleged, and, except, in cases arising under section 95-3106 that he has fled from justice, the judge or magistrate must, by a warrant reciting the accusation, commit him to the county jail for such a time not exceeding thirty (30) days and specified in

HeinOnline -- 1973 vol. II 1409 1973

the warrant, as will enable the arrest of the accused to be made under a warrant of the governor on a requisition of the executive authority of the state having jurisdiction of the offense, unless the accused give bail as provided in the next section, or until he shall be legally discharged.

95-3116. **Bail—In What Cases—Conditions Of Bond.** Unless the offense with which the prisoner is charged is shown to be an offense punishable by death or life imprisonment under the laws of the state in which it was committed, a judge or magistrate in this state may admit the person arrested to bail by bond or undertaking, with sufficient sureties, and in such sum as he deems proper, conditioned for his appearance before him at a time specified in such bond or undertaking, and for his surrender, to be arrested upon the warrant of the governor of this state.

95-2006. **Verdict.**

(a) **Return.** The verdict of the jury must in all cases be general. It shall be returned by the jury to the judge in open court, who must enter, or cause to be entered in the minutes. The verdict of the jury must be unanimous.

(b) **Several defendants.** When several defendants are tried together, if the jury cannot agree upon a verdict as to all, they may render a verdict as to those in regard to whom they do agree, on which a judgment must be entered accordingly, and the case as to the rest may be tried by another jury.

(c) **Poll of jury.** When a verdict is returned, the jury shall be polled at the request of any party or upon the court's own motion. If upon the poll there is not a unanimous concurrence, the jury may be directed to retire for further deliberations or may be discharged.

HeinOnline -- 1973 vol. II 1419 1973

(d) **Discharge of jury.** The jury cannot be discharged after the cause is submitted to them, until they have agreed upon and rendered their verdict, unless for good cause the court sooner discharges them.

Section 31. Section 95-2206, R.C.M. 1947, is repealed and there is substituted the following sections to be numbered 95-2206, 95-2206.1, 95-2206.2, 95-2206.3, and 95-2206.4 which reads as follows:

95-2206. **Sentence.**

Whenever any person has been found guilty of a crime or offense upon a verdict or a plea of guilty the court may:

(1) Defer imposition of sentence for a period not to exceed one (1) year for any misdemeanor; for a period not to exceed three (3) years for any felony. The sentencing judge may impose upon the defendant any reasonable restriction or conditions during the period of the deferred imposition. Such reasonable restrictions or conditions may include:

(a) jail base release;

(b) jail time not to exceed ninety (90) days;

(c) conditions for probation;

(d) restitution;

(e) any other reasonable conditions deemed necessary for rehabilitation or for the protection of society;

(f) any combination of the above.

(2) Suspend execution of sentence up to the maximum sentence allowed for the particular offense. The sentencing judge may impose on the defendant any reasonable restrictions during the period of suspended sentence. Such reasonable restrictions may include:

(a) jail base release;

(b) jail time not to exceed (90) days;

(c) conditions for probation;

(d) restitution;

(e) any other reasonable conditions deemed necessary for rehabilitation or for the protection of society;

(f) any combination of the above.

If any restrictions or conditions are violated, any elapsed time, except jail time, shall not be a credit against the sentence, unless the court shall otherwise order.

HeinOnline -- 1973 vol. II 1420 1973

(3) Impose a fine as provided by law for the offense.

(4) Commit the defendant to a correctional institution with or without fine by law for the offense.

(5) Impose any combination of subsections (2), (3), or (4) above.

(6) The district court may also impose any of the following restrictions or conditions on the above sentence which it deems necessary to obtain the objective of rehabilitation and the protection of society:

(a) prohibit the defendant the right to hold public office;

(b) prohibit the defendant the right to own or carry a dangerous weapon;

(c) prohibit freedom of association;

(d) prohibit freedom of movement;

(e) any other limitation reasonably related to the objectives of rehabilitation or the protection of society.

(7) The judge in the justice court shall not have the authority to restrict an individual's rights as enumerated in subsection (6).

Any judge who has suspended the execution of a sentence or deferred the imposition of a sentence of imprisonment under this section, or his successor, is authorized thereafter, in his discretion, during the period of such suspended sentence or deferred imposition of sentence to revoke such suspension or impose sentence and order such person committed, or may, in his discretion, order the prisoner placed under the jurisdiction of the state board of pardons as provided by law, or retain such jurisdiction with this court. Prior to the revocation of an order suspending or deferring the imposition of sentence, the person affected shall be given a hearing.

95-2206.1. **Sentence To Death.**

When a person is convicted of an offense punishable by death or imprisonment, the court may sentence the offender to death or imprisonment.

95-2206.2. **When No Place Of Imprisonment Is Specified.**

When a statute authorizes imprisonment for its violation but does not prescribe the place of imprisonment, a sentence not to exceed one (1) year shall be to the county jail.

HeinOnline -- 1973 vol. II 1421 1973

95-2206.3. **When No Penalty Is Specified.**

The court in imposing sentence upon an offender convicted of an offense for which no penalty is otherwise provided, or if the offense is designated a misdemeanor and no penalty is otherwise provided, may sentence the offender to a term of imprisonment not to exceed six (6) months in the county jail or a fine not to exceed five hundred dollars ($500), or both. Where statutes outside the criminal code refer to a subsequently repealed section in title 94 for a penalty, then the penalty shall be a fine not to exceed five hundred dollars ($500) or imprisonment in the county jail for a term not to exceed six (6) months, or both.

95-2206.4. **When No Felony Is Specified.**

The court in imposing sentence upon an offender convicted of an offense which is designated as a felony, and no penalty is otherwise provided, may sentence the offender for any term not to exceed ten (10) years in the state prison.

"84-1405. **Record of coal sold for retail.** Each and every person engaging in or carrying on such occupation or business in this state shall keep a record showing all coal purchased or received by or delivered to such person for sale by such person at retail in this state for the mining of which coal no "mine operator" has paid, or assumed liability for the payment of, any license fee to the state of Montana under any law of this state, which record shall show the date of each purchase or delivery, the number of tons contained therein, and the name of the person from whom the same was purchased or received, which records shall at all times during the business hours of the day be subject to inspection by the state *department of revenue,* its members, agents or employees."

Section 50. Section 84-1406, R.C.M. 1947, is amended to read as follows:

"84-1406. **Statement of coal sold—form of filing.** Each and every person must, within thirty days after the quarter ending March 31, 1921, and within thirty days after the end of each following quarter, make out in duplicate, on forms prescribed by the state *department of revenue,* and deliver to the state treasurer, a statement showing the total number of tons of coal sold by such person during such quarter for the mining of which no "mine operator" has paid, or assumed liability for the payment of, any license fee to the state of Montana under any law of this state, together with the total amount due to the state of Montana as license fees from such person for such quarter; and must within such thirty days, and at the same time such statement is delivered to the state treasurer, pay to the state treasurer the amount of the license fees shown by such statement to be due to the state of Montana for the quarter for which said statement is made. Such statement must be signed and verified by the oath of the individual or individuals, or by the president, vice-president, treasurer, assistant treasurer or managing agent in this state of the association, joint-stock company, syndicate, or corporation making the same. The state treasurer shall file one copy of such statement in his office and deliver the other copy thereof to the state *department of revenue.*"

Section 51. Section 84-1408, R.C.M. 1947, is amended to read as follows:

"84-1408. **Procedure to determine tax on failure to file statement—penalty.** If any person shall fail, neglect, or refuse to make

or file the statement required by section 84-1406, or shall fail to make payment of such license tax within the time therein required, the state *department of revenue* shall, immediately after such time has expired, proceed to inform itself, as best it may, regarding the matters required to be set forth in such statement and shall fix and determine the amount of the license fees due from such person for such quarter, and shall make out a statement in duplicate showing such matters, and the amount of such license fees, and shall add to the amount of such license fees twenty-five per centum (25%) thereof as a penalty, and deliver one (1) of such statements to the state treasurer, who shall proceed to collect the amount of such license fees, with the penalty added thereto, and interest on the whole thereof at the rate of eight per centum (8%) per annum from the date of the making of such statement by the *department of revenue* until paid. Upon the request of the state treasurer it shall be the duty of the attorney general to commence and prosecute to final determination in any court of competent jurisdiction an action to collect the same."

Section 52. Section 84-1412, R.C.M. 1947, is amended to read as follows:

"84-1412. **Revocation of license.** The state *department of revenue* shall have the power to revoke the license of any person upon the conviction of such person of the violation of any of the provisions contained in the two preceding sections, but no revocation shall be made until due notice of the intention of the state *department of revenue* so to do shall have been given to such person and such person afforded an opportunity to appear before such state *department of revenue* and show cause why such license should not be revoked."

Section 53. Section 84-1501.2, R.C.M. 1947, is amended to read as follows:

"84-1501.2. **Election by small business corporation.** (a) Eligibility. Except as provided in subsection (f), any small business corporation may elect, in accordance with the provisions of this section, not to be subject to the taxes imposed by this chapter. Such election shall be valid only if all persons who are shareholders in such corporation—

(1) on the first day of the first taxable year for which such election is effective, if such election is made on or before such first day, or

(2) on the day on which the election is made, if the election is made after such first day, consent to such election.

(b) Effect. If a small business corporation makes an election under subsection (a), then—

HeinOnline -- 1973 vol. II 1461 1973

(1) with respect to the taxable years of the corporation for which such election is in effect, such corporation shall not be subject to the taxes imposed by this chapter and, with respect to such taxable years and all succeeding taxable years, the provisions of this act shall apply to such corporation, and

(2) with respect to the taxable years of a shareholder of such corporation in which or with which the taxable years of the corporation for which such election is in effect end, the provisions of this act shall apply to such shareholder, and with respect to such taxable years and all succeeding taxable years, the provisions of this act shall apply to such shareholder.

(c) Where and how made.

(1) In general. An election under subsection (a) may be made by a small business corporation for any taxable year at any time during the first month of such taxable year, or at any time during the month preceding such first month. Such election shall be made in such manner as the *department of revenue* shall prescribe by regulations.

(2) Taxable years beginning before date of enactment. An election may be made under subsection (a) by a small business corporation for its first taxable year which begins after December 31, 1958, and on or before the date of the enactment of this subchapter, and ends after such date at any time—

(A) within the 90-day period beginning on the day after the date of the enactment of this subchapter, or

(B) if its taxable year ends within such 90-day period, before the close of such taxable year.

An election may be made pursuant to this paragraph only if the small business corporation has been a small business corporation (as defined in this act) on each day after the date of the enactment of this subchapter and before the day of such election.

(d) Years for which effective. An election under subsection (a) shall be effective for the taxable year of the corporation for which it is made and for all succeeding taxable years of the corporation, unless it is terminated, with respect to any such taxable year, under subsection (e).

(e) Termination.

(1) New shareholders. An election under subsection (a) made by a small business corporation shall terminate if any person who was not a shareholder in such corporation—

(A) on the first day of the first taxable year of the cor-

HeinOnline -- 1973 vol. II 1462 1973

poration for which the election is effective, if such election is made on or before such first day, or

(B) on the day on which the election is made, if such is made after such first day, becomes a shareholder in such corporation and does not consent to such election within such time as the *department of revenue* shall prescribe by regulations. Such termination shall be effective for the taxable year of the corporation in which such person becomes a shareholder in the corporation and for all succeeding taxable years of the corporation.

(2) Revocation. An election under subsection (a) made by a small business corporation may be revoked by it for any taxable year of the corporation after the first taxable year for which the election is effective.

An election may be revoked only if all persons who are shareholders in the corporation on the day on which the revocation is made consent to the revocation. A revocation under this paragraph shall be effective—

(A) for the taxable year in which made, if made before the close of the first month of such taxable year.

(B) for the taxable year following the taxable year in which made, if made after the close of such first month, and for all succeeding taxable years of the corporation. Such revocation shall be made in such manner as the state *department of revenue* shall prescribe by regulations.

(3) Ceases to be small business corporation. An election under subsection (a) made by a small business corporation shall terminate if at any time—

(A) after the first day of the first taxable year of the corporation for which the election is effective, if such election is made on or before such first day, or

(B) after the day on which the election is made, if such election is made after such first day, the corporation ceases to be a small business corporation (as defined in this act). Such termination shall be effective for the taxable year of the corporation in which the corporation ceases to be a small business corporation and for all succeeding taxable years of the corporation.

(f) Election after termination. If a small business corporation has made an election under subsection (a) and if such election has been terminated or revoked under subsection (e), such corporation (and any successor corporation) shall not be eligible to make an election under subsection (a) for any taxable year prior to its fifth taxable year which begins after the first tax-

able year for which such termination or revocation is effective, unless the state *department of revenue* consents to such election.

(g) This election shall not be effective unless the corporate net income or loss of such electing corporation shall have been included in the stockholders' adjusted gross income as such is defined in section 84-4905.

(h) Every electing corporation shall be required to pay the minimum fee of ten dollars ($10.00) required by section *84-1501.*"

Section 54. Section 84-1502, R.C.M. 1947, is amended to read as follows:

"84-1502. **Deductions allowed in computing income.** In computing the net income the following deductions shall be allowed from the gross income received by such corporation within the year from all sources:

1. All the ordinary and necessary expenses paid or incurred during the taxable year in the maintenance and operation of its business and properties, including reasonable allowance for salaries for personal services actually rendered, subject to the limitation hereinafter contained, rentals or other payments required to be made as a condition to the continued use or possession of property to which the corporation has not taken or is not taking title, or in which it has no equity. No deduction shall be allowed for salaries paid upon which the recipient thereof has not paid Montana state income tax; provided, however, that where domestic corporations are taxed on income derived from without the state, salaries of officers paid in connection with securing such income shall be deductible.

2. (A) All losses actually sustained and charged off within the year and not compensated by insurance or otherwise, including a reasonable allowance for the wear and tear of property arising out of its use or employment in the business or trade. No deduction shall be allowed for any amount paid out for any buildings, permanent improvements or betterments made to increase the value of any property or estate and no deduction shall be made for any amount of expense of restoring property or making good the exhaustion thereof for which an allowance is or has been made.

(B) (a) There shall be allowed as a deduction for the taxable period a net operating loss deduction determined according to the provisions of this subsection. The net operating loss deduction is the aggregate of net operating loss carryovers to such taxable period plus the net operating loss carrybacks to such taxable period. The term "net operating loss" means the excess of the deductions allowed by this section, 84-1502, over the gross income,

HeinOnline -- 1973 vol. II 1464 1973

with the modifications specified in paragraph (b) of this subsection. If for any taxable period beginning after December 31, 1970, a net operating loss is sustained, such loss shall be a net operating loss carryback to each of the three (3) taxable periods preceding the taxable period of such loss and shall be a net operating loss carryover to each of the five (5) taxable periods following the taxable period of such loss. The portion of such loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of such loss over the sum of the net income for each of the prior taxable periods to which such loss was carried. For purposes of the preceding sentence, the net income for such prior taxable period shall be computed with the modifications specified in paragraph (b) (ii) of this subsection and by determining the amount of the net operating loss deduction without regard to the net operating loss for the loss period or any taxable period thereafter, and the net income so computed shall not be considered to be less than zero.

(b) The modifications referred to in paragraph (a) of this subsection shall be as follows:

(i) No net operating loss deduction shall be allowed.

(ii) The deduction for depletion shall not exceed the amount which would be allowable if computed under the cost method.

(c) A net operating loss deduction shall be allowed only with regard to losses attributable to the business carried on within the state of Montana.

(d) In the case of a merger of corporations, the surviving corporation shall not be allowed a net operating loss deduction for net operating losses sustained by the merged corporations prior to the date of merger.

In the case of consolidation of corporations, the new corporate entity shall not be allowed a deduction for net operating losses sustained by the consolidation.

(e) Notwithstanding the provisions of section 84-1508.1 (c), R.C.M. 1947, interest shall not be paid with respect to a refund of tax resulting from a net operating loss carryback or carryover.

(f) The net operating loss deduction shall not be allowed with respect to taxable periods which ended on or before December 31, 1970, but shall be allowed only with respect to taxable periods beginning on or after January 1, 1971.

3. In the case of mines, other natural deposits, oil and gas wells, and timber, a reasonable allowance for depletion and for depreciation of improvements, according to the peculiar conditions

HeinOnline -- 1973 vol. II 1465 1973

in each case; such reasonable allowance in all cases to be made under rules and regulations to be prescribed by the state *department of revenue;* provided, however, for the purpose of determining depletion, depreciation and obsolescence, in all cases not expressly provided for in this act, the provisions of the most recent act of Congress of the United States, commonly known as the Federal Income Tax Act, and the rules, regulations and decisions thereunder, in so far as the same are applicable and pertinent and not repugnant to or inconsistent with the express provisions of this act, shall be the rule of decision by the state *department of revenue.*

4. The amount of interest paid within the year on its indebtedness incurred in the operation of the business from which its income is derived; but no interest shall be allowed as a deduction if paid on an indebtedness created for the purchase, maintenance or improvement of property or for the conduct of business unless the income from such property or business would be taxable under this act.

5. Interest income from obligations of the state of Montana, or any political subdivision or municipality of the state of Montana.

6. Taxes paid within the year except the following: (a) Taxes imposed by this act.

(b) Taxes assessed against local benefits of a kind tending to increase the value of the property assessed.

(c) Taxes on or according to or measured by net income or profits imposed by authority of the government of the United States.

Taxes deductible under this act shall be construed to include taxes imposed by any county, school district or municipality of this state."

Section 55. Section 84-1503, R.C.M. 1947, is amended to read as follows:

"84-1503. **Segregation of income within and without state.** If the income of any corporation from sources within the state cannot be properly segregated from income without the state, then, in that event, the amount of the net income returned shall be that proportion of the taxpayer's total net income which the taxpayer's gross business done in the state of Montana bears to the total gross business of the taxpayer, and apportionment shall be made under the rules and regulations prescribed by the state *department of revenue,* giving consideration to sales, property and payroll and such other factors as may be deemed applicable; provided, however, that the state *department of revenue* shall, upon

HeinOnline -- 1973 vol. II 1466 1973

the presentation of satisfactory evidence, determine that the income from sources within the state of Montana may be properly segregated from income from sources without the state of Montana and shall allow separate accounting. The *department* shall publish not less than once every three (3) years, all rules and regulations and all changes in rules and regulations as they occur pertaining to this section. All decisions by the *department* under this section shall be subject to judicial review in an action prosecuted by the corporation in the district court of Lewis and Clark county. The taxpayer may not change from apportionment by formula to separate accounting or vice versa without first obtaining permission from the *department.*"

Section 56. Section 84-1504, R.C.M. 1947, is amended to read as follows:

"84-1504. **Computation of license tax—return of net income to be filed.** (1) The license fee shall be computed upon the total net income of the corporation received within each preceding calendar year ending December 31; provided, that any corporation subject to this license fee may designate the last day of any month in the year as the day of the close of its fiscal year, and shall be entitled to have the license fee payable by it computed upon the basis of the net income ascertained as herein provided for the year ending on the day so designated in the year preceding the date of assessment, instead of upon the basis of the net income for the calendar year preceding the date of assessment, and it shall give notice to the state *department of revenue* of the day it has thus designated as the close of its fiscal year, at any time not less than thirty (30) days prior to the time its return would be filed if made upon the basis of the calendar year.

(2) Every corporation, subject to the license fee herein imposed, shall for each year hereafter, for the year ending on the thirty-first day of December, or for its fiscal year selected under the provisions hereof, render a true and accurate return of its annual net income in the manner and form to be prescribed by the state *department of revenue,* and containing such facts, data and information as are appropriate and in the opinion of the state *department of revenue* necessary to determine the correctness of the net income returned and to carry out the provisions of this act. The return shall be signed by the president, vice-president, or other principal officer, and by the treasurer, assistant treasurer, or chief accounting officer. If the corporation is reporting on a calendar year basis the return shall be filed with the state *department of revenue* on or before the fifteenth day of May in each year, and if reporting on a fiscal year basis the return shall be filed with said *department* on or before the fifteenth day of the

HeinOnline -- 1973 vol. II 1467 1973

fifth month following the close of its fiscal year. Upon application a corporation shall be allowed an automatic extension of time for filing its return to the fifteenth day of the third month following the date prescribed for filing of its tax return. The application is to be made on such forms as the *department of revenue* shall prescribe. The *department of revenue* may grant an additional extension of time for the filing of a return whenever in its judgment good cause exists. The term gross income means the income from all sources within the state of Montana recognized in the determination of the corporation's federal income tax liability; but shall include interest exempt from federal income tax. The term "net income" means the gross income of the corporation less the allowable deductions. However, the definitions of gross income and net income set forth in this section shall not be construed as allowing the deductions set forth in section 243 of the Federal Internal Revenue Code as now written, or as that section shall be labeled or amended. The term "fiscal year" means an accounting period of twelve (12) months ending on the last day of any month other than December.

(3) In cases wherein receivers, trustees in bankruptcy, or assignees are operating the property or business of a corporation subject to the license fee imposed by this act, such receiver, trustee, or assignee shall make the return in the same manner and form as such corporation is hereinbefore required to make return, and any license fee due on the basis of such returns made by the receiver, trustee, or assignee, shall be assessed and collected in the same manner as if assessed directly against the corporation of whose business or property they have custody and control, and shall be paid by such receiver, trustee, or assignee out of the property of the company in his hands, prior to the claims of creditors or stockholders."

Section 57. Section 84-1505.1, R.C.M. 1947, is amended to read as follows:

"84-1505.1. **Release of tax liens.** (1) The state *department of revenue* shall issue a certificate of release of any lien imposed with respect to any tax due under Title 84, chapter 15, R.C.M. 1947, when it finds that the liability for the amount of tax assessed, together with all penalties and interest in respect thereof has been fully satisfied. The state *department of revenue* may issue a certificate of release if it determines that the lien is unenforceable.

(2) The state *department of revenue* may issue a certificate of discharge of any part of the property subject to any lien imposed with respect to any tax due under Title 84, chapter 15, R.C.M. 1947, if:

(a) It finds that the fair market value of that part of the

HeinOnline -- 1973 vol. II 1468 1973

property remaining subject to the lien is at least double the value of the unsatisfied liability secured by such lien and the amount of all other liens upon the property which may have priority to such lien;

(b) There is paid to the state treasurer in part satisfaction of the liability secured by the lien, an amount which shall not be less than the value, as determined by the state *department of revenue,* of the interest of the state of Montana in the part to be discharged; or

(c) The state *department of revenue* determines at any time that the interest of the state of Montana in the part to be so discharged has no value."

Section 58. Section 84-1505.2, R.C.M. 1947, is amended to read as follows:

"84-1505.2. **Immediate payment of tax or deficiency due may be required if delay would jeopardize collection.** If the state *department of revenue* finds that the assessment or collection of the tax or a deficiency in tax due under any corporation license tax statute of Montana for any taxable period will be jeopardized in whole or in part by delay, it may mail notice of its findings to the taxpayer together with a demand for immediate payment of the tax or deficiency declared to be in jeopardy, including penalty and accrued interest. In the case of a tax for a current period, the board may declare the taxable period of the taxpayer immediately terminated, and shall mail or issue notice of its findings to the taxpayer together with a demand for immediate payment of the tax based on the period declared terminated. A jeopardy assessment is immediately due and payable, and proceedings for collection may be commenced at once."

Section 59. Section 84-1507, R.C.M. 1947, is amended to read as follows:

"84-1507. **Returns and corrections to be public records.** When the assessment shall be made as provided in this act, the returns, together with any corrections thereof which may have been made by the state *department of revenue,* shall be filed in the office of said *department,* and shall constitute public records and be open to inspection as such only upon the order of the governor, and under rules and regulations to be prescribed by the state *department of revenue.*"

Section 60. Section 84-1508, R.C.M. 1947, is amended to read as follows:

"84-1508. **Regulations—attendance of witnesses—arbitrary assignment of net income.** The state *department of revenue* shall

HeinOnline -- 1973 vol. II 1469 1973

have power to prescribe forms for the returns and notices and such other regulations as may from time to time be found necessary for the purpose of carrying into effect the provisions of this act. Jurisdiction is hereby conferred upon the district court of the first judicial district of the state of Montana, in and for the county of Lewis and Clark, to compel attendance of witnesses to testify before the state *department of revenue,* together with the production of books and such other testimony by appropriate process. When the state *department of revenue* has reason to believe that the business of any corporation is so conducted as either directly or indirectly to distort the true net income of the corporation and the net income properly attributable to this state, whether by the arbitrary shifting of income through price fixing, charges for service, or otherwise, whereby the net income is arbitrarily assigned to one or another corporation carrying on business under a substantially common control, it may require the disclosure of such facts as it deems necessary for the proper computation of the entire net income and the net income properly attributable to this state, and in determining the same, the *department* shall have regard to the fair profits which would normally arise from the conduct of the business."

Section 61. Section 84-1508.2, R.C.M. 1947, is amended to read as follows:

"84-1508.2. **Periods of limitation—limitations for notification of additional tax extended if taxpayer fails to report change in federal tax—waiver.** (1) Except as otherwise provided in this section and in section 84-1513, R.C.M. 1947, no deficiency shall be assessed or collected with respect to the year for which a return is filed unless the notice of additional tax proposed to be assessed is mailed within five (5) years from the date the return was filed. For the purposes of this section a return filed before the last day prescribed for filing shall be considered as filed on such last day. Where before the expiration of the period prescribed for assessment of the tax, the taxpayer consents in writing to an assessment after the time, the tax may be assessed at any time prior to the expiration of the period agreed upon. The limitations prescribed for giving notice of a proposed assessment of additional tax shall not apply when a taxpayer has failed to file a report of changes in federal taxable income or an amended return as required by section 84-1517, R.C.M. 1947, until five (5) years after the federal changes become final or the amended federal return was filed, whichever the case may be.

(2) No refund or credit shall be allowed or paid with respect to the year for which a return is filed after five (5) years from the last day prescribed for filing the return or after one (1) year

HeinOnline -- 1973 vol. II 1470 1973

from the date of the overpayment, whichever period expires the later, unless before the expiration of such period the taxpayer files a claim therefor or the state *department of revenue* has determined the existence of the overpayment and has approved the refund or credit thereof. If the taxpayer has agreed in writing under the provisions of subsection (1) of this section to extend the time within which the state *department of revenue* may propose an additional assessment, the period within which a claim for refund or credit may be filed, or a credit or refund allowed in the event no claim is filed, shall automatically be so extended."

Section 62. Section 84-1509, R.C.M. 1947, is amended to read as follows:

"84-1509. **Consolidated returns—computation and procedure on.** (1) Corporations which are affiliated may not file a consolidated return unless at least eighty per cent (80%) of all classes of stock of each corporation involved is owned directly or indirectly by one (1) or more members of the affiliated group.

(2) Corporations may not file a consolidated return unless the operation of the affiliated group constitutes a unitary business and permission to file a consolidated return is given by the state *department of revenue.* For purposes of this section, a "unitary business operation" means one in which the business operations conducted by the corporations in the affiliated group are interrelated or interdependent to the extent that the net income of one corporation cannot reasonably be determined without reference to the operations conducted by the other corporations.

(3) If the conditions of subsections (1) and (2) of this section are met, the state *department of revenue* may require corporations to file a consolidated return when the *department* considers a consolidated return necessary.

(4) Any corporation liable to report under this act and owning, or controlling, either directly or indirectly, at least eighty per cent (80%) of all classes of stock of each corporation involved, may be required to make a consolidated report showing the combined net income [,] such assets of the corporation as are required for the purposes of this act, and such other information as the state *department of revenue* may require, but excluding intercorporate stockholdings and intercorporate accounts. Any corporation liable to report under this act and owned or controlled, either directly or indirectly, by another corporation may be required to make a report consolidated with the owning company, showing the combined net income, such assets of the corporation as are required for the purposes of this act, and such other information as the state *department of revenue* may require, but excluding inter-

HeinOnline -- 1973 vol. II 1471 1973

corporate stockholdings and intercorporate accounts. In case it shall appear to the state *department of revenue* that any arrangement exists in such a manner as to improperly reflect the business done, the segregable assets or the entire net income earned from business done in this state, the state *department of revenue* is authorized and empowered, in such manner as it may determine, to equitably adjust the tax."

Section 63. Section 84-1512, R.C.M. 1947, is amended to read as follows:

"84-1512. **Where omission deemed committed—certificate of** *department* **as evidence.** The failure to do any act, required by or under the provisions of this act, shall be deemed an act committed in the office of the state *department of revenue* in the state capitol building, in Helena, Montana. The certificates of the state department of revenue to the effect that a tax has not been paid, that a return has not been filed, or that information has not been supplied, as required by or under the provisions of this act, shall be prima facie evidence that such tax has not been paid, that such return has not been filed, or that such information has not been supplied."

Section 64. Section 84-1514, R.C.M. 1947, is amended to read as follows:

"84-1514. **Delinquency—suspension—forfeiture-dissolution.** If a tax computed and levied hereunder is not paid or if a return is not filed before five o'clock P. M. on the last day of the eleventh month after the date of delinquency the corporate powers, rights and privileges of the delinquent taxpayer, if it be a domestic corporation, shall be suspended, and if the delinquent taxpayer be a foreign corporation it shall thereupon forfeit its rights to do intrastate business in this state. Provided that, if any domestic corporation shall fail, for a period of five consecutive years, to either file a return or to pay the corporation license tax, the state *department of revenue* shall notify such corporation by mail addressed to the latest address on file in its office that such corporation will become dissolved if it fails to file all delinquent reports and pay all delinquent corporation license taxes within a period of sixty (60) days from and after the mailing of such notice, and, if such delinquent reports are not made and all delinquent corporation licenses are not paid before the expiration of said sixty (60) day period, the state *department of revenue* shall certify this fact to the secretary of state and upon receipt of such certificate, the said corporation shall be dissolved and the secretary of state shall indicate, by his records, such dissolution.

The state *department of revenue* shall transmit the name of each such corporation to the secretary of state, who shall imme-

HeinOnline -- 1973 vol. II 1472 1973

diately record the same in such manner that it may be available to the public. The suspension, forfeiture or dissolution herein provided for shall become effective immediately such record is made, and the certificate of the secretary of state shall be conclusive evidence of such suspension, forfeiture or dissolution."

Section 65. Section 84-1515, R.C.M. 1947, is amended to read as follows:

"84-1515. **Reviver of corporation after suspension or forfeiture.** Any corporation which has suffered the suspension or forfeiture referred to in the preceding section may be relieved therefrom upon making application therefor in writing supported by a certificate from the state *department of revenue* showing that the required return has been made and filed and/or that the tax and interest and penalties have been paid, for which the suspension or forfeiture occurred. Application for reviver may be made by any stockholder or creditor of the corporation or by a majority of the surviving trustees or directors, and the same shall be filed with the secretary of state, for which he shall receive a filing and recording fee of five dollars ($5). In case the application is made more than one (1) year from the date the suspension or forfeiture occurred the applicant shall pay twice the amount of the tax and penalties due the state for the taxable year with respect to which the suspension or forfeiture occurred, and upon such payment the secretary of state shall issue a certificate of reviver for which he shall collect a fee of five dollars ($5) and thereupon the applicant shall be revived. The reviver shall be without prejudice to any action, defense or right which has accrued by reason of the original suspension or forfeiture. The certificate of reviver shall be prima facie evidence of the reviver. Any certificate of reviver provided for in this section may be recorded in the office of the county recorder in any county of this state."

Section 66. Section 84-1516, R.C.M. 1947, is amended to read as follows:

person to file monthly returns as herein provided. Such return, annual or monthly, shall contain a declaration by the person making the same, to the effect that the statements contained are true and are made under penalties of perjury, which declarations shall have the same force and effect as a verification. The return shall show such information as the *department* may reasonably require for the proper administration and enforcement of this act; provided, however, that if a special fuel dealer or user is also a wholesale distributor of special fuel at a location where special fuel is delivered into the supply tank of a motor vehicle, and if separate storage is provided thereat from which special fuel is delivered or placed into fuel supply tanks of motor vehicles, the monthly return to the *department* need not include inventory control data covering bulk storage from which wholesale distribution of special fuel is made. The special fuel dealer or special fuel user shall file the return on or before the twenty-fifth (25th) day of the next succeeding calendar month following the monthly period to which it relates; provided, however, that for good cause the *department* may grant a taxpayer a reasonable extension of time for filing, but not to exceed thirty (30) days.

Any claim, statement, remittance, or other document which is transmitted to this state through the United States mail, shall be deemed filed and received by this state on the date shown by the post office cancellation mark stamped upon the envelope or other appropriate wrapper containing it. Any claim, statement, remittance or other document which is mailed but not received by this state or where received with a cancellation mark that is illegible, erroneous, or omitted, shall be deemed filed and received on the date mailed if the sender establishes by competent evidence that the claim, statement, remittance, or other document was deposited in the United States mail on or before the date due for filing. In cases of such nonreceipt of a claim, statement, remittance, or other document, the sender must file with the state a duplicate within thirty (30) days after written notification is given to the sender by the state of its nonreceipt of such claim, statement, remittance, or other document.

If any claim, statement, remittance or other document is sent by United States registered mail, certified mail or certficate of mailing, a record authenticated by the United States Post Office of such registration, certification or certificate shall be considered competent evidence that the report, claim, tax return, statement, remittance or other document was mailed to the addressee, and the date of registration, certification or certificate shall be deemed the postmarked date.

If the final filing date falls on a Saturday, Sunday or legal holiday, the next secular or business day shall be the final filing

date. Such reports shall be considered filed or received on the date or as provided in this chapter.

(c) Payments: The monthly tax return shall be accompanied by remittance covering the tax due hereunder on account of the use as defined in 84-1831(f) of special fuels during the preceding month.

(d) Refusal or failure to file return or pay tax when due: In case of any special fuel dealer or special fuel user who refuses or fails to file a return required by this act within the time prescribed by subsection (a) of this section, there is hereby imposed a penalty of twenty-five dollars ($25) or a sum equal to twenty-five per cent (25%) of the tax due, whichever is greater, together with interest at the rate of one per cent (1%) on the tax due, for each calendar month or fraction thereof during which such refusal or failure continues; provided, however, that if any such special fuel dealer or special fuel user shall establish to the satisfaction of the *department* that his failure to file a return within the time prescribed was due to reasonable cause, the *department* shall waive the penalty provided by this subsection.

(e) Failure to pay tax: Where a special fuel dealer or a special fuel user files a return, but fails to pay in whole or in part the tax due hereunder, there shall be added to the amount due and unpaid, interest at the rate of one per cent (1%) per month or fraction thereof, from the date such tax was due to the date of payment in full thereof.

(f) Deficiency: If it be determined by the *department* that the tax reported by any special fuel dealer or special fuel user is deficient, it shall proceed to assess the deficiency on the basis of information available to it and there shall be added to this deficiency interest at the rate of one per cent (1%) per month or fraction thereof from the date the return was due.

(g) Determination if no return made: If any special fuel dealer or special fuel user, whether or not he is licensed as such, fails, neglects, or refuses to file a special fuel tax return when due,

HeinOnline -- 1973 vol. II 1483 1973

the *department* shall, on the basis of information available, to it, determine the tax liability of the special fuel dealer or special fuel user for the period during which no return was filed, and to the tax as thus determined, the *department* shall add the penalty and interest provided in subsection (d) above.

An assessment made by the *department* pursuant to this subsection or to subsection (f) of this section shall be presumed to be correct, and in any case where the validity of the assessment is drawn in question, the burden shall be on the person who challenges the assessment to establish by a fair preponderance of the evidence that it is erroneous or excessive as the case may be.

(h) Fraudulent return: If any special fuel dealer or special fuel user shall file a false or fraudulent return with intent to evade the tax imposed by this act, there shall be added to the amount of deficiency determined by the *department* a penalty equal to twenty-five per cent (25%) of the deficiency together with interest at one per cent (1%) per month, or fraction thereof, on such deficiency from the date such tax was due to the date of payment, in addition to all other penalties prescribed by law.

(i) Limitation: Except in the case of a fraudulent return or of neglect, or refusal to make a return, every deficiency shall be assessed under subsection (f) above within five (5) years after the twenty-fifth day of the next succeeding calendar month following the monthly period for which the amount is proposed to be determined or within five (5) years after the return is filed, whichever period expires the later.''

Any amount determined to be creditable by the *department* under section 84-1836 shall first be credited on any amounts then due and payable from the special fuel dealer or special fuel user to whom the refund is due, and the *department* shall then certify the balance to the credit of the dealer or user, and a warrant shall be drawn upon the state treasurer for the amount of such claim and same shall be paid in the same manner as other claims against the state are paid.

Provided however, in case any special fuel user or special fuel dealer fails or neglects to file a request for refund of special fuel taxes within twelve (12) months from the date his special fuel

If such books, papers, records and equipment are not maintained in this state at the time of demand, they shall be furnished to the *department* for review and shall be accompanied by the special fuel dealer or special fuel user or such dealer or user shall bear the reasonable cost of examination by an agent authorized or designated by the *department* at the place where such books or records are kept provided the taxpayer shall not be liable for such costs for a period exceeding one (1) week or for such longer period as he may consent to in writing, unless the result of said examination is the payment of a tax deficiency.

(c) Evidence: For the purpose of enforcing the provisions of this act, the fact that a special fuel dealer or a special fuel user has placed or received special fuel into storage or dispensing equipment designed to fuel motor vehicles shall be prima facie evidence that all of such special fuel has been delivered by the special fuel dealer or special fuel user into the fuel supply tanks of motor vehicles and consumed in the propulsion of motor vehicles upon the highways as herein defined unless the contrary shall be established by satisfactory evidence.

(d) Reciprocal exchange of data: The *department* shall, upon request from officials to whom are entrusted the enforcement of the special fuel tax law of any other state, the District of Columbia, the United States, its territories and possessions, the provinces of the Dominion of Canada, forward to such officals any information which it may have relative to the receipt, storage, delivery, sale, use or other disposition of special fuel by any special fuel dealer or special fuel user, provided such other state or states furnish like information to this state."

Gasoline exported or sold for export out of the state of Montana shall not be included in the measure of the distributor's license tax."

Section 91. Section 84-1849, R.C.M. 1947, is amended to read as follows:

"84-1849. **Distributors' statements—payment of the tax.** Each distributor shall, not later than the twenty-fifth day of each calendar month render a true statement to the state *department of revenue,* duly signed, of all gasoline distributed and received by him in this state during the preceding calendar month, and containing such other information as the state *department of revenue* may reasonably require in order to administer the gasoline license tax law. The statement shall be accompanied by a payment in an amount equal to the tax imposed by section 3 (84-1847) of this act, less any refund credit issued under section 11 (84-1855) of this act, and less two per cent (2%) of the first six cents (6¢) tax which shall be deducted by the distributor as an allowance for evaporation and other loss of gasoline distributed by such distributor; provided, however, that no such allowance shall be deducted from the one cent (1¢) tax on aviation gasoline.

Any distributor engaged in or carrying on his business at more than one (1) place or location in this state may include all such places of business in one (1) statement."

If such books, papers, records and equipment are not maintained in this state at the time of demand they shall be furnished to the *department* for review or such dealer shall bear the reasonable cost of examination by an agent authorized or desig-

nated by the *department* at the place where such books or records are kept, provided the taxpayer shall not be liable for such costs for a period exceeding one (1) week or for such longer period as he may consent to in writing, unless the result of such examination is the payment of a tax deficiency."

Section 93. Section 84-1851, R.C.M. 1947, is amended to read as follows:

"84-1851. **Records to be kept.** Each distributor or any other person dealing in, transporting, receiving or storing gasoline shall keep for a period not to exceed three (3) years such records, receipts and invoices and any other pertinent papers and information as the state *department of revenue* may require."

Section 94. Section 84-1852, R.C.M. 1947, is amended to read as follows:

Section 95. Section 84-1853, R.C.M. 1947, is amended to read as follows:

"84-1853. **Invoice of distributors and aviation dealers.** Each distributor and aviation dealer in this state shall at the time of delivery, except where authorized by the *department,* issue to the purchaser an invoice in which shall be stated the number of gallons of gasoline covered by such invoice and such other information as the state *department of revenue* may require."

addresses of the consignor and the consignee and the date of delivery to the consignee.

In case of any person, except licensed distributors, who refuses or fails to file a statement as herein provided for, there is hereby imposed a penalty of twenty-five dollars ($25) for each failure or refusal, provided, however, that if any person shall establish to the satisfaction of the *department* that his failure to file a statement as prescribed by the *department* was due to reasonable cause, the *department* shall waive the penalty."

Section 97. Section 84-1855, R.C.M. 1947, is amended to read as follows:

"84-1855. **Refund of gasoline license tax-procedure.** (1) Any person who shall purchase and use any gasoline, on which the Montana gasoline license tax has been paid, for operating or propelling stationary gasoline engines, tractors used off the public highways and streets, motorboats, or for cleaning or dyeing, or for any commercial use other than propelling vehicles upon any of the public highways or streets of this state, shall be allowed a refund of the amount of tax paid directly or indirectly on the gasoline so used. Provided, that such refund or drawback should in no instance exceed the tax paid or to be paid, to the state of Montana [, and no refund shall be allowed of that portion of the tax per gallon upon aviation gasoline allocated to the state aeronautics commission by section 1-501, R.C.M. 1947].

Any distributor paying the gasoline license tax to this state erroneously shall be allowed a credit or refund of the amount of tax so paid.

The application for refund shall be a signed statement on a form furnished by the *department,* accompanied by the invoice or invoices issued to the claimant, showing the total amount of gasoline purchased, the total amount of gasoline on which a refund is claimed, and the amount of the tax claimed for refund. Such further information pertaining to such claim shall be furnished as required by the *department,* provided that mileages of vehicles, where not verifiable by mechanical recorders, may be estimated by the applicant under regulations adopted by the board. Such regulations adopted by the *department* may include provisions for refunding taxes on gasoline used by licensed commercial vehicles off the highway. On the reverse of the applicant's copy of such form shall be printed the instructions and rules of the *department* pertaining to completion of the form. If any invoice is either lost or destroyed, the purchaser may support his claim for refund by submitting an affidavit relating the circumstances of such loss or destruction and by producing such other evidence as may be required by the *department.*

HeinOnline -- 1973 vol. II 1489 1973

(2) All applications for refunds shall be filed with the *department of revenue* within fourteen (14) months after the date on which the gasoline was purchased as shown by invoices or after the date on which the tax was erroneously paid. Provided, however, that a distributor may file a claim for refund of taxes erroneously paid within three (3) years after the date of such erroneous payment. The *department* shall have one hundred twenty (120) days after receiving the claim to approve or reject it. If approved, the *department* shall issue a credit in lieu of refund for the amount of the claim, if the claimant is a distributor. For all other persons, a warrant shall be drawn upon the state treasurer for the amount of the claim.

(3) Should the *department of revenue* find that the statement contains errors which are not fraudulently inserted, it may correct the statement and approve it as corrected, or the *department* may require the claimant to file an amended statement. If the state *department of revenue* determines that any claim has been fraudulently presented or is supported by invoice or invoices fraudulently made or altered or that any statement in the claim or affidavit is willfully false and made for the purpose of misleading, the *department* may reject such claim in full. If a claim is rejected, the *department* may suspend claimant's right to refund for a period not to exceed one (1) year.

(4) Any person, other than a licensed distributor, desiring to claim refund on gasoline purchased shall obtain a permit from the state *department of revenue.* The application for permit shall contain the applicant's name, address, occupation, nature of business, identification of machinery and equipment in which the taxable motor fuel is to be used, and any other information which may be required by the *department.*

(5) Each permit issued shall bear a permit number and each claim filed shall bear the permit number of the claimant. The state *department of revenue* shall keep a record of all permits issued and a cumulative record of refunds claimed and paid thereunder.

A fee of one dollar ($1) shall be collected from each person to whom a refund permit is issued. No refund shall be paid to any person unless said person has first secured a refund permit and paid said fee. The refund permit must be renewed and the license fee paid every five (5) years from the date of issuance.

(6) Any person, other than a licensed distributor, shall obtain a permit from the state *department of revenue* prior to selling gasoline on which a refund may be claimed. The application for permit shall contain the applicant's name, address, place or places

HeinOnline -- 1973 vol. II 1490 1973

of business in the state of Montana, and other information which may be required by the *department*. Permits issued shall bear a permit number and the date of issuance. The *department* shall keep a record of all permits issued, canceled, or suspended. Permits shall be issued for the calendar year upon payment of a fee of one dollar ($1) and must be renewed annually before the first day of January.

Any person failing to comply with this subsection shall be subject to a fine of not less than twenty-five dollars ($25) or more than two hundred dollars ($200) or imprisonment in the county jail for a period not less than ten (10) days or more than sixty (60) days, or both fine and imprisonment."

Section 98. Section 84-1857, R.C.M. 1947, is amended to read as follows:

"84-1857. **License and bond of gasoline distributors.** All gasoline distributors prior to the commencement of doing business shall file an application for a license with the state *department of revenue* on forms prescribed and furnished by the *department* setting forth the information as may be requested by the *department*. Each distributor shall at the same time file a corporate surety bond or such collateral security or indemnity as may be deemed sufficient by the state *department of revenue,* but in no case more than twice the estimated amount of gasoline taxes the distributor will pay to this state each month. Upon approval of the application, the state *department of revenue* shall issue to the distributor a nonassignable license which shall continue in force until surrendered or canceled."

Section 99. Section 84-1858, R.C.M. 1947, is amended to read as follows:

"84-1858. **Penalties—delinquent payment—procedure in case of failure to file statement or pay tax—lien for tax.** Any license tax not paid within the time provided shall be delinquent and a penalty of ten per cent (10%) shall be added to the tax and the tax shall bear interest at the rate of one per cent (1%) per month from the date of delinquency until paid. Upon a showing of good cause by the distributor, the *department* may waive penalty.

If any distributor or other person subject to the payment of such license tax shall willfully fail, neglect, or refuse to make any statement required by this act, or shall willfully fail to make payment of such license tax within the time provided, the state *department of revenue* shall be authorized to revoke any license issued under this act. In addition, the *department* shall inform itself regarding the matters required to be in such statement and

HeinOnline -- 1973 vol. II 1491 1973

determine the amount of the license tax due the state from such distributor, and shall add thereto a penalty of twenty-five dollars ($25) or ten per cent (10%) thereof, whichever is greater, together with interest at the rate of one per cent (1%) per month from the date such statements should have been made and said license tax paid. The state treasurer shall proceed to collect such license tax with penalties and interest. Upon the request of the state treasurer, the attorney general shall commence and prosecute to final determination in any court of competent jurisdiction an action to collect such license tax. All license taxes, penalties and interest due from any distributor under the provisions of this act, shall be a lien upon any and all property of such distributor or other person upon the filing by the state *department of revenue* of a copy of its statement, or a certified copy of any statement filed with the *department,* in the office of the county clerk of the county where the distributor's property is situated. The lien shall have precedence over any other claim, lien or demand filed or recorded thereafter. The lien may be enforced in the name of this state in the same manner as judgment liens are enforced. No action shall be maintained to enjoin the collection of all or any part of the license tax. When the amount due is paid in full before the entry of foreclosure decree, the state treasurer shall release the lien by filing in the office of the county clerk where the lien was filed, a written release. At any time prior to the payment of said taxes, penalty and interest, before the entry of foreclosure decree, the state treasurer may release from the operation of the lien a part of the distributor's property to enable the distributor to mortgage, sell or otherwise dispose of it in order to procure funds to pay taxes, penalty and interest, provided there remains, in the judgment of the state treasurer, sufficient property subject to the lien to ensure the payment of all the unpaid taxes, penalty and interest."

Section 100. Section 84-1861, R.C.M. 1947, is amended to read as follows:

and stones extracted or produced, each year from any mine or mining property in the state of Montana or recovered from the smelting, milling, reduction, or treatment in any manner of ores extracted from any such mine or mining property or from tailings resulting from the smelting, reduction or treatment of any such ores. That whenever the ores require smelting, reduction, or treatment to ascertain the metal contents of such ores, the gross value of the product thereof shall be determined by taking the market value of all merchantable metals or mineral products extracted or recovered thereby, as shown by the gross smelter returns of such metals or mineral product in dollars and cents, without any deductions for costs of smelting, reduction or treatment, or otherwise, based upon the average quotations of the price of such metals, or mineral products, in the city of New York, as evidenced by some established authority or market report, such as the Engineering and Mining Journal of New York City, or other standard publications, giving the market reports during the calendar year immediately preceding. Should there be no quotation covering any particular product, then the state *department of revenue* shall fix the value of such gross product, or such portion thereof, in such a manner as may seem equitable."

Section 102. Section 84-2005, R.C.M. 1947, is amended to read as follows:

"84-2005. **Statement of gross value of product.** Every person engaged in or carrying on the business of working or operating any mine or mining property in this state from which gold, silver, copper, lead or any other metal or metals, precious or semiprecious gems or stones are produced, must, not later than the fifteenth day of April, in such year when engaged in or carrying on any such business, work or operation, make out a statement of the gross value of product from all mines and mining properties worked or operated by such person during the calendar year immediately preceding. 4. The name and location of the smelter, mill or reduction works to which such ore has been shipped or sold during the period covered by the statement and such other information as the state *department of revenue* may require.

5. The gross yield of such ores, mineral products or deposits in constituents of commercial value, that is to say, the number of ounces of gold or silver, pounds of copper, lead or zinc, or other commercially valuable constituents of said ores or mineral products or deposits, measured by standard units of measurement during the period covered by the statement.

6. The gross value of product in dollars and cents."

If any such person, has sold or otherwise disposed of any of its mine's products at a price substantially below the true market price of such product at the time and place of such sale or disposal, then the state *department of revenue* shall compute the gross value of such portion of said mine's product, so sold or disposed of substantially below the market price as aforesaid, which gross value shall be based upon the quotations of the price of such mine's product in New York City, at the time such portion of the product was so sold or otherwise disposed of as evidenced by some established authority or market report, such as the Engineering and Mining Journal, of New York, or some other standard publication, giving the market

(3) If any such taxpayer is unable to make his own return, the return shall be made by a duly authorized agent or by a guardian or other person charged with the care of the person or property of such taxpayer.

(5) As soon as practicable after the return is filed, the *department* shall examine and verify the tax.

In such case there shall be no penalty because of such understatement, provided the deficiency is paid within thirty (30) days after the first notice of the amount is mailed to the taxpayer.

If payment is not made within thirty (30) days or if the understatement is due to negligence on the part of the taxpayer, but without fraud, there shall be added to the amount of the deficiency five per centum (5%) thereof, provided, however, that no deficiency penalty shall be less than two dollars ($2). Interest will be computed at the rate of nine per centum (9%) per annum or fraction thereof on the additional assessment. Except as otherwise expressly provided in this subdivision, the interest shall in all cases be computed from the date the return and tax was originally due (as distinguished from the due date as it may have been extended) to the date of payment.

HeinOnline -- 1973 vol. II 1525 1973

If the time for filing a return is extended, the taxpayer shall pay in addition, interest thereon at the rate of nine per centum (9%) per annum from the time when the return was originally required to be filed to the time of payment."

"84-4919. **Time for filing—affidavit—forms.** Returns shall be made to the *department* on or before the fifteenth day of the fourth month following the close of the fiscal year, or, if the return is made on the basis of the calendar year, then the return shall be made on or before the fifteenth day of April in each year. The *department* may grant a reasonable extension of time for filing returns whenever in its judgment good cause exists and shall keep a record of every such extension and the reason therefor. Except in the case of persons who are abroad, no such extension shall be granted for more than six (6) months. Such returns shall set forth such facts as the *department* may deem necessary for the proper enforcement of this act. There shall be annexed to such return the affidavit or affirmation of the persons making the return, to the effect that the statements contained therein are true. Blank forms of return shall be furnished by the *department* upon application, but failure to secure the form shall not relieve any taxpayer from the obligation of making any return herein required; provided, that every taxpayer liable for a tax under this law shall pay a minimum tax of one dollar ($1.00)."

Section 173. Section 84-4920, R.C.M. 1947, is amended to read as follows:

"84-4920. **Revision of return—time for determining tax—examination of records and persons.** If, in the opinion of the *department of revenue,* any return of a taxpayer is in any essential respect incorrect, it may revise such return, or if any taxpayer fails to make return as herein required, the *department* is authorized to make an estimate of the taxable income of such taxpayer from any information in its possession, and to audit and state an account according to such return or the estimate so made by it for the taxes, penalties and interest due the state from such taxpayer. Except in the case of willfully false or fraudulent return with intent to evade the tax, the amount of tax due under any return shall be determined by the *department* within five (5) years after the return was made, and the *department* thereafter shall be barred from revising any such returns or recomputing the tax due thereon and no proceeding in court for the collection of such tax shall be instituted after the expiration of said period notwithstanding the provisions of section 84-4929. In the case of a willfully false or

HeinOnline -- 1973 vol. II 1526 1973

fraudulent return, the amount of tax due may be determined at any time after the return is filed and the tax may be collected at any time after it becomes due, and where no return has been filed, the tax may be assessed at any time.

The *department,* for the purpose of ascertaining the correctness of any return or for the purpose of making an estimate of taxable income of any person where information has been obtained, may also examine or cause to have examined, by any agent or representative designated, by it for that purpose, any books, papers or records of memoranda bearing upon the matters required to be included in the return, and may require the attendance of the person rendering the return or any officer or employee of such person, or the attendance of any person having knowledge in the premises, and may take testimony and require proof material for its information, with power to administer oaths to such person or persons."

Section 174. Section 84-4922, R.C.M. 1947, is amended to read as follows:

"84-4922. **Revision—application—hearing—adjustment.** If an application for revision be filed with the *department* by a taxpayer within five (5) years from the original due date of the return the *department* shall grant a hearing thereon, and if it is made to appear upon any such hearing by evidence submitted to it or otherwise, that any such computation includes taxes or other charges which could not have been lawfully demanded, or that payment has been illegally made or exacted of any such amount so computed, the *department* shall resettle the same according to law and the facts, and adjust the computation of taxes accordingly, and shall send notice of its determination thereon to the taxpayer."

Section 175. Section 84-4924, R.C.M. 1947, is amended to read as follows:

"84-4924. **Penalties for violations of act.** (1) If any person, without intent to evade any tax imposed by this act, fails to make a return of income at the time required by or under the provisions of this act, there shall be imposed a minimum penalty of ten dollars ($10) for such failure, or, if a tax in excess of two hundred dollars ($200) is due, a penalty in an amount equal to five (5) per centum thereof, unless it is shown that the failure was due to reasonable cause and not due to neglect. If any person, without intent to evade any tax imposed by this act, fails to pay any tax if one is due at the time required by or under the provisions of this act, there shall be added to the tax an additional amount equal to ten (10) per centum thereof, but not less than ten dollars ($10), unless it is shown that the failure was due to reasonable cause and not due to neglect. Interest at the rate of nine per centum (9%)

(2) If any person fails with intent to evade any tax imposed by this act, to make a return of income or to pay a tax if one is due at the time required by or under the provisions of this act there shall be added to the tax an additional amount equal to twenty-five per centum (25%) thereof, but such additional amount shall in no case be less than twenty-five dollars ($25), and interest at one (1) per centum for each month or fraction of a month during which the tax remains unpaid.

(3) Any individual, corporation or partnership, or any officer or employee of any corporation, or member or employee of any partnership, who, with intent to evade any tax or any requirement of this act or any lawful requirement of the *department* thereunder, fails to pay the tax, or to make, render, sign or verify any return, or to supply any information, within the time required by or under the provisions of this act, or who, with like intent, makes, renders, signs, or verifies any false or fraudulent return or statement, or supplies any false or fraudulent information, shall be liable to a penalty of not more than one thousand dollars ($1,000.00), to be recovered by the attorney general, in the name of the state, by action in any court of competent jurisdiction, and shall also be guilty of a misdemeanor and shall, upon conviction, be fined not to exceed one thousand dollars ($1,000.00) or be imprisoned in the county jail not to exceed one (1) year, or both, at the discretion of the court.

(4) The certificate of the department to the effect that a tax has not been paid, that a return has not been filed, or that information has not been supplied, as required by or under the provisions of this act, shall be prima facie evidence that such tax has not been paid, that such return has not been filed, or that such information has not been supplied."

The said sheriff shall thereupon proceed upon the same in all respects, with like effect, and in the same manner prescribed by law in respect to executions issued against property upon judgments of a court of record, and shall be entitled to the same fees for his services in executing the warrant, to be collected in the same manner. In the discretion of the *department* a warrant of like terms, force and effect may be issued and directed to any agent authorized to collect income taxes, and in the execution thereof, such agent shall have the powers conferred by law upon sheriffs, but shall be entitled to no fee or compensation in excess of actual expenses paid in the performance of such duty. If a warrant be returned not satisfied in full, the *department* shall have the same remedies to enforce the claim for taxes against the taxpayer as if the people of the state had recovered judgment against the taxpayer for the amount of the tax."

In the case of a tax for a current period, the state *department of revenue* may declare the taxable period of the taxpayer immediately terminated and shall mail or issue notice of its findings to the taxpayer, together with a demand for immediate payment of the tax based on the period declared terminated.

Section 192. Section 84-4956, R.C.M. 1947, is amended to read as follows:

"84-4956. **Credits and refunds.** If the *department of revenue* discovers from the examination of a return, or upon claim duly filed by a taxpayer, or upon final judgment of a court, that the amount of income tax is in excess of the amount due, or that any penalty or interest was erronoeusly or illegally collected, the amount of the overpayment shall be credited against any income tax, penalty or interest, then due from the taxpayer, and the balance of such excess shall be refunded to the taxpayer.

Effective with taxable years ending on or after December 31, 1959, no such credit or refund shall be allowed or made after five (5) years from the date prescribed by statute for filing the return, unless before the expiration of such period a claim therefor is filed by the taxpayer, or the *department of revenue* has determined the existence of the overpayment and has approved the refund or credit thereof. Within six (6) months after a claim for refund is filed the state *department of revenue* shall examine said claim and either approve or disapprove it. If said claim is approved, the credit or refund shall be made to the taxpayer within sixty (60) days after the claim is approved; if the claim is disallowed, the state *department of revenue* shall so notify the said taxpayer and shall grant a hearing thereon upon proper application by the taxpayer. If the *department* disapproves a claim for refund, review of the determination of the *department* may be had as otherwise provided in this chapter.

Except as hereinafter provided for, effective with taxable years ending on or after December 31, 1962, interest shall be allowed on overpayments at the rate of six per cent (6%) per annum from the due date of the return or from the date of the overpayment (whichever date is later) to the date the *department of revenue* approves refunding or crediting of the overpayment. With respect to tax paid by withholding or by estimate, the date of overpayment shall be deemed to be the date on which the return for the taxable year was due. No interest shall accrue on an overpayment if the taxpayer elects to have it applied to his estimated tax for the succeeding taxable year; nor shall interest accrue during any period the processing of a claim for refund is delayed more than thirty (30) days by reason of failure of the taxpayer to furnish information requested by the state *department of revenue* for the purpose of verifying the

HeinOnline -- 1973 vol. II 1539 1973

amount of the overpayment. No interest shall be allowed (a) if the overpayment is refunded within six (6) months from the date the return is due or the date the return is filed, whichever date is later; or (b) if the overpayment results from the carryback of a net operating loss; or (c) if the amount of interest is less than one dollar ($1.00). An overpayment not made incident to a bona fide and orderly discharge of an actual income tax liability, or one reasonably assumed to be imposed by this law, shall not be considered an overpayment with respect to which interest is allowable."

Section 193. Section 84-4958, R.C.M. 1947, is amended to read as follows:

"84-4958. **Release of lien or partial discharge of property.** (1) The *department of revenue* shall issue a certificate of release of any lien imposed with respect to any tax due under this chapter, when it finds that the liability for the amount of tax assessed, together with all penalties and interest in respect thereof, has been fully satisfied. The *department of revenue* may issue a certificate of release if it determines that the lien is unenforceable.

(2) The *department of revenue* may issue a certificate of discharge of any part of the property subject to any lien imposed with respect to any tax due under this chapter, if:

(a) It finds that the fair market value of that part of the property remaining subject to the lien is at least double the value of the unsatisfied liability secured by such lien and the amount of all other liens upon the property which have priority to such lien;

(b) There is paid to the state treasurer in part satisfaction of the liability secured by the lien, an amount which shall not be less than the value, as determined by the *department of revenue,* of the interest of the state of Montana in the part to be discharged; or

(c) The *department of revenue* determines at any time that the interest of the state of Montana in the part to be so discharged has no value."

Section 194. Section 84-5210, R.C.M. 1947, is amended to read as follows:

"84-5210. **State** *department of revenue* **to prescribe levy.** The state *department of revenue* is hereby empowered and it is made its duty, annually, to prescribe the levy to be made against livestock of all classes for the purpose above indicated, and the various boards herein named shall have the right to recommend to said state *department of revenue* the amount of such levy."

The average net proceeds for valuation shall be computed by dividing the total net proceeds for such period by the number of years for which such net proceeds were taken into account. In

HeinOnline -- 1973 vol. II 1543 1973

determining net proceeds of each individual year for averaging to determine valuation for purposes of taxation, the actual annual net proceeds as defined in section 84-5403, including losses, if any, from such mines and mining claims shall be taken for each year rather than the average valuation for such year. In no event shall there be valuation for the purpose of taxation for a year when there has been no gross yield from such mines and mining claims for the preceding average years and such years shall not be taken into account in computing the net proceeds for any year.] The county assessor shall immediately enter the same upon an assessment roll called "assessment roll of net proceeds of mines," alphabetically arranged, and in which shall be specified in separate columns and under the following heads:

Assessments of royalty on production of metals, and minerals other than petroleum and natural gas, shall be entered by the county assessor in the personal property assessment book in the name of the recipient or owner of such royalty. Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. For the purposes of this act, unless otherwise stated:

(1) "Agency" includes all state offices, departments, divisions, boards, commissions, councils, committees, institutions, university units, and other entities or instrumentalities of state government.

(2) "Program" means a segment that includes a combination of planned efforts to provide a service.

(3) "Approved budget amendment" means approval by the governor, or his designated representative, of a request submitted through the budget bureau to:

(a) obtain financing for a new or expanded program from funds which were not available for consideration by the legislative assembly but which have become available from a source other than state's general fund; or

(b) transfer appropriations, including general fund appropriations, between programs within a state agency; or

(c) expend remaining balances of the first fiscal year appropriations, including general fund appropriations, during the second fiscal year of the biennium.

Section 2. The appropriations contained in this act are intended to provide only necessary and ordinary expenditures for the year for which the appropriations are made. Except for amounts subject to accrual at the end of each fiscal year, the unexpended balance of any appropriation shall revert to the fund from which it was appropriated. In case of necessity, an appropriation not expended during the first fiscal year of the biennium may be expended during the second fiscal year by approved budget amendment.

Section 3. The appropriations in this act are intended to provide for all expenditures for:

(1) personal services;

(2) all other ordinary and necessary expenditures for the operation of the agency and the program to which the appropriation applies;

(3) repairs and maintenance, other than major alterations of existing buildings; and

Section 4. Financing for new or expanded programs from sources other than general fund may be made available by approved budget amendment.

Section 5. The salary of the chief administrator of each agency shall be determined by the appointing authority. Informational copies of operational plan changes shall be submitted to the budget bureau for review.

Section 6. No new program may be established and no existing program may be expanded beyond the scope of the programs approved by the legislative assembly in the 1975 biennial budget, unless the new program or the program expansion and its method of financing is approved by the board of regents for the university system and the community colleges or the governor, or his designated representative for all other agencies or units under this act after presentation through the budget bureau.

Section 7. Transfers of appropriated funds between programs of an agency may be made only by an approved budget amendment.

Section 8. If the operation of a state agency is financed by an appropriation or appropriations from the general fund as well as by appropriation from other sources, the funds provided by appropriation from the general fund shall be decreased by the amount that the funds received from other sources exceeds the amount from other sources appropriated by the legislature in the 1975 biennial budget, provided that:

(1) the decrease does not jeopardize the receipt of the funds to be received from other sources; and

(2) this section shall not apply to any excess funds if they are to be expended for a new or expanded program approved by the governor, or his designated representative upon a request submitted to him through the budget bureau.

Section 9. (5) salaries of public officers, during their term of office.

Section 11. In addition to the amounts specifically appropriated by this act, there is hereby appropriated to the Montana university system units all federal funds for existing programs, and those funds related to various supporting facilities and organizations such as auxiliary enterprises. All other moneys received from all other sources may be made available by an approved budget amendment.

unless the new program or the program expansion and its method of financing is approved by the governor, or his designated representative after presentation through the budget bureau.

Section 7. Transfers of appropriated funds between programs of an agency may be made only by an approved budget amendment.

Section 8. If the operation of a state agency is financed by an appropriation or appropriations from the general fund as well as by appropriation from other sources, the funds provided by appropriation from the general fund shall be decreased by the amount that the funds received from other sources exceeds the amount from other sources appropriated by the legislature in the 1975 biennial budget, provided that:

(1) the decrease does not jeopardize the receipt of the funds to be received from other sources; and

(2) this section shall not apply to any excess funds if they are to be expended for a new or expanded program approved by the governor, or his designated representative upon a request submitted to him through the budget bureau.

Section 9. When an agency receives federal funds as a reimbursement for the cost of administering a federal program and this cost was financed by a general fund appropriation, the federal funds shall be deposited into the general fund unless usage of the federal funds is restricted by federal provisions.

Section 10. The governor may reduce any appropriation by not more than fifteen per cent (15%) except appropriations for:

(1) payment of interest and retirement of the state debt;

(2) operation of the legislature;

(3) public schools;

(4) the judiciary; or

(5) salaries of public officers, during their term of office.

Section 11. If any section, subsection, sentence, clause, or phrase of this act is for any reason held unconstitutional, such decision shall not affect the validity of the remaining portions of this act.

An Act to Appropriate Moneys to Various State Agencies for the Biennium Ending June 30, 1975; and Providing for Other Matters Relating to the Appropriations.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. For the purposes of this act, unless otherwise stated:

(1) "Agency" includes all state offices, departments, divisions, boards, commissions, councils, committees, institutions, university units, and other entities or instrumentalities of state government.

(2) "Program" means a segment that includes a combination of planned efforts to provide a service.

(3) "Approved budget amendment" means approval by the governor, or his designated representative, of a request submitted through the budget bureau to:

(a) obtain financing for a new or expanded program from funds which were not available for consideration by the legislative assembly but which have become available from a source other than state's general fund; or

(b) transfer appropriations, including general fund appropriations, between programs within a state agency; or

(c) expend remaining balances of the first fiscal year appropriations, including general fund appropriations, during the second fiscal year of the biennium.

Section 2. The appropriations contained in this act are intended to provide only necessary and ordinary expenditures for the year for which the appropriations are made. Except for amounts subject to accrual at the end of each fiscal year, the unexpended balance of any appropriation shall revert to the fund from which it was appropriated. In case of necessity, an appropriation not expended during the first fiscal year of the biennium may be expended during the second fiscal year by approved budget amendment.

Section 3. The appropriations in this act are intended to provide for all expenditures for:

(3) repairs and maintenance, other than major alterations of existing buildings; and

(4) the purchase or replacement of capital items other than expenditures for the construction, improvement, or furnishing of buildings or purchase of buildings or land unless specifically authorized.

Section 4. Financing for new or expanded programs from sources other than general fund may be made available by approved budget amendment.

Section 5. Each agency shall submit to the budget bureau, on or before July 1 of each fiscal year, an operational plan within the limits of appropriations which includes the position and salary of all officers and employees. The salary of the chief administrator of each agency shall be determined by the appointing authority. Informational copies of operational plan changes shall be submitted to the budget bureau for review.

Section 6. No new program may be established and no existing program may be expanded beyond the scope of the programs approved by the legislative assembly in the 1975 biennial budget, unless the new program or the program expansion and its method of financing is approved by the governor, or his designated representative after presentation through the budget bureau.

Section 7. Transfers of appropriated funds between programs of an agency may be made only by an approved budget amendment.

Section 8. If the operation of a state agency is financed by an appropriation or appropriations from the general fund as well as by appropriation from other sources, the funds provided by appropriation from the general fund shall be decreased by the amount that the funds received from other sources exceeds the amount from other sources appropriated by the legislature in the 1975 biennial budget, provided that:

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. For the purposes of this act, unless otherwise stated:

(1) "Agency" includes all state offices, departments, divisions, boards, commissions, councils, committees, institutions, university units, and other entities or instrumentalities of state government.

(2) "Program" means a segment that includes a combination of planned efforts to provide a service.

(3) "Approved budget amendment" means approval by the governor, or his designated representative, of a request submitted through the budget bureau for executive branch agencies; approval by the chief justice of the supreme court for judicial branch agencies; and approval by the respective legislative committees for legislative branch agencies, to:

(a) obtain financing for a new or expanded program from funds which were not available for consideration by the legislative assembly but which have become available from a source other than state's general fund; or

(b) transfer appropriations, including general fund appropriations, between programs within a state agency; or

(c) expend remaining balances of the first fiscal year appropriations, including general fund appropriations, during the second fiscal year of the biennium.

Section 2. The appropriations contained in this act are intended to provide only necessary and ordinary expenditures for the year for which the appropriations are made. Except for amounts subject to accrual at the end of each fiscal year, the unexpended balance of any appropriation shall revert to the fund from which it was appropriated. In case of necessity, an appropriation not expended during the first fiscal year of the biennium may be expended during the second fiscal year by approved budget amendment.

The salary of the chief administrator of each agency shall be determined by the appointing authority. Informational copies of operational plan changes shall be submitted to the budget bureau for review.

Section 6. No new program may be established and no existing program may be expanded beyond the scope of the programs approved by the legislative assembly in the 1975 biennial budget, unless the new program or the program expansion and its method of financing is approved by means of an approved budget amendment.

Section 7. Transfers of appropriated funds between programs of an agency may be made only by an approved budget amendment.

Section 8. SENATE BILL NO. 51

An Act to Appropriate Moneys to Various State Agencies for the Biennium Ending June 30, 1975; and Providing for Other Matters Relating to the Appropiations.

Be it enacted by the Legislative Assembly of the State of Montana

Section 1. For the purposes of this act, unless otherwise stated:

(1) "Agency" includes all state offices, departments, divisions, boards, commissions, councils, committees, institutions, university units, and other entities or instrumentalities of state government.

(2) "Program" means a segment that includes a combination of planned efforts to provide a service.

(3) "Approved budget amendment" means approval by the governor, or his designated representative, of a request submitted through the budget bureau to:

(a) obtain financing for a new or expanded program from funds which were not available for consideration by the legislative assembly but which have become available from a source other than state's general fund; or

(b) transfer appropriations, including general fund appropriations, between programs within a state agency; or

(c) expend remaining balances of the first fiscal year appropriations, including general fund appropriations, during the second fiscal year of the biennium.

Section 2. The appropriations contained in this act are intended to provide only necessary and ordinary expenditures for the year for which the appropriations are made. Except for amounts subject to accrual at the end of each fiscal year, the unexpended balance of any appropriation shall revert to the fund from which it was appropriated. In case of necessity, an appropriation not expended during the first fiscal year of the biennium may be ex-

pended during the second fiscal year by approved budget amendment.

Section 3. The appropriations in this act are intended to provide for all expenditures for:

(1) personal services;

(2) all other ordinary and necessary expenditures for the operation of the agency and the program to which the appropriation applies;

(3) repairs and maintenance, other than major alterations of existing buildings; and

(4) the purchase or replacement of capital items other than expenditures for the construction, improvement, or furnishing of buildings or purchase of buildings or land unless specifically authorized.

Section 4. Financing for new or expanded programs from sources other than general fund may be made available by approved budget amendment.

Section 5. Each agency shall submit to the budget bureau, on or before July 1 of each fiscal year, an operational plan within the limits of appropriations which includes the position and salary of all officers and employees. The salary of the chief administrator of each agency shall be determined by the appointing authority. Informational copies of operational plan changes shall be submitted to the budget bureau for review.

Section 6. No new program may be established and no existing program may be expanded beyond the scope of the programs approved by the legislative assembly in the 1975 biennial budget, unless the new program or the program expansion and its method of financing is approved by the governor, or his designated representative after presentation through the budget bureau.

Section 7. Transfers of appropriated funds between programs of an agency may be made only by an approved budget amendment.

Section 8. If the operation of a state agency is financed by an appropriation or appropriations from the general fund as well as by appropriation from other sources, the funds provided by appropriation from the general fund shall be decreased by the amount that the funds received from other sources exceeds the amount from other sources appropriated by the legislature in the 1975 biennial budget, provided that:

(1) the decrease does not jeopardize the receipt of the funds to be received from other sources; and

HeinOnline -- 1973 vol. II 1614 1973

(2) this section shall not apply to any excess funds if they are to be expended for a new or expanded program approved by the governor, or his designated representative upon a request submitted to him through the budget bureau.

Section 9. When an agency receives federal funds as a reimbursement for the cost of administering a federal program and this cost was financed by a general fund appropriation, the federal funds shall be deposited into the general fund unless usage of the federal funds is restricted by federal provisions.

Section 10. The governor may reduce any appropriation by not more than fifteen per cent (15%) except appropriations for:

(1) payment of interest and retirement of the state debt;

(2) operation of the legislature;

(3) public schools;

(4) the judiciary; or

(5) salaries of public officers, during their term of office.

Section 11. In addition to the amounts specifically appropriated by this act, there is hereby appropriated to the Montana university system units all funds which are properly expendable in the current operation of the system.

Section 12. If any section, subsection, sentence, clause, or phrase of this act is for any reason held unconstitutional, such decision shall not affect the validity of the remaining portions of this act.

HOUSE JOINT RESOLUTION NO. 12

A Joint Resolution of the Senate and the House of Representatives of the State of Montana Respectfully Requesting that the U.S. Congress Take Action to Restore Funds for the Rural Environmental Assistance Program and the Water Bank Program.

HeinOnline -- 1973 vol. II 1642 1973

WHEREAS, the federal administration has ordered the U.S. department of agriculture's agricultural stabilization and conservation services administered and rural environmental assistance program and water bank program expenditures for 1973 halted as of December 22, 1972, and

WHEREAS, the curtailment of these funds will have a very serious adverse effect upon the rural, environmental, conservation, social and economic development of Montana, and the nation, and

WHEREAS, curtailment of these funds will have a very serious adverse effect in our seven Indian reservations on weed control and water development, and

WHEREAS, to Montana's agriculture, which produces thirty-three per cent (33%) of the state's income, these cost-share programs are vital for the protection of the natural resources for present and future generations, and

WHEREAS, during 1972 the federal input to the rural environmental assistance program was five million dollars ($5,000,000) which is matched by at least five million dollars ($5,000,000) farmer-rancher dollars and five hundred thousand dollars ($500,000) in technical and administrative services, the direct loss of this program would be ten million dollars ($10,000,000) annually, and

WHEREAS, the funds allocated to Montana and each state of the nation for the past thirty-six (36) years for rural environmental assistance represent a public investment of funds to share with private investments and services by farmers and ranchers to provide timely long-term mutual benefits in the conservation of soil, water and related resources, enhancement of wildlife habitat, recreation and esthetic values; control of pollution, erosion and sedimentation; and protection of the tax base and improvement of the natural beauty of the state. All of these benefits to society in general have been done in a proven efficient and democratic manner backed by proven research, education and technical assistance, with locally controlled and acceptable administration, and

WHEREAS, this is a recognized joint responsibility of society and farmers and ranchers who alone cannot always make these investments, and

WHEREAS, the cancellation of these two (2) programs would result in loss of income and employment to federal employees, contractors and suppliers who service the needs of these programs.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND

HeinOnline -- 1973 vol. II 1643 1973

THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the legislative assembly of the state of Montana recognizes the necessity for rural environmental assistance, and therefore, respectfully requests Montana's delegation: Senators Mansfield and Metcalf, and Representatives Shoup and Melcher to initiate the necessary action in the U.S. Congress to insure funding for the purposes of rural environmental assistance, and

HeinOnline -- 1973 vol. II 1648 1973

WHEREAS, twenty-five (25) rural electric and ten (10) rural telephone cooperatives in Montana, which provide adequate and reasonable price service to over sixty-two thousand (62,000) ranchers, farmers, and other rural people in business, have made and continue to make an outstanding contribution to the social image and well-being of our state, and

WHEREAS, the extension and contribution of electricity and telephone service on an area coverage basis by these rural cooperatives have been made possible by long-term low-cost federal loans of the Rural Electrification Act of 1936, as amended, and

WHEREAS, the federal administration has abruptly terminated all Rural Electrification Act low-cost direct loans to rural electricity and telephone borrowers as of January 1, 1973, and substituted a system of insured and guaranteed loans at a significantly higher interest rate, and

WHEREAS, this action by the administration threatens the very survival of the Montana rural electricity and telephone cooperatives, who service only one and one-half (1½) consumer members per mile and cannot afford such increased interest costs without disastrous increase of retail rates to farmers, ranchers, and other rural consumers who can ill afford such increased rates.

SENATE JOINT RESOLUTION NO. 8

A Joint Resolution of the Senate and the House of Representatives of the State of Montana To Improve Administration of Farm Programs Urging the Montana Agricultural Stabilization and Conservation State Committee to Adopt Immediately the Emergency Measures Now Known by the Agricultural Research Service, Soil Conservation Service, Federal Extension Service, Experiment Stations and Other Agencies to Reduce Montana's Conserving Base, To Minimize Summer Fallowing to Maximize Cropping Flexibility, and to Prevent Further Destruction of Montana's Cropland and Further Pollution of Montana's Water by Saline-Alkali Seep, In Accordance With The Principles of Conservation of Natural Resources in Soil and Water As Set Out in the Soil Conservation and Domestic Allotment Act, As Amended.

WHEREAS, the Montana USDA committee for rural development and soil conservation service soil scientists reported eighty one thousand four hundred thirty (81,430) acres of saline seep in twenty-five (25) Montana counties in March 1971; and

WHEREAS, later surveys have disclosed far greater saline damage in some counties than was reported in 1971; and

WHEREAS, the USDA state committee for rural development in its December 31, 1971, Montana situation statement recognized increasing saline destruction of Montana's cropland and increasing saline pollution of Montana's water; and

WHEREAS, the USDA Montana committee for rural development, based on geologic conditions, estimated there are eight million (8,000,000) acres of potential saline seep areas in Montana; and

WHEREAS, preliminary research by agricultural research service, Montana agricultural experiment stations and Highwood alkali control district shows that summer fallowing causes spreading of saline-alkali destruction; and

WHEREAS, preliminary research by the same agencies shows that intensive rotational cropping of small grains, judicious use of grasses, snow catch and fertilizers in a completely flexible cropping pattern will arrest or reduce saline-alkali seep; and

WHEREAS, Montana's high conserving base prohibits reduc-

tion of summer fallowing, flexible cropping and intensive rotational cropping of small grains; and

WHEREAS, saline-alkali seeps and recharge sites override property and geo-political boundaries requiring treatment on an area, not single farm, basis; and

WHEREAS, the Montana agricultural stabilization and conservation state committee has authority through county agricultural stabilization and conservation committees to cause immediate downward adjustments in conserving base to provide cropping flexibility required for prevention of further saline-alkali destruction of Montana's soil and water resources.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana agricultural stabilization and conservation state committee act immediately and aggressively to apprise all stockmen and farmers of soil destruction and water pollution caused by saline-alkali seep under present farming practices, to encourage all individual operators to request immediate sharp downward adjustment of their conserving base acreages and to educate and encourage all individual operators to adopt intensive rotational cropping of small grains and judicious use of grasses and fertilizers recommended as emergency measures by agricultural research service, Montana agricultural experiment stations, Highwood alkali control district and other agencies to prevent further destruction by saline-alkali seep and

BE IT FURTHER RESOLVED, the secretary of state send copies of this resolution to Secretary Earl M. Butz of the United States department of agriculture; each member of the Montana congressional delegation in Washington, D.C.; each member of the Montana agricultural stabilization and conservation state committee; the executive director of Montana agricultural stabilization and conservation service; the Honorable Thomas L. Judge, governor of the state of Montana; Secretary Rogers C. B. Morton of the United States department of the interior; Secretary George P. SENATE JOINT RESOLUTION NO. 9

A Joint Resolution of the Senate and the House of Representatives of the State of Montana to Improve Administration of Farm Programs Urging the Montana Agricultural Stabilization and Conservation State Committee to Effect Close Coordination with Cooperative Extension Service, soil Conservation Service, Agricultural Experiment Stations and Montana State University at State and County Levels and to Effect Immediate, Sharp, Downward Adjustments in Montana's Conserving Base Acres to Provide a Reliable Feed Supply at Stable Cost for Montana's Livestock and Feeding Industries to Improve the Statewide Economy and to Correct Wastage of Montana's Natural Resources in Soil and Water by Erosion and Saline Seep.

WHEREAS, Montana's high conserving base, recorded in 1971 as 5,786,275 acres, or forty per cent (40%) of cropland, curtails production of feed grains in Montana; and

WHEREAS, restriction of feed grain production has caused unreliable feed supply, fluctuating costs and undue financing, feed procurement and import problems that seriously weaken Montana's livestock and feeding industries; and

WHEREAS, reduction of Montana's conserving base acres from 5,786,275 or forty per cent (40%) of cropland to 2,893,774 or twenty per cent (20%) could free 2,892,501 acres for additional feed grain production; and

WHEREAS, this additional production could provide reliable feed supply of 101,237,535 more bushels of barley at stable cost; and

WHEREAS, at the rate of one dollar ($1) per bushel, this additional production could increase Montana's gross income one hundred one million dollars ($101,000,000) each year; and

WHEREAS, increased feed grain production and correction of erosion and saline seep are prohibited by enforced summer fallow and cropping practices resulting from Montana's high conserving base; and

WHEREAS, present 50-50 or 1/3-2/3 cropping practices in Montana have contributed largely to present and increasing destruction of natural resources in soil and water by erosion and saline seep in violation of the Soil Conservation and Domestic Allotment Act, as amended; and

WHEREAS, pollution of Montana's ground and surface water by saline conditions causes shortages of useable water for livestock, fish, wildlife, irrigation and domestic use; and

HeinOnline -- 1973 vol. II 1660 1973

WHEREAS, North Dakota's conserving base acreage in 1971 was reported at 4,994,478 or eighteen and one-half per cent (18½%) of cropland compared to Montana's forty per cent (40%); and

WHEREAS, a survey of twenty (20) western North Dakota counties in 1972 revealed that with similar, if not identical, history and 50-50 or 1/3-2/3 cropping patterns as Montana uses, conserving bases ranged from eighteen per cent (18%) to thirty-eight per cent (38%), averaging twenty-six and eight-tenths (26.8); and

WHEREAS, Montana and North Dakota are guided by the same federal laws and federal agricultural stabilization and conservation service procedures; and

WHEREAS, Montana state university, agricultural research and soil conservation services scientists have found ways to reduce erosion and saline seep by flexible and intensive rotational cropping of small grains, improved retention and use of soil moisture and judicious use of grasses; and

WHEREAS, this improved farm management includes proper crop selection, residue management, soil-water measurement and use and fertilizer use to which many producers should be educated; and

WHEREAS, such education falls within the responsibility of cooperative extension services; and

WHEREAS, there are cases where county agricultural stabilization and conservation committees are not using county agricultural extension agents to receive and dispense this technical advice as suggested by the Soil Conservation and Domestic Allotment Act, as amended; and

WHEREAS, there are cases where technical evaluation was not obtained from the SCS district conservationist for county agricultural stabilization and conservation committee determinations as prescribed by ASCS procedures; and

WHEREAS, there are cases where producers asked relief from county and state agricultural stabilization and conservation committees from enforced destructive practices which cause erosion and saline seep and where correction was refused; and

WHEREAS, there are cases where violation of federal law and ASCS procedures in some county determinations were stipulated to Montana agricultural stabilization and conservation state committee and agricultural stabilization and conservation service state executive director, but correction of destructive practices still was not allowed; and

WHEREAS, paragraph 37, part 2, ASCS procedure 5-PA reads: "The COC (county committee) (or designee) may reduce the

HeinOnline -- 1973 vol. II 1661 1973

conserving base on an acre-for-acre basis when the farm's cropland is reduced because of correcting and error. This applies to errors noted from new aerial photography or other means. A written appeal by the producer is not required''; and

WHEREAS, the error in reducing Montana cropland by saline seep can be determined by new aerial photography.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana agricultural stabilization and conservation state committee is urged to act immediately through county committees and with other agencies to lower Montana's conserving base to twenty per cent (20%) or lower, to halt destruction of Montana's natural resources in soil, water and wildlife by erosion and saline seep, to interpret and apply federal law and procedures in the same manner evidenced in other sovereign states, to cause close coordination with cooperative extension service, Montana state university, agricultural research service, soil conservation service and other technical agencies at state and county levels, to cause technically qualified evaluation of producer requests, to educate producers in intensive rotational cropping and improved farm management, to provide an increased reliable supply of feed grains at stable cost, to strengthen Montana's livestock and feeding industries and statewide economy, and

BE IT FURTHER RESOLVED, that the secretary of state send copies of this resolution to Secretary Earl M. WHEREAS, the members of this 43rd legislative assembly recognize that hunting and fishing are an inherent way of life to the people of Montana, and

WHEREAS, much of this activity has historically been pursued on private lands at the pleasure and permission of those individual land owners, and

WHEREAS, the use by an increasing population, the rediscovery of this "unspoiled land" by affluent visitors and many other factors have encouraged the closing of such private lands to the general public, and

WHEREAS, further reduction in federal moneys may be attempted, and

WHEREAS, such reduction seriously curtails the highway construction program in the state of Montana, as well as in the nation, thereby seriously affecting employment and the production and sale of supplies, materials and equipment used for highway construction purposes, and

WHEREAS, reduction in federal highway construction funds has resulted in an equivalent reduction of the current highway safety program for eliminating unsafe and hazardous sections of highway, thereby contributing to accidents involving serious injury, loss of life and property damage, and to a new traffic fatality toll in 1972, and

WHEREAS, the state of Montana has developed long-range highway construction programs based on utilization of the full apportionment of federal funds to the states.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the legislative assembly expresses gratitude to those Montana landowners who have been so benevolent and tolerant over the years and beg their continued indulgence to not only share this public fish and wildlife resource, but in doing so to foster a binding friendship between Montana's urban and rural citizens, and

SENATE JOINT RESOLUTION NO. 33

A Joint Resolution of the Senate and the House of Representatives of the State of Montana Requesting the Governor of the State of Montana Immediately to Marshal all Resources of the State and to Seek Emergency Aid from the Federal Government to Halt Further Destruction of Montana's Natural Resources in Soil, Water and Wildlife and Further Damage to Montana's Ecology and Economy by Saline Seep Caused by Agricultural Practices and Geologic Conditions.

WHEREAS, the United States department of agriculture's Montana committee for rural development and soil conservation service soil scientists reported eighty-one thousand four hundred thirty (81,430) acres of saline seep in twenty-five (25) Montana counties in March 1971, and

WHEREAS, that report listed only eight hundred (800) acres for Valley County, but in 1972 only forty (40) producers reported two thousand six hundred eighty-nine (2,689) acres, and

WHEREAS, the United States department of agriculture's state committee for rural development in its December 31, 1971, Montana situation statement recognized increasing saline destruction of Montana's cropland and increasing saline pollution of Montana's water, and

WHEREAS, water earlier became unpalatable at Nashua then downstream at Wiota and now has spread further downstream to Frazer on the Missouri river, and

HeinOnline -- 1973 vol. II 1683 1973

WHEREAS, fish no longer can live in many stockwater ponds in northeastern Montana, and

WHEREAS, the United States department of agriculture's Montana committee for rural development, based on geologic conditions, estimated there are eight million (8,000,000) acres of potential saline seep areas in Montana, and

WHEREAS, Montana bureau of mines and geology by recent report said one hundred fifty thousand to two hundred fifty thousand (250,000) acres of nonirrigated Montana farmland has now been lost to saline seep, that this destruction is increasing in excess of ten per cent (10%) per year compounded and that some saline seep discharge has measured salinity one and one-half (1.5) times that of seawater, and

WHEREAS, agricultural practices of enforced summer fallow and double summer fallow have contributed strongly to increasing destruction by saline seep requiring special attention and remedial action in the agricultural sector, and

WHEREAS, correction of these agricultural practices will require interagency coordination and education of many producers in improved farm management, and

WHEREAS, saline seeps and recharge sites override property and geo-political boundaries requiring treatment on an area, not single farm, basis, and

WHEREAS, producers having land comprising seep and recharge areas may require compensation within the federal farm program to offset losses and costs accruing from treatment of saline conditions, and

WHEREAS, damage and treatment of saline conditions involves functions and responsibilities of Montana state university, school of mineral science and technology, cooperative extension service, departments of health, agriculture, land and investments, natural resources and conservation, the environmental quality council, United States department of agriculture's agricultural research, soil conservation and agricultural stabilization and conservation services and other federal agencies, and

WHEREAS, increasing pollution of Montana's waters will effect downstream user states, and

WHEREAS, saline-alkali destruction and pollution is creating a problem of near-crisis proportions requiring emergency treatment pending completion of further research, and

WHEREAS, massive funding, coordination and education are

HeinOnline -- 1973 vol. II 1684 1973

required to prevent further destruction of Montana's natural resources, and

WHEREAS, the scope and urgency of the situation dictate that top priority be assigned to correction of the saline-alkali problem.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the governor of the state of Montana is urged to act immediately to assemble all current data on saline-alkali research from the heads of involved departments and agencies, to convene an emergency meeting of the heads of these departments and agencies to obtain their immediate recommendations on emergency treatment of the saline-alkali problem, to assign top priority to correction of the problem, to encourage and enjoin special attention and remedial action for agricultural practices, to establish immediate corrective measures based on current research, to marshal all available resources including federal aid to develop and execute comprehensive plans, special research and education to prevent further destruction of Montana's natural resources in soil, water and wildlife, and

BE IT FURTHER RESOLVED, that the secretary of state send copies of this resolution to Honorable Thomas L. Judge, Governor of the state of Montana, Secretary Earl M. Butz of the United States department of agriculture, Secretary Rogers C. B. Morton of the United States department of interior, Comptroller General Elmer Staats of the United States, Director Roy Ash of the United States office of management and budget, Honorable J. L. A Joint Resolution of the Senate and the House of Representatives of the State of Montana Providing for the Legislative Council to Conduct an Iterim Study on Health Maintenance Organizations for Montana.

WHEREAS, soaring medical costs, maldistribution and shortages of medical manpower, and other problems have made the state of the nation's health services a prime concern of government as well as of individuals, and

HeinOnline -- 1973 vol. II 1685 1973

WHEREAS, the employer today foots the lion's share of the national health bill, and

WHEREAS, if national health insurance is enacted and in operation, the typical business will see its spending on medical insurance at least doubled, and

WHEREAS, health statistics that compare with other countries get worse all the time despite the miracle drugs and operations, and

WHEREAS, health insurance organization has proven effective in paying more attention to preventive medicine and spotting illness at an early stage which will cut down on high-cost operations and hospitalizations that occur when illness only comes to light in its later stages.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the legislative council conduct an interim study to look into health maintenance organizations, study the health plans of states that have them in operation — such as California, Oregon, Ohio and Washington — as a means of bringing better health care to the people of Montana.

SENATE JOINT RESOLUTION NO. 35

A Joint Resolution of the Senate and the House of Representatives of the State of Montana Encouraging the Department of Natural Resources and Conservation to Investigate the Feasibility of the State Constructing Water Resource Projects to Supply Water, if Needed, for Coal Development in Eastern Montana.

WHEREAS, if large-scale energy-related development occurs in eastern Montana, vast quantities of water will be required, and

WHEREAS, the storage reservoirs, aqueducts and similar facilities could be constructed by either the federal government, state government or private industry, and

WHEREAS, the board of natural resources and conservation, under title 89, chapter 1, R.C.M. 1947, has the authority to issue revenue bonds, without obligation to the state, to finance the costs of construction, acquisition of property and water rights, feasibility studies, and other costs associated with constructing such water resource projects, and

HeinOnline -- 1973 vol. II 1686 1973

WHEREAS, if the state were to construct the facilities, certain benefits to Montana would be realized, among which are the following:

(1) Montana would be able to benefit financially from the use of water for industrial purposes, as would not be the case if other groups undertake the construction, and general fund moneys could be generated for public uses;

(2) a priority would be given agricultural, recreational and domestic uses to ensure that industrial demand, and the resultant higher market prices, does not force cessation of these other desirable water uses;

(3) control of constructing these facilities and regulation of the water use would remain with the state to ensure that environmental considerations are given the highest priority; and

(4) the water rights would remain with the state and the use of the water would revert immediately to the state after the contracts for the sale of water expired, thus affording a periodic determination of whether or not such use of the water is in the best public interest.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the department of natural resources and conservation is encouraged to investigate the feasibility of the state issuing revenue bonds to construct water resource projects related to energy production in eastern Montana, providing that no decisions to construct are made before all provisions of the Montana Environmental Policy Act are met.

Approved: March 15, 1973.

SENATE JOINT RESOLUTION NO. 36

WHEREAS, these two (2) committees have considerable experience and knowledge about the duties of legislative personnel, and

WHEREAS, these two (2) committees will be working in close proximity with the business manager.

HeinOnline -- 1973 vol. II 1687 1973

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That before the sixtieth day of the 43rd session, a business manager shall be employed by the legislative administration committees of the house and the senate at a special joint committee meeting.

Approved: March 23, 1973.

SENATE JOINT RESOLUTION NO. 37

A Joint Resolution of the Senate and the House of Representatives of the State of Montana Expressing the Support of the Montana Legislative Assembly for Legislation Proposed in Congress Which Calls for the Establishment of Mining, Mineral, and Environmental Research Centers in Each State.

WHEREAS, Montana has produced mineral commodities estimated to have had a marketable value of over three hundred million dollars ($300,000,000) in 1972, and

WHEREAS, the increased demand for metallics, non-metallics and mineral fuels is certain to result in an increased demand for Montana's natural resources, and

WHEREAS, it is absolutely essential that there be available professionals with the necessary technological background to extract these commodities from the earth with a minimum degradation to our environment, and

WHEREAS, the Honorable Mike Mansfield has placed a high priority on legislation calling for the establishment of mining, mineral, and environmental research centers in each state, legislation which has been rejected by the president.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the legislative assembly of the state of Montana express its full support of Senator Mansfield in pursuing legislation to establish mining, mineral, and environmental research centers in each state, and

WHEREAS, because of the emergency nature of this project, Montana state highway commission and the county commissioners of Teton, Pondera, Toole, Chouteau, Cascade, Fergus, Wheatland, Lewis and Clark, and Judith Basin counties agreed to permit the roads to these missile sites to be constructed in a manner not in compliance with normal standards of construction as to widths, grade, contour, drainage, etc., and

WHEREAS, the maintenance of these roads is the responsibility of the counties and the substandard construction of these roads makes adequate maintenance costly and difficult, and

WHEREAS, these roads, as presently designed and constructed, are extremely hazardous and a serious danger to the users of said roads, both military and civilian, and

WHEREAS, the federal highway administration, bureau of public roads, United States air force and the Montana highway commission have all indicated the necessity to improve and rebuild said roads, and

WHEREAS, the counties of Teton, Pondera, Toole, Chouteau, Cascade, Fergus, Wheatland, Lewis and Clark, and Judith Basin have already expended an excessive amount of local funds to maintain said roads and are unable to finance the necessary reconstruction to bring said roads into compliance with federal specifications for safety.
